[Notice No. 459]

Ingredient Labeling of Wine, Distilled Spirits, and Malt Beverages

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Treasury.

ACTION: Reinstatement of Treasury Decision ATF-66.

SUMMARY: This notice announces the Treasury Department's reinstatement of the ingredient labeling regulations as originally promulgated in T.D. ATF-66 (45 FR 40538; June 13, 1980). The Treasury Department and ATF are making this announcement pursuant to the order of the United States District Court for the District of Columbia, in *Center for Science in the Public Interest v. Department of the Treasury*, Civil Action No. 82-610.

By order dated February 8, 1983, the court vacated and set aside T.D. ATF-94, 46 FR 55093 (November 6, 1981) which rescinded T.D. ATF-66. This document requires ingredient labeling of alcoholic beverages after February 8, 1984.

EFFECTIVE DATE: March 11, 1983.

FOR FURTHER INFORMATION CONTACT: Imelda M. Koett Kirk, Bureau of Alcohol, Tobacco and Firearms, P.O. Box 385, Washington, DC 20044-0385, 202-566-7806.

SUPPLEMENTARY INFORMATION: The Treasury Department and the Bureau of Alcohol, Tobacco and Firearms are announcing that T.D. ATF-66, 45 FR 40538 (June 13, 1980), requiring ingredient labeling of alcoholic beverages will

be mandatory on February 8, 1984. The Treasury Department and ATF are making this announcement pursuant to the order of the United States District Court for the District of Columbia, in *Center for Science in the Public Interest v. Department of the Treasury*, Civil Action No. 82-610.

By order dated February 8, 1983, the court vacated and set aside T.D. ATF-94, 46 FR 55093 (November 6, 1981) which rescinded T.D. ATF-66. The court further ordered the Department to announce within 30 days a new date, not to exceed one year from the date of its order, upon which T.D. ATF-66 will be mandatory. The Government subsequently moved the court to amend its order to allow the Government 60 days in which to announce a new effective date so that the Government could decide whether to appeal before announcing a new mandatory compliance date. This motion was denied.

Publication of this notice is without prejudice to, and not a waiver of, the Government's right to appeal the district court's decision, seek a stay of the court mandated effective date of T.D. ATF-66 or take other appropriate administrative action. Such appeal, stay, or other action which the Government is still considering could result in a change in the mandatory date.

Signed: March 8, 1983.

Stephen E. Higgins,
Acting Director.

Approved: March 9, 1983.

David Q. Bates,
Acting Assistant Secretary (Enforcement and Operations).

Subpart C—Standards of Identity for Wine

§ 4.20 Application of standards.

The standards of identity for the several classes and types of wine set forth

herein shall be applicable to all regulations and permits issued under the act. Whenever any term for which a standard of identity has been established herein is used in any such regulation or permit, such term shall have the meaning assigned to it by such standard of identity.

§ 4.21 The standards of identity.

Standards of identity for the several classes and types of wine set forth in this part shall be as follows:

(a) *Class 1; grape wine*—(1) *Grape wine* is wine produced by the normal alcoholic fermentation of the juice of sound, ripe grapes (including restored or unrestored pure condensed grape must), with or without the addition, after fermentation, of pure condensed grape must, and with or without added grape brandy or alcohol, but without other addition or abstraction except as may occur in cellar treatment: *Provided*, That the product may be ameliorated before, during or after fermentation by either of the following methods:

(i) By adding, separately or in combination, dry sugar, or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent; but in no event shall any product so ameliorated have an alcoholic content derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) By adding, separately or in combination, not more than 20 percent by weight of dry sugar, or not more than 10 percent by weight of water.

(iii) In the case of domestic wine, in accordance with 26 U.S.C. 5383.

(iv) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide is 0.14 gram per 100 mL (20 °C) for natural red wine and 0.12 gram per 100 mL (20 °C) for other grape wine: *Provided*, That the maximum volatile acidity for wine produced from unameliorated juice of 28 or more degrees Brix is 0.17 gram per 100 milliliters for red wine and 0.15 gram per 100 milliliters for white wine. Grape wine deriving its characteristic color or lack

of color from the presence or absence of the red coloring matter of the skins, juice, or pulp of grapes may be designated as “red wine,” “pink (or rose) wine,” “amber wine,” or “white wine” as the case may be. Any grape wine containing no added grape brandy or alcohol may be further designated as “natural.”

(2) *Table wine* is grape wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated as “light wine,” “red table wine,” “light white wine,” “sweet table wine,” etc., as the case may be.

(3) *Dessert wine* is grape wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume. Dessert wine having the taste, aroma and characteristics generally attributed to sherry and an alcoholic content, derived in part from added grape brandy or alcohol, of not less than 17 percent by volume, may be designated as “sherry”. Dessert wines having the taste, aroma and characteristics generally attributed to angelica, madeira, muscatel and port and an alcoholic content, derived in part from added grape brandy or alcohol, of not less than 18 percent by volume, may be designated as “angelica,” “madeira,” “muscatel,” or “port” respectively. Dessert wines having the taste, aroma, and characteristics generally attributed to any of the above products and an alcoholic content, derived in part from added grape brandy or alcohol, in excess of 14 percent by volume but, in the case of sherry, less than 17 percent, or, in other cases, less than 18 percent by volume, may be designated as “light sherry,” “light angelica,” “light madeira,” “light muscatel” or “light port,” respectively.

(b) *Class 2; sparkling grape wine*. (1) *Sparkling grape wine* (including “sparkling wine,” “sparkling red wine” and “sparkling white wine”) is grape wine made effervescent with carbon dioxide resulting solely from the fermentation of the wine within a closed container, tank or bottle.

(2) *Champagne* is a type of sparkling light wine which derives its effervescence solely from the secondary fermentation of the wine within glass

containers of not greater than one gallon capacity, and which possesses the taste, aroma, and other characteristics attributed to champagne as made in the champagne district of France.

(3)(i) A sparkling light wine having the taste, aroma, and characteristics generally attributed to champagne but not otherwise conforming to the standard for "champagne" may, in addition to but not in lieu of the class designation "sparkling wine," be further designated as:

(A) "champagne style;" or

(B) "champagne type;" or

(C) "American (or New York State, Napa Valley, etc.) champagne," along with one of the following terms: "Bulk process," "fermented outside the bottle," "secondary fermentation outside the bottle," "secondary fermentation before bottling," "not fermented in the bottle," or "not bottle fermented." The term "charmat method" or "charmat process" may be used as additional information.

(ii) Labels shall be so designed that all the words in such further designation are readily legible under ordinary conditions and are on a contrasting background. In the case of paragraph (b)(3)(i)(C) of this section, ATF will consider whether the label as a whole provides the consumer with adequate information about the method of production and origin of the wine. ATF will evaluate each label for legibility and clarity, based on such factors as type size and style for all components of the further designation and the optional term "charmat method" or "charmat process," as well as the contrast between the lettering and its background, and the placement of information on the label.

(iii) Notwithstanding the provisions of paragraphs (b)(3)(i)(A), (B) and (C) of this section, the Director may authorize the use of a term on sparkling wine labels, as an alternative to those terms authorized in paragraph (b)(3)(i) of this section, but not in lieu of the required class designation "sparkling wine," upon a finding that such term adequately informs the consumer about the method of production of the sparkling wine.

(4) *Crackling wine, petillant wine, frizzante wine* (including *cremant,*

perlant, reciotto, and other similar wine) is sparkling light wine normally less effervescent than champagne or other similar sparkling wine, but containing sufficient carbon dioxide in solution to produce, upon pouring under normal conditions, after the disappearance of air bubbles, a slow and steady effervescence evidenced by the formation of gas bubbles flowing through the wine. Crackling wine which derives its effervescence from secondary fermentation in containers greater than 1-gallon capacity shall be designated "crackling wine—bulk process," and the words "bulk process" shall appear in lettering of substantially the same size as the words "crackling wine."

(c) *Class 3; carbonated grape wine. "Carbonated grape wine" (including "carbonated wine" "carbonated red wine," and "carbonated white wine") is grape wine made effervescent with carbon dioxide other than that resulting solely from the secondary fermentation of the wine within a closed container, tank or bottle.*

(d) *Class 4; citrus wine.* (1)(i) *Citrus wine or citrus fruit wine* is wine produced by the normal alcoholic fermentation of the juice of sound, ripe citrus fruit (including restored or unrestored pure condensed citrus must), with or without the addition, after fermentation, of pure condensed citrus must, and with or without added citrus brandy or alcohol, but without any other addition or abstraction except as may occur in cellar treatment: *Provided,* That a domestic product may be ameliorated or sweetened in accordance with the provisions of 26 U.S.C. 5384 and any product other than domestic may be ameliorated before, during, or after fermentation by adding, separately or in combination, dry sugar, or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural citrus wine, more than 0.14 gram, and for other citrus wine, more than 0.12 gram, per 100 milliliters (20 °C.).

(iii) Any citrus wine containing no added brandy or alcohol may be further designated as "natural."

(2) *Citrus table wine* or *citrus fruit table wine* is citrus wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated "light citrus wine," "light citrus fruit wine," "light sweet citrus fruit wine," etc., as the case may be.

(3) *Citrus dessert wine* or *citrus fruit dessert wine* is citrus wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume.

(4) Citrus wine derived wholly (except for sugar, water, or added alcohol) from one kind of citrus fruit, shall be designated by the word "wine" qualified by the name of such citrus fruit, e.g., "orange wine," "grapefruit wine." Citrus wine not derived wholly from one kind of citrus fruit shall be designated as "citrus wine" or "citrus fruit wine" qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Citrus wine rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of the wine within a closed container, tank, or bottle shall be further designated as "sparkling"; and citrus wine rendered effervescent by carbon dioxide otherwise derived shall be further designated as "carbonated."

(e) *Class 5; fruit wine.* (1)(i) *Fruit wine* is wine (other than grape wine or citrus wine) produced by the normal alcoholic fermentation of the juice of sound, ripe fruit (including restored or unrestored pure condensed fruit must), with or without the addition, after fermentation, of pure condensed fruit must, and with or without added fruit brandy or alcohol, but without other addition or abstraction except as may occur in cellar treatment: *Provided*, That a domestic product may be ameliorated or sweetened in accordance with the provisions of 26 U.S.C. 5384 and any product other than domestic may be ameliorated before, during, or after fer-

mentation by adding, separately or in combination, dry sugar, or such an amount of sugar and water solution as will increase the volume of the resulting product, in the case of wines produced from loganberries, currants, or gooseberries, having a normal acidity of 20 parts or more per thousand, not more than 60 percent, and in the case of other fruit wines, not more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation, of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural fruit wine, more than 0.14 gram, and for other fruit wine, more than 0.12 gram, per 100 milliliters (20 °C.).

(iii) Any fruit wine containing no added brandy or alcohol may be further designated as "natural."

(2) *Berry wine* is fruit wine produced from berries.

(3) *Fruit table wine* or *berry table wine* is fruit or berry wine having an alcoholic content not in excess of 14 percent by volume. Such wine may also be designated "light fruit wine," or "light berry wine."

(4) *Fruit dessert wine* or *berry dessert wine* is fruit or berry wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume.

(5) Fruit wine derived wholly (except for sugar, water, or added alcohol) from one kind of fruit shall be designated by the word "wine" qualified by the name of such fruit, e.g., "peach wine," "blackberry wine." Fruit wine not derived wholly from one kind of fruit shall be designated as "fruit wine" or "berry wine," as the case may be, qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Fruit wines which are derived wholly (except for sugar, water, or added alcohol) from apples or pears may be designated "cider" and "perry," respectively, and shall be so designated if lacking in vinous taste, aroma, and characteristics.

Fruit wine rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of the wine within a closed container, tank, or bottle shall be further designated as "sparkling"; and fruit wine rendered effervescent by carbon dioxide otherwise derived shall be further designated as "carbonated."

(f) *Class 6; wine from other agricultural products.* (1)(i) Wine of this class is wine (other than grape wine, citrus wine, or fruit wine) made by the normal alcoholic fermentation of sound fermentable agricultural products, either fresh or dried, or of the restored or unrestored pure condensed must thereof, with the addition before or during fermentation of a volume of water not greater than the minimum necessary to correct natural moisture deficiencies in such products, with or without the addition, after fermentation, of pure condensed must, and with or without added alcohol or such other spirits as will not alter the character of the product, but without other addition or abstraction except as may occur in cellar treatment: *Provided*, That a domestic product may be ameliorated or sweetened in accordance with part 24, of this chapter, and any product other than domestic may be ameliorated before, during, or after fermentation by adding, separately or in combination, dry sugar or such an amount of sugar and water solution as will not increase the volume of the resulting product more than 35 percent, but in no event shall any product so ameliorated have an alcoholic content, derived by fermentation of more than 13 percent by volume, or a natural acid content, if water has been added, of less than 5 parts per thousand, or a total solids content of more than 22 grams per 100 cubic centimeters.

(ii) The maximum volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, shall not be, for natural wine of this class, more than 0.14 gram, and for other wine of this class, more than 0.12 gram, per 100 milliliters (20 °C.).

(iii) Wine of this class containing no added alcohol or other spirits may be further designated as "natural".

(2) *Table wine* of this class is wine having an alcoholic content not in ex-

cess of 14 percent by volume. Such wine may also be designated as "light".

(3) *Dessert wine* of this class is wine having an alcoholic content in excess of 14 percent but not in excess of 24 percent by volume.

(4) *Raisin wine* is wine of this class made from dried grapes.

(5) *Sake* is wine of this class produced from rice in accordance with the commonly accepted method of manufacture of such product.

(6) Wine of this class derived wholly (except for sugar, water, or added alcohol) from one kind of agricultural product shall except in the case of "sake," be designated by the word "wine" qualified by the name of such agricultural product, e.g., "honey wine," "raisin wine," "dried blackberry wine." Wine of this class not derived wholly from one kind of agricultural product shall be designated as "wine" qualified by a truthful and adequate statement of composition appearing in direct conjunction therewith. Wine of this class rendered effervescent by carbon dioxide resulting solely from the secondary fermentation of wine within a closed container, tank, or bottle shall be further designated as "sparkling"; and wine of this class rendered effervescent by carbon dioxide otherwise derived shall be further designated as "carbonated."

(g) *Class 7; aperitif wine.* (1) *Aperitif wine* is wine having an alcoholic content of not less than 15 percent by volume, compounded from grape wine containing added brandy or alcohol, flavored with herbs and other natural aromatic flavoring materials, with or without the addition of caramel for coloring purposes, and possessing the taste, aroma, and characteristics generally attributed to aperitif wine and shall be so designated unless designated as "vermouth" under paragraph (g)(2) of this section.

(2) *Vermouth* is a type of aperitif wine compounded from grape wine, having the taste, aroma, and characteristics generally attributed to vermouth, and shall be so designated.

(h) *Class 8; imitation and substandard or other than standard wine.* (1) "Imitation wine" shall bear as a part of its designation the word "imitation," and shall include:

(i) Any wine containing synthetic materials.

(ii) Any wine made from a mixture of water with residue remaining after thorough pressing of grapes, fruit, or other agricultural products.

(iii) Any class or type of wine the taste, aroma, color, or other characteristics of which have been acquired in whole or in part, by treatment with methods or materials of any kind (except as permitted in § 4.22(c)(6)), if the taste, aroma, color, or other characteristics of normal wines of such class or type are acquired without such treatment.

(iv) Any wine made from must concentrated at any time to more than 80° (Balling).

(2) “Substandard wine” or “other than standard wine” shall bear as a part of its designation the word “substandard,” and shall include:

(i) Any wine having a volatile acidity in excess of the maximum prescribed therefor in §§ 4.20 to 4.25.

(ii) Any wine for which no maximum volatile acidity is prescribed in §§ 4.20 to 4.25, inclusive, having a volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, in excess of 0.14 gram per 100 milliliters (20 °C.).

(iii) Any wine for which a standard of identity is prescribed in this §§ 4.20 to 4.25, inclusive, which, through disease, decomposition, or otherwise, fails to have the composition, color, and clean vinous taste and aroma of normal wines conforming to such standard.

(iv) Any “grape wine” “citrus wine,” “fruit wine,” or “wine from other agricultural products” to which has been added sugar and water solution in an amount which is in excess of the limitations prescribed in the standards of identity for these products, unless, in the case of “citrus wine,” “fruit wine” and “wine from other agricultural products” the normal acidity of the material from which such wine is produced is 20 parts or more per thousand and the volume of the resulting product has not been increased more than 60 percent by such addition.

(i) *Class 9; retsina wine.* “Retsina wine” is grape table wine fermented or flavored with resin.

§ 4.22 Blends, cellar treatment, alteration of class or type.

(a) If the class or type of any wine shall be altered, and if the product as so altered does not fall within any other class or type either specified in §§ 4.20 through 4.25 or known to the trade, then such wine shall, unless otherwise specified in this section, be designated with a truthful and adequate statement of composition in accordance with § 4.34.

(b) Alteration of class or type shall be deemed to result from any of the following occurring before, during, or after production.

(1) Treatment of any class or type of wine with substances foreign to such wine which remain therein: *Provided*, That the presence in finished wine of not more than 350 parts per million of total sulfur dioxide, or sulphites expressed as sulfur dioxide, shall not be precluded under this paragraph.

(2) Treatment of any class or type of wine with substances not foreign to such wine but which remain therein in larger quantities than are naturally and normally present in other wines of the same class or type not so treated.

(4) Blending of wine of one class with wine of another class or the blending of wines of different types within the same class.

(5) Treatment of any class or type of wine for which a standard of identity is

prescribed in this article with sugar or water in excess of the quantities specifically authorized by such standard: *Provided*, That the class or type thereof shall not be deemed to be altered (i) where such wine (other than grape wine) is derived from fruit, or other agricultural products, having a high normal acidity, if the total solids content is not more than 22 grams per 100 cubic centimeters, and the content of natural acid is not less than 7.5 parts per thousand and (ii) where such wine is derived exclusively from fruit, or other agricultural products, the normal acidity of which is 20 parts or more per thousand, if the volume of the resulting product has been increased not more than 60 percent by the addition of sugar and water solution, for the sole purpose of correcting natural deficiencies due to such acidity, and (except in the case of such wines when produced from loganberries, currants, or gooseberries) there is stated as a part of the class and type designation the phrase "Made with over 35 percent sugar solution".

(c) Nothing in this section shall preclude the treatment of wine of any class or type in the manner hereinafter specified, provided such treatment does not result in the alteration of the class or type of the wine under the provisions of paragraph (b) of this section.

(1) Treatment with filtering equipment, and with fining or sterilizing agents.

(2) Treatment with pasteurization as necessary to perfect the wines to commercial standards in accordance with acceptable cellar practice but only in such a manner and to such an extent as not to change the basic composition of the wine nor to eliminate any of its characteristic elements.

(3) Treatment with refrigeration as necessary to perfect the wine to commercial standards in accordance with acceptable cellar practice but only in such a manner and to such an extent as not to change the basic composition of the wine nor to eliminate any of its characteristic elements.

(4) Treatment with methods and materials to the minimum extent necessary to correct cloudiness, precipitation, or abnormal color, odor, or flavor developing in wine.

(5) Treatment with constituents naturally present in the kind of fruit or other agricultural product from which the wine is produced for the purpose of correcting deficiencies of these constituents, but only to the extent that such constituents would be present in normal wines of the same class or type not so treated.

(6) Treatment of any class or type of wine involving the use of volatile fruit-flavor concentrates in the manner provided in section 5382 of the Internal Revenue Code.

(7) Notwithstanding the provisions of § 4.21(b) (1), (2) and (4), (c), (d)(4), (e)(5), and (f)(6) carbon dioxide may be used to maintain counterpressure during the transfer of finished sparkling wines from (i) bulk processing tanks to bottles, or (ii) bottle to bottle: *Provided*, That the carbon dioxide content of the wine shall not be increased by more than 0.009 gm. per 100 ml. during the transfer operation.

§ 4.23 Varietal (grape type) labeling.

(a) *General*. The names of one or more grape varieties may be used as the type designation of a grape wine only if the wine is also labeled with an appellation of origin as defined in § 4.25a.

(b) *One variety*. Except as provided in paragraph (c) of this section, the name of a single grape variety may be used as the type designation if not less than 75 percent of the wine is derived from grapes of that variety, the entire 75 percent of which was grown in the labeled appellation of origin area.

(c) *Exceptions*. (1) Wine made from any *Vitis labrusca* variety (exclusive of hybrids with *Vitis labrusca* parentage) may be labeled with the variety name if:

(i) Not less than 51 percent of the wine is derived from grapes of the named variety;

(ii) The statement "contains not less than 51 percent (name of variety)" is shown on the brand label, back label, or a separate strip label, (except that this statement need not appear if 75 percent or more of the wine is derived from grapes of the named variety); and

(iii) The entire qualifying percentage of the named variety was grown in the labeled appellation of origin area.

(2) Wine made from any variety of any species found by the Director upon appropriate application to be too strongly flavored at 75 percent minimum varietal content may be labeled with the varietal name if:

(i) Not less than 51 percent of the wine is derived from grapes of that variety;

(ii) The statement “contains not less than 51 percent (name of variety)” is shown on the brand label, back label, or a separate strip label (except that this statement need not appear if 75 percent or more of the wine is derived from grapes of the named variety); and

(iii) The entire qualifying percentage of the named variety was grown in the labeled appellation of origin area.

(d) *Two or more varieties.* The names of two or more grape varieties may be used as the type designation if:

(1) All of the grapes used to make the wine are of the labeled varieties;

(2) The percentage of the wine derived from each variety is shown on the label (with a tolerance of plus or minus 2 percent); and

(3)(i) If labeled with a multicounty appellation of origin, the percentage of the wine derived from each variety from each county is shown on the label; or

(ii) If labeled with a multistate appellation of origin, the percentage of the wine derived from each variety from each state is shown on the label.

(e) *List of approved variety names.* Effective February 7, 1996, the name of a grape variety may be used as a type designation for an American wine only if that name has been approved by the Director. A list of approved grape variety names appears in subpart J of this part.

(c)(1) A name of geographic significance, which has not been found by the Director to be generic or semi-generic may be used only to designate wines of the origin indicated by such name, but such name shall not be deemed to be the distinctive designation of a wine unless the Director finds that it is known to the consumer and to the trade as the designation of a specific wine of a particular place or region, distinguishable from all other wines.

(2) Examples of nongeneric names which are not distinctive designations of specific grape wines are: American, California, Lake Erie, Napa Valley, New York State, French, Spanish. Additional examples of foreign nongeneric names are listed in subpart C of part 12 of this chapter.

(3) Examples of nongeneric names which are also distinctive designations of specific grape wines are: Bordeaux Blanc, Bordeaux Rouge, Graves, Medoc, Saint-Julien, Chateau Yquem, Chateau Margaux, Chateau Lafite, Pommard, Chambertin, Montrachet, Rhone, Liebfraumilch, Rudesheimer, Forster, Deidesheimer, Schloss Johannisberger, Lagrima, and Lacryma Christi. The appellation shall be shown in direct conjunction with the designation required by § 4.32(a)(2), in lettering substantially as conspicuous as that designation. In no event may the quantity of wine removed from the producing winery, under labels bearing a vintage date, exceed the volume of vintage wine produced in that winery during the year indicated by the vintage date.

(b) *American wine.* A permittee who produced and bottled or packed the wine, or a person other than the producer who repackaged the wine in containers of 5 liters (or 1-gallon before January 1, 1979) or less may show the year of vintage upon the label if the person possesses appropriate records from the producer substantiating the year of vintage and the appellation of origin; and if the wine is made in compliance with the provisions of paragraph (a) of this section.

(b) *Misleading brand names.* No label shall contain any brand name, which, standing alone, or in association with other printed or graphic matter creates any impression or inference as to the age, origin, identity, or other characteristics of the product unless the Director finds that such brand name, either when qualified by the word "brand" or when not so qualified, conveys no erroneous impressions as to the age, origin, identity, or other characteristics of the product.

(c) *Trade name of foreign origin.* This section shall not operate to prohibit the use by any person of any trade name or brand of foreign origin not effectively registered in the United States Patent Office on August 29, 1935, which has been used by such person or his predecessors in the United States for a period of at least five years immediately preceding August 29, 1935: *Provided*, That if such trade name or brand is used, the designation of the product shall be qualified by the name of the locality in the United States in which produced, and such qualifications shall be in script, type, or printing as conspicuous as the trade name or brand.

designation, any varietal (grape type) designation, type designation of varietal significance, semigeneric geographic type designation, or geographic distinctive designation, to which the wine may be entitled. In the case of champagne, or crackling wines, the type designation "champagne" or "crackling wine" ("petillant wine", "frizzante wine") may appear in lieu of the class designation "sparkling wine". In the case of wine which has a total solids content of more than 17 grams per 100 cubic centimeters the words "extra sweet", "specially sweetened", "specially sweet" or "sweetened with excess sugar" shall be stated as a part of the class and type designation. The last of these quoted phrases shall appear where required by part 24 of this chapter, on wines sweetened with sugar in excess of the maximum quantities specified in such regulations. If the class of the wine is not defined in subpart C, a truthful and adequate statement of composition shall appear upon the brand label of the product in lieu of a class designation. In addition to the mandatory designation for the wine, there may be stated a distinctive or fanciful name, or a designation in accordance with trade understanding. All parts of the designation of the wine, whether mandatory or optional, shall be in direct conjunction and in lettering substantially of the same size and kind.

(b) An appellation of origin such as "American," "New York," "Napa Valley," or "Chilean," disclosing the true place of origin of the wine, shall appear in direct conjunction with and in lettering substantially as conspicuous as the class and type designation if:

(2) A type designation of varietal significance is used under the provisions of § 4.28;

(3) A semi-generic type designation is employed as the class and type designation of the wine pursuant to § 4.24(b);

(4) A product name is qualified with the word "Brand" under the requirements of § 4.39 (j); or

(5) The wine is labeled with the year of harvest of the grapes, and otherwise

conforms with the provisions of § 4.27. The appellation of origin for vintage wine shall be other than a country.

(1) If the bottler or packer is also the person who made not less than 75 percent of such wine by fermenting the must and clarifying the resulting wine, or if such person treated the wine in such manner as to change the class thereof, there may be stated, in lieu of the words “bottled by” or “packed by,” the words “produced and bottled by,” or “produced and packed by.”

(2) If the bottler or packer has also either made or treated the wine, otherwise than as described in paragraph (a)(1) of this section, there may be stated, in lieu of the words “Bottled by” or “Packed by” the phrases “Blended and bottled (packed) by,” “Rectified and bottled (packed) by,” “Prepared and bottled (packed) by,” “Made and bottled (packed) by,” as the case may be, or, in the case of imitation wine only, “Manufactured and bottled (packed) by.”

(b) *Imported wine.* On labels of containers of imported wine, there shall be stated the words “Imported by” or a similar appropriate phrase, and immediately thereafter the name of the permittee who is the importer, agent, sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person. In addition, but not in lieu thereof, there may be stated the name and principal place of business of the foreign producer, blender, rectifier, maker, bottler, packer, or shipper, preceded by the phrases “Produced by,” “Blended by,” “Rectified by,” “Made by,” “Bottled by,” “Packed by,” “Shipped by,” respectively, or, in the case of imitation wine only, “Manufactured by.”

(1) If the wine is bottled or packed in the United States, there shall be stated, in addition, the name of the bottler or packer and the place where bottled or packed immediately preceded by the words “bottled by” or “packed by” except that if the wine is bottled or packed in the United States for the person responsible for the importation there may be stated, in lieu of the above-required statements, the name and principal place of business in the United States of such person, immediately preceded by the phrase “imported by and bottled (packed) in the United States for” (or a similar appropriate phrase). If, however, the wine is bottled or packed in the United States by the person responsible for the importation there may be stated, in lieu of the above-required statements, the name and principal place of business in the United States of such person, immediately preceded by the phrase “Imported and bottled (packed) by” or a similar appropriate phrase.

(2) If the wine is blended, bottled, or packed in a foreign country other than the country of origin and the country of origin is stated or otherwise indicated on the label, there shall also be stated the name of the bottler, packer, or blender, and the place where bottled, packed, or blended, immediately preceded by the words “Bottled by”,

“Packed by”, “Blended by”, or other appropriate statement.

(c) *Form of address.* The “place” stated shall be the post office address (after December 31, 1984, the post office address shall be the address shown on the basic permit or other qualifying document of the premises at which the operations took place; and there shall be shown the address for each operation which is designated on the label. An example of such use would be “Produced at Gilroy, California, and bottled at San Mateo, California, by XYZ Winery”), except that the street address may be omitted. No additional places or addresses shall be stated for the same person unless (1) such person is actively engaged in the conduct of an additional bona fide and actual alcoholic beverage business at such additional place or address, and (2) the label also contains in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address in connection with the particular product.

(d) *Trade or operating names.* The trade or operating name of any person appearing upon any label shall be identical with a name appearing on the basic permit or notice.

Use of these words may be conjoined, using the word “and”, and with the words “bottled by” or “packed by” only if the same person performed the defined operation at the same address. More than one name is necessary if the defined operation was performed by a person other than the bottler or packer and more than one address statement is necessary if the defined operation was performed at a different address.

(iii) *Produced or Made* means that the named winery:

(A) Fermented not less than 75% of such wine at the stated address, or

(iii) If the wine was blended, bottled or packed in a foreign country other than the country of origin, and the label identifies the country of origin, the label shall state “blended by,” “bottled by,” or “packed by,” or other appropriate statement, followed by the name of the blender, bottler or packer and the place where the wine was blended, bottled or packed.

An example of such use would be “Produced at Gilroy, California, and bottled at San Mateo, California, by XYZ Winery,” except that the street address may be omitted. No additional places or addresses shall be stated for the same person unless:

(1) Such person is actively engaged in the conduct of an additional bona fide and actual alcoholic beverage business at such additional place or address, and

(2) The label also contains in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address in connection with the particular product.

(d) *Trade or operating names.* The trade or operating name of any person appearing upon any label shall be identical with a name appearing on the basic permit or other qualifying document.

(e) The provisions of this section are optional until they become mandatory July 27, 1994.

§ 4.36 Alcoholic content.

(a) Alcoholic content shall be stated in the case of wines containing more than 14 percent of alcohol by volume, and, in the case of wine containing 14 percent or less of alcohol by volume, either the type designation “table” wine (“light” wine) or the alcoholic content shall be stated. Any statement of alcoholic content shall be made as prescribed in paragraph (b) of this section.

(b) Alcoholic content shall be stated in terms of percentage of alcohol by volume, and not otherwise, as provided in either paragraph (b)(1) or (2) of this section:

(1) “Alcohol ____ % by volume,” or similar appropriate phrase; *Provided*, that if the word “alcohol” and/or “volume” are abbreviated, they shall be shown as “alc.” (alc) and/or “vol.” (vol), respectively. Except as provided in paragraph (c) of this section, a tolerance of 1 percent, in the case of wines containing more than 14 percent of alcohol by volume, and of 1.5 percent, in the case of wines containing 14 percent or less of alcohol by volume, will be permitted either above or below the stated percentage.

(2) “Alcohol ____ % to ____ % by volume,” or similar appropriate phrase; *Provided*, that if the word “alcohol” and/or “volume” are abbreviated, they shall be shown as “alc.” (alc) and/or “vol.” (vol), respectively. Except as provided in paragraph (c) of this section, a range of not more than 2 percent, in the case of wines containing

more than 14 percent of alcohol by volume, and of not more than 3 percent, in the case of wines containing 14 percent or less of alcohol by volume, will be permitted between the minimum and maximum percentages stated, and no tolerances will be permitted either below such minimum or above such maximum.

(c) Regardless of the type of statement used and regardless of tolerances normally permitted in direct statements and ranges normally permitted in maximum and minimum statements, alcoholic content statements, whether required or optional, shall definitely and correctly indicate the class, type and taxable grade of the wine so labeled and nothing in this section shall be construed as authorizing the appearance upon the labels of any wine of an alcoholic content statement in terms of maximum and minimum percentages which overlaps a prescribed limitation on the alcoholic content of any class, type, or taxable grade of wine, or a direct statement of alcoholic content which indicates that the alcoholic content of the wine is within such a limitation when in fact it is not.

§ 4.37 Net contents.

(a) *Statement of net contents.* The net contents of wine for which a standard of fill is prescribed in § 4.73 shall be stated in the same manner and form as set forth in the standard of fill. The net content of wine for which no standard of fill is prescribed in § 4.73 shall be stated in the metric system of measure as follows:

(1) If more than one liter, net contents shall be stated in liters and in decimal portions of a liter accurate to the nearest one-hundredth of a liter.

(2) If less than one liter, net contents shall be stated in milliliters (ml).

(b) *Statement of U.S. equivalent net contents.* When net contents of wine are stated in metric measure, the equivalent volume in U.S. measure may also be shown. If shown, the U.S. equivalent volume will be shown as follows:

(1) For the metric standards of fill: 3 liters (101 fl. oz.); 1.5 liters (50.7 fl. oz.);

1 liter (33.8 fl. oz.); 750 ml (25.4 fl. oz.); 500 ml (16.9 fl. oz.); 375 ml (12.7 fl. oz.); 187 ml (6.3 fl. oz.); 100 ml (3.4 fl. oz.); and 50 ml (1.7 fl. oz.).

(2) Equivalent volumes of less than 100 fluid ounces will be stated in fluid ounces only, accurate to the nearest one-tenth of a fluid ounce; for example, 700 ml (23.7 fl. oz.).

(3) Equivalent volumes of 100 fluid ounces or more will be stated in fluid ounces only, accurate to the nearest whole fluid ounce; for example, 6 liters (203 fl. oz.).

(c) *Net contents marked in bottle.* The net contents need not be stated on any label if the net contents are displayed by having the same blown, etched, sand-blasted, marked by underglaze coloring, or otherwise permanently marked by any method approved by the Director, in the sides, front, or back of the bottle, in letters and figures in such manner as to be plainly legible under ordinary circumstances, and such statement is not obscured in any manner in whole or in part.

(d) *Tolerances.* Statement of net contents shall indicate exactly the volume of wine within the container, except that the following tolerances shall be allowed:

(1) Discrepancies due exclusively to errors in measuring which occur in filling conducted in compliance with good commercial practice.

(2) Discrepancies due exclusively to differences in the capacity of containers, resulting solely from unavoidable difficulties in manufacturing such containers so as to be of uniform capacity: *Provided*, That no greater tolerance shall be allowed in case of containers which, because of their design, cannot be made of approximately uniform capacity than is allowed in case of containers which can be manufactured so as to be of approximately uniform capacity.

(3) Discrepancies in measure due to differences in atmospheric conditions in various places and which unavoidably result from the ordinary and customary exposure of alcoholic beverages in containers to evaporation. The reasonableness to discrepancies under this paragraph shall be determined on the facts in each case.

(e) *Unreasonable shortages.* Unreasonable shortages in certain of the containers in any shipment shall not be compensated by overages in other containers in the same shipment.

§ 4.38 General requirements.

(a) *Legibility.* All labels shall be so designed that all the statements thereon required by §§ 4.30 through 4.39 are readily legible under ordinary conditions, and all such statement shall be on a contrasting background.

(b) *Size of type.* (1) Containers of more than 187 milliliters. All mandatory information required on labels by this part, except the alcoholic content statement, shall be in script, type, or printing not smaller than 2 millimeters; except that if contained among other descriptive or explanatory information, the script, type, or printing of the mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.

(2) Containers of 187 milliliters or less. All mandatory information required on labels by this part, except the alcoholic content statement, shall not be smaller than 1 millimeter, except that if contained among other descriptive or explanatory information, the script, type, or printing of the mandatory information shall be of a size substantially more conspicuous than that of the descriptive or explanatory information.

(3) Alcoholic content statements shall not appear in script, type, or printing larger or more conspicuous than 3 millimeters nor smaller than 1 millimeter on labels of containers having a capacity of 5 liters or less and shall not be set off with a border or otherwise accentuated.

(c) *English language.* All mandatory label information shall be stated on labels in the English language, except that the brand name, the place of production, and the name of the manufacturer, producer, blender, bottler, packer, or shipper appearing on the label need not be in the English language if the words “product of” immediately

precede the name of the country of origin stated in accordance with customs requirements. Additional statements in foreign languages may be made on labels, if they do not in any way conflict with, or contradict the requirements of §§ 4.30 through 4.39.

(d) *Location of label.* Labels shall not obscure Government stamps nor be obscured thereby.

(e) *Labels firmly affixed.* All labels shall be affixed to containers of wine in such manner that they cannot be removed without thorough application of water or other solvents.

(f) *Additional information on labels.* Labels may contain information other than the mandatory label information required by §§ 4.30 through 4.39, if such information complies with the requirements of such sections and does not conflict with, nor in any manner qualify statements required by this part. In addition, information which is truthful, accurate, and specific, and which is neither disparaging nor misleading may appear on wine labels.

(g) *Representations as to materials.* If any representation (other than representations or information required by §§ 4.30 through 4.39 or percentage statements required or permitted by this part) is made as to the presence, excellence, or other characteristic of any ingredient in any wine, or used in its production, the label containing such representation shall state, in print, type, or script, substantially as conspicuous as such representation, the name and amount in percent by volume of each such ingredient.

(h) *Statement of contents of containers.* Upon request of the Director, there shall be submitted a full and accurate statement of the contents of the containers to which labels are to be or have been affixed.

§ 4.38a Bottle cartons, booklets and leaflets.

(a) *General.* An individual covering, carton, or other container of the bottle used for sale at retail (other than a

shipping container), or any written, printed, graphic, or other matter accompanying the bottle to the consumer buyer shall not contain any statement, design, device, or graphic, pictorial, or emblematic representation that is prohibited by §§ 4.30 through 4.39 on labels.

(b) *Sealed cartons.* If bottles are enclosed in sealed opaque coverings, cartons, or other containers used for sale at retail (other than a shipping container), such coverings, cartons, or other containers must bear all mandatory label information.

(c) *Other cartons.* (1) If an individual covering, carton, or other container of the bottle used for sale at retail (other than a shipping container) is so designed that the bottle is readily removable, it may display any information which is not in conflict with the label on the bottle contained therein.

(2) Cartons displaying brand names and/or designations must display such names and designations in their entirety—brand names required to be modified, e.g. by “Brand” or “Product of U.S.A.”, must also display such modification.

(3) Wines for which a truthful and adequate statement of composition is required must display such statement.

[T.D. ATF-36, 41 FR 47425, Oct. 29, 1976]

§ 4.39 Prohibited practices.

(a) *Statements on labels.* Containers of wine, or any label on such containers, or any individual covering, carton, or other wrapper of such container, or any written, printed, graphic, or other matter accompanying such container to the consumer shall not contain:

(1) Any statement that is false or untrue in any particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor’s products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such individual or organization, if the use of such name or representation is likely falsely to lead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization; *Provided*, That this paragraph shall not apply to the use of the name of any person engaged in business as a producer, blender, rectifier, importer, wholesaler, retailer, bottler, or warehouseman of wine, nor to the use by any person of a trade or brand name that is the name of any living individual of public prominence or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(7) Any statement, design, device, or representation (other than a statement of alcohol content in conformity with § 4.36), which tends to create the impression that a wine:

- (i) Contains distilled spirits;
 - (ii) Is comparable to a distilled spirit;
- or
- (iii) Has intoxicating qualities.

However, if a statement of composition is required to appear as the designation of a product not defined in these regulations, such statement of composition may include a reference to the type of distilled spirits contained therein.

(8) Any coined word or name in the brand name or class and type designation which simulates, imitates, or which tends to create the impression that the wine so labeled is entitled to bear, any class, type, or permitted designation recognized by the regulations in this part unless such wine conforms

to the requirements prescribed with respect to such designation and is in fact so designated on its labels.

(9) Any word in the brand name or class and type designation which is the name of a distilled spirits product or which simulates, imitates, or created the impression that the wine so labeled is, or is similar to, any product customarily made with a distilled spirits base. Examples of such words are: “Manhattan,” “Martini,” and “Daquiri” in a class and type designation or brand name of a wine cocktail; “Cuba Libre,” “Zombie,” and “Collins” in a class and type designation or brand name of a wine specialty or wine highball; “creme,” “cream,” “de,” or “of” when used in conjunction with “menthe,” “mint,” or “cacao” in a class and type designation or a brand name of a mint or chocolate flavored wine specialty.

(b) *Statement of age.* No statement of age or representation relative to age (including words or devices in any brand name or mark) shall be made, except (1) for vintage wine, in accordance with the provisions of § 4.27; (2) references relating to methods of wine production involving storage or aging in accordance with § 4.38(f); or (3) use of the word “old” as part of a brand name.

(c) *Statement of bottling dates.* The statement of any bottling date shall not be deemed to be a representation relative to age, if such statement appears in lettering not greater than 8-point Gothic caps and in the following form: “Bottled in ____” (inserting the year in which the wine was bottled).

(d) *Statement of miscellaneous dates.* No date, except as provided in paragraphs (b) and (c) of this section with respect to statement of vintage year and bottling date, shall be stated on any label unless in addition thereto and in direct conjunction therewith in the same size and kind of printing, there shall be stated an explanation of the significance thereof such as “established” or “founded in”. If any such date refers to the date of establishment of any business or brand name, it shall not be stated, in the case of containers of a capacity of 5 liters or less, in any script, type, or printing larger than 2 millimeters, and shall be stated in di-

rect conjunction with the name of the person, company, or brand name to which it refers if the Director finds that this is necessary in order to prevent confusion as to the person, company, or brand name to which the establishment date is applicable.

(e) *Simulation of Government stamps.*

(1) No labels shall be of such design as to resemble or simulate a stamp of the United States Government or any State or foreign government. No label, other than stamps authorized or required by the United States Government or any State or foreign government, shall state or indicate that the wine contained in the labeled container is produced, blended, bottled, packed, or sold under, or in accordance with, any municipal, State or Federal Government authorization, law, or regulation, unless such statement is required or specifically authorized by Federal, State or municipal law or regulation, or is required or specifically authorized by the laws or regulations of a foreign country. If the municipal, State, or Federal Government permit number is stated upon a label, it shall not be accompanied by any additional statement relating thereto.

(2) Bonded wine cellar and bonded winery numbers may be stated but only in direct conjunction with the name and address of the person operating such wine cellar or winery. Statement of bonded wine cellar or winery numbers may be made in the following form: “Bonded Wine Cellar No. ____”, “Bonded Winery No. ____”, “B. W. C. No. ____”, “B. W. No. ____”. No additional reference thereto shall be made, nor shall any use be made of such statement that may convey the impression that the wine has been made or matured under Government supervision or in accordance with Government specifications or standards.

(3) If imported wines are covered by a certificate of origin and/or a certificate of vintage date issued by a duly authorized official of the appropriate foreign government, the label, except where prohibited by the foreign government, may refer to such certificate or the fact of such certification, but shall not be accompanied by any additional

statements relating thereto. The reference to such certificate or certification shall be substantially in the following form:

This product accompanied at the time of the importation by a certificate issued by the

(Name of government)
government indicating that the product is

(Class and type as stated on the label)
and (if label bears a statement of vintage date) that the wine is of the vintage of

(Year of vintage stated on the label)

(f) *Use of the word "Importer", or similar words.* The word *Importer*, or similar words, shall not be stated on labels on containers of domestic wine except as part of the bona fide name of a permittee for or by whom, or of a retailer for whom, such wine is bottled, packed or distributed: *Provided*, That in all cases where such words are used as part of such name, there shall be stated on the same label the words "Product of the United States", or similar words to negative any impression that the product is imported, and such negative statement shall appear in the same size and kind of printing as such name.

(g) *Flags, seals, coats of arms, crests, and other insignia.* Labels shall not contain, in the brand name or otherwise, any statement, design, device, or pictorial representation which the Director finds relates to, or is capable of being construed as relating to, the armed forces of the United States, or the American flag, or any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any label contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(h) *Curative and therapeutic claims.* Labels shall not contain any state-

ment, design, representation, pictorial representation, or device representing that the use of wine has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(i) *Geographic brand names.* (1) Except as provided in subparagraph 2, a brand name of viticultural significance may not be used unless the wine meets the appellation of origin requirements for the geographic area named.

(2) For brand names used in existing certificates of label approval issued prior to July 7, 1986:

(i) The wine shall meet the appellation of origin requirements for the geographic area named; or

(ii) The wine shall be labeled with an appellation of origin in accordance with §4.34(b) as to location and size of type of either:

(A) A county or a viticultural area, if the brand name bears the name of a geographic area smaller than a state, or;

(B) A state, county or a viticultural area, if the brand name bears a state name; or

(iii) The wine shall be labeled with some other statement which the Director finds to be sufficient to dispel the impression that the geographic area suggested by the brand name is indicative of the origin of the wine.

(3) A name has viticultural significance when it is the name of a state or county (or the foreign equivalents), when approved as a viticultural area in part 9 of this chapter, or by a foreign government, or when found to have viticultural significance by the Director.

(j) *Product names of geographical significance (not mandatory before January 1, 1983).* The use of product names with specific geographical significance is prohibited unless the Director finds that because of their long usage, such names are recognized by consumers as fanciful product names and not representations as to origin. In such cases the product names shall be qualified with the word "brand" immediately following the product name, in the same size of type, and as conspicuous as the product name itself. In addition, the label shall bear an appellation of origin under the provisions of §4.34(b), and, if required by the Director, a

statement disclaiming the geographical reference as a representation as to the origin of the wine.

(k) *Other indications of origin.* Other statements, designs, devices or representations which indicate or infer an origin other than the true place of origin of the wine are prohibited.

(l) *Foreign terms.* Foreign terms which: (1) Describe a particular condition of the grapes at the time of harvest (such as “Auslese,” “Eiswein,” and “Troockenbeereauslese”); or (2) denote quality under foreign law (such as “Qualitätswein” and “Kabinett”) may not be used on the labels of American wine.

(m) *Use of a vineyard, orchard, farm or ranch name.* When used in a brand name, a vineyard, orchard, farm or ranch name having geographical or viticultural significance is subject to the requirements of §§ 4.33(b) and 4.39(i) of this part. Additionally, the name of a vineyard, orchard, farm or ranch shall not be used on a wine label, unless 95 percent of the wine in the container was produced from primary winemaking material grown on the named vineyard, orchard, farm or ranch.

Subpart E—Requirements for Withdrawal of Wine From Customs Custody

§ 4.40 Label approval and release.

(a) *Certificate of label approval.* No imported beverage wine in containers shall be released from U.S. Customs custody for consumption unless there is deposited with the appropriate Customs officer at the port of entry the original or a photostatic copy of an approved certificate of label approval, ATF Form 5100.31.

(b) If the original or photostatic copy of ATF Form 5100.31 has been approved, the brand or lot of imported wine bearing labels identical with those shown

thereon may be released from U.S. Customs custody.

[T.D. ATF-66, 45 FR 40546, June 13, 1980, as amended by T.D. ATF-94, 46 FR 55095, Nov. 6, 1981; T.D. ATF-242, 51 FR 39525, Oct. 29, 1986; T.D. ATF-359, 59 FR 42160, Aug. 17, 1994]

§ 4.46 Certificate of nonstandard fill.

A person may import wine in containers not conforming to the metric standards of fill prescribed at § 4.73 if the wine is:

(a) Accompanied by a statement signed by a duly authorized official of the appropriate foreign country, stating that the wine was bottled or packed before January 1, 1979;

Subpart F—Requirements for Approval of Labels of Wine Domestically Bottled or Packed

§ 4.50 Certificates of label approval.

(a) No person shall bottle or pack wine, other than wine bottled or

packed in U.S. Customs custody, or remove such wine from the plant where bottled or packed, unless application is made to the Director and an approved certificate of label approval, ATF Form 5100.31, is issued.

(b) Any bottler or packer of wine shall be exempt from the requirements of this section if upon application the bottler or packer shows to the satisfaction of the Director that the wine to be bottled or packed is not to be sold, offered for sale, or shipped or delivered for shipment, or otherwise introduced in interstate or foreign commerce. Application for exemption shall be made on ATF Form 5100.31 in accordance with instructions on the form. If the application is approved, a certificate of exemption will be issued on the same form.

[T.D. ATF-66, 45 FR 40546, June 13, 1980, as amended by T.D. ATF-94, 46 FR 55095, Nov. 6, 1981; T.D. ATF-242, 51 FR 39525, Oct. 29, 1986; T.D. ATF-344, 58 FR 40354, July 28, 1993]

§ 4.52 Photoprints.

Photoprints or other reproductions of certificates of label approval or certificates of exemption are not acceptable, for the purposes of §§ 4.50 through 4.52, as substitutes for an original or duplicate original of a certificate of label approval, or a certificate of exemption. The Director will, upon the request of the bottler or packer, issue duplicate originals of certificates of label approval or of certificates of exemption if wine under the same brand is bottled or packed at more than one plant by the same person, and if the necessity for the duplicate originals is shown and there is listed with the Director the name and address of the additional bottling or packing plant where the particular label is to be used.

Subpart G—Advertising of Wine

§ 4.60 Application.

No person engaged in the business as a producer, rectifier, blender, importer, or wholesaler of wine, directly or indirectly or through an affiliate, shall publish or disseminate or cause to be published or disseminated by radio or television broadcast, or in any newspaper, periodical, or any publication, by any sign or outdoor advertisement, or any other printed or graphic matter, any advertisement of wine, if such advertising is in, or is calculated to induce sale in, interstate or foreign commerce, or is disseminated by mail, unless such advertisement is in conformity with §§ 4.60-4.65 of this part. Provided, that such sections shall not apply to outdoor advertising in place on September 7, 1984, but shall apply upon replacement, restoration, or renovation of any such advertising; and provided further, that such sections shall not apply to a retailer or the publisher of any newspaper, periodical, or other publication, or radio or television broadcast, unless such retailer or publisher or radio or television broadcaster is engaged in business as a producer, rectifier, blender, importer, or wholesaler of wine, directly or indirectly, or through an affiliate.

[T.D. ATF-180, 49 FR 31672, Aug. 8, 1984]

§ 4.61 Definitions.

As used in §§ 4.60 through 4.65 of this part, the term *advertisement* includes any written or verbal statement, illustration, or depiction which is in, or calculated to induce sales in, interstate or foreign commerce, or is disseminated by mail, whether it appears in a newspaper, magazine, trade booklet, menu, wine card, leaflet, circular, mailer, book insert, catalog, promotional material, sales pamphlet, or any written, printed, graphic, or other matter accompanying the container, representations made on cases, billboard, sign, or other outdoor display, public transit card, other periodical literature, publication, or in a radio or television broadcast, or in any other media; except that such term shall not include:

(a) Any label affixed to any container of wine, or any individual covering,

carton, or other wrapper of such container which constitute a part of the labeling under provisions of §§ 4.30–4.39 of this part.

(b) Any editorial or other reading material (*i.e.*, news release) in any periodical or publication or newspaper for the publication of which no money or valuable consideration is paid or promised, directly or indirectly, by any permittee, and which is not written by or at the direction of the permittee.

[T.D. ATF–180, 49 FR 31672, Aug. 8, 1984]

§ 4.62 Mandatory statements.

(a) *Responsible advertiser.* The advertisement shall state the name and address of the permittee responsible for its publication or broadcast. Street number and name may be omitted in the address.

(b) *Class, type, and distinctive designation.* The advertisement shall contain a conspicuous statement of the class, type, or distinctive designation to which the product belongs, corresponding with the statement of class, type, or distinctive designation which is required to appear on the label of the product.

(c) *Exception.* (1) If an advertisement refers to a general wine line or all of the wine products of one company, whether by the company name or by the brand name common to all the wine in the line, the only mandatory information necessary is the name and address of the responsible advertiser. This exception does not apply where only one type of wine is marketed under the specific brand name advertised.

(2) On consumer specialty items, the only information necessary is the company name or brand name of the product.

[T.D. 6521, 25 FR 13835, Dec. 29, 1960, as amended by T.D. ATF–180, 49 FR 31672, Aug. 8, 1984]

(a) Statements required under §§ 4.60 through 4.65 of this part to appear in any written, printed, or graphic advertisement shall be in lettering or type size sufficient to be conspicuous and readily legible.

(b) In the case of signs, billboards, and displays the name and address of the permittee responsible for the advertisement may appear in type size of lettering smaller than the other mandatory information, provided such information can be ascertained upon closer examination of the sign or billboard.

(c) Mandatory information shall be so stated as to be clearly a part of the advertisement and shall not be separated in any manner from the remainder of the advertisement.

(d) Mandatory information for two or more products shall not be stated unless clearly separated.

(e) Mandatory information shall be so stated in both the print and audiovisual media that it will be readily apparent to the persons viewing the advertisement.

[T.D. ATF–180, 49 FR 31672, Aug. 8, 1984]

§ 4.64 Prohibited practices.

(a) *Restrictions.* The advertisement of wine shall not contain:

(1) Any statement that is false or untrue in any material particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor's products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) Any statement that the wine is produced, blended, bottled, packed, or sold under, or in accordance with, any municipal, State, or Federal Government authorization, law, or regulations; and if a municipal, State, or Federal permit number is stated, the permit number shall not be accompanied

by any additional statement relating thereto.

(7) Any statement of bonded winecellar and bonded winery numbers unless stated in direct conjunction with the name and address of the person operating such winery or store-room. Statement of bonded winecellar and bonded winery numbers may be made in the following form: "Bonded Winecellar No. ____," "Bonded Winery No. ____," "B. W. C. No. ____," "B. W. No. ____." No additional reference thereto shall be made, nor shall any use be made of such statement that may convey the impression that the wine has been made or matured under Government supervision or in accordance with Government specifications or standards.

(8) Any statement, design, device, or representation which relates to alcohol content or which tends to create the impression that a wine:

- (i) Contains distilled spirits; or
- (ii) Is comparable to a distilled spirit; or
- (iii) Has intoxicating qualities.

However, if a statement of composition is required to appear as the designation of a product not defined in these regulations, such statement of composition may include a reference to the type of distilled spirits contained therein. Further, an approved wine label, which bears the statement of alcohol content may be depicted in any advertising media, or an actual wine bottle showing the approved label bearing the statement of alcoholic content may be displayed in any advertising media.

(9) Any word in the brand name or class and type designation which is the name of a distilled spirits product or which simulates, imitates, or creates the impression that the wine so labeled is, or is similar to, any product customarily made with a distilled spirits base.

(b) *Statements inconsistent with labeling.* (1) Advertisements shall not contain any statement concerning a brand or lot of wine that is inconsistent with any statement on the labeling thereof.

(2) Any label depicted on a bottle in an advertisement shall be a reproduction of an approved label.

(c) *Statement of age.* No statement of age or representation relative to age

(including words or devices in any brand name or mark) shall be made, except (1) for vintage wine, in accordance with the provisions of § 4.27; (2) references in accordance with § 4.38(f); or (3) use of the word "old" as part of a brand name.

(d) *Statement of bottling dates.* The statement of any bottling date shall not be deemed to be a representation relative to age, if such statement appears without undue emphasis in the following form: "Bottled in ____" (inserting the year in which the wine was bottled).

(e) *Statement of miscellaneous dates.* No date, except as provided in paragraphs (c) and (d) of this section, with respect to statement of vintage year and bottling date, shall be stated unless, in addition thereto, and in direct conjunction therewith, in the same size and kind of printing there shall be stated an explanation of the significance of such date: *Provided*, That if any date refers to the date of establishment of any business, such date shall be stated without undue emphasis and in direct conjunction with the name of the person to whom it refers.

(f) *Flags, seals, coats of arms, crests, and other insignia.* No advertisement shall contain any statement, design, device, or pictorial representation of or relating to, or capable of being construed as relating to, the armed forces of the United States, or of the American flag, or of any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any advertisement contain any statement, device, design, or pictorial representation of or concerning any flag, seal, coat of arms, crest, or other insignia likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crests, or insignia is associated.

(g) *Statements indicative of origin.* No statement, design, device, or representation which tends to create the impression that the wine originated in a particular place or region, shall appear in any advertisement unless the label

of the advertised product bears an appellation of origin, and such appellation of origin appears in the advertisement in direct conjunction with the class and type designation.

(h) *Use of the word “importer” or similar words.* The word *importer* or similar words shall not appear in advertisements of domestic wine except as part of the bona fide name of the permittee by or for whom, or of a retailer for whom, such wine is bottled, packed or distributed: *Provided*, That in all cases where such words are used as part of such name, there shall be stated the words “Product of the United States” or similar words to negate any impression that the product is imported, and such negating statements shall appear in the same size and kind of printing as such name.

(i) *Curative and therapeutic claims.* Advertisements shall not contain any statement, design, representation, pictorial representation, or device representing that the use of wine has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(j) *Confusion of brands.* Two or more different brands or lots of wine shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or newspaper, or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provision of §§4.60 through 4.64 or are in any respect untrue.

(k) *Deceptive advertising techniques.* Subliminal or similar techniques are prohibited. “Subliminal or similar techniques,” as used in this part, refers to any device or technique that is used to convey, or attempts to convey, a message to a person by means of images or sounds of a very brief nature that cannot be perceived at a normal level of awareness.

§ 4.65 Comparative advertising.

(a) *General.* Comparative advertising shall not be disparaging of a competitor’s product.

(b) *Taste tests.* (1) Taste test results may be used in advertisements comparing competitors’ products unless they are disparaging, deceptive, or likely to mislead the consumer.

(2) The taste test procedure used shall meet scientifically accepted procedures. An example of a scientifically accepted procedure is outlined in the *Manual on Sensory Testing Methods*, ASTM Special Technical Publication 434, published by the American Society for Testing and Materials, 1916 Race Street, Philadelphia, Pennsylvania 19103, ASTM, 1968, Library of Congress Catalog Card Number 68-15545.

(3) A statement shall appear in the advertisement providing the name and address of the testing administrator.

Subpart C—Standards of Identity for Distilled Spirits

§ 5.21 Application of standards.

The standards of identity for the several classes and types of distilled spirits set forth in this part shall be applicable only to distilled spirits for beverage or other nonindustrial purposes.

§ 5.22 The standards of identity.

Standards of identity for the several classes and types of distilled spirits set forth in this section shall be as follows (see also § 5.35, class and type):

(a) *Class 1; neutral spirits or alcohol.* “Neutral spirits” or “alcohol” are distilled spirits produced from any material at or above 190° proof, and, if bottled, bottled at not less than 80° proof.

(1) “Vodka” is neutral spirits so distilled, or so treated after distillation with charcoal or other materials, as to be without distinctive character, aroma, taste, or color.

(2) “Grain spirits” are neutral spirits distilled from a fermented mash of grain and stored in oak containers.

(b) *Class 2; whisky.* “Whisky” is an alcoholic distillate from a fermented mash of grain produced at less than 190° proof in such manner that the distillate possesses the taste, aroma, and characteristics generally attributed to whisky, stored in oak containers (except that corn whisky need not be so stored), and bottled at not less than 80° proof, and also includes mixtures of such distillates for which no specific standards of identity are prescribed.

(1)(i) “Bourbon whisky”, “rye whisky”, “wheat whisky”, “malt whisky”,

or “rye malt whisky” is whisky produced at not exceeding 160° proof from a fermented mash of not less than 51 percent corn, rye, wheat, malted barley, or malted rye grain, respectively, and stored at not more than 125° proof in charred new oak containers; and also includes mixtures of such whiskies of the same type.

(ii) “Corn whisky” is whisky produced at not exceeding 160° proof from a fermented mash of not less than 80 percent corn grain, and if stored in oak containers stored at not more than 125° proof in used or uncharred new oak containers and not subjected in any manner to treatment with charred wood; and also includes mixtures of such whisky.

(iii) Whiskies conforming to the standards prescribed in paragraphs (b)(1)(i) and (ii) of this section, which have been stored in the type of oak containers prescribed, for a period of 2 years or more shall be further designated as “straight”; for example, “straight bourbon whisky”, “straight corn whisky”, and whisky conforming to the standards prescribed in paragraph (b)(1)(i) of this section, except that it was produced from a fermented mash of less than 51 percent of any one type of grain, and stored for a period of 2 years or more in charred new oak containers shall be designated merely as “straight whisky”. No other whiskies may be designated “straight”. “Straight whisky” includes mixtures of straight whiskies of the same type produced in the same State.

(2) “Whisky distilled from bourbon (rye, wheat, malt, or rye malt) mash” is whisky produced in the United States at not exceeding 160° proof from a fermented mash of not less than 51 percent corn, rye, wheat, malted barley, or malted rye grain, respectively, and stored in used oak containers; and also includes mixtures of such whiskies of the same type. Whisky conforming to the standard of identity for corn whisky must be designated corn whisky.

(3) “Light whisky” is whisky produced in the United States at more than 160° proof, on or after January 26, 1968, and stored in used or uncharred new oak containers; and also includes mixtures of such whiskies. If “light

whisky” is mixed with less than 20 percent of straight whisky on a proof gallon basis, the mixture shall be designated “blended light whisky” (light whisky—a blend).

(4) “Blended whisky” (whisky—a blend) is a mixture which contains straight whisky or a blend of straight whiskies at not less than 20 percent on a proof gallon basis, excluding alcohol derived from added harmless coloring, flavoring or blending materials, and, separately, or in combination, whisky or neutral spirits. A blended whisky containing not less than 51 percent on a proof gallon basis of one of the types of straight whisky shall be further designated by that specific type of straight whisky; for example, “blended rye whisky” (rye whisky—a blend).

(5) (i) “A blend of straight whiskies” (blended straight whiskies) is a mixture of straight whiskies which does not conform to the standard of identity for “straight whisky.” Products so designated may contain harmless coloring, flavoring, or blending materials as set forth in 27 CFR 5.23(a).

(ii) “A blend of straight whiskies” (blended straight whiskies) consisting entirely of one of the types of straight whisky, and not conforming to the standard for straight whisky, shall be further designated by that specific type of straight whisky; for example, “a blend of straight rye whiskies” (blended straight rye whiskies). “A blend of straight whiskies” consisting entirely of one of the types of straight whisky shall include straight whisky of the same type which was produced in the same State or by the same proprietor within the same State, provided that such whisky contains harmless coloring, flavoring, or blending materials as stated in 27 CFR 5.23(a).

(iii) The harmless coloring, flavoring, or blending materials allowed under this section shall not include neutral spirits or alcohol in their original state. Neutral spirits or alcohol may only appear in a “blend of straight whiskies” or in a “blend of straight whiskies consisting entirely of one of the types of straight whisky” as a vehicle for recognized flavoring or blending material.

(6) "Spirit whisky" is a mixture of neutral spirits and not less than 5 percent on a proof gallon basis of whisky, or straight whisky, or straight whisky and whisky, if the straight whisky component is less than 20 percent on a proof gallon basis.

(7) "Scotch whisky" is whisky which is a distinctive product of Scotland, manufactured in Scotland in compliance with the laws of the United Kingdom regulating the manufacture of Scotch whisky for consumption in the United Kingdom: *Provided*, That if such product is a mixture of whiskies, such mixture is "blended Scotch whisky" (Scotch whisky—a blend).

(8) "Irish whisky" is whisky which is a distinctive product of Ireland, manufactured either in the Republic of Ireland or in Northern Ireland, in compliance with their laws regulating the manufacture of Irish whisky for home consumption: *Provided*, That if such product is a mixture of whiskies, such mixture is "blended Irish whisky" (Irish whisky—a blend).

(9) "Canadian whisky" is whisky which is a distinctive product of Canada, manufactured in Canada in compliance with the laws of Canada regulating the manufacture of Canadian whisky for consumption in Canada: *Provided*, That if such product is a mixture of whiskies, such mixture is "blended Canadian whisky" (Canadian whisky—a blend).

(c) *Class 3; gin*. "Gin" is a product obtained by original distillation from mash, or by redistillation of distilled spirits, or by mixing neutral spirits, with or over juniper berries and other aromatics, or with or over extracts derived from infusions, percolations, or maceration of such materials, and includes mixtures of gin and neutral spirits. It shall derive its main characteristic flavor from juniper berries and be bottled at not less than 80° proof. Gin produced exclusively by original distillation or by redistillation may be further designated as "distilled". "Dry gin" (London dry gin), "Geneva gin" (Hollands gin), and "Old Tom gin" (Tom gin) are types of gin known under such designations.

(d) *Class 4; brandy*. "Brandy" is an alcoholic distillate from the fermented juice, mash, or wine of fruit, or from

the residue thereof, produced at less than 190° proof in such manner that the distillate possesses the taste, aroma, and characteristics generally attributed to the product, and bottled at not less than 80° proof. Brandy, or mixtures thereof, not conforming to any of the standards in paragraphs (d)(1) through (8) of this section shall be designated as "brandy", and such designation shall be immediately followed by a truthful and adequate statement of composition.

(1) "Fruit brandy" is brandy distilled solely from the fermented juice or mash of whole, sound, ripe fruit, or from standard grape, citrus, or other fruit wine, with or without the addition of not more than 20 percent by weight of the pomace of such juice or wine, or 30 percent by volume of the lees of such wine, or both (calculated prior to the addition of water to facilitate fermentation or distillation). Fruit brandy shall include mixtures of such brandy with not more than 30 percent (calculated on a proof gallon basis) of lees brandy. Fruit brandy, derived from grapes, shall be designated as "grape brandy" or "brandy", except that in the case of brandy (other than neutral brandy, pomace brandy, marc brandy or grappa brandy) distilled from the fermented juice, mash, or wine of grapes, or the residue thereof, which has been stored in oak containers for less than 2 years, the statement of class and type shall be immediately preceded, in the same size and kind of type, by the word "immature". Fruit brandy, other than grape brandy, derived from one variety of fruit, shall be designated by the word "brandy" qualified by the name of such fruit (for example, "peach brandy"), except that "apple brandy" may be designated "applejack". Fruit brandy derived from more than one variety of fruit shall be designated as "fruit brandy" qualified by a truthful and adequate statement of composition.

(2) "Cognac", or "Cognac (grape) brandy", is grape brandy distilled in the Cognac region of France, which is entitled to be so designated by the laws and regulations of the French Government.

(3) "Dried fruit brandy" is brandy that conforms to the standard for fruit

brandy except that it has been derived from sound, dried fruit, or from the standard wine of such fruit. Brandy derived from raisins, or from raisin wine, shall be designated as “raisin brandy”. Other brandies shall be designated in the same manner as fruit brandy from the corresponding variety or varieties of fruit except that the name of the fruit shall be qualified by the word “dried”.

(4) “Lees brandy” is brandy distilled from the lees of standard grape, citrus, or other fruit wine, and shall be designated as “lees brandy”, qualified by the name of the fruit from which such lees are derived.

(5) “Pomace brandy”, or “marc brandy”, is brandy distilled from the skin and pulp of sound, ripe grapes, citrus or other fruit, after the withdrawal of the juice or wine therefrom, and shall be designated as “pomace brandy”, or “marc brandy”, qualified by the name of the fruit from which derived. Grape pomace brandy may be designated as “grappa” or “grappa brandy”.

(6) “Residue brandy” is brandy distilled wholly or in part from the fermented residue of fruit or wine, and shall be designated as “residue brandy” qualified by the name of the fruit from which derived. Brandy distilled wholly or in part from residue materials which conforms to any of the standards set forth in paragraphs (d)(1), (3), (4), and (5) of this section may, regardless of such fact, be designated “residue brandy”, but the use of such designation shall be conclusive, precluding any later change of designation.

(7) “Neutral brandy” is brandy produced at more than 170° proof and shall be designated in accordance with the standards in this paragraph, except that the designation shall be qualified by the word “neutral”; for example, “neutral citrus residue brandy”.

(8) “Substandard brandy” shall bear as a part of its designation the word “substandard”, and shall include:

(i) Any brandy distilled from fermented juice, mash, or wine having a volatile acidity, calculated as acetic acid and exclusive of sulfur dioxide, in excess of 0.20 gram per 100 cubic centimeters (20 °C.); measurements of volatile acidity shall be calculated exclu-

sive of water added to facilitate distillation.

(ii) Any brandy which has been distilled from unsound, moldy, diseased, or decomposed juice, mash, wine, lees, pomace, or residue, or which shows in the finished product any taste, aroma, or characteristic associated with products distilled from such material.

(e) *Class 5; blended applejack*. “Blended applejack” (applejack—a blend) is a mixture which contains at least 20 percent of apple brandy (applejack) on a proof gallon basis, stored in oak containers for not less than 2 years, and not more than 80 percent of neutral spirits on a proof gallon basis if such mixture at the time of bottling is not less than 80° proof.

(f) *Class 6; rum*. “Rum” is an alcoholic distillate from the fermented juice of sugar cane, sugar cane syrup, sugar cane molasses, or other sugar cane by-products, produced at less than 190° proof in such manner that the distillate possesses the taste, aroma and characteristics generally attributed to rum, and bottled at not less than 80° proof; and also includes mixtures solely of such distillates.

(g) *Class 7; Tequila*. “Tequila” is an alcoholic distillate from a fermented mash derived principally from the Agave Tequilana Weber (“blue” variety), with or without additional fermentable substances, distilled in such a manner that the distillate possesses the taste, aroma, and characteristics generally attributed to Tequila and bottled at not less than 80° proof, and also includes mixtures solely of such distillates. Tequila is a distinctive product of Mexico, manufactured in Mexico in compliance with the laws of Mexico regulating the manufacture of Tequila for consumption in that country.

(h) *Class 8; cordials and liqueurs*. Cordials and liqueurs are products obtained by mixing or redistilling distilled spirits with or over fruits, flowers, plants, or pure juices therefrom, or other natural flavoring materials, or with extracts derived from infusions, percolation, or maceration of such materials, and containing sugar, dextrose, or levulose, or a combination thereof, in an amount not less than 2½ percent by weight of the finished product.

(1) "Sloe gin" is a cordial or liqueur with the main characteristic flavor derived from sloe berries.

(2) "Rye liqueur", "bourbon liqueur" (rye, bourbon cordial) are liqueurs, bottled at not less than 60° proof, in which not less than 51 percent, on a proof gallon basis, of the distilled spirits used are, respectively, rye or bourbon whisky, straight rye or straight bourbon whisky, or whisky distilled from a rye or bourbon mash, and which possess a predominant characteristic rye or bourbon flavor derived from such whisky. Wine, if used, must be within the 2½ percent limitation provided in § 5.23 for coloring, flavoring, and blending materials.

(3) "Rock and rye", "rock and bourbon", "rock and brandy", "rock and rum" are liqueurs, bottled at not less than 48° proof, in which, in the case of rock and rye and rock and bourbon, not less than 51 percent, on a proof gallon basis, of the distilled spirits used are, respectively, rye or bourbon whisky, straight rye or straight bourbon whisky, or whisky distilled from a rye or bourbon mash, and, in the case of rock and brandy and rock and rum, the distilled spirits used are all grape brandy or rum, respectively; containing rock candy or sugar syrup, with or without the addition of fruit, fruit juices, or other natural flavoring materials, and possessing, respectively, a predominant characteristic rye, bourbon, brandy, or rum flavor derived from the distilled spirits used. Wine, if used, must be within the 2½ percent limitation provided in § 5.23 for harmless coloring, flavoring, and blending materials.

(4) "Rum liqueur," "gin liqueur," "brandy liqueur," are liqueurs, bottled at not less than 60 proof, in which the distilled spirits used are entirely rum, gin, or brandy, respectively, and which possess, respectively, a predominant characteristic rum, gin, or brandy flavor derived from the distilled spirits used. In the case of brandy liqueur, the type of brandy must be stated in accordance with § 5.22(d), except that liqueurs made entirely with grape brandy may be designated simply as "brandy liqueur." Wine, if used, must be within the 2½ percent limitation provided for in § 5.23 for harmless coloring, flavoring, and blending materials.

(5) The designation of a cordial or liqueur may include the word "dry" if the sugar, dextrose, or levulose, or a combination thereof, are less than 10 percent by weight of the finished product.

(6) Cordials and liqueurs shall not be designated as "distilled" or "compound".

(i) *Class 9; flavored brandy, flavored gin, flavored rum, flavored vodka, and flavored whisky.* "Flavored brandy," "flavored gin," "flavored rum," "flavored vodka," and "flavored whisky," are brandy, gin, rum vodka, and whisky, respectively, to which have been added natural flavoring materials, with or without the addition of sugar, and bottled at not less than 60° proof. The name of the predominant flavor shall appear as a part of the designation. If the finished product contains more than 2½ percent by volume of wine, the kinds and percentages by volume of wine must be stated as a part of the designation, except that a flavored brandy may contain an additional 12½ percent by volume of wine, without label disclosure, if the additional wine is derived from the particular fruit corresponding to the labeled flavor of the product.

(j) *Class 10; imitations.* Imitations shall bear, as a part of the designation thereof, the word "imitation" and shall include the following:

(1) Any class or type of distilled spirits to which has been added coloring or flavoring material of such nature as to cause the resultant product to simulate any other class or type of distilled spirits;

(2) Any class or type of distilled spirits (other than distilled spirits required under § 5.35 to bear a distinctive or fanciful name and a truthful and adequate statement of composition) to which has been added flavors considered to be artificial or imitation. In determining whether a flavor is artificial or imitation, recognition will be given to what is considered to be "good commercial practice" in the flavor manufacturing industry;

(3) Any class of type of distilled spirits (except cordials, liqueurs and specialties marketed under labels which do not indicate or imply, that a particular class or type of distilled spirits

was used in the manufacture thereof) to which has been added any whisky essence, brandy essence, rum essence, or similar essence or extract which simulates or enhances, or is used by the trade or in the particular product to simulate or enhance, the characteristics of any class or type of distilled spirits;

(4) Any type of whisky to which beading oil has been added;

(5) Any rum to which neutral spirits or distilled spirits other than rum have been added;

(7) Any brandy to which neutral spirits or distilled spirits other than brandy have been added, except that this provision shall not apply to any product conforming to the standard of identity for blended applejack.

(k) *Class 11; geographical designations.*

(1) Geographical names for distinctive types of distilled spirits (other than names found by the Director under paragraph (k)(2) of this section to have become generic) shall not be applied to distilled spirits produced in any other place than the particular region indicated by the name, unless (i) in direct conjunction with the name there appears the word “type” or the word “American” or some other adjective indicating the true place of production, in lettering substantially as conspicuous as such name, and (ii) the distilled spirits to which the name is applied conform to the distilled spirits of that particular region. The following are examples of distinctive types of distilled spirits with geographical names that have not become generic: Eau de Vie de Dantzic (Danziger Goldwasser), Ojen, Swedish punch. Geographical names for distinctive types of distilled spirits shall be used to designate only distilled spirits conforming to the standard of identity, if any, for such type specified in this section, or if no such standard is so specified, then in accordance with the trade understanding of that distinctive type.

(2) Only such geographical names for distilled spirits as the Director finds

have by usage and common knowledge lost their geographical significance to such extent that they have become generic shall be deemed to have become generic. Examples at London dry gin, Geneva (Hollands) gin.

(3) Geographical names that are not names for distinctive types of distilled spirits, and that have not become generic, shall not be applied to distilled spirits produced in any other place than the particular place or region indicated in the name. Examples are Cognac, Armagnac, Greek brandy, Pisco brandy, Jamaica rum, Puerto Rico rum, Demerara rum.

(4) The words “Scotch”, “Scots” “Highland”, or “Highlands” and similar words connoting, indicating, or commonly associated with Scotland, shall not be used to designate any product not wholly produced in Scotland.

(1) *Class 12; products without geographical designations but distinctive of a particular place.* (1) The whiskies of the types specified in paragraphs (b) (1), (4), (5), and (6) of this section are distinctive products of the United States and if produced in a foreign country shall be designated by the applicable designation prescribed in such paragraphs, together with the words “American type” or the words “produced (distilled, blended) in _____”, the blank to be filled in with the name of the foreign country: *Provided*, That the word “bourbon” shall not be used to describe any whisky or whisky-based distilled spirits not produced in the United States. If whisky of any of these types is composed in part of whisky or whiskies produced in a foreign country there shall be stated, on the brand label, the percentage of such whisky and the country of origin thereof.

(2) The name for other distilled spirits which are distinctive products of a particular place or country, an example is Habanero, shall not be given to the product of any other place or country unless the designation for such product includes the word “type” or an adjective such as “American”, or the like, clearly indicating the true place of production. The provision for place of production shall not apply to designations which by usage and common

knowledge have lost their geographical significance to such an extent that the Director finds they have become generic. Examples are Slivovitz, Zubrovka, Aquavit, Arrack, and Kirschwasser.

§ 5.23 Alteration of class and type.

(a) *Additions.* (1) The addition of any coloring, flavoring, or blending materials to any class and type of distilled spirits, except as otherwise provided in this section, alters the class and type thereof and the product shall be appropriately redesignated.

(2) There may be added to any class or type of distilled spirits, without changing the class or type thereof, (i) such harmless coloring, flavoring, or blending materials as are an essential component part of the particular class or type of distilled spirits to which added, and (ii) Harmless coloring, flavoring, or blending materials such as caramel, straight malt or straight rye malt whiskies, fruit juices, sugar, infusion of oak chips when approved by the Director, or wine, which are not an essential component part of the particular distilled spirits to which added, but which are customarily employed therein in accordance with established trade usage, if such coloring, flavoring, or blending materials do not total more than 2½ percent by volume of the finished product.

(3) "Harmless coloring, flavoring, and blending materials" shall not include (i) any material which would render the product to which it is added an imitation, or (ii) any material, other than caramel, infusion of oak chips, and sugar, in the case of Cognac brandy; or (iii) any material whatsoever in the case of neutral spirits or straight whiskey, except that vodka may be treated with sugar in an amount not to exceed 2 grams per liter and a trace amount of citric acid.

(b) *Extractions.* The removal from any distilled spirits of any constituents to such an extent that the product does not possess the taste, aroma, and characteristics generally attributed to that class or type of distilled spirits alters the class and type thereof, and the product shall be appropriately redesignated. In addition, in the case of straight whisky the removal of more than 15 percent of the fixed acids, or volatile acids, or esters, or soluble solids, or higher alcohols, or more than 25 percent of the soluble color, shall be deemed to alter the class or type thereof.

(c) *Exceptions.* (1) This section shall not be construed as in any manner modifying the standards of identity for cordials and liqueurs, flavored brandy, flavored gin, flavored rum, flavored vodka, and flavored whisky or as authorizing any product which is defined in § 5.22(j), Class 10, as an imitation to be otherwise designated.

Subpart Ca—Formulas

SOURCE: T.D. ATF-62, 44 FR 71620, Dec. 11, 1979, unless otherwise noted.

§ 5.25 Application.

The requirements of this subpart shall apply to:

(a) Proprietors of distilled spirits plants qualified as processors under 27 CFR part 19;

(b) Persons in Puerto Rico who manufacture distilled spirits products for shipment to the United States. Formulas need only be filed for those products which will be shipped to the United States; and

(c) Persons who ship into the United States, Virgin Islands distilled spirits products.

§ 5.26 Formula requirements.

(a) *General.* An approved formula is required to blend, mix, purify, refine, compound, or treat spirits in a manner which results in a change of character, composition, class or type of the spirits. Form 5110.38 (27-B Supplemental)

shall be filed with the Director in accordance with the instructions on the form and shall designate all ingredients and, if required, the process used. Any approved formula on Form 27-B Supplemental or Form 5110.38 shall remain in effect until revoked, superseded, or voluntarily surrendered. Any existing qualifying statements as to the rate of tax or the limited use of drawback flavors appearing on a Form 27-B Supplemental are obsolete.

(b) *Change in formula.* Any change in an approved formula shall require the filing of a new Form 5110.38. After a change in a formula is approved, the original formula shall be surrendered to the Director.

§ 5.27 Formulas.

Formulas are required for distilled spirits operations which change the character, composition, class or type of spirits as follows:

(a) The compounding of spirits through the mixing of any coloring, flavoring, wine, or other material with distilled spirits;

(b) The manufacture of an intermediate product to be used exclusively in other distilled spirits products on bonded premises;

(c) Any filtering or stabilizing process which results in a product which does not possess the taste, aroma, and characteristics generally attributed to that class or type of distilled spirits; and, in the case of straight whisky, results in the removal of more than 15 percent of the fixed acids, volatile acids, esters, soluble solids, or higher alcohols, or more than 25 percent of the soluble color;

(d) The mingling of spirits (including merchandise returned to bond) which differ in class or type of materials from which produced;

(e) The mingling of spirits stored in charred cooperage with spirits stored in plain or reused cooperage, or the mixing of spirits that have been treated with wood chips with spirits not so treated, or the mixing of spirits that have been subjected to any treatment which changes their character with spirits not so treated, unless it is determined that the composition of the spirits is the same, notwithstanding the storage in different kinds of coop-

erage or the treatment of a portion of the spirits;

(f) The use (except as authorized for production or storage operations as provided by 27 CFR part 19) of any physical or chemical process or any apparatus which accelerates the maturing of the spirits;

(g) The steeping or soaking of fruits, berries, aromatic herbs, roots, seeds, etc., in spirits or wines;

(h) The artificial carbonating of spirits;

(i) The blending in Puerto Rico of spirits with any liquors manufactured outside of Puerto Rico;

(j) The production of gin by—

(1) Redistillation over juniper berries and other natural aromatics, or the extracted oils of such, of spirits distilled at or above 190 degrees of proof, free from impurities, including spirits of such a nature recovered by redistillation of imperfect gin spirits; and

(2) Mixing gin with other spirits;

(k) The treatment of gin by—

(1) Addition or abstraction of any substance or material other than pure water after redistillation in a manner that would change its class and type designation; and

(2) Addition of any substance or material other than juniper berries or other natural aromatics, or the extracted oils of such, or pure water to the spirits, before or during redistillation, in a manner that would change its class and type designation;

(l) The production of vodka by—

(1) Treatment of neutral spirits with not less than one ounce of activated carbon per 100 wine gallons of spirits;

(2) Redistillation of pure spirits so as to be without distinctive character, aroma, taste, or color;

(3) Mixing with other spirits or with any other substance or material except pure water, after production; and

(m) The recovery of spirits by redistillation from distilled spirits products containing other alcoholic ingredients and from spirits which have previously been entered for deposit. However, no formula shall be required for spirits redistilled into any type of neutral spirits other than vodka or spirits redistilled at less than 190 degrees of proof which lack the taste, aroma and other characteristics generally attributed to

whisky, brandy, rum, or gin, and are designated as "Spirits," preceded or followed by a word or phrase descriptive of the material from which produced. Such spirits redistilled on or after July 1, 1972, may not be designated "Spirits Grain" or "Grain Spirits."

§ 5.33 Additional requirements.

(a) *Contrasting background.* Labels shall be so designed that the statements required by this subpart are readily legible under ordinary conditions, and such statements shall be on a contrasting background.

(b) *Location of statements and size of type.* (1) Statements required by this subpart, except brand names, shall appear generally parallel to the base on which the bottle rests as it is designed to be displayed or shall be otherwise equally conspicuous.

(2) Statements required by this subpart, except brand names and the declaration of sulfites in § 5.32(b)(7), shall be separate and apart from any other descriptive or explanatory matters.

(3) If not separate and apart from other descriptive or explanatory matter printed on the label, the statement declaring the presence of sulfites shall be of a size substantially more conspicuous than surrounding nonmandatory labeling information.

(4) Statements of the type of distilled spirits shall be as conspicuous as the statement of the class to which it refers, and in direct conjunction therewith.

(5) Statements required by this subpart, except brand names, shall be in script, type, or printing not smaller than 2 millimeters (or 8-point gothic until January 1, 1983), except that, in the case of labels on bottles of 200 milliliters or less capacity, such script, type, or printing shall not be smaller than 1 millimeter (or 6-point gothic until January 1, 1983).

§ 5.34 Brand names.

(a) *Misleading brand names.* No label shall contain any brand name, which, standing alone, or in association with other printed or graphic matter, creates any impression or inference as to the age, origin, identity, or other characteristics of the product unless the Director finds that such brand name (when appropriately qualified if required) conveys no erroneous impressions as to the age, origin, identity, or other characteristics of the product.

(b) *Trade name of foreign origin.* Paragraph (a) of this section does not prohibit the use by any person of any trade name or brand of foreign origin not effectively registered in the U.S. Patent Office on August 29, 1935, which has been used by such person or his predecessors in the United States for a period of at least 5 years immediately

preceding August 29, 1935: *Provided*, That if such trade name or brand is used, the designation of the product shall be qualified by the name of the locality in the United States in which produced, and such qualification shall be in script, type, or printing as conspicuous as the trade name or brand.

§ 5.35 Class and type.

(a) *Designation of product.* The class and type of distilled spirits shall be stated in conformity with § 5.22 if defined therein. In all other instances the product shall be designated in accordance with trade and consumer understanding thereof, or, if no such understanding exists, by a distinctive or fanciful name, and in either case (except as provided in paragraph (b)(2) of this section) followed by a truthful and adequate statement of composition. The word "cordial" or "liqueur" need not be stated in the case of cordials and liqueurs unless the Director finds such word is necessary to clearly indicate that the product is a cordial or liqueur.

(b) *Products designed in accordance with trade and consumer understanding.* In the case of products designated in accordance with trade and consumer understanding:

(1) A statement of the classes and types of distilled spirits used in the manufacture thereof shall be deemed a sufficient statement of composition in the case of highballs, cocktails, and similar prepared specialties when the designation adequately indicates to the consumer the general character of the product.

(2) No statement of composition is required if the designation through general and established usage adequately indicates to the consumer the composition of the product.

A product shall not bear a designation which indicates it contains a class or type of distilled spirits unless the distilled spirits therein conform to such class and type.

(c) *Origin of whiskies in mixtures.* In the case of any of the types of whisky defined in § 5.22(b), Class 2, which contains any whisky or whiskies produced in a country other than that indicated by the type designation, there shall be stated on the brand label the percentage of such whisky and the country or

origin thereof. In the case of mixtures of whisky, not conforming to any type designation in § 5.22(b), Class 2, the components of which were distilled in more than one country, there shall be stated in direct conjunction with the class designation “whisky” a truthful and adequate statement of the composition of the product.

(d) *Whisky manufactured in Scotland, Ireland, or Canada.* All whisky manufactured in Scotland, Ireland, or Canada, shall be deemed to be Scotch, Irish, or Canadian whisky, and shall be so designated, in conformity with § 5.22(b) (7), (8), and (9), unless the application of such designation to the particular product will result in consumer deception, or unless such a product is not entitled to such designation under the laws of the country in which manufactured.

(e) *Cordials and liqueurs.* The alcoholic components of cordials and liqueurs may, but need not, be stated on labels.

§ 5.36 Name and address.

(a) *“Bottled by”.* (1) On labels of domestic distilled spirits there shall be stated the phrase “bottled by”, “packed by”, or “filled by”, immediately followed by the name (or trade name) of the bottler and the place where such distilled spirits are bottled. If the bottler is the actual bona fide operator of more than one distilled spirits plant engaged in bottling operations, there may, in addition, be stated immediately following the name (or trade name) of such bottler the addresses of such other plants.

(2) Where distilled spirits are bottled by or for the distiller thereof, there may be stated, in lieu of the phrase “bottled by”, “packed by”, or “filled by”, followed by the bottler’s name (or trade name) and address, the phrase “distilled by”, followed by the name, or the trade name under which the particular spirits were distilled, or (except in the case of distilled spirits labeled as bottled in bond) any trade name shown on the distiller’s permit (covering the premises where the particular spirits were distilled), and the address (or addresses) of the distiller.

(3) Where “straight whiskies” of the same type which have been produced in

the same State by two or more different distillers are combined (either at time of bottling or at a warehouseman’s bonded premises for further storage) and subsequently bottled and labeled as “straight whisky,” such “straight whisky” shall be labeled in accordance with the requirements of paragraph (a)(1) of this section. Where such “straight whisky” is bottled by or for the distillers thereof, there may be stated on the label, in lieu of the requirements of paragraph (a)(1) of this section, the phrase “distilled by,” followed by the names (or trade names) of the different distillers who distilled a portion of the “straight whisky,” the addresses of the distilleries where the “straight whisky” was distilled, and the percentage of “straight whisky” distilled by each distiller (with a tolerance of plus or minus 2 percent). In the case where “straight whisky” is made up of a mixture of “straight whiskies” of the same type from two or more different distilleries of the same proprietor located within the same State, and where the “straight whisky” is bottled by or for the proprietor thereof, such “straight whisky” may be labeled, in lieu of the requirements of paragraph (a)(1) of the this section, with the phrase “distilled by” followed by the name (or trade name) of the proprietor and the addresses of the different distilleries which distilled a portion of the “straight whisky.”

(4) Where distilled spirits are bottled by or for the rectifier thereof, there may be stated, in lieu of the phrase “bottled by”, “packed by”, or “filled by”, followed by the bottler’s name (or trade name) and address, the phrases “blended by”, “made by”, “prepared by”, “manufactured by”, or “produced by” (whichever may be appropriate to the act of rectification involved) followed by the name (or trade name), and the address (or addresses) of the rectifier.

(5) In addition to the requirements of paragraphs (a)(1) and (a)(2) of this paragraph, the labels of bottled in bond spirits shall bear the real name of the distillery or the trade name under which the distillery produced and warehoused the spirits, the number of the plant in which produced and the number of the plant in which bottled.

(6) The label may state the address of the proprietor's principal place of business in lieu of the place where the bottling, distilling or rectification operation occurred, if the address where the operation occurred is indicated by printing, coding, or other markings, on the label or on the bottle.

(b) *"Imported by"*. (1) On labels of imported distilled spirits, bottled prior to importation, there shall be stated the words "imported by", "imported exclusively by", or a similar appropriate phrase, and immediately thereafter the name of the importer, or exclusive agent, or sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person.

(2) On labels of imported distilled spirits bottled after importation there shall be stated:

(i) The name of the bottler and place where bottled, immediately preceded by the words "bottled by", "packed by", or "filled by"; or

(ii) The name of the bottler and place where bottled, immediately preceded by the words "bottled by", "packed by", or "filled by" and in conjunction therewith the name and address of the person responsible for the importation, in the manner prescribed in paragraph (b)(1) of this section; or

(iii) The name and principal place of business in the United States of the person responsible for the importation, if the spirits are bottled for such person, immediately preceded by the phrase "imported by and bottled (packed), (filled) in the United States for" (or a similar appropriate phrase); or,

(iv) In the case of imported distilled spirits bottled after importation by the person responsible for the importation, the words "imported and bottled (packed), (filled) by", "imported and bottled (packed), (filled) exclusively by", or a similar appropriate phrase, and immediately thereafter the name of such person and the address of the place where bottled or the address of such person's principal place of business.

(c) *Post office address*. The "place" stated shall be the post office address, except that the street address may be

omitted. No additional places or addresses shall be stated for the same person, firm or corporation, unless (1) such person or retailer is actively engaged in the conduct of an additional bona fide and actual alcoholic beverage business at such additional place or address, and (2) the label also contains in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address.

(d) *State of distillation*. Except in the case of "light whisky", "blended light whisky", "blended whisky", "a blend of straight whiskies", or "spirit whisky", the State of distillation shall be shown on the label of any whisky produced in the United States if the whisky is not distilled in the State given in the address on the brand label. The Director may, however, require the State of distillation to be shown on the label or he may permit such other labeling as may be necessary to negate any misleading or deceptive impression which might be created as to the actual State of distillation. In the case of "light whisky", as defined in § 5.22(b)(3), the State of distillation shall not appear in any manner on any label, when the Director finds such State is associated by consumers with an American type whisky, except as a part of a name and address as set forth in paragraph (a) of this section.

(e) *Country of origin*. On labels of imported distilled spirits there shall be stated the country of origin in substantially the following form "Product of _____", the blank to be filled in with the name of the country of origin.

(f) *Trade names*. The trade name of any permittee appearing on any label shall be identical with the name in which his basic permit is issued by the regional regulatory administrator.

§ 5.37 Alcohol content.

(a) *Statements*. (1) *Mandatory statement*. The alcohol content for distilled

spirits shall be stated in percent-alcohol-by-volume. Products such as "Rock and Rye, or similar products containing a significant amount of solid material shall state the alcohol content at the time of bottling as follows: "Bottled at _____ percent-alcohol-by-volume."

(2) *Optional statement.* In addition, the label may also state the alcohol content in degrees of proof if this information appears in direct conjunction (i.e. with no intervening material) with the statement expressed in percent-alcohol-by-volume. If both forms of alcohol content are shown, the optional statement in degrees of proof shall be placed in parentheses, in brackets, or otherwise distinguished from the mandatory statement in percent-alcohol-by-volume to emphasize the fact that both expressions of alcohol content mean the same thing.

(b) *Tolerances.* The following tolerances shall be allowed (without affecting the labeled statement of alcohol content) for losses of alcohol content occurring during bottling:

(1) Not to exceed 0.25 percent alcohol by volume for spirits containing solids in excess of 600 mg per 100 ml; or

(2) Not to exceed 0.25 percent alcohol by volume for any spirits product bottled in 50 or 100 ml size bottles; or

(3) Not to exceed 0.15 percent alcohol by volume for all other spirits.

§ 5.40 Statements of age and percent-age.

(a) *Statements of age and percentage for whisky.* In the case of straight whisky bottled in conformity with the bottled in bond labeling requirements and of

domestic or foreign whisky, whether or not mixed or blended, all of which is 4 years old or more, statements of age and percentage are optional. As to all other whiskies there shall be stated the following:

(1) In the case of whisky, whether or not mixed or blended but containing no neutral spirits, the age of the youngest whisky. The age statement shall read substantially as follows: "____ years old."

(2) In the case of whisky, containing neutral spirits, if any of the straight whisky and/or other whisky is less than 4 years old, the percentage by volume of straight whisky and/or other whisky, and the age of the straight whisky (the youngest if two or more) and the age of such other whisky (the youngest if two or more). If all the straight whisky and/or other whisky is 4 years or more old, the age and percentage statement for such whiskies is optional. The age and percentage statement for straight whiskies and/or other whisky, whether required or optional, shall be stated in immediate conjunction with the neutral spirits statement required by § 5.39, and shall read substantially as follows:

(i) If only one straight whisky and no other whisky is contained in the blend: "____ percent straight whisky ____ years old."

(ii) If more than one straight whisky and no other whisky is contained in the blend: "____ percent straight whiskies ____ years or more old." The age blank shall be filled in with the age of the youngest straight whisky. In lieu of the foregoing, a statement may be made of the ages and percentages of each of the straight whiskies contained in the blend: "____ percent straight whisky ____ years old, ____ percent straight whisky ____ years old, and ____ percent straight whisky ____ years old."

(iii) If only one straight whisky and one other whisky is contained in the blend: "____ percent straight whisky ____ years old, ____ percent whisky ____ years old."

(iv) If more than one straight whisky and more than one other whisky is contained in the blend: "____ percent straight whiskies ____ years or more old, ____ percent whiskies ____ years or

more old.” The age blanks shall be filled in with the ages of the youngest straight whisky and the youngest other whisky. In lieu of the foregoing, a statement may be made of the ages and percentages of each of the straight whiskies and other whiskies contained in the blend: “___ percent straight whisky ___ years old, ___ percent straight whisky ___ years old, ___ percent whisky ___ years old, and ___ percent whisky ___ years old.”

(3) In the case of imported whiskies described in § 5.22(l), Class 12, the labels shall state the ages and percentages in the same manner and form as is required for the same type of whisky produced in the United States.

(4) Notwithstanding the foregoing provisions of this paragraph, in the case of whisky produced in the United States and stored in reused oak containers, except for corn whisky, and for light whisky produced on or after January 26, 1968, there shall be stated in lieu of the words “___ years old” the period of storage in reused oak containers as follows: “___ stored ___ years in reused cooperage.”

(5) Optional age statements shall appear in the same form as required age statements.

(b) *Statements of age for rum, brandy, and Tequila.* Age may, but need not, be stated on labels of rums, brandies, and Tequila, except that an appropriate statement with respect to age shall appear on the brand label in case of brandy (other than immature brandies and fruit brandies which are not customarily stored in oak containers) not stored in oak containers for a period of at least 2 years. If age is stated, it shall be substantially as follows: “___ years old”; the blank to be filled in with the age of the youngest distilled spirits in the product.

(c) *Statement of storage for grain spirits.* In case of grain spirits, the period of storage in oak containers may be stated in immediate conjunction with the required percentage statement; for example, “___% grain spirits stored ___ years in oak containers.”

cocktails, highballs, bitters, flavored brandy, flavored gin, flavored rum, flavored vodka, flavored whisky, and specialties are misleading and are prohibited from being stated on any label.

(e) *Miscellaneous age representations.*

(1) Age may be understated but shall not be overstated.

(2) If any age, maturity, or similar representation is made relative to any distilled spirits (such representations for products enumerated in paragraph (d) of this section are prohibited), the age shall also be stated on all labels where such representation appears, and in a manner substantially as conspicuous as such representation: *Provided.* That the use of the word “old” or other word denoting age, as part of the brand name, shall not be deemed to be an age representation: *And provided further,* That the labels of whiskies and brandies (except immature brandies) not required to bear a statement of age, and rum and Tequila aged for not less than 4 years, may contain general inconspicuous age, maturity or similar representations without the label bearing an age statement.

(c) *Other cartons.* (1) If an individual covering, carton, or other container of the bottle used for sale at retail (other

than a shipping container) is so designed that the bottle is readily removable, it may display any information which is not in conflict with the label on the bottle contained therein.

(2) Cartons displaying brand names and/or designations must display such names and designations in their entirety—brand names required to be modified, e.g. by “Brand” or “Product of U.S.A.”, must also display such modification.

(3) Specialty products for which a truthful and adequate statement of composition is required must display such statement.

§ 5.42 Prohibited practices.

(a) *Statements on labels.* Bottles containing distilled spirits, or any labels on such bottles, or any individual covering, carton, or other container of such bottles used for sale at retail, or any written, printed, graphic, or other matter accompanying such bottles to the consumer shall not contain:

(1) Any statement that is false or untrue in any particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor's product.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such in-

dividual or organization, if the use of such name or representation is likely to falsely lead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization: *Provided*, That this paragraph shall not apply to the use of the name of any person engaged in business as a distiller, rectifier, blender, or other producer, or as an importer, wholesaler, retailer, bottler, or warehouseman, of distilled spirits, nor to the use by any person of a trade or brand name that is the name of any living individual of public prominence or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(b) *Miscellaneous.* (1) Labels shall not be of such design as to resemble or simulate a stamp of the U.S. Government or any State or foreign government. Labels, other than stamps authorized or required by this or any other government, shall not state or indicate that the distilled spirits are distilled, blended, made, bottled, or sold under, or in accordance with, any municipal, State, Federal, or foreign authorization, law, or regulations, unless such statement is required or specifically authorized by Federal, State, municipal, or foreign law or regulations. The statements authorized by this part to appear on labels for domestic distilled spirits are “Distilled (produced, barreled, warehoused, blended, or bottled, or any combination thereof, as the case may be) under United States (U.S.) Government supervision”, or in the case of distilled spirits labeled as bottled in bond, “Bottled in bond under United States (U.S.) Government supervision”. If the municipal, State, or Federal Government permit number is stated on a label, it shall not be accompanied by any additional statement relating thereto.

(2) If imported distilled spirits are covered by a certificate of origin or of age issued by a duly authorized official of the appropriate foreign government, the label, except where prohibited by the foreign government, may refer to

such certificate or the fact of such certification, but shall not be accompanied by any additional statement relating thereto. The reference to such certificate or certification shall, in the case of Cognac, be substantially in the following form: "This product accompanied at the time of importation by an 'Acquit Regional Jaune d'Or' issued by the French Government, indicating that this grape brandy was distilled in the Cognac Region of France"; and in the case of other distilled spirits, substantially in the following form: "This product accompanied at time of importation by a certificate issued by the _____ government (name of government) indicating that the product is _____ (class and type as required to be stated on the label), and (if label claims age) that none of the distilled spirits are of an age less than stated on this label."

(3) The words "bond", "bonded", "bottled in bond", "aged in bond", or phrases containing these or synonymous terms, shall not be used on any label or as part of the brand name of domestic distilled spirits unless the distilled spirits are:

(i) Composed of the same kind of spirits produced from the same class of materials;

(ii) Produced in the same distilling season by the same distiller at the same distillery;

(iii) Stored for at least four years in wooden containers wherein the spirits have been in contact with the wood surface except for gin and vodka which must be stored for at least four years in wooden containers coated or lined with paraffin or other substance which will preclude contact of the spirits with the wood surface;

(iv) Unaltered from their original condition or character by the addition or subtraction of any substance other than by filtration, chill proofing, or other physical treatments (which do not involve the addition of any substance which will remain incorporated in the finished product or result in a change in class or type);

(v) Reduced in proof by the addition of pure water only to 100 degrees of proof; and

(vi) Bottles at 100 degrees of proof.

In addition to the requirements of § 5.36(a) (1) or (2), the label shall bear

the real name of the distillery or the trade name under which the distillery produced and warehoused the spirits, and the plant (or registered distillery) number in which produced; and the plant number in which bottled. The label may also bear the name or trade name of the bottler.

(4) The words "bond", "bonded", "bottled in bond", "aged in bond", or phrases containing these or synonymous terms, shall not be used on any label or as part of the brand name of imported distilled spirits unless the distilled spirits meet in all respects the requirements applicable to distilled spirits bottled for domestic consumption, so labeled, and unless the laws and regulations of the country in which such distilled spirits are produced authorize the bottling of distilled spirits in bond and require or specifically authorize such distilled spirits to be so labeled. All spirits labeled as "bonded", "bottled in bond", or "aged in bond" pursuant to the provisions of this paragraph shall bear in direct conjunction with such statement and in script, type, or printing substantially as conspicuous as that used on such statement, the name of the country under whose laws and regulations such distilled spirits were so bottled.

(5) The word "pure" shall not be stated upon labels unless:

(i) It refers to a particular ingredient used in the production of the distilled spirits, and is a truthful representation about that ingredient; or

(ii) It is part of the bona fide name of a permittee or retailer for whom the distilled spirits are bottled; or

(iii) It is part of the bona fide name of the permittee who bottled the distilled spirits.

(6) Distilled spirits shall not be labeled as "double distilled" or "triple distilled" or any similar term unless it is a truthful statement of fact; except that "double distilled" or "triple distilled" shall not be permitted on labels of distilled spirits produced by the redistillation method when a second or third distillation step is a necessary distillation process for the production of the product.

(7) Labels shall not contain any statement, design, device, or pictorial representation which the Director finds

relates to, or is capable of being construed as relating to, the armed forces of the United States, or the American flag, or any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any label contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(8) Curative and therapeutic claims. Labels shall not contain any statement, design, representation, pictorial representation, or device representing that the use of distilled spirits has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

§ 5.46 Standard liquor bottles.

(a) *General.* A standard liquor bottle shall be one so made and formed, and so filled, as not to mislead the purchaser. An individual carton or other container of a bottle shall not be so designed as to mislead purchasers as to the size of the bottles.

(b) *Headspace.* A liquor bottle of a capacity of 200 milliliters or more shall be held to be so filled as to mislead the purchaser if it has a headspace in excess of 8 percent of the total capacity of the bottle after closure.

(c) *Design.* A liquor bottle shall be held (irrespective of the correctness of the stated net contents) to be so made and formed as to mislead the purchaser, if its actual capacity is substantially less than the capacity it appears to have upon visual examination under ordinary conditions of purchase or use.

(d) *Exceptions.* The headspace and design requirements in paragraphs (b) and (c) of this section do not apply to liquor bottles which are specifically exempted by the Director, pursuant to an application filed by the bottler or importer.

(1) Discrepancies due to errors in measuring which occur in filling conducted in compliance with good commercial practice.

(2) Discrepancies due to differences in the capacity of bottles, resulting solely

from unavoidable difficulties in manufacturing such bottles to a uniform capacity: *Provided*, That no greater tolerance shall be allowed in case of bottles which, because of their design, cannot be made of approximately uniform capacity than is allowed in case of bottles which can be manufactured so as to be of approximately uniform capacity.

(3) Discrepancies in measure due to differences in atmospheric conditions in various places and which unavoidably result from the ordinary and customary exposure of alcoholic beverages in bottles to evaporation. The reasonableness of discrepancies under this paragraph shall be determined on the facts in each case.

100 milliliters
50 milliliters

(b) *Tolerances*. The following tolerances shall be allowed:

The age certified shall be the period during which, after distillation and before bottling, the distilled spirits have been stored in oak containers. If the label of any fruit brandy, not stored in oak containers, bears any statement of storage in other type containers, the brandy must be accompanied by a certificate issued by a duly authorized official of the appropriate foreign government certifying to such storage. Cognac, imported in bottles, shall not be released from customs custody for consumption unless the invoice is accompanied by a certificate issued by a duly authorized official of the French Government, certifying that the product is grape brandy distilled in the Cognac region of France and entitled to be designated as “Cognac” by the laws and regulations of the French Government.

(c) *Tequila.* (1) Tequila, imported in bottles, shall not be released from customs custody for consumption unless a certificate of a duly authorized official of the Mexican Government that the

[T.D. ATF-180, 49 FR 31673, Aug. 8, 1984]

§ 5.62 Definition.

As used in §§ 5.61 through 5.66 of this part, the term “advertisement” includes any written or verbal statement, illustration, or depiction which is in, or calculated to induce sales in, interstate or foreign commerce, or is disseminated by mail, whether it appears in a newspaper, magazine, trade booklet, menu, wine card, leaflet, circular, mailer, book insert, catalog, promotional material, sales pamphlet, or in any written, printed, graphic, or other matter accompanying the bottle, representations made on cases or in any billboard, sign, other outdoor display, public transit card, other periodical literature, publication, or in a radio or television broadcast, or in any other

media; except that such term shall not include:

(a) Any label affixed to any bottle of distilled spirits; or any individual covering, carton, or other container of the bottle which constitute a part of the labeling under §§ 5.31 through 5.42 of this part.

(b) Any editorial or other reading material (*i.e.*, news release) in any periodical or publication or newspaper for the publication of which no money or valuable consideration is paid or promised, directly or indirectly, by any permittee, and which is not written by or at the direction of the permittee.

[T.D. ATF-180, 49 FR 31673, Aug. 8, 1984]

§ 5.63 Mandatory statements.

(a) *Responsible advertiser.* The advertisement shall state the name and address of the permittee responsible for its publication or broadcast. Street number and name may be omitted in the address.

(b) *Class and type.* The advertisement shall contain a conspicuous statement of the class to which the product belongs and the type thereof corresponding with the statement of class and type which is required to appear on the label of the product.

(c) *Alcohol content.* (1) *Mandatory statement.* The alcohol content for distilled spirits shall be stated in percent-alcohol-by-volume. Products such as “Rock and Rye” or similar products containing a significant amount of solid material shall state the alcohol content at the time of bottling as follows: “Bottled at _____ percent-alcohol-by-volume.”

(2) *Optional statement.* In addition, the advertisement may also state the alcohol content in degrees of proof if this information appears in direct conjunction (*i.e.* with no intervening material) with the statement expressed in percent-alcohol-by-volume. If both forms of alcohol content are shown, the optional statement in degrees of proof shall be placed in parentheses, in brackets, or otherwise distinguished from the mandatory statement in percent-alcohol-by-volume to emphasize the fact that both expressions of alcohol content mean the same thing.

(d) *Percentage of neutral spirits and name of commodity.* (1) In the case of

distilled spirits (other than cordials, liqueurs, and specialties) produced by blending or rectification, if neutral spirits have been used in the production thereof, there shall be stated the percentage of neutral spirits so used and the name of the commodity from which such neutral spirits have been distilled. The statement of percentage and the name of the commodity shall be made in substantially the following form: “____% neutral spirits distilled from _____ (insert grain, cane products, or fruit, as appropriate)” or “____% neutral spirits (vodka) distilled from _____ (insert grain, cane product, or fruit, as appropriate)” or “____% grain (cane products), (fruit) neutral spirits”; or “____% grain spirits”.

(2) In the case of neutral spirits or of gin produced by a process of continuous distillation, there shall be stated the name of the commodity from which such neutral spirits or gin has been distilled. The statement of the name of the commodity shall be made in substantially the following form: “Distilled from grain”, or “Distilled from cane products”, or “Distilled from fruit.”

(e) *Exception.* (1) If an advertisement refers to a general distilled spirits line or all of the distilled spirits products of one company, whether by the company name or by the brand name common to all the distilled spirits in the line, the only mandatory information necessary is the name and address of the responsible advertiser. This exception does not apply where only one type of distilled spirits is marketed under the specific brand name advertised.

(2) On consumer specialty items, the only information necessary is the company name or brand name of the product.

[T.D. 7020, 34 FR 20337, Dec. 30, 1969, as amended by T.D. ATF-180, 49 FR 31674, Aug. 8, 1984; T.D. ATF-237, 51 FR 36394, Oct. 10, 1986]

§ 5.64 Legibility of mandatory information.

(a) Statements required under §§ 5.61 through 5.66 of this part to appear in any written, printed, or graphic advertisement shall be in lettering or type

size sufficient to be conspicuous and readily legible.

(b) In the case of signs, billboards, and displays the name and address of the permittee responsible for the advertisement may appear in type size of lettering smaller than the other mandatory information, provided such information can be ascertained upon closer examination of the sign or billboard.

(c) Mandatory information shall be so stated as to be clearly a part of the advertisement and shall not be separated in any manner from the remainder of the advertisement.

(d) Mandatory information for two or more products shall not be stated unless clearly separated.

(e) Mandatory information shall be so stated in both the print and audiovisual media that it will be readily apparent to the persons viewing the advertisement.

[T.D. ATF-180, 49 FR 31674, Aug. 8, 1984]

§ 5.65 Prohibited practices.

(a) *Restrictions.* An advertisement of distilled spirits shall not contain:

(1) Any statement that is false or untrue in any material particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor's product.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) Any statement that the distilled spirits are distilled, blended, made, bottled, or sold under or in accordance with any municipal, State, Federal, or foreign authorization, law, or regulation, unless such statement appears in the manner authorized by § 5.42 for la-

bels of distilled spirits. If a municipal, State or Federal permit number is stated, such permit number shall not be accompanied by any additional statement relating thereto.

(7) The words "bond", "bonded", "bottled in bond", "aged in bond", or phrases containing these or synonymous terms, unless such words or phrases appear, pursuant to § 5.42, on labels of the distilled spirits advertised, and are stated in the advertisement in the manner and form in which they are permitted to appear on the label.

(8) The word "pure" unless:

(i) It refers to a particular ingredient used in the production of the distilled spirits, and is a truthful representation about the ingredient; or

(ii) It is part of the bona fide name of a permittee or retailer from whom the distilled spirits are bottled; or

(iii) It is part of the bona fide name of the permittee who bottled the distilled spirits.

(9) The words "double distilled" or "triple distilled" or any similar terms unless it is a truthful statement of fact; except that "double distilled" or "triple distilled" shall not be permitted in advertisements of distilled spirits produced by the redistillation method when a second or third distillation step is a necessary distillation process for the production of the product.

(b) *Statements inconsistent with labeling.* (1) Advertisements shall not contain any statement concerning a brand or lot of distilled spirits that is inconsistent with any statement on the labeling thereof.

(2) Any label depicted on a bottle in an advertisement shall be a reproduction of an approved label.

(c) *Statement of age.* The advertisement shall not contain any statement, design, or device directly or by implication concerning age or maturity of any brand or lot of distilled spirits unless a statement of age appears on the label of the advertised product. When any such statement, design, or device concerning age or maturity is contained in any advertisement, it shall

include (in direct conjunction therewith and with substantially equal conspicuousness) all parts of the statement, if any, concerning age and percentages required to be made on the label under the provisions of §§ 5.31 through 5.42. An advertisement for any whisky or brandy (except immature brandies) which is not required to bear a statement of age on the label or an advertisement for any rum or Tequila, which has been aged for not less than 4 years may, however, contain inconspicuous, general representation as to age, maturity or other similar representations even though a specific age statement does not appear on the label of the advertised product and in the advertisement itself.

(d) *Curative and therapeutic claims.* Advertisements shall not contain any statement, design, representation, pictorial representation, or device representing that the use of distilled spirits has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(e) *Place of origin.* The advertisement shall not represent that the distilled spirits were manufactured in or imported from a place or country other than that of their actual origin, or were produced or processed by one who was not in fact the actual producer or processor.

(f) *Confusion of brands.* Two or more different brands or lots of distilled spirits shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or newspaper, or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provisions of this subpart or are in any respect untrue.

(g) *Flags, seals, coats of arms, crests, and other insignia.* An advertisement shall not contain any statement, design, device, or pictorial representation which the Director finds relates to, or is capable of being construed as relating to the armed forces of the United States, or the American flag, or any emblem, seal, insignia, or decoration

associated with such flag or armed forces; nor shall any advertisement contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest, or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(h) *Deceptive advertising techniques.* Subliminal or similar techniques are prohibited. “Subliminal or similar techniques,” as used in this part, refers to any device or technique that is used to convey, or attempts to convey, a message to a person by means of images or sounds of a very brief nature that cannot be perceived at a normal level of awareness.

§ 5.66 Comparative advertising.

(a) *General.* Comparative advertising shall not be disparaging of a competitor's product.

(b) *Taste tests.* (1) Taste test results may be used in advertisements comparing competitors' products unless they are disparaging, deceptive, or likely to mislead the consumer.

(2) The taste test procedure used shall meet scientifically accepted procedures. Subpart E—Exclusion

SOURCE: T.D. ATF-364, 60 FR 20424, Apr. 26, 1995, unless otherwise noted.

§ 6.151 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) retailer independence at risk by means of a tie or link between the industry member and retailer or by any other means of industry member control over the retailer; and

(2) Such practice results in the retailer purchasing less than it would have of a competitor's product.

(b) Section 6.152 lists practices that create a tie or link that places retailer independence at risk. Section 6.153 lists the criteria used for determining whether other practices can put retailer independence at risk.

§ 6.152 Practices which put retailer independence at risk.

The practices specified in this section put retailer independence at risk. The practices specified here are examples and do not constitute a complete list of those practices that put retailer independence at risk.

(a) The act by an industry member of resetting stock on a retailer's premises (other than stock offered for sale by the industry member).

§ 6.153. Criteria for determining retailer independence.

The criteria specified in this section are indications that a particular practice, other than those in § 6.152, places retailer independence at risk. A practice need not meet all of the criteria specified in this section in order to place retailer independence at risk.

(a) The practice restricts or hampers the free economic choice of a retailer to decide which products to purchase or the quantity in which to purchase them for sale to consumers.

(b) The industry member obligates the retailer to participate in the promotion to obtain the industry member's product.

(c) The retailer has a continuing obligation to purchase or otherwise promote the industry member's product.

(d) The retailer has a commitment not to terminate its relationship with the industry member with respect to purchase of the industry member's products.

(e) The practice involves the industry member in the day-to-day operations of the retailer. For example, the industry member controls the retailer's decisions on which brand of products to purchase, the pricing of products, or the manner in which the products will be displayed on the retailer's premises.

(f) The practice is discriminatory in that it is not offered to all retailers in the local market on the same terms without business reasons present to justify the difference in treatment.

§ 7.20 General.

(a) *Application.* This subpart shall apply to malt beverages sold or shipped or delivered for shipment, or otherwise introduced into or received in any State from any place outside thereof, only to the extent that the law of such State imposes similar requirements with respect to the labeling of malt beverages not sold or shipped or delivered for shipment or otherwise introduced into or received in such State from any place outside thereof.

(b) *Marking, branding, and labeling.* No person engaged in business as a brewer, wholesaler, or importer of malt beverages, directly or indirectly, or through an affiliate, shall sell or ship, or deliver for sale or shipment, or otherwise introduce in interstate or foreign commerce, or receive therein, or remove from Customs custody any malt beverages in containers unless the malt beverages are packaged, and the packages are marked, branded, and labeled in conformity with this subpart.

(c) *Alteration of labels.* (1) It shall be unlawful for any person to alter, mutilate, destroy, obliterate, or remove any mark, brand, or label upon malt beverages held for sale in interstate or for-

foreign commerce or after shipment therein, except as authorized by Federal law. (2) Application for permission to relabel shall be accompanied by two complete sets of the old labels and two complete sets of any proposed labels, together with a statement of the reasons for relabeling, the quantity and the location of the malt beverages, and the name and address of the person by whom they will be relabeled.

(b) If the container, cap, or any label on the container, or any carton, case, or other covering of the container used for sale at retail, or any written, printed, graphic, or other matter accompanying the container to the consumer buyer contains any statement, design, device, or graphic, pictorial, or emblematic representation that is prohibited by §§ 7.20 through 7.29.

ATF-347, 58 FR 44132, Aug. 19, 1993]

§ 7.23 Brand names.

(a) *General.* The product shall bear a brand name, except that if not sold under a brand name, then the name of the person required to appear on the brand label shall be deemed a brand name for the purpose of this part.

(b) *Misleading brand names.* No label shall contain any brand name, which, standing alone, or in association with other printed or graphic matter, creates any impression or inference as to the age, origin, identity, or other characteristics of the product unless the Director finds that such brand name, either when qualified by the word "brand" or when not so qualified, conveys no erroneous impressions as to the age, origin, identity, or other characteristics of the product.

(c) *Trade name of foreign origin.* This section shall not operate to prohibit the use by any person of any trade name or brand of foreign origin not effectively registered in the United States Patent Office on August 29, 1935, which has been used by such person or his predecessors in the United States for a period of at least 5 years immediately preceding August 29, 1935: *Provided*, That if such trade name or brand is used, the designation of the product shall be qualified by the name of the locality in the United States in which produced, and such qualification shall be in script, type, or printing as conspicuous as the trade name or brand.

§ 7.24 Class and type.

(a) The class of the malt beverage shall be stated and, if desired, the type thereof may be stated. Statements of class and type shall conform to the designation of the product as known to the trade. If the product is not known

to the trade under a particular designation, a distinctive or fanciful name, together with an adequate and truthful statement of the composition of the product, shall be stated, and such statement shall be deemed to be a statement of class and type for the purposes of this part.

(b) Malt beverages which have been concentrated by the removal of water therefrom and reconstituted by the addition of water and carbon dioxide shall for the purpose of this part be labeled in the same manner as malt beverages which have not been concentrated and reconstituted, except that there shall appear in direct conjunction with, and as a part of, the class designation the statement "PRODUCED FROM—CONCENTRATE" (the blank to be filled in with the appropriate class designation). All parts of the class designation shall appear in lettering of substantially the same size and kind.

(c) No product shall be designated as "half and half" unless it is in fact composed of equal parts of two classes of malt beverages the names of which are conspicuously stated in conjunction with the designation "half and half".

(d) Products containing less than one-half of 1 percent (.5%) of alcohol by volume shall bear the class designation "malt beverage," or "cereal beverage," or "near beer." If the designation "near beer" is used, both words must appear in the same size and style of type, in the same color of ink, and on the same background. No product containing less than one-half of 1 percent of alcohol by volume shall bear the class designations "beer", "lager beer", "lager", "ale", "porter", or "stout", or any other class or type designation commonly applied to malt beverages containing one-half of 1 percent or more of alcohol by volume.

(e) No product other than a malt beverage fermented at comparatively high temperature, possessing the characteristics generally attributed to "ale," "porter," or "stout" and produced without the use of coloring or flavoring materials (other than those recognized in standard brewing practices) shall bear any of these class designations.

(f) Geographical names for distinctive types of malt beverages (other

than names found by the Director under paragraph (g) of this section to have become generic) shall not be applied to malt beverages produced in any place other than the particular region indicated by the name unless (1) in direct conjunction with the name there appears the word "type" or the word "American", or some other statement indicating the true place of production in lettering substantially as conspicuous as such name, and (2) the malt beverages to which the name is applied conform to the type so designated. The following are examples of distinctive types of beer with geographical names that have not become generic; Dortmund, Dortmunder, Vienna, Wein, Weiner, Bavarian, Munich, Munchner, Salvator, Kulmbacher, Wurtzburger, Pilsen (Pilsener and Pilsner): *Provided*, That notwithstanding the foregoing provisions of this section, beer which is produced in the United States may be designated as "Pilsen," "Pilsener," or "Pilsner" without further modification, if it conforms to such type.

(g) Only such geographical names for distinctive types of malt beverages as the Director finds have by usage and common knowledge lost their geographical significance to such an extent that they have become generic shall be deemed to have become generic, e.g., India Pale Ale.

(h) Except as provided in § 7.23(b), geographical names that are not names for distinctive types of malt beverages shall not be applied to malt beverages produced in any place other than the particular place or region indicated in the name.

§ 7.25 Name and address.

(a) *Domestic malt beverages.* (1) On labels of containers of domestic malt beverages there shall be stated the name of the bottler or packer and the place where bottled or packed. The bottler's or packer's principal place of business may be shown in lieu of the actual place where bottled or packed if the address shown is a location where bottling or packing operation takes

place. The Director may disapprove the listing of a principal place of business if its use would create a false or misleading impression as to the geographic origin of the beer.

(2) If malt beverages are bottled or packed for a person other than the actual bottler or packer there may be stated in addition to the name and address of the bottler or packer (but not in lieu of), the name and address of such other person immediately preceded by the words “bottled for,” “distributed by,” or other similar appropriate phrase.

(b) *Imported malt beverages.* On labels of containers of imported malt beverages, there shall be stated the words “imported by,” or a singular appropriate phrase, and immediately thereafter the name of the permittee who is the importer, or exclusive agent, or sole distributor, or other person responsible for the importation, together with the principal place of business in the United States of such person. In addition there may, but need not, be stated unless required by State or foreign law or regulation the name and principal place of business of the foreign manufacturer, bottler, packer, or shipper.

(c) *Post-office address.* The “place” stated shall be the post-office address, except that the street address may be omitted. No additional places or addresses shall be stated for the same person, unless (1) such person is actively engaged in the conduct of an additional bona fide and actual malt beverage business at such additional place or address, and (2) the label also contains, in direct conjunction therewith, appropriate descriptive material indicating the function occurring at such additional place or address in connection with the particular malt beverage.

§ 7.26 Alcoholic content [suspended as of April 19, 1993; see § 7.71].

(a) The alcoholic content and the percentage and quantity of the original extract shall not be stated unless required by State law. When alcoholic

content is required to be stated, but the manner of statement is not specified in the State law, it shall be stated in percentage of alcohol by weight or by volume, and not by proof or by maximums or minimums. Otherwise the manner of statement shall be as specified in the State law.

(b) The terms “low alcohol” or “reduced alcohol” may be used only on malt beverage products containing less than 2.5 percent alcohol by volume.

(c) The term “non-alcoholic” may be used on malt beverage products, provided the statement “contains less than 0.5 percent (or .5%) alcohol by volume” appears in direct conjunction with it, in readily legible printing and on a completely contrasting background.

(1) If less than 1 pint, in fluid ounces, or fractions of a pint.

(2) If 1 pint, 1 quart, or 1 gallon, the net contents shall be so stated.

(3) If more than 1 pint, but less than 1 quart, the net contents shall be stated in fractions of a quart, or in pints and fluid ounces.

(4) If more than 1 quart, but less than 1 gallon, the net contents shall be stated in fractions of a gallon, or in quarts, pints, and fluid ounces.

(5) If more than 1 gallon, the net contents shall be stated in gallons and fractions thereof.

(b) All fractions shall be expressed in their lowest denominations.

(c) The net contents need not be stated on any label if the net contents are displayed by having the same blown, branded, or burned in the container in letters or figures in such manner as to be plainly legible under ordinary circumstances and such statement is not obscured in any manner in whole or in part.

§ 7.28 General requirements.

(a) *Contrasting background.* All labels shall be so designed that all statements required by this subpart are readily legible under ordinary conditions, and all the statements are on a contrasting background.

(b) *Size of type—* (1) *Containers of more than one-half pint.* Except for statements of alcoholic content, all mandatory information required on labels by this part shall be in script, type, or printing not smaller than 2 millimeters. (ii) Not larger than 3 millimeters for containers of 40 fl. oz. or less, or larger than 4 millimeters for containers larger than 40 fl. oz.

(c) *English language.* All information, other than the brand name, required by this subpart to be stated on labels shall be in the English language. Additional statements in foreign languages may be made, if the statements do not conflict with, or are contradictory to, the requirements of this subpart. Labels on containers of malt beverages bottled or packed for consumption within Puerto Rico may, if desired, state the informa-

tion required by this subpart solely in the Spanish language, in lieu of the English language, except that the net contents shall also be stated in the English language.

(d) *Labels firmly affixed.* All labels shall be affixed to containers of malt beverages in such manner that they cannot be removed without thorough application of water or other solvents.

(e) *Additional information.* Labels may contain information other than the mandatory label information required by this subpart if the information complies with the requirements of this subpart and does not conflict with, or in any manner qualify, statements required by this part.

§ 7.29 Prohibited practices.

(a) *Statements on labels.* Containers of malt beverages, or any labels on such containers, or any carton, case, or individual covering of such containers, used for sale at retail or any written, printed, graphic, or other matter accompanying such containers to the consumer shall not contain:

(1) Any statement that is false or untrue in any particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor's products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) A trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in

simulation or is an abbreviation thereof, or any graphic, pictorial, or emblematic representation of any such individual or organization, if the use of such name or representation is likely falsely to lead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization: *Provided*, That this paragraph shall not apply to the use of the name of any person engaged in business as a producer, importer, bottler, packer, wholesaler, retailer, or warehouseman, of malt beverages, nor to the use by any person of a trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, provided such trade or brand name was used by him or his predecessors in interest prior to August 29, 1935.

(b) *Simulation of Government stamps.* No label shall be of such design as to resemble or simulate a stamp of the United States Government or of any State or foreign government. No label, other than stamps authorized or required by the United States Government or any State or foreign government, shall state or indicate that the malt beverage contained in the labeled container is brewed, made, bottled, packed, labeled, or sold under, or in accordance with, any municipal, State, Federal, or foreign government authorization, law, or regulation, unless such statement is required or specifically authorized by Federal, State, or municipal, law or regulation, or is required or specifically authorized by the laws or regulations of the foreign country in which such malt beverages were produced. If the municipal or State government permit number is stated upon a label, it shall not be accompanied by an additional statement relating thereto, unless required by State law.

(c) *Use of word "bonded", etc.* The words "bonded", "bottled in bond", "aged in bond", "bonded age", "bottled under customs supervision", or phrases containing these or synonymous terms which imply governmental supervision over production, bottling, or packing, shall not be used on any label for malt beverages.

(d) *Flags, seals, coats of arms, crests, and other insignia.* Labels shall not contain, in the brand name or otherwise, any statement, design, device, or pictorial representation which the Director finds relates to, or is capable of being construed as relating to, the armed forces of the United States, or the American flag, or any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any label contain any statement, design, device, or pictorial representation of or concerning any flag, seal, coat of arms, crest or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(e) *Curative and therapeutic claims.* Labels shall not contain any statement, design, representation, pictorial representation, or device representing that the use of malt beverage has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(f) *Use of words "strong," "full strength," and similar words.* Labels shall not contain the words "strong," "full strength," "extra strength," "high test," "high proof," "pre-war strength," "full oldtime alcoholic strength," or similar words or statements, likely to be considered as statements of alcoholic content, unless required by State law. This does not preclude use of the terms "low alcohol," "reduced alcohol," "non-alcoholic," and "alcohol-free," in accordance with § 7.71 (d), (e), and (f), nor does it preclude labeling with the alcohol content in accordance with § 7.71.

(g) *Use of numerals.* Labels shall not contain any statements, designs, or devices, whether in the form of numerals, letters, characters, figures, or otherwise, which are likely to be considered as statements of alcoholic content, unless required by State law, or as permitted by § 7.71.

(h) *Coverings, cartons, or cases.* Individual coverings, cartons, cases, or

other wrappers of containers of malt beverages, used for sale at retail, or any written, printed, graphic, or other matter accompanying the container shall not contain any statement or any graphic pictorial, or emblematic representation, or other matter, which is prohibited from appearing on any label or container of malt beverages.

No person engaged in business as a brewer, wholesaler, or importer, of malt beverages directly or indirectly or through an affiliate, shall publish or disseminate or cause to be published or disseminated by radio or television

broadcast, or in any newspaper, periodical, or any publication, by any sign or outdoor advertisement, or in any other printed or graphic matter, any advertisement of malt beverages, if such advertising is in, or is calculated to induce sales in, interstate or foreign commerce, or is disseminated by mail, unless such advertisement is in conformity with §§ 7.50–7.55 of this part. Provided, that such sections shall not apply to outdoor advertising in place on (effective date of this Treasury decision), but shall apply upon replacement, restoration, or renovation of any such advertising; and provided further, that §§ 7.50–7.55 of this part shall apply to advertisements of malt beverages intended to be sold or shipped or delivered for shipment, or otherwise introduced into or received in any State from any place outside thereof, only to the extent that the laws of such State impose similar requirements with respect to advertisements of malt beverages manufactured and sold or otherwise disposed of in such State. And provided further that such sections shall not apply to a retailer or the publisher of any newspaper, periodical, or other publication, or radio or television broadcast, unless such retailer or publisher or radio or television broadcaster is engaged in business as a brewer, wholesaler, bottler, or importer of malt beverages, directly or indirectly, or through an affiliate.

As used in §§ 7.50 through 7.55 of this part, the term “advertisement” includes any written or verbal statement, illustration, or depiction which is in, or calculated to induce sales in, interstate or foreign commerce, or is disseminated by mail, whether it appears in a newspaper, magazine, trade booklet, menu, wine card, leaflet, circular, mailer, book insert, catalog, promotional material, sales pamphlet, or in any written, printed, graphic, or other matter accompanying the container, representations made on cases, or in any billboard, sign, or other outdoor advertisement, public transit card, other periodical literature, publication, or in a radio or television

This exception does not apply where only one type of malt beverage is marketed under the specific brand name advertised.

(2) On consumer specialty items, the only information necessary is the company name or brand name of the product.

(c) Mandatory information shall be so stated as to be clearly a part of the advertisement and shall not be separated in any manner from the remainder of the advertisement.

(d) Mandatory information for two or more products shall not be stated unless clearly separated.

(e) Mandatory information shall be so stated in both the print and audiovisual media that it will be readily apparent to the persons viewing the advertisement.

§ 7.54 Prohibited statements.

(a) *General prohibition.* An advertisement of malt beverages shall not contain:

(1) Any statement that is false or untrue in any material particular, or that, irrespective of falsity, directly, or by ambiguity, omission, or inference, or by the addition of irrelevant, scientific or technical matter, tends to create a misleading impression.

(2) Any statement that is disparaging of a competitor's products.

(3) Any statement, design, device, or representation which is obscene or indecent.

(4) Any statement, design, device, or representation of or relating to analyses, standards, or tests, irrespective of falsity, which the Director finds to be likely to mislead the consumer.

(5) Any statement, design, device, or representation of or relating to any guarantee, irrespective of falsity, which the Director finds to be likely to mislead the consumer. Money-back guarantees are not prohibited.

(6) Any statement that the malt beverages are brewed, made, bottled, packed, labeled, or sold under, or in accordance with, any municipal, State, or Federal authorization, law, or regulation; and if a municipal or State per-

mit number is stated, the permit number shall not be accompanied by any additional statement relating thereto.

(7) The words "bonded", "bottled in bond", "aged in bond", "bonded age", "bottled under customs supervision", or phrases containing these or synonymous terms which imply governmental supervision over production, bottling, or packing.

(b) *Statements inconsistent with labeling.* (1) Advertisements shall not contain any statement concerning a brand or lot of malt beverages that is inconsistent with any statement on the labeling thereof.

(2) Any label depicted on a bottle in an advertisement shall be a reproduction of an approved label.

(c) *Alcoholic content.* (1) Advertisements shall not contain the words "strong," "full strength," "extra strength," "high test," "high proof," "full alcohol strength," or any other statement of alcoholic content, or any statement of the percentage and quantity of the original extract, or any numerals, letters, characters, figures, or similar words or statements, likely to be considered as statements of alcoholic content, unless required by State law. This does not preclude use of the terms "low alcohol," "reduced alcohol," "non-alcoholic," and "alcohol-free," as used on labels, in accordance with § 7.71 (d), (e), and (f).

(2) An approved malt beverage label which bears a statement of alcoholic content permitted under § 7.71 may be depicted in any advertising media. The statement of alcoholic content on the label may not appear more prominently in the advertisement than it does on the approved label.

(3) An actual malt beverage bottle showing the approved label bearing a statement of alcoholic content permitted under § 7.71 may be displayed in any advertising media.

(d) *Class.* (1) No product containing less than one-half of 1 per centum of alcohol by volume shall be designated in any advertisement as "beer", "lager beer", "lager", "ale", "porter", or "stout", or by any other class or type designation commonly applied to fermented malt beverages containing one-half of 1 per centum or more of alcohol by volume.

(2) No product other than a malt beverage fermented at comparatively high temperature, possessing the characteristics generally attributed to “ale,” “porter,” or “stout” and produced without the use of coloring or flavoring materials (other than those recognized in standard brewing practices) shall be designated in any advertisement by any of these class designations.

(e) *Curative and therapeutic claims.* Advertisements shall not contain any statement, design, representation, pictorial representation, or device representing that the use of malt beverages has curative or therapeutic effects if such statement is untrue in any particular or tends to create a misleading impression.

(f) *Confusion of brands.* Two or more different brands or lots of malt beverages shall not be advertised in one advertisement (or in two or more advertisements in one issue of a periodical or a newspaper or in one piece of other written, printed, or graphic matter) if the advertisement tends to create the impression that representations made as to one brand or lot apply to the other or others, and if as to such latter the representations contravene any provision of §§ 7.50 through 7.54 or are in any respect untrue.

(g) *Flags, seals, coats of arms, crests, and other insignia.* No advertisement shall contain any statement, design, device, or pictorial representation of or relating to, or capable of being construed as relating to the armed forces of the United States, or of the American flag, or of any emblem, seal, insignia, or decoration associated with such flag or armed forces; nor shall any advertisement contain any statement, device, design, or pictorial representation of or concerning any flag, seal, coat of arms, crest, or other insignia, likely to mislead the consumer to believe that the product has been endorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of the government, organization, family, or individual with whom such flag, seal, coat of arms, crest, or insignia is associated.

(h) *Deceptive advertising techniques.* Subliminal or similar techniques are prohibited. “Subliminal or similar techniques,” as used in this part, refers

to any device or technique that is used to convey, or attempts to convey, a message to a person by means of images or sounds of a very brief nature that cannot be perceived at a normal level of awareness.

(b) *Taste tests.* (1) Taste test results may be used in advertisements comparing competitors' products unless they are disparaging, deceptive, or likely to mislead the consumer.

(2) The taste test procedure used shall meet scientifically accepted procedures. An example of a scientifically accepted procedure is outlined in the *Manual on Sensory Testing Methods*, ASTM Special Technical Publication 434, published by the American Society for Testing and Materials, 1916 Race Street, Philadelphia, Pennsylvania 19103, ASTM, 1968, Library of Congress Catalog Card Number 68-15545.

Subpart G—General Provisions

§ 7.60 Exports.

This part shall not apply to malt beverages exported in bond.

Subpart H—Interim Regulations for Alcoholic Content Statements

§ 7.71 Alcoholic content.

(a) *General.* Alcoholic content and the percentage and quantity of the original gravity or extract may be stated on a label unless prohibited by State law. When alcoholic content is stated, and the manner of statement is not required under State law, it shall be stated as prescribed in paragraph (b) of this section.

(b) *Form of statement.* (1) Statement of alcoholic content shall be expressed in percent alcohol by volume, and not by

percent by weight, proof, or by maximums or minimums.

(2) For malt beverages containing 0.5 percent or more alcohol by volume, statements of alcoholic content shall be expressed to the nearest one-tenth of a percent, subject to the tolerance permitted by paragraph (c) (1) and (2) of this section. For malt beverages containing less than 0.5 percent alcohol by volume, alcoholic content may be expressed in one-hundredths of a percent, subject to the tolerance permitted in paragraph (c)(3) of this section.

(3) Alcoholic content shall be expressed in the following fashion: "alcohol—percent by volume," "alcohol by volume—percent," "—percent alcohol by volume," or "—percent alcohol/volume." The abbreviations "alc" and "vol" may be used in lieu of the words "alcohol" and "volume," and the symbol "%" may be used in lieu of the word "percent."

(c) *Tolerances.* (1) For malt beverages containing 0.5 percent or more alcohol by volume, a tolerance of 0.3 percent will be permitted, either above or below the stated percentage of alcohol. Any malt beverage which is labeled as containing 0.5 percent or more alcohol by volume may not contain less than 0.5 percent alcohol by volume, regardless of any tolerance.

(2) For malt beverages which are labeled as "low alcohol" or "reduced alcohol" under paragraph (d) of this section, the actual alcoholic content may not equal or exceed 2.5 percent alcohol by volume, regardless of any tolerance permitted by paragraph (c)(1) of this section.

(3) For malt beverages containing less than 0.5 percent alcohol by volume, the actual alcoholic content may not exceed the labeled alcoholic content. A malt beverage may not be labeled with an alcoholic content of 0.0 percent alcohol by volume unless it is also labeled as "alcohol free" and contains no alcohol.

(d) *Low alcohol and reduced alcohol.* The terms "low alcohol" or "reduced alcohol" may be used only on malt beverages containing less than 2.5 percent alcohol by volume.

(e) *Non-alcoholic.* The term "non-alcoholic" may be used on malt beverages, provided the statement "contains less

than 0.5 percent (or .5%) alcohol by volume" appears in direct conjunction with it, in readily legible printing and on a completely contrasting background.

(f) *Alcohol free.* The term "alcohol free" may be used only on malt beverages containing no alcohol.

§ 8.2 Territorial extent.

This part applies to the several States of the United States, the District of Columbia, and Puerto Rico.

§ 8.3 Application.

(a) *General.* This part applies only to transactions between industry members and retailers. It does not apply to transactions between two industry members; for example, between a producer and a wholesaler.

(b) *Transactions involving State agencies.* The regulations in this part apply only to transactions between industry members and State agencies operating as retailers as defined in this part. The regulations do not apply to State agencies with regard to their wholesale dealings with retailers.

Subpart B—Definitions

§ 8.11 Meaning of terms.

As used in this part, unless the context otherwise requires, terms have the meanings given in this section. Any other term defined in the Federal Alcohol Administration Act and used in this part shall have the meaning assigned to it by that Act.

Act. The Federal Alcohol Administration Act.

ATF officer. An officer or employee of the Bureau of Alcohol, Tobacco and Firearms (ATF) authorized to perform any function relating to the administration or enforcement of this part.

Deputy Associate Director (Regulatory Enforcement Programs). The principal ATF headquarters official responsible for administering regulations in this part.

Director. The Director, Bureau of Alcohol, Tobacco and Firearms, the Department of the Treasury, Washington, DC.

Industry member. Any person engaged in business as a distiller, brewer, rectifier, blender, or other producer, or as an importer or wholesaler, of distilled spirits, wine or malt beverages, or as a bottler, or warehouseman and bottler, of distilled spirits; industry member does not include an agency of a State or political subdivision thereof, or an officer or employee of such agency.

Product. Distilled spirits, wine or malt beverages, as defined in the Federal Alcohol Administration Act.

Retailer. Any person engaged in the sale of distilled spirits, wine or malt beverages to consumers. A wholesaler who makes incidental retail sales representing less than five percent of the wholesaler's total sales volume for the preceding two-month period shall not

be considered a retailer with respect to such incidental sales.

T.D. ATF-74, 45 FR 63256, Sept. 23, 1980, as amended by T.D. ATF-364, 60 FR 20425, Apr. 26, 1995]

Subpart C—Prohibited Practices

§ 8.21 General.

It is unlawful for an industry member to require, by agreement or otherwise, that any retailer purchase distilled spirits, wine, or malt beverages from the industry member to the exclusion, in whole or in part, of products sold or offered for sale by other persons in interstate or foreign commerce. This prohibition includes purchases coerced by industry members, through acts or threats of physical or economic harm, as well as voluntary industry member-retailer purchase agreements.

§ 8.22 Contracts to purchase distilled spirits, wine, or malt beverages.

Any contract or agreement, written or unwritten, which has the effect of requiring the retailer to purchase distilled spirits, wine, or malt beverages from the industry member beyond a single sales transaction is prohibited. Examples of such contracts are:

(a) An advertising contract between an industry member and a retailer with the express or implied requirement of the purchase of the advertiser's products; or

(b) A sales contract awarded on a competitive bid basis which has the effect of prohibiting the retailer from purchasing from other industry members by:

(1) Requiring that for the period of the agreement, the retailer purchase a product or line of products exclusively from the industry member; or

(2) Requiring that the retailer purchase a specific or minimum quantity during the period of the agreement.

§ 8.23 Third party arrangements.

Industry member requirements, by agreement or otherwise, with non-retailers which result in a retailer being required to purchase the industry member's products are within the exclusive outlet provisions. These industry member requirements are covered

whether the agreement or other arrangement originates with the industry member or the third party. For example, a supplier enters into a contractual agreement or other arrangement with a third party. This agreement or arrangement contains an industry member requirement as described above. The third party, a ballclub, or municipal or private corporation, not acting as a retailer, leases the concession rights and is able to control the purchasing decisions of the retailer. The third party, as a result of the requirement, by agreement or otherwise, with the industry member, requires the retailer to purchase the industry member's products to the exclusion, in whole or in part, of products sold or offered for sale by other persons in interstate or foreign commerce. The business arrangements entered into by the industry member and the third party may consist of such things as sponsoring radio or television broadcasting, paying for advertising, or providing other services or things of value.

Subpart D—Exclusion

SOURCE: T.D. ATF-364, 60 FR 20425, Apr. 26, 1995, unless otherwise noted.

§ 8.51 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) retailer independence at risk by means of a tie or link between the industry member and retailer or by any other means of industry member control over the retailer, and

(2) Such practice results in the retailer purchasing less than it would have of a competitor's product.

(b) Section 8.52 lists practices that result in exclusion. Section 8.53 lists practices not resulting in exclusion. Section 8.54 lists the criteria used for determining whether other practices can put retailer independence at risk.

§ 8.52 Practices which result in exclusion.

The practices specified in this section result in exclusion under section 105(a) of the Act. The practices specified here are examples and do not constitute a complete list of such practices:

(a) Purchases of distilled spirits, wine or malt beverages by a retailer as a result, directly or indirectly, of a threat or act of physical or economic harm by the selling industry member.

(b) Contracts between an industry member and a retailer which require the retailer to purchase distilled spirits, wine, or malt beverages from that industry member and expressly restrict the retailer from purchasing, in whole or in part, such products from another industry member.

§ 8.53 Practice not resulting in exclusion.

The practice specified in this section is deemed not to result in exclusion under section 105(a) of the Act: a supply contract for one year or less between the industry member and retailer under which the industry member agrees to sell distilled spirits, wine, or malt beverages to the retailer on an "as needed" basis provided that the retailer is not required to purchase any minimum quantity of such product.

§ 8.54 Criteria for determining retailer independence.

The criteria specified in this section are indications that a particular practice, other than those in §§ 8.52 and 8.53, places retailer independence at risk. A practice need not meet all of the criteria specified in this section in order to place retailer independence at risk.

(a) The practice restricts or hampers the free economic choice of a retailer to decide which products to purchase or the quantity in which to purchase them for sale to consumers.

(b) The industry member obligates the retailer to participate in the promotion to obtain the industry member's product.

(c) The retailer has a continuing obligation to purchase or otherwise promote the industry member's product.

(d) The retailer has a commitment not to terminate its relationship with

the industry member with respect to purchase of the industry member's products.

(e) The practice involves the industry member in the day-to-day operations of the retailer. For example, the industry member controls the retailer's decisions on which brand of products to purchase, the pricing of products, or the manner in which the products will be displayed on the retailer's premises.

(f) The practice is discriminatory in that it is not offered to all retailers in the local market on the same terms without business reasons present to justify the difference in treatment.

Subpart C—Commercial Bribery

§ 10.21 Commercial bribery.

It is unlawful for an industry member, directly or indirectly or through an affiliate, to induce a trade buyer to purchase the industry member's products, to the complete or partial exclusion of products sold or offered for sale by other persons in interstate or foreign commerce, by offering or giving a bonus, premium, compensation, or other thing of value to any officer, employee, or representative of the trade buyer. The bonus, premium, compensation, or other thing of value need not be offered or given for the purpose of directly inducing a trade buyer to purchase from the seller, but rather is applicable if an industry member induces officers, employees or representatives of the trade buyer to promote sales of the industry member's products and thereby indirectly induces the trade buyer to purchase from the industry member.

§ 10.22 Employee associations.

Gifts, donations, and other payments such as for advertisements in publications, by an industry member, to trade buyer employee associations are considered the same as bonuses, premiums, compensation, or other things of value given directly to the employees, since the benefits resulting from the gifts or payments flow to the individual members of the association.

§ 10.23 Gifts or payments to wholesalers.

Although industry members are not prohibited from offering or giving money or other things of value to a wholesale entity (i.e., the corporation, partnership, or individual who owns the business), the wholesaler will be considered as acting as a mere conduit between its officers, employees, or representatives and the industry member, if:

(a) There is an agreement or understanding, implied or explicit, that the money or thing of value will be passed on to the officers, employees, or representatives, or

(b) It is obvious by the very nature of the item given (such as a free trip) that a pass through to the officers, employees, or representatives is clearly contemplated, or

(c) The records of the recipient wholesaler do not accurately reflect such money or item as an asset or the wholesale entity, thus being subject to all ensuing tax consequences as distinguished from the receipt of the money or item as a personal asset of an officer, employee, or representative.

§ 10.24 Sales promotion contests.

Sales contests sponsored by an industry member which offer prizes directly or indirectly to trade buyer officers, employees or representatives are inducements within the meaning of the Act.

Subpart D—Exclusion

SOURCE: T.D. ATF-364, 60 FR 20427, Apr. 26, 1995, unless otherwise noted.

§ 10.51 Exclusion, in general.

(a) Exclusion, in whole or in part occurs:

(1) When a practice by an industry member, whether direct, indirect, or through an affiliate, places (or has the potential to place) trade buyer independence at risk by means of a tie or link between the industry member and trade buyer or by any other means of industry member control over the trade buyer, and

(2) Such practice results in the trade buyer purchasing less than it would have of a competitor's product.

(b) Section 10.52 lists practices that create a tie or link that places trade buyer independence at risk. Section 10.53 is reserved and will list practices not resulting in exclusion. Section 10.54 lists the criteria used for determining whether other practices can put trade buyer independence at risk.

§ 10.52 Practice which puts trade buyer independence at risk.

The practice specified in this section is deemed to place trade buyer independence at risk within the description of exclusion in § 10.51: Industry member payments of money to the employee(s) of a trade buyer without the knowledge or consent of the trade buyer-employer in return for the employee agreeing to order distilled spirits, wine, or malt beverages from the industry member. The practice enumerated here is an example and does not constitute a complete list of those situations which result in such control.

§ 10.53 Practices not resulting in exclusion. [Reserved]**§ 10.54 Criteria for determining trade buyer independence.**

The criteria specified in this section are indications that a particular practice between an industry member and an officer, employee, or representative of a trade buyer, other than those in § 10.52, places trade buyer independence at risk. A practice need not meet all of the criteria specified in this section in order to place trade buyer independence at risk.

(a) The practice restricts or hampers the free economic choice of a trade buyer to decide which products to purchase or the quantity in which to purchase them for sale to retailers and consumers.

(b) The industry member obligates the trade buyer to participate in the promotion to obtain the industry member's product.

(c) The trade buyer has a continuing obligation to purchase or otherwise promote the industry member's product.

(d) The trade buyer has a commitment not to terminate its relationship with the industry member with respect to purchase of the industry member's products.

(e) The practice involves the industry member in the day-to-day operations of the trade buyer. For example, the industry member controls the trade buyer's decisions on which brand of products to purchase, the pricing of products, or the manner in which the prod-

ucts will be displayed on the trade buyer's premises.

(f) The practice is discriminatory in that it is not offered to all trade buyers in the local market on the same terms without business reasons present to justify the difference in treatment.

(2) If: (i) The sale, purchase, offer or contract is made in the course of interstate or foreign commerce; or

Subpart C—Unlawful Sales Arrangements

§ 11.21 General.

It is unlawful for an industry member to sell, offer for sale, or contract to sell to any trade buyer, or for any such trade buyer to purchase, offer to purchase, or contract to purchase any

products (a) on consignment; or (b) under conditional sale; or (c) with the privilege of return; or (d) on any basis other than a bona fide sale; or (e) if any part of the sale involves, directly or indirectly, the acquisition by such person of other products from the trade buyer or the agreement to acquire other products from the trade buyer. Transactions involving the bona fide return of products for ordinary and usual commercial reasons arising after the product has been sold are not prohibited.

§ 11.22 Consignment sales.

Consignment sales are arrangements wherein the trade buyer is under no obligation to pay for distilled spirits, wine, or malt beverages until they are sold by the trade buyer.

§ 11.23 Sales conditioned on the acquisition of other products.

(a) *General.* A sale in which any part of the sale involves, directly or indirectly, the acquisition by the industry member from the trade buyer, or the agreement, as a condition to present or future sales, to accept other products from the trade buyer is prohibited.

(b) *Exchange.* The exchange of one product for another is prohibited as a sales transaction conditioned on the acquisition of other products. However, the exchange of a product for equal quantities (case for case) of the same type and brand of product, in containers of another size is not considered an acquisition of "other" products and is not prohibited if there was no direct or implied privilege of return extended when the product was originally sold. Industry members may make price adjustments on products eligible for exchange under this paragraph.

§ 11.24 Other than a bona fide sale.

"Other than a bona fide sale" includes, but is not limited to, sales in connection with which the industry member purchases or rents the display, shelf, storage or warehouse space to be occupied by such products at premises owned or controlled by the retailer.

[T.D. ATF-364, 60 FR 20427, Apr. 26, 1995]

Subpart D—Rules for the Return of Distilled Spirits, Wine, and Malt Beverages

§ 11.31 General.

(a) Section 5(d) of the Act provides, in part, that it is unlawful to sell, offer to sell, or contract to sell products with the privilege of return for any reason, other than those considered to be “ordinary and usual commercial reasons” arising after the product has been sold. Sections 11.32 through 11.39 specify what are considered “ordinary and usual commercial reasons” for the return of products, and outline the conditions and limitations for such returns.

(b) An industry member is under no obligation to accept the return of products for the reasons listed in §§ 11.32 through 11.39.

EXCHANGES AND RETURNS FOR ORDINARY AND USUAL COMMERCIAL REASONS

§ 11.32 Defective products.

Products which are unmarketable because of product deterioration, leaking containers, damaged labels or missing or mutilated tamper evident closures may be exchanged for an equal quantity of identical products or may be returned for cash or credit against outstanding indebtedness.

[T.D. ATF-364, 60 FR 20427, Apr. 26, 1995]

§ 11.33 Error in products delivered.

Any discrepancy between products ordered and products delivered may be corrected, within a reasonable period after delivery, by exchange of the products delivered for those which were ordered, or by a return for cash or credit against outstanding indebtedness.

§ 11.34 Products which may no longer be lawfully sold.

Products which may no longer be lawfully sold may be returned for cash or credit against outstanding indebtedness. This would include situations where, due to a change in regulation or administrative procedure over which the trade buyer or an affiliate of the trade buyer has no control, a particu-

lar size or brand is no longer permitted to be sold.

[T.D. ATF-364, 60 FR 20428, Apr. 26, 1995]

§ 11.35 Termination of business.

Products on hand at the time a trade buyer terminates operations may be returned for cash or credit against outstanding indebtedness. This does not include a temporary seasonal shutdown (see § 11.39).

[T.D. ATF-364, 60 FR 20428, Apr. 26, 1995]

§ 11.36 Termination of franchise.

When an industry member has sold products for cash or credit to one of its wholesalers and the distributorship arrangement is subsequently terminated, stocks of the product on hand may be returned for cash or credit against outstanding indebtedness.

§ 11.37 Change in product.

A trade buyer's inventory of a product which has been changed in formula, proof, label or container (subject to § 11.46) may be exchanged for equal quantities of the new version of that product.

§ 11.39 Seasonal dealers.

Industry members may accept the return of products from retail dealers who are only open a portion of the year, if the products are likely to spoil during the off season. These returns will be for cash or for credit against outstanding indebtedness.

EXCHANGES AND RETURNS FOR REASONS NOT CONSIDERED ORDINARY AND USUAL

§ 11.45 Overstocked and slow-moving products.

The return or exchange of a product because it is overstocked or slow-moving does not constitute a return for “ordinary and usual commercial reasons.”

§ 11.46 Seasonal products.

The return or exchange of products for which there is only a limited or seasonal demand, such as holiday decanters and certain distinctive bottles, does not constitute a return for "ordinary and usual commercial reasons."

(b) *Format.* A petition shall be in the form of a letterhead application requesting that ATF recognize the distinctive wine designation listed in their petition. The petition should present evidence to support a finding that the geographic designation is known to the U.S. consumer and trade as the designation of a specific wine of a particular place or region, distinguishable from all other wines. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

§ 17.34 Verification of returns.

ATF Forms 5630.5 shall contain or be verified by a written declaration that the return is made under the penalties of perjury.

(68A Stat. 749 (26 U.S.C. 6065))

EMPLOYER IDENTIFICATION NUMBER

§ 17.41 Requirement for employer identification number.

The employer identification number (defined in 26 CFR 301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return (ATF Form 5630.5), including amended returns filed under this

§ 17.42

subpart. Failure of the taxpayer to include the employer identification number on Form 5630.5 may result in assertion and collection of the penalty specified in § 70.113 of this chapter.

(Secs. 1(a), (b), Pub. L. 87-397, 75 Stat. 828 (26 U.S.C. 6109, 6723))

§ 17.42 Application for employer identification number.

(a) An employer identification number is assigned pursuant to application on IRS Form SS-4, Application for Employer Identification Number, filed by the taxpayer. Form SS-4 may be obtained from any office of the Internal Revenue Service.

(b) Each taxpayer who files a return on ATF Form 5630.5 shall make application on IRS Form SS-4 for an employer identification number, unless he or she has already been assigned such a number or made application for one. The application on Form SS-4 shall be filed on or before the seventh day after the date on which the first return on Form 5630.5 is filed.

(c) Each taxpayer shall make application for and shall be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file Form 5630.5.

(Sec. 1(a), Pub. L. 87-397, 75 Stat. 828 (26 U.S.C. 6109))

§ 17.43 Preparation and filing of Form SS-4.

The taxpayer shall prepare and file the application on IRS Form SS-4, together with any supplementary statement, in accordance with instructions on the form or issued in respect to it.

Subpart D—Special Tax Stamps

§ 17.51 Issuance of stamps.

Each manufacturer of nonbeverage products, upon filing a properly executed return on ATF Form 5630.5, together with the proper tax payment in the full amount due, shall be issued a special tax stamp designated "Manufacturer of Nonbeverage Products." This special tax stamp shall not be sold or otherwise transferred to another

27 CFR Ch. I (4-1-97 Edition)

person (except as provided in §§ 17.71 and 17.72). If the Form 5630.5 submitted with the tax payment covers multiple locations, the taxpayer shall be issued one appropriately designated stamp for each location listed in the attachment to Form 5630.5 required by § 17.32(b)(2), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer's principal place of business (or principal office in the case of a corporate taxpayer).

§ 17.52 Distribution of stamps for multiple locations.

On receipt of the special tax stamps, the taxpayer shall verify that a stamp has been obtained for each location listed on the retained copy of the attachment to ATF Form 5630.5 required by § 17.32(b)(2). The taxpayer shall designate one stamp for each location and shall type on it the trade name (if different from the name in which the stamp was issued) and address of the business conducted at the location for which the stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

§ 17.53 Correction of errors on stamps.

(a) *Single location.* On receipt of a special tax stamp, the taxpayer shall examine it to ensure that the name and address are correctly stated. If an error has been made, the taxpayer shall return the stamp to ATF at the address shown thereon, with a statement showing the nature of the error and setting forth the proper name or address. On receipt of the stamp and statement, the data shall be compared with that on ATF Form 5630.5, and if an error on the part of ATF has been made, the stamp shall be corrected and returned to the taxpayer. If the Form 5630.5 agrees with the data on the stamp, the taxpayer shall be required to file a new Form 5630.5, designated "Amended Return," disclosing the proper name and address.

(b) *Multiple locations.* If an error is discovered on a special tax stamp obtained under the provisions of § 17.32(b), relating to multiple locations, and if the error concerns any of the information contained in the attachment to Form 5630.5, the taxpayer shall return

the stamp, with a statement showing the nature of the error and the correct data, to his or her principal office. The data on the stamp shall then be compared with the taxpayer's copy of the attachment to Form 5630.5, retained at the principal office. If the error is in the name and address and was made by the taxpayer, the taxpayer shall correct the stamp and return it to the designated place of business. If the error was made in the attachment to Form 5630.5, the taxpayer shall file with ATF an amended Form 5630.5 and an amended attachment with a statement showing the error.

§ 17.54 Lost or destroyed stamps.

If a special tax stamp is lost or accidentally destroyed, the taxpayer shall immediately notify the regional director (compliance). On receipt of this notification, the regional director (compliance) shall issue to the taxpayer a "Certificate in Lieu of Lost or Destroyed Special Tax Stamp." The taxpayer shall keep the certificate available for inspection in the same manner as prescribed for a special tax stamp in § 17.55.

§ 17.55 Retention of special tax stamps.

Taxpayers shall keep their special tax stamps at the place of business covered thereby for the period specified in § 17.170, and shall make them available for inspection by any ATF officer during business hours.

(Title II, sec. 201, Pub. L. 85-859, 72 Stat. 1348 (26 U.S.C. 5146))

CHANGE IN LOCATION

§ 17.61 General.

A manufacturer who, during a tax year for which special tax has been paid, moves its place of manufacture to a place other than that specified on the related special tax stamp, shall register the change with ATF within 90 days after the move to the new premises, by executing a new return on ATF Form 5630.5, designated as "Amended Return." This Amended Return shall set forth the time of the move and the address of the new location. The taxpayer shall also submit the special tax

stamp to ATF, for endorsement of the change in location.

(Title II, sec. 201, Pub. L. 85-859, 72 Stat. 1374 (26 U.S.C. 5143))

§ 17.62 Failure to register.

A manufacturer who fails to register a change of location with ATF, as required by § 17.61, shall pay a new special tax for the new location if a claim for drawback is filed on distilled spirits used at the new location during the tax year for which the original special tax was paid.

§ 17.63 Certificates in lieu of lost stamps.

The provisions of §§ 17.61 and 17.62 apply to certificates issued in lieu of lost or destroyed special tax stamps.

CHANGE IN CONTROL

§ 17.71 General.

Certain persons, other than the person who paid the special tax, may qualify for succession to the same privileges granted by law to the taxpayer, to cover the remainder of the tax year for which the special tax was paid. Those who may qualify are specified in § 17.72. To secure these privileges, the successor or successors shall file with ATF, within 90 days after the date on which the successor or successors assume control, a return on ATF Form 5630.5, showing the basis of the succession.

§ 17.72 Right of succession.

Under the conditions set out in § 17.71, persons listed below have the right of succession:

- (a) The surviving spouse or child, or executor, administrator, or other legal representative of a taxpayer.
- (b) A husband or wife succeeding to the business of his or her living spouse.
- (c) A receiver or trustee in bankruptcy, or an assignee for the benefit of creditors.
- (d) The members of a partnership remaining after the death or withdrawal of a general partner.

§ 17.73 Failure to register.

A person eligible for succession to the privileges of a taxpayer, in accordance with §§ 17.71 and 17.72, who fails to

§ 17.74

register the succession with ATF, as required by § 17.71, shall pay a new special tax if a claim for drawback is filed on distilled spirits used by the successor during the tax year for which the original special tax was paid.

§ 17.74 Certificates in lieu of lost stamps.

The provisions of §§ 17.71–73 apply to certificates issued in lieu of lost or destroyed special tax stamps.

§ 17.75 Formation of partnership or corporation.

If one or more persons who have paid special tax form a partnership or corporation, as a separate legal entity, to take over the business of manufacturing nonbeverage products, the new firm or corporation shall pay a new special tax in order to be eligible to receive drawback.

§ 17.76 Addition or withdrawal of partners.

(a) *General partners.* When a business formed as a partnership, subject to special tax, admits one or more new general partners, the new partnership shall pay a new special tax in order to be eligible to receive drawback. Withdrawal of general partners is covered by § 17.72(d).

(b) *Limited partners.* Changes in the membership of a limited partnership requiring amendment of the certificate but not dissolution of the partnership are not changes that incur liability to additional special tax.

§ 17.77 Reincorporation.

When a new corporation is formed to take over and conduct the business of one or more corporations that have paid special tax, the new corporation shall pay special tax and obtain a stamp in its own name.

CHANGE IN NAME OR STYLE

§ 17.81 General.

A person who paid special tax is not required to pay a new special tax by reason of a mere change in the trade name or style under which the business is conducted, nor by reason of a change in management which involves no

27 CFR Ch. I (4–1–97 Edition)

change in the proprietorship of the business.

§ 17.82 Change in capital stock.

A new special tax is not required by reason of a change of name or increase in the capital stock of a corporation, if the laws of the State of incorporation provide for such changes without creating a new corporation.

§ 17.83 Sale of stock.

A new special tax is not required by reason of the sale or transfer of all or a controlling interest in the capital stock of a corporation.

REFUND OF SPECIAL TAX

§ 17.91 Absence of liability, refund of special tax.

The special tax paid may be refunded if it is established that the taxpayer did not file a claim for drawback for the period covered by the special tax stamp. If a claim for drawback is filed, the special tax may be refunded if no drawback is paid or allowed for the period covered by the stamp.

§ 17.92 Filing of refund claim.

Claim for refund of special tax shall be filed on ATF Form 2635 (5620.8), Claim—Alcohol, Tobacco and Firearms Taxes. The claim shall be filed with the Chief, Tax Processing Center, PO Box 145433, Cincinnati, OH 45203. The claim shall set forth in detail sufficient reasons and supporting facts to inform the regional director (compliance) of the exact basis of the claim. The special tax stamp shall be attached to the claim.

(68A Stat. 791 (26 U.S.C. 6402))

§ 17.93 Time limit for filing refund claim.

A claim for refund of special tax shall not be allowed unless filed within three years after the payment of the tax.

(68A Stat. 808 (26 U.S.C. 6511))

Subpart E—Bonds and Consents of Sureties

§ 17.101 General.

A bond shall be filed by each person claiming drawback on a monthly basis.

Persons who claim drawback on a quarterly basis are not required to file bonds. Bonds shall be prepared and executed on ATF Form 5154.3, Bond for Drawback Under 26 U.S.C. 5131, in accordance with the provisions of this part and the instructions printed on the form. The bond requirement of this part shall be satisfied either by bonds obtained from authorized surety companies or by deposit of collateral security. Regional directors (compliance) are authorized to approve all bonds and consents of surety required by this part.

§ 17.102 Amount of bond.

The bond shall be a continuing one, in an amount sufficient to cover the total drawback to be claimed on spirits used during any quarter. However, the amount of any bond shall not exceed \$200,000 nor be less than \$1,000.

§ 17.103 Bonds obtained from surety companies.

(a) The bond may be obtained from any surety company authorized by the Secretary of the Treasury to be a surety on Federal bonds. Surety companies so authorized are listed in the current revision of Department of the Treasury Circular 570 (Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies), and subject to such amendatory circulars as may be issued from time to time. Bonds obtained from surety companies are also governed by the provisions of 31 U.S.C. 9304, and 31 CFR part 223.

(b) A bond executed by two or more surety companies shall be the joint and several liability of the principal and the sureties; however, each surety company may limit its liability, in terms upon the face of the bond, to a definite, specified amount. This amount shall not exceed the limitations prescribed for each surety company by the Secretary, as stated in Department of the Treasury Circular 570. If the sureties limit their liability in this way, the total of the limited liabilities shall equal the required amount of the bond.

(c) Department of the Treasury Circular No. 570 is published in the FEDERAL REGISTER annually on the first

workday in July. As they occur, interim revisions of the circular are published in the FEDERAL REGISTER. Copies of the circular may be obtained from: Surety Bond Branch, Financial Management Service, Department of the Treasury, Washington, DC 20227.

(Sec. 1, Pub. L. 97-258, 96 Stat. 1047 (31 U.S.C. 9304))

§ 17.104 Deposit of collateral.

Except as otherwise provided by law or regulations, bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by principals as collateral security in lieu of bonds obtained from surety companies. Deposit of collateral security is governed by the provisions of 31 U.S.C. 9303, and 31 CFR part 225.

(Sec. 1, Pub. L. 97-258, 96 Stat. 1046 (31 U.S.C. 9301, 9303))

§ 17.105 Filing of powers of attorney.

(a) *Surety companies.* The surety company shall prepare and submit with each bond, and with each consent to changes in the terms of a bond, a power of attorney in accordance with § 17.6, authorizing the agent or officer who executed the bond or consent to act in this capacity on behalf of the surety. The power of attorney shall be prepared on a form provided by the surety company and executed under the corporate seal of the company. If other than a manually signed original is submitted, it shall be accompanied by certification of its validity.

(b) *Principal.* The principal shall execute and file with the regional director (compliance) a power of attorney, in accordance with § 17.6, for every person authorized to execute bonds on behalf of the principal.

(Sec. 1, Pub. L. 97-258, 96 Stat. 1047 (31 U.S.C. 9304, 9306))

§ 17.106 Consents of surety.

The principal and surety shall execute on ATF Form 1533 (5000.18), Consent of Surety, any consents of surety to changes in the terms of bonds. Form 1533 (5000.18) shall be executed with the same formality and proof of authority

§ 17.107

as is required for the execution of bonds.

§ 17.107 Strengthening bonds.

Whenever the amount of a bond on file and in effect becomes insufficient, the principal may give a strengthening bond in a sufficient amount, provided the surety is the same as on the bond already on file and in effect; otherwise a superseding bond covering the entire liability shall be filed. Strengthening bonds, filed to increase the bond liability of the surety, shall not be construed in any sense to be substitute bonds, and the regional director (compliance) shall not approve a strengthening bond containing any notation which may be interpreted as a release of any former bond or as limiting the amount of either bond to less than its full amount.

§ 17.108 Superseding bonds.

(a) The principal on any bond filed pursuant to this part may at any time replace it with a superseding bond.

(b) Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity continuing or liquidating the business of the principal, shall execute and file a superseding bond or obtain the consent of the surety or sureties on the existing bond or bonds.

(c) When, in the opinion of the regional director (compliance), the interests of the Government demand it, or in any case where the security of the bond becomes impaired in whole or in part for any reason whatever, the principal shall file a superseding bond. A superseding bond shall be filed immediately in case of the insolvency of the surety. If a bond is found to be not acceptable or for any reason becomes invalid or of no effect, the principal shall immediately file a satisfactory superseding bond.

(d) A bond filed under this section to supersede an existing bond shall be marked by the obligors at the time of execution, "Superseding Bond." When such a bond is approved, the superseded bond shall be released as to transactions occurring wholly subsequent to the effective date of the superseding bond, and notice of termination of the

27 CFR Ch. I (4-1-97 Edition)

superseded bond shall be issued, as provided in § 17.111.

TERMINATION OF BONDS

§ 17.111 General.

(a) Bonds on ATF Form 5154.3 shall be terminated by the regional director (compliance), as to liability on draw-back allowed after a specified future date, in the following circumstances:

(1) Pursuant to a notice by the surety as provided in § 17.112.

(2) Following approval of a superseding bond, as provided in § 17.108.

(3) Following notification by the principal of an intent to discontinue the filing of claims on a monthly basis.

(b) However, the bond shall not be terminated until all outstanding liability under it has been discharged. Upon termination, the regional director (compliance) shall mark the bond "canceled," followed by the date of cancellation, and shall issue a notice of termination of bond. A copy of this notice shall be given to the principal and to each surety.

§ 17.112 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and the regional director (compliance) in whose office the bond is on file that the surety desires, after a date named, to be relieved of liability under the bond. Unless the notice is withdrawn, in writing, before the date named in it, the notice shall take effect on that date. The date shall not be less than 60 days after the date on which both the notice and proof of service on the principal have been received by the regional director (compliance). The surety shall deliver one copy of the notice to the principal and the original to the regional director (compliance). The surety shall also file with the regional director (compliance) an acknowledgment or other proof of service on the principal.

§ 17.113 Extent of release of surety from liability under bond.

The rights of the principal as supported by the bond shall cease as of the date when termination of the bond

takes effect, and the surety shall be relieved from liability for drawback allowed on and after that date. Liability for drawback previously allowed shall continue until the claims for such drawback have been properly verified by the regional director (compliance) according to law and this part.

§ 17.114 Release of collateral.

The release of collateral security pledged and deposited to satisfy the bond requirement of this part is governed by the provisions of 31 CFR part 225. When the regional director (compliance) determines that there is no outstanding liability under the bond, and is satisfied that the interests of the Government will not be jeopardized, the security shall be released and returned to the principal.

(Sec. 1, Pub. L. 97-258, 96 Stat. 1046 (31 U.S.C. 9301, 9303))

Subpart F—Formulas and Samples

§ 17.121 Product formulas.

(a) *General.* Except as provided in §§ 17.132 and 17.182, manufacturers shall file quantitative formulas for all preparations for which they intend to file drawback claims. Such formulas shall state the quantity of each ingredient, and shall separately state the quantity of spirits to be recovered or to be consumed as an essential part of the manufacturing process.

(b) *Filing.* Formulas shall be filed with the Alcohol and Tobacco Laboratory on ATF Form 5154.1, Formula and Process for Nonbeverage Products. Filing shall be accomplished no later than 6 months after the end of the quarter in which taxpaid distilled spirits were first used to manufacture the product for purposes of drawback. If a product's formula is disapproved, no drawback shall be allowed on spirits used to manufacture that product, unless it is later used as an intermediate product, as provided in § 17.137.

(c) *Numbering.* The formulas shall be serially numbered by the manufacturer, commencing with number 1 and continuing thereafter in numerical sequence. However, a new formula for use at several plants shall be given the highest number next in sequence at

any of those plants. The numbers that were skipped at the other plants shall not be used subsequently.

(d) *Distribution and retention of approved formulas.* One copy of each approved Form 5154.1 shall be returned to the manufacturer. The formulas returned to manufacturers shall be kept in serial order at the place of manufacture, as provided in § 17.170, and shall be made available to ATF officers for examination in the investigation of drawback claims.

§ 17.122 Amended or revised formulas.

Except as provided in this section, amended or revised formulas are considered to be new formulas and shall be numbered accordingly. Minor changes may be made to a current formula on ATF Form 5154.1 with retention of the original formula number, if approval is obtained from the Director. In order to obtain approval to make a minor formula change, the person holding the Form 5154.1 shall submit a letter of application to the Alcohol and Tobacco Laboratory, indicating the formula change and requesting that the proposed change be considered a minor change. Each such application shall clearly identify the original formula by number, date of approval, and name of product. The application shall indicate whether the product is, has been, or will be used in alcoholic beverages, and shall specify whether the proposed change is intended as a substitution or merely as an alternative for the original formula. No changes may be made to current formulas without specific ATF approval in each case.

§ 17.123 Statement of process.

Any person claiming drawback under the regulations in this part may be required, at any time, to file a statement of process, in addition to that required by ATF Form 5154.1, as well as any other data necessary for consideration of the claim for drawback. When pertinent to consideration of the claim, submission of copies of the commercial labels used on the finished products may also be required.

§ 17.124 Samples.

Any person claiming drawback or submitting a formula for approval

under the regulations in this part may be required, at any time, to submit a sample of each nonbeverage or intermediate product for analysis. If the product is manufactured with a mixture of oil or other ingredients, the composition of which is unknown to the claimant, a 1-ounce sample of the mixture shall be submitted with the sample of finished product when so required.

§ 17.125 Adoption of formulas and processes.

(a) *Adoption of predecessor's formulas.* If there is a change in the proprietorship of a nonbeverage plant and the successor desires to use the predecessor's formulas at the same location, the successor may, in lieu of submitting new formulas in its own name, adopt any or all of the formulas of the predecessor by filing a notice of adoption with the regional director (compliance). The notice shall be filed with the first claim relating to any of the adopted formulas. The notice shall list, by name and serial number, all formulas to be adopted, and shall state that the products will be manufactured in accordance with the adopted formulas and processes. The notice shall be accompanied by a certified copy of the articles of incorporation or other document(s) necessary to prove the transfer of ownership. The manufacturer shall retain a copy of the notice with the related formulas.

(b) *Adoption of manufacturer's own formulas from a different location.* A manufacturer's own formulas may be adopted for use at another of the manufacturer's plants. Further, a wholly owned subsidiary may adopt the formulas of the parent company, and vice versa. The procedure for such adoption shall be by filing a letterhead notice, accompanied by two photocopies of each formula to be adopted, with the Alcohol and Tobacco Laboratory for transmittal to the regional director (compliance). The notice shall list the numbers of all formulas to be adopted and shall indicate the plant where each was originally approved and the plant(s) where each is to be adopted. Some evidence of the relationship between the plants involved in the adoption shall be attached to the notice. The notice shall

be referenced in Part IV of the supporting data (ATF Form 5154.2) filed with the first claim relating to the adopted formula(s).

§ 17.126 Formulas for intermediate products.

(a) The manufacturer shall submit a formula on ATF Form 5154.1 to the Alcohol and Tobacco Laboratory for each self-manufactured ingredient made with taxpaid spirits and intended for the manufacturer's own use in nonbeverage products, unless the formula for any such ingredient is fully expressed as part of the approved formula for each nonbeverage product in which that ingredient is used, or unless the formula for the ingredient is contained in one of the pharmaceutical publications listed in § 17.132.

(b) Upon receipt of Form 5154.1 covering a self-manufactured ingredient made with taxpaid spirits, the formula shall be examined under § 17.131. If the formula is approved for drawback, the ingredient shall be treated as a finished nonbeverage product for purposes of this part, rather than as an intermediate product, notwithstanding its use by the manufacturer. (For example, see § 17.152(d).) If the formula is disapproved for drawback, the ingredient may be treated as an intermediate product in accordance with this part. Requirements pertaining to intermediate products are found in § 17.185(b).

(c) If there is a change in the composition of an intermediate product, the manufacturer shall submit an amended or revised formula, as provided in § 17.122.

§ 17.127 Self-manufactured ingredients treated optionally as unfinished nonbeverage products.

A self-manufactured ingredient made with taxpaid spirits, which otherwise would be treated as an intermediate product, may instead be treated as an unfinished nonbeverage product, if the ingredient's formula is fully expressed as a part of the approved formula for the nonbeverage product in which the ingredient will be used. A manufacturer desiring to change the treatment of an ingredient from "intermediate product" to "unfinished nonbeverage product" (or vice versa) may do so by

resubmitting the applicable formula(s) on ATF Form 5154.1. Requirements pertaining to unfinished nonbeverage products are found in § 17.185(c).

APPROVAL OF FORMULAS

§ 17.131 Formulas on ATF Form 5154.1.

Upon receipt by the Alcohol and Tobacco Laboratory, formulas on ATF Form 5154.1 shall be examined and, if found to be medicines, medicinal preparations, food products, flavors, flavoring extracts, or perfume which are unfit for beverage purposes and which otherwise meet the requirements of law and this part, they shall be approved for drawback. If the formulas do not meet the requirements of the law and regulations for drawback products, they shall be disapproved.

§ 17.132 U.S.P., N.F., and H.P.U.S. preparations.

(a) *General.* Except as otherwise provided by paragraph (b) of this section or by ATF ruling, formulas for compounds in which alcohol is a prescribed quantitative ingredient, which are stated in the current revisions or editions of the United States Pharmacopoeia (U.S.P.), the National Formulary (N.F.), or the Homeopathic Pharmacopoeia of the United States (H.P.U.S.), shall be considered as approved formulas and may be used as formulas for drawback products without the filing of ATF Form 5154.1.

(b) *Exceptions.* Alcohol (including dehydrated alcohol and dehydrated alcohol injection), U.S.P.; alcohol and dextrose injection, U.S.P.; and tincture of ginger, H.P.U.S., have been found to be fit for beverage use and are disapproved for drawback. All attenuations of other H.P.U.S. products diluted beyond one part in 10,000 ("4x") are also disapproved for drawback, unless the manufacturer receives approval for a formula submitted on Form 5154.1 in accordance with this subpart. The formula for such attenuations shall be submitted with a sample of the product and a statement explaining why it should be classified as unfit for beverage use.

§ 17.133 Food product formulas.

Formulas for nonbeverage food products on ATF Form 5154.1 may be approved if they are unfit for beverage purposes. Approval does not authorize manufacture or sale contrary to State law. Examples of food products that have been found to be unfit for beverage purposes are stated below:

(a) *Sauces or syrups.* Sauces, or syrups consisting of sugar solutions and distilled spirits, in which the alcohol content is not more than 12 percent by volume and the sugar content is not less than 60 grams per 100 cubic centimeters.

(b) *Brandied fruits.* Brandied fruits consisting of solidly packaged fruits, either whole or segmented, and distilled spirits products not exceeding the quantity and alcohol content necessary for flavoring and preserving. Generally, brandied fruits will be considered to have met these standards if the container is well filled, the alcohol in the liquid portion does not exceed 23 percent by volume, and the liquid portion does not exceed 45 percent of the volume of the container.

(c) *Candies.* Candies with alcoholic fillings, if the fillings meet the standards prescribed for sauces and syrups by paragraph (a) of this section.

(d) *Other food products.* Food products such as mincemeat, plum pudding, and fruit cake, where only sufficient distilled spirits are used for flavoring and preserving; and ice cream and ices where only sufficient spirits are used for flavoring purposes. Also food adjuncts, such as preservatives, emulsifying agents, and food colorings, that are unfit for beverage purposes and are manufactured and used, or sold for use, in food.

§ 17.134 Determination of unfitness for beverage purposes.

The Director has responsibility for determining whether products are fit or unfit for beverage purposes within the meaning of 26 U.S.C. 5131. This determination may be based either on the content and description of the ingredients as shown on ATF Form 5154.1, or on organoleptic examination. In such examination, samples of products may be diluted with water to an alcoholic concentration of 15% and tasted. Sale

or use for beverage purposes is indicative of fitness for beverage use.

§ 17.135 Use of specially denatured alcohol (S.D.A.).

(a) *Use of S.D.A. in nonbeverage or intermediate products*—(1) *General.* Except as provided in paragraph (b) of this section, the use of specially denatured alcohol (S.D.A.) and taxpaid spirits in the same product by a nonbeverage manufacturer is prohibited where drawback of tax is claimed.

(2) *Alternative formulations.* No formula for a product on ATF Form 5154.1 shall be approved for drawback under this subpart if the manufacturer also has on file an approved ATF Form 1479-A or Form 5150.19, Formula for Article Made With Specially Denatured Alcohol or Rum, pertaining to the same product.

(b) *Use of S.D.A. in ingredients*—(1) *Purchased ingredients.* Generally, purchased ingredients containing S.D.A. may be used in nonbeverage or intermediate products. However, such ingredients shall not be used in medicinal preparations or flavoring extracts intended for internal human use, where any of the S.D.A. remains in the finished product.

(2) *Self-manufactured ingredients.* Self-manufactured ingredients may be made with S.D.A. and used in nonbeverage or intermediate products, provided—

(i) No taxpaid spirits are used in manufacturing such ingredients; and

(ii) All S.D.A. is recovered or dissipated from such ingredients prior to their use in nonbeverage or intermediate products. (Recovery of S.D.A. shall be in accordance with subpart K of part 20 of this chapter; recovered S.D.A., with or without its original denaturants, shall not be reused in nonbeverage or intermediate products.)

(Sec. 201, Pub. L. 85-859, 72 Stat. 1372, as amended (26 U.S.C. 5273))

§ 17.136 Compliance with Food and Drug Administration requirements.

A product is not a medicine, medicinal preparation, food product, flavor, flavoring extract, or perfume for nonbeverage drawback if its formula would violate a ban or restriction of the U.S. Food and Drug Administration (FDA) pertaining to such products. If FDA

bans or restricts the use of any ingredient in such a way that further manufacture of a product in accordance with its formula would violate the ban or restriction, then the manufacturer shall change the formula and resubmit it on ATF Form 5154.1 to the Alcohol and Tobacco Laboratory. This section does not preclude approval for products manufactured solely for export or for uses other than internal human consumption (e.g. tobacco flavors or animal feed flavors) in accordance with laws and regulations administered by FDA. Under § 17.123, manufacturers may be required to demonstrate compliance with FDA requirements applicable to this section.

§ 17.137 Formulas disapproved for drawback.

A formula may be disapproved for drawback either because it does not prescribe appropriate ingredients in sufficient quantities to make the product unfit for beverage use, or because the product is neither a medicine, a medicinal preparation, a food product, a flavor, nor a flavoring extract. The formula for a disapproved product may be used as an intermediate product formula under § 17.126. No drawback will be allowed on distilled spirits used in a disapproved product, unless that product is later used in the manufacture of an approved nonbeverage product. In the case of a product that is disapproved because it is fit for beverage use, any further use or disposition of such a product, other than as an intermediate product in accordance with this part, subjects the manufacturer to the qualification requirements of parts 1 and 19 of this chapter.

Subpart G—Claims for Drawback

§ 17.141 Drawback.

Upon the filing of a claim as provided in this subpart, drawback shall be allowed to any person who meets the requirements of this part. Drawback shall be paid at the rate specified by 26 U.S.C. 5134 on each proof gallon of distilled spirits on which the tax has been paid or determined and which have been used in the manufacture of nonbeverage products. The drawback rate is \$1.00 less than the effective tax rate.

Drawback shall be allowed only to the extent that the claimant can establish, by evidence satisfactory to the regional director (compliance), the actual quantity of taxpaid or tax-determined distilled spirits used in the manufacture of the product, and the effective tax rate applicable to those spirits. Special tax as a manufacturer of nonbeverage products shall be paid before drawback is allowed.

§ 17.142 Claims.

(a) *General.* The manufacturer shall file claim for drawback with the regional director (compliance) for the region in which the place of manufacture is located. A separate claim shall be filed for each place of business. Each claim shall pertain only to distilled spirits used in the manufacture or production of nonbeverage products during any one quarter of the tax year. Unless the manufacturer is eligible to file monthly claims (see §§ 17.143 and 17.144), only one claim per quarter may be filed for each place of business. The regional director (compliance) has the authority to approve or disapprove claims. Claims shall be filed on ATF Form 2635 (5620.8), Claim—Alcohol and Tobacco Taxes.

(b) *Manufacturers who are also proprietors of distilled spirits plants.* If a manufacturer of nonbeverage products is owned and operated by the same business entity that owns and operates a distilled spirits plant, the manufacturer's claim for drawback may be filed for credit on Form 2635 (5620.8). After the claim is approved, the distilled spirits plant may use the claim as an adjustment decreasing the taxes due in Schedule B of ATF Form 5000.24, Excise Tax Return. Adjustments resulting from an approved drawback claim are not subject to interest. This procedure may be utilized only if the manufacturer of nonbeverage products and the distilled spirits plant have the same employer identification number.

§ 17.143 Notice for monthly claims.

If the manufacturer has notified the regional director (compliance), in writing, of an intention to file claims on a monthly basis instead of a quarterly basis, and has filed a bond in compliance with the provisions of this part,

claims may be filed monthly instead of quarterly. The election to file monthly claims shall not preclude a manufacturer from filing a single claim covering an entire quarter, or a single claim covering just two months of a quarter, or two claims (one of them covering one month and the other covering two months). An election for the filing of monthly claims may be withdrawn by the manufacturer by filing a notice to that effect, in writing, with the regional director (compliance).

§ 17.144 Bond for monthly claims.

Each person intending to file claims for drawback on a monthly basis shall file with the regional director (compliance) an executed bond on ATF Form 5154.3, conforming to the provisions of subpart E of this part. A monthly drawback claim shall not be allowed until bond coverage in a sufficient amount has been approved by the regional director (compliance). When the limit of liability under a bond given in less than the maximum amount has been reached, further drawback on monthly claims may be suspended until a strengthening or superseding bond in a sufficient amount is furnished.

§ 17.145 Date of filing claim.

Quarterly claims for drawback shall be filed with the regional director (compliance) within six months after the quarter in which the distilled spirits covered by the claim were used in the manufacture of nonbeverage products. Monthly claims for drawback may be filed at any time after the end of the month in which the distilled spirits covered by the claim were used in the manufacture of nonbeverage products, but shall be filed not later than the close of the sixth month succeeding the quarter in which the spirits were used.

§ 17.146 Information to be shown by the claim.

The claim shall set forth the following:

- (a) Whether the special tax has been paid.
- (b) That the distilled spirits on which drawback is claimed were fully taxpaid

or tax-determined at the effective tax rate applicable to the distilled spirits.

(c) That the distilled spirits on which the drawback is claimed were used in the manufacture of nonbeverage products.

(d) Whether the nonbeverage products were manufactured in compliance with quantitative formulas approved under subpart F of this part. (If not, attach explanation.)

(e) That the data submitted in support of the claim are correct.

§ 17.147 Supporting data.

(a) Each claim for drawback shall be accompanied by supporting data presented according to the format shown on ATF Form 5154.2, Supporting Data for Nonbeverage Drawback Claims (or according to any other suitable format which provides the same information). Modifications of Form 5154.2 may be used without prior authorization, if the modified format clearly shows all of the required information that is pertinent to the manufacturing operation. Under § 17.123, the regional director (compliance) may require additional supporting data when needed to determine the correctness of drawback claims.

(b) Separate data shall be shown for eligible distilled spirits taxpaid at different effective tax rates. This requirement applies to all eligible spirits, including eligible recovered alcohol and eligible spirits contained in intermediate products.

(c) Separate data shall be shown for imported rum, spirits from Puerto Rico containing at least 92% rum, and spirits from the U.S. Virgin Islands containing at least 92% rum. The total number of proof gallons of each such category used subject to drawback during the claim period shall also be shown, with separate totals for each effective tax rate. These amounts shall include eligible spirits and rum from intermediate products or recovered alcohol.

(d) Any gain in eligible distilled spirits reported in the supporting data shall be reflected by an equivalent deduction from the amount of drawback claimed. Gains shall not be offset by known losses.

§ 17.148 Allowance of claims.

(a) *General.* Except in the case of fraudulent noncompliance, no claim for drawback shall be denied for a failure to comply with either 26 U.S.C. 5131–5134 or the requirements of this part, if the claimant establishes that spirits on which the tax has been paid or determined were in fact used in the manufacture of medicines, medicinal preparations, food products, flavors, flavoring extracts, or perfume, which were unfit for beverage purposes.

(b) *Penalty.* Noncompliance with the requirements of 26 U.S.C. 5131–5134 or of this part subjects the claimant to a civil penalty of \$1,000 for each separate product, reflected in a claim for drawback, to which the noncompliance relates, or the amount claimed for that product, whichever is less, unless the claimant establishes that the noncompliance was due to reasonable cause. Late filing of a claim subjects the claimant to a civil penalty of \$1,000 or the amount of the claim, whichever is less, unless the claimant establishes that the lateness was due to reasonable cause.

(c) *Reasonable cause.* Reasonable cause exists where a claimant establishes it exercised ordinary business care and prudence, and still was unable to comply with the statutory and regulatory requirements. Ignorance of law or regulations, in and of itself, is not reasonable cause. Each case is individually evaluated.

(Sec. 452, Pub. L. 98–369, 98 Stat. 819 (26 U.S.C. 5134(c))

SPIRITS SUBJECT TO DRAWBACK

§ 17.151 Use of distilled spirits.

Distilled spirits are considered to have been used in the manufacture of a product under this part if the spirits are consumed in the manufacture, are incorporated into the product, or are determined by ATF to have been otherwise utilized as an essential part of the manufacturing process. However, spirits lost by causes such as spillage, leakage, breakage or theft, and spirits used for purposes such as rinsing or cleaning a system, are not considered to have been used in the manufacture of a product.

§ 17.152 Time of use of spirits.

(a) *General.* Distilled spirits shall be considered used in the manufacture of a product as soon as that product contains all the ingredients called for by its formula.

(b) *Spirits used in an ion exchange column.* Distilled spirits used in recharging an ion exchange column, the operation of which is essential to the production of a product, shall be considered to be used when the spirits are entered into the manufacturing system in accordance with the product's formula.

(c) *Products requiring additional processing or treatment.* Further manipulation of a product, such as aging or filtering, subsequent to the mixing together of all of its ingredients, shall not postpone the time when spirits are considered used, as determined under paragraph (a) of this section. This is true even if at the time of use there has not yet been a final determination of alcoholic content by assay. If, however, it is later found necessary to add more distilled spirits to standardize the product, such added spirits shall be considered as used in the period during which they were added.

(d) *Nonbeverage products used to manufacture other products.* Nonbeverage products may be used to manufacture other nonbeverage (or intermediate) products. However, such subsequent usage of a nonbeverage product shall not affect the time when the distilled spirits contained therein are considered used. When distilled spirits are used in the manufacture of a nonbeverage product, the time of use shall be the point at which that product first contains all of its prescribed ingredients, and such use shall not be determined by the time of any subsequent usage of that product in another product.

§ 17.153 Recovered spirits.

(a) *Recovery from intermediate products.* Eligible spirits recovered in the manufacture of intermediate products are not subject to drawback until such recovered spirits are used in the manufacture of a nonbeverage product. (However, see § 17.127 with respect to optional treatment of ingredients as unfinished nonbeverage products, rather than as intermediate products.)

Spirits recovered in the manufacture of intermediate products shall be reused only in the manufacture of intermediate or nonbeverage products.

(b) *Recovery from nonbeverage products.* Distilled spirits recovered in the manufacture of a nonbeverage product are considered as having been used in the manufacture of that product. If the spirits were eligible when so used, they became subject to drawback at that time. Upon recovery, such spirits may be reused in the manufacture of nonbeverage products, but shall not be reused for any other purpose. When reused, such recovered spirits are not again eligible for drawback and shall not be used in the manufacture of intermediate products.

(c) *Cross references.* For additional provisions respecting the recovery of distilled spirits and related record-keeping requirements, see §§ 17.168 and 17.183.

§ 17.154 Spirits contained in intermediate products.

Spirits contained in an intermediate product are not subject to drawback until that intermediate product is used in the manufacture of a nonbeverage product.

§ 17.155 Spirits consumed in manufacturing intermediate products.

Spirits consumed in the manufacture of an intermediate product—which are not contained in the intermediate product at the time of its use in nonbeverage products—are not subject to drawback. Such spirits are not considered to have been used in the manufacture of nonbeverage products. However, see § 17.127 with respect to optional treatment of ingredients as unfinished nonbeverage products, rather than as intermediate products.

Subpart H—Records**§ 17.161 General.**

Each person claiming drawback on taxpaid distilled spirits used in the manufacture of nonbeverage products shall maintain records showing the information required in this subpart. No particular form is prescribed for these records, but the data required to be

shown shall be clearly recorded and organized to enable ATF officers to trace each operation or transaction, monitor compliance with law and regulations, and verify the accuracy of each claim. Ordinary business records, including invoices and cost accounting records, are acceptable if they show the required information or are annotated to show any such information that is lacking. The records shall be kept complete and current at all times, and shall be retained by the manufacturer at the place covered by the special tax stamp for the period prescribed in § 17.170.

§ 17.162 Receipt of distilled spirits.

(a) *Distilled spirits received in tank cars, tank trucks, barrels, or drums.* For distilled spirits received in tank cars, tank trucks, barrels, or drums, the manufacturer shall record, with respect to each shipment received—

- (1) The date of receipt;
- (2) The name and address of the person from whom received;
- (3) The serial number or other identification mark (if any) of each tank car, tank truck, barrel, or drum;
- (4) The name of the producer or warehouseman who paid or determined the tax;
- (5) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and
- (6) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(b) *Distilled spirits received in bottles.* For distilled spirits received in bottles, the manufacturer shall record—

- (1) The date of receipt;
- (2) The name and address of the seller;
- (3) The serial number of each case, if the bottles are received in cases;
- (4) The name of the bottler;
- (5) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and
- (6) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(c) *Distilled spirits received by pipeline.* For distilled spirits received by pipeline, the manufacturer shall record—

- (1) The date of receipt;

(2) The name of the producer or warehouseman who paid or determined the tax;

(3) The effective tax rate (if other than the rate prescribed by 26 U.S.C. 5001); and

(4) The kind, quantity, and proof (or alcohol percentage by volume) of the spirits.

(d) *Determination of quantity.* At the time of receipt, each manufacturer shall determine (preferably by weight) and record the exact number of proof gallons of distilled spirits received. The amount received in bottles may be determined by the required statements on the labels. The amount received in sealed drums with no evidence of leakage may be determined from the record of shipment, which is required by § 19.780 of this chapter to accompany spirits received from a distilled spirits plant. If spirits are received in a tank car or tank truck, and the result of the manufacturer's gauge of the spirits is within 0.2 percent of the number of proof gallons reported on the record of shipment required by § 19.780, then the number of proof gallons reported on that record may be recorded as the quantity received. Nevertheless, the receiving gauge shall be noted on the record of receipt. If, for any shipment, the amount recorded in the manufacturer's records as the quantity received is greater than the amount shown as taxpaid on the record required by § 19.780, a deduction equivalent to the excess shall be made from the amount of drawback claimed in the manufacturer's claim covering that period. If no claim is filed for that period, then the deduction shall be made in the manufacturer's next claim. Losses in transit that exceed the 0.2 percent limitation provided in this paragraph shall be determined and noted on the record of receipt. Such losses shall not be recorded as distilled spirits received.

(e) *Receipt of imported rum, or spirits from Puerto Rico or the Virgin Islands.* If spirits are received which contain at least 92% rum, and which originate from Puerto Rico or the U.S. Virgin Islands, the record of receipt shall indicate the place of origin. If rum is received, the record shall indicate whether it is from Puerto Rico, from the U.S.

Virgin Islands, imported from other countries, or domestic.

(f) *Shipments from distilled spirits plants.* If spirits are received directly from the distilled spirits plant that paid or determined the tax, the manufacturer shall retain the record of shipment required by § 19.780 of this chapter. To the extent that the information on that record duplicates the requirements of this section, retention of that record shall satisfy those requirements. If there are differences between the information on the record of shipment and the information required to be recorded by this section, the requirements of this section may be met by appropriate annotations on the record of shipment.

§ 17.163 Evidence of taxpayment of distilled spirits.

(a) *Shipments from distilled spirits plants.* For each shipment of taxpaid spirits from the bonded premises of a distilled spirits plant, the manufacturer shall obtain the record of shipment prepared by the supplier under § 19.780 of this chapter. This record shall be retained with the commercial invoice (if the latter is a separate document) as evidence of taxpayment of the spirits. The record shall show the effective tax rate(s) (if other than the rate prescribed by 26 U.S.C. 5001) applicable to the shipment.

(b) *Purchases from wholesale and retail liquor dealers.* Manufacturers shall obtain commercial invoices or other documentation pertaining to purchases of distilled spirits from wholesale and retail liquor dealers (including such dealership operations when conducted in conjunction with a distilled spirits plant). For spirits other than alcohol, grain spirits, neutral spirits, distilled gin, or straight whisky (as defined in the standards of identity prescribed by § 5.22 of this chapter), the manufacturer of nonbeverage products shall obtain evidence, from the producer or bottler of the spirits, as to the effective tax rate paid thereon.

(c) *Imported spirits.* For imported spirits that were taxpaid through Customs, evidence of such taxpayment (such as Customs Forms 7501 and 7505, receipted to indicate payment of tax, and the certificate of effective tax rate com-

putation, if applicable) shall be secured from the importer and retained by the manufacturer.

(d) *Evidence of effective tax rate.* If the evidence of effective tax rate, required by this section for distilled spirits products that may contain wine or flavors, is not obtained, drawback shall only be allowed based on the lowest effective tax rate possible for the kind of distilled spirits product used.

§ 17.164 Production record.

(a) *General.* Each manufacturer shall keep a production record for each batch of intermediate product and for each batch of nonbeverage product. The production record shall be an original record made at the time of production by a person (or persons) having actual knowledge thereof. If any product is produced by a continuous process rather than by batches, the production record shall pertain to the total quantity of that product produced during each claim period.

(b) *Information to be shown.* The record shall show the name and formula number of the product, the actual quantities of all ingredients used in the manufacture of the batch (including the proof or alcohol percentage by volume of all spirits), the date when eligible spirits were considered used (see § 17.152), the effective tax rate applicable to those spirits (if other than the rate prescribed by 26 U.S.C. 5001), and the quantity of product produced. The alcohol content of the product shall be shown if a test of alcohol content was made (see paragraph (e) of this section). Usage of eligible and ineligible spirits shall be shown separately. If spirits from Puerto Rico or the U.S. Virgin Islands, containing at least 92% rum, were used, the record shall indicate their place of origin. If rum was used, the record shall indicate whether it was from Puerto Rico, from the U.S. Virgin Islands, imported from other countries, or domestic. If spirits were recovered, the production record shall so indicate, and the record required by § 17.168 shall be kept. If drawback is claimed on spirits consumed as an essential part of the manufacture of a nonbeverage product, which were not contained in that product at its completion, then the production record

shall show the quantity of spirits so consumed in the manufacture of each batch.

(c) *Specificity of information.* The production record shall refer to ingredients by the same names as are used for them in the product's formula. This includes formulas submitted to ATF and formulas contained in the publications listed in §17.132. Other names for the ingredients may be added in the production record, if necessary for the manufacturer's operations. Usage of ingredients (including spirits) may be shown in units of weight or volume.

(d) *Determining quantity of distilled spirits used.* Each manufacturer shall accurately determine, by weight or volume, and record in the production records the quantity of all distilled spirits used. When the quantity used is determined by volume, adjustments shall be made if the temperature of the spirits is above or below 60 degrees Fahrenheit. A table for correction of volume of spirituous liquors to 60 degrees Fahrenheit, Table 7 of the "Gauging Manual," is available. See subpart E of part 30 of this chapter and §30.67. Losses after receipt due to leakage, spillage, evaporation, or other causes not essential to the manufacturing process shall be accurately recorded in the manufacturer's permanent records at the time such losses are determined.

(e) *Tests of alcohol content.* At representative intervals, the manufacturer shall verify the alcohol content of nonbeverage products. The results of such tests shall be recorded.

§ 17.165 Receipt of raw ingredients.

For raw ingredients destined to be used in nonbeverage or intermediate products, the manufacturer shall record, for each shipment received—

- (a) The date of receipt;
- (b) The quantity received; and
- (c) The identity of the supplier.

§ 17.166 Disposition of nonbeverage products.

(a) *Shipments.* For each shipment of nonbeverage products, the manufacturer shall record—

- (1) The formula number of the product;
- (2) The date of shipment;
- (3) The quantity shipped; and

(4) The identity of the consignee.

(b) *Other disposition.* For other dispositions of nonbeverage products, the manufacturer shall record—

- (1) The type of disposition;
- (2) The date of disposition; and
- (3) The quantity of each product so disposed of.

(c) *Exception.* The manufacturer need not keep the records required by paragraphs (a) and (b) of this section for any nonbeverage product which either contains less than 3 percent of distilled spirits by volume, or is sold by the producer directly to the consumer in retail quantities. However, when needed for protection of the revenue, the regional director (compliance) may at any time require the keeping of these records upon giving at least five days' notice to the manufacturer.

§ 17.167 Inventories.

(a) *Distilled spirits.* The "on hand" figures reported in Part II of ATF Form 5154.2 shall be verified by physical inventories taken as of the end of each quarter in which nonbeverage products were manufactured for purposes of drawback. Spirits taxpaid at different effective tax rates shall be inventoried separately. The inventory record shall show the date inventory was taken, the person(s) by whom it was taken, subtotals for each product inventoried, and any gains or losses disclosed; and shall be retained with the manufacturer's records. The manufacturer shall explain in Part IV of the supporting data (Form 5154.2) any discrepancy between the amounts on hand as disclosed by physical inventory and the amounts indicated by the manufacturer's records. Any gain in eligible spirits disclosed by inventory requires an equivalent deduction from the claim with which the inventory is reported. Gains shall not be offset by known losses. If no claim is filed for a quarter (nor for any monthly period therein), then no physical inventory is required for that quarter.

(b) *Raw ingredients and nonbeverage products.* When necessary for ensuring compliance with regulations and protection of the revenue, the regional director (compliance) may require a

manufacturer to take physical inventories of finished nonbeverage products, and/or raw ingredients intended for use in the manufacture of nonbeverage or intermediate products. The results of such inventories shall be recorded in the manufacturer's records. Any discrepancy between the amounts on hand as disclosed by physical inventory and such amounts as indicated by the manufacturer's records shall also be recorded with an explanation of its cause.

§ 17.168 Recovered spirits.

(a) Each manufacturer intending to recover distilled spirits under the provisions of this part shall first notify the regional director (compliance). Any apparatus used to separate alcohol is subject to the registration requirements of 26 U.S.C. 5179 and subpart C of part 170 of this chapter. Recovery operations shall only be conducted on the premises covered by the manufacturer's special tax stamp.

(b) The manufacturer shall keep a record of the distilled spirits recovered and the subsequent use to which such spirits are put. The record shall show—

- (1) The date of recovery;
- (2) The commodity or process from which the spirits were recovered;
- (3) The amount in proof gallons, or by weight and proof (or alcohol percentage by volume) of distilled spirits recovered;
- (4) The amount in proof gallons, or by weight and proof (or alcohol percentage by volume) of recovered distilled spirits reused;
- (5) The commodity in which the recovered distilled spirits were reused; and
- (6) The date of reuse.

(c) Whenever recovered spirits are destroyed (see § 17.183), the record shall further show—

- (1) The reason for the destruction;
- (2) The date, time, location, and manner of destruction;
- (3) The number of proof gallons destroyed; and
- (4) The name of the individual who accomplished or supervised the destruction.

§ 17.169 Transfer of intermediate products.

When intermediate products are transferred as permitted by § 17.185(b), supporting records of such transfers shall be kept at the shipping and receiving plants, showing the date and quantity of each product transferred.

§ 17.170 Retention of records.

Each manufacturer shall retain for a period of not less than 3 years all records required by this part, a copy of all claims and supporting data filed in support thereof, all commercial invoices or other documents evidencing taxpayment or tax-determination of domestic spirits, all documents evidencing taxpayment of imported spirits, and all bills of lading received which pertain to shipments of spirits. In addition, a copy of each formula submitted on ATF Form 5154.1 shall be retained at each factory where the formula is used, for not less than 3 years from the date of filing of the last claim for drawback under the formula. A copy of an approval to use an alternate method or procedure shall be retained as long as the manufacturer employs the method or procedure, and for 3 years thereafter. Further, the regional director (compliance) may require these records, forms, and documents to be retained for an additional period of not more than 3 years in any case where he or she deems such retention to be necessary or advisable for protection of the revenue.

§ 17.171 Inspection of records.

All of the records, forms, and documents required to be retained by § 17.170 shall be kept at the place covered by the special tax stamp and shall be readily available during the manufacturer's regular business hours for examination and copying by ATF officers. At the same time, any other books, papers, records or memoranda in the possession of the manufacturer, which have a bearing upon the matters required to be alleged in a claim for drawback, shall be available for inspection by ATF officers.

(Sec. 5133, 68A Stat. 623 (26 U.S.C. 5133); sec. 201, Pub. L. 85-859, 72 Stat. 1348 (26 U.S.C. 5146)).

Subpart I—Miscellaneous Provisions

§ 17.181 Exportation of medicinal preparations and flavoring extracts.

Medicinal preparations and flavoring extracts, approved for drawback under the provisions of this part, may be exported subject to 19 U.S.C. 1313(d), which authorizes export drawback equal to the entire amount of internal revenue tax found to have been paid on the domestic alcohol used in the manufacture of such products. (Note: Export drawback is not allowed for imported alcohol under this provision of customs law.) Claims for such export drawback shall be filed in accordance with the applicable regulations of the U.S. Customs Service. Such claims may cover either the full rate of tax which has been paid on the alcohol, if no nonbeverage drawback has been claimed thereon, or else the remainder of the tax if nonbeverage drawback under 26 U.S.C. 5134 has been or will be claimed.

§ 17.182 Drawback claims by druggists.

Drawback of tax under 26 U.S.C. 5134 is allowable on taxpaid distilled spirits used in compounding prescriptions by druggists who have paid the special tax prescribed by 26 U.S.C. 5131. The prescriptions so compounded shall be shown in the supporting data by listing the first and last serial numbers thereof. The amount of taxpaid spirits used in each prescription need not be shown, but such prescriptions shall be made available for examination by ATF officers. If refills have been made of prescriptions received in a previous claim period, their serial numbers shall be recorded separately. Druggists claiming drawback as authorized by this section are subject to all the applicable requirements of this part, except those requiring the filing of quantitative formulas.

§ 17.183 Disposition of recovered alcohol and material from which alcohol can be recovered.

(a) *Recovered alcohol.* Manufacturers of nonbeverage products shall not sell or transfer recovered spirits to any other premises without ATF authorization under § 17.3. If recovered spirits are stored pending reuse, storage facilities

shall be adequate to protect the revenue. If recovered spirits are destroyed, the record required by § 17.168(c) must be kept. Spirits recovered from intermediate products may be destroyed without notice to ATF. Spirits recovered from nonbeverage products may be destroyed pursuant to a notice filed with the regional director (compliance) at least 12 days prior to the date of destruction. The notice shall state the reason for the destruction, the intended date of destruction, and the approximate quantity involved. The regional director (compliance) may impose specific conditions, including requiring that the destruction be witnessed by an ATF officer. Unless the manufacturer is otherwise advised by the regional director (compliance) before the date specified in the notice, the destruction may proceed as planned.

(b) *By-product material (general).* By-product material from which alcohol can be recovered shall not be sold or transferred unless the alcohol has been removed or an approved substance has been added to prevent recovery of residual alcohol. Material from which alcohol can be recovered may also be destroyed on the manufacturer's premises by a suitable method. Except as provided in paragraph (c) of this section, prior written approval shall be obtained from the regional director (compliance) as to the adequacy, under this section, of any substance proposed to be added to prevent recovery of alcohol, or of any proposed method of destruction.

(c) *Spent vanilla beans.* Specific approval from the regional director (compliance) is not required when spent vanilla beans containing residual alcohol are destroyed on the manufacturer's premises by burning, or when they are removed from those premises after treatment with sufficient kerosene, mineral spirits, rubber hydrocarbon solvent, or gasoline to prevent recovery of residual alcohol.

§ 17.184 Distilled spirits container marks.

All marks required by Part 19 of this chapter shall remain on containers of taxpaid distilled spirits until the contents are emptied. Whenever such a

container is emptied, such marks shall be completely obliterated.

(Sec. 454, Pub. L. 98-369, 98 Stat. 820 (26 U.S.C. 5206(d)))

§ 17.185 Requirements for intermediate products and unfinished nonbeverage products.

(a) *General.* Self-manufactured ingredients made with taxpaid spirits may be accounted for either as intermediate products or as unfinished nonbeverage products. The manufacturer may choose either method of accounting for such self-manufactured ingredients (see § 17.127). However, the method selected determines the requirements that will apply to those ingredients, as prescribed in paragraphs (b) and (c) of this section.

(b) *Intermediate products.* Intermediate products shall be used exclusively in the manufacture of nonbeverage products. Intermediate products may be accumulated and stored indefinitely and may be used in any nonbeverage product whose formula calls for such use. Intermediate products shall be manufactured by the same entity that manufactures the finished nonbeverage products. Intermediate products shall not be sold or transferred between separate and distinct entities. However, they may be transferred to another branch or plant of the same manufacturer, for use there in the manufacture of approved nonbeverage products. (See § 17.169 for recordkeeping requirement.) For the purposes of this section, the phrase “separate and distinct entities” includes parent and subsidiary corporations, regardless of any corporate (or other) relationship, and even if the stock of both the manufacturing firm and the receiving firm is owned by the same persons.

(c) *Unfinished nonbeverage products.* An unfinished nonbeverage product shall only be used in the particular nonbeverage product for which it was manufactured, and shall be entirely so used within the time limit stated in the approved ATF Form 5154.1. Spirits dissipated or recovered in the manufacture of unfinished nonbeverage products shall be regarded as having been dissipated or recovered in the manufacture of nonbeverage products. Spirits contained in such unfinished products

shall be accounted for in the supporting data under § 17.147 and inventoried under § 17.167 as “in process” in nonbeverage products. Production of unfinished nonbeverage products shall be recorded as an integral part of the production records for the related nonbeverage products. Unfinished nonbeverage products shall not be transferred to other premises.

§ 17.186 Transfer of distilled spirits to other containers.

A manufacturer may transfer taxpaid distilled spirits from the original package to other containers at any time for the purpose of facilitating the manufacture of products unfit for beverage use. Containers into which distilled spirits have been transferred under this section shall bear a label identifying their contents as taxpaid distilled spirits, and shall be marked with the serial number of the original package from which the spirits were withdrawn.

§ 17.187 Discontinuance of business.

The manufacturer shall notify ATF when business is to be discontinued. Upon discontinuance of business, a manufacturer's entire stock of taxpaid distilled spirits on hand may be sold in a single sale without the necessity of qualifying as a wholesaler under part 1 of this chapter or paying special tax as a liquor dealer under part 194 of this chapter. The spirits likewise may be returned to the person from whom purchased, or they may be destroyed or given away.

The regulations in this part relate to the qualification and operation (including activities incident thereto) of plants for the manufacture of volatile fruit-flavor concentrate (essence). The regulations in this part apply to the

27 CFR Ch. I (4–1–97 Edition)

several States of the United States and the District of Columbia.

§ 18.2 Applicability of law.

Except as specified in 26 U.S.C. 5511, the provisions of 26 U.S.C. Chapter 51 are not applicable to the manufacture, by any process which includes evaporations from the mash or juice of any fruit, of any volatile fruit-flavor concentrate if:

(a) The concentrate, and the mash or juice from which it is produced, contains no more alcohol than is reasonably unavoidable in the manufacture of the concentrate; and

(b) The concentrate is rendered unfit for use as a beverage before removal from the place of manufacture, or (in the case of concentrate which does not exceed 24 percent alcohol by volume) the concentrate is transferred to a bonded wine cellar for use in the production of natural wine; and

(c) The manufacturer of concentrate complies with all requirements for the protection of the revenue with respect to the production, removal, sale, transportation, and use of concentrate, and of the mash or juice from which it is produced, as may be prescribed by this part.

(b) Any person who sells, transports, or uses any concentrate or the mash or juice from which it is produced in violation of law or regulations is subject to all the provisions of 26 U.S.C. Chapter 51 pertaining to distilled spirits and wines, including those requiring the payment of the tax thereon.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1314, as amended (26 U.S.C. 5001))

When used in this part and in forms prescribed under this part, where not

otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meaning ascribed in this section. Words in the plural form shall include the singular, and vice versa, and words importing the masculine gender shall include the feminine. Subpart C—Administrative and Miscellaneous Provisions

§ 18.13 Alternate methods or procedures.

(a) **General.** The proprietor, on specific approval by the Director, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when he finds that:

(1) Good cause has been shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(3) The alternate method or procedure will not be contrary to any provision of law, and will not result in an increase in cost to the Government or hinder the effective administration of this part.

(b) *Application.* A proprietor who desires to employ an alternate method or procedure shall submit a written application to the regional director (compliance), for transmittal to the Director. The application will specifically describe the proposed alternate method or procedure and set forth the reasons therefor. Alternate methods or procedures may not be employed until the application has been approved by the Director. Authorization for any alternate method or procedure may be withdrawn whenever in the judgment of the Director the revenue is jeopardized or the effective administration of this part is hindered by the continuation of the authorization.

§ 18.14 Emergency variations from requirements.

(a) *General.* The regional director (compliance) may approve emergency variations from requirements specified in this part, where the regional director (compliance) finds that an emergency exists, the proposed variations are necessary, and the proposed variations:

(1) Will afford the security and protection to the revenue intended by the prescribed specifications;

(2) Will not hinder the effective administration of this part; and

(3) Will not be contrary to any provision of law.

Variations from requirements granted under this section are conditioned on compliance with the procedures, conditions, and limitations stated in the approval of the application. Failure to comply in good faith with such procedures, conditions and limitations will automatically terminate the authority for such variations and the proprietor thereupon shall fully comply with the prescribed requirements of regulations from which the variations were author-

ized. Authority for any variation may be withdrawn whenever in the judgment of the regional director (compliance) the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such variation.

(b) *Application.* A proprietor who desires to employ emergency variations shall submit a written application to the regional director (compliance). The application will describe the proposed variations and set forth the reasons therefor. Variations will not be employed until the application has been approved, except when an emergency requires immediate action to correct a situation that is threatening to life or property. Such corrective action may then be taken concurrent with the filing of the application and notification of the regional director (compliance) via telephone.

(a) A tax is imposed by 26 U.S.C. 5001 and 7652 on all spirits produced in, imported into or brought into the United States at the rate prescribed in section 5001 on each proof gallon and a proportionate tax at a like rate on all fractional parts of a proof gallon. Wines containing more than 24 percent of alcohol by volume are taxed as spirits.

All products of distillation, by whatever name known, which contain spirits, on which the tax imposed by law has not been paid, and any alcoholic ingredient added to such products, are considered and taxed as spirits.

(b) A credit against the tax imposed on distilled spirits by 26 U.S.C. 5001 or 7652 is allowable under 26 U.S.C. 5010 on each proof gallon of alcohol derived from eligible wine or from eligible flavors which do not exceed 2½ percent of the finished product on a proof gallon basis. The credit is allowable at the time the tax is payable as if it constituted a reduction in the rate of tax.

(c) Where credit against the tax is desired, the person liable for the tax shall establish an effective tax rate in accordance with § 19.34. The effective tax rate established will be applied to each withdrawal or other taxable disposition of the distilled spirits.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1314, as amended (26 U.S.C. 5001); Sec. 6, Pub. L. 96-598, 94 Stat. 3488, as amended (26 U.S.C. 5010); Act of August 16, 1954, Pub. L. 591, 68A Stat. 907, as amended (26 U.S.C. 7652)).

§ 19.22 Attachment of tax.

Under 26 U.S.C. 5001(b), the tax attaches to spirits as soon as the substance comes into existence as such, whether it be subsequently separated as pure or impure spirits, or be immediately, or at any subsequent time, transferred into any other substance, either in the process of original production, or by any subsequent process.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1314, as amended (26 U.S.C. 5001))

§ 19.23 Lien.

Under 26 U.S.C. 5004, the tax becomes a first lien on the spirits from the time the spirits come into existence as such. The conditions under which the first lien shall be terminated are described in 26 U.S.C. 5004.

However, a person, not an officer or director of a corporate proprietor, owning or having the right of control of not more than 10 percent of any class of stock of that proprietor, is not liable by reason of the stock ownership or control. Persons transferring spirits in bond so liable for the tax are relieved of liability if

(1) The proprietors of transferring and receiving premises are independent of each other and neither has a proprietary interest, directly or indirectly, in the business of the other, and

(2) No person so liable for the tax on the spirits transferred retains any interest in the spirits.

(b) *Storage on bonded premises.* 26 U.S.C. 5005(c) provides that each person operating bonded premises shall be liable for the tax on all spirits while the spirits are stored on the premises, and on all spirits which are in transit to the premises from the time of removal from the transferor's bonded premises, pursuant to an approved application. Liability for the tax continues until the spirits are transferred or withdrawn from bonded premises as authorized by law, or until the liability for tax is relieved under the provisions of 26 U.S.C. 5008(a). Claims for relief from liability for spirits lost are provided for in § 19.41. Voluntary destruction of spirits in bond is provided for in subpart U of this part.

(c) *Withdrawals without payment of tax.* Under 26 U.S.C. 5005(e), any person who withdraws spirits from the bonded premises of a plant without payment of tax, as provided in 26 U.S.C. 5214, shall be liable for the tax on the spirits from the time of withdrawal. The person shall be relieved of any liability at the time the spirits are exported, deposited in a foreign-trade zone, used in production of wine, deposited in a customs bonded warehouse, laden as supplies upon or used in the maintenance or repair of certain vessels or aircraft, or used for certain research, development or testing, as provided by law.

(d) *Withdrawals free of tax.* Persons liable for tax under paragraph (a) of this section, are relieved of the liability on spirits withdrawn from bonded premises free of tax under this part, at the time the spirits are withdrawn.

(e) *Withdrawn from customs custody without payment of tax.* 26 U.S.C. 5232(a) provides that when imported distilled spirits in bulk containers are withdrawn from customs custody and transferred to the bonded premises of a distilled spirits plant without payment of the tax imposed on imported distilled spirits by 26 U.S.C. 5001, the person operating the bonded premises of the distilled spirits plant to which spirits are transferred shall become liable for the tax on the spirits upon their release from customs custody, and the importer shall thereupon be relieved of liability for the tax.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1318, as amended (26 U.S.C. 5005); sec. 3, Pub. L. 90-630, 82 Stat. 1328, as amended (26 U.S.C. 5232); sec. 3, Pub. L. 91-659, 84 Stat. 1965, as amended (26 U.S.C. 5066))

§ 19.25 Time for tax determination.

Except as otherwise provided in this part, the tax on spirits shall be determined when the spirits are withdrawn from bond. The tax on spirits which are to be withdrawn from bonded premises shall be determined upon completion of the gauge for determination of tax and before withdrawal from bonded premises.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended (26 U.S.C. 5006))

§ 19.26 Tax on wine.

(a) *Imposition of tax.* A tax is imposed by 26 U.S.C. 5041 or 7652 on wine (including imitation, substandard, or artificial wine, and compounds sold as wine) produced in or imported or brought into the United States. Proprietors of distilled spirits plants may become liable for wine taxes under 26 U.S.C. 5362(b)(3) in connection with wine transferred in bond to a distilled spirits plant. Wine may not be removed from the bonded premises of a distilled spirits plant for consumption or sale as wine.

(b) *Liability for tax.* Except as otherwise provided by law, the liability for

tax on wine transferred in bond from a bonded wine cellar to a distilled spirits plant, or transferred in bond between distilled spirits plants, will continue until the wine is used in a distilled spirits product.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1331, as amended, 1380, as amended (26 U.S.C. 5041, 5362))

§ 19.31 Production not accounted for.

Where the regional director (compliance) finds that a distiller has not accounted for all spirits produced by him, assessment shall be made for the tax on the difference between the quantity reported and the quantity found to have been actually produced.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended (26 U.S.C. 5006))

§ 19.32 Assessment of tax on spirits, denatured spirits, or wines in bond which are lost, destroyed or removed without authorization.

When spirits, denatured spirits, or wines in bond are lost or destroyed (except spirits, denatured spirits, or wines on which the tax is not collectible by reason of the provisions of 26 U.S.C. 5008 (a) or (d) or 26 U.S.C. 5370, as applicable) and the proprietor or other person liable for the tax on the spirits, denatured spirits, or wines fails to file a claim for remission as provided in § 19.41(a) or when the claim is denied, the tax shall be assessed. In any case where spirits, denatured spirits, or wines in bond are removed from bonded premises other than as authorized by law, the tax shall be assessed. In the case of losses under circumstances described in 26 U.S.C. 5006(b) with respect to packages of spirits or denatured spirits on bonded premises, the tax shall be assessed if the tax is not paid upon the demand of the regional director (compliance).

EFFECTIVE TAX RATES

SOURCE: Sections 19.34 through 19.38 added by T.D. ATF-297, 55 FR 18062, Apr. 30, 1990, unless otherwise noted.

§ 19.34 Computation of effective tax rate.

(a) The proprietor shall compute the effective tax rate for distilled spirits containing eligible wine or eligible flavors as the ratio of the numerator and denominator as follows:

(1) The numerator will be the sum of:

(i) The proof gallons of all distilled spirits used in the product (exclusive of distilled spirits derived from eligible flavors), multiplied by the tax rate prescribed by 26 U.S.C. 5001;

(ii) The wine gallons of each eligible wine used in the product, multiplied by the tax rate prescribed by 26 U.S.C. 5041(b)(1), (2), or (3), which would be imposed on the wine but for its removal to bonded premises; and

(iii) The proof gallons of all distilled spirits derived from eligible flavors used in the product, multiplied by the tax rate prescribed by 26 U.S.C. 5001, but only to the extent that such distilled spirits exceed 2½% of the denominator prescribed in paragraph (a)(2) of this section.

(2) The denominator will be the sum of:

(i) The proof gallons of all distilled spirits used in the product, including distilled spirits derived from eligible flavors; and

(ii) The wine gallons of each eligible wine used in the product, multiplied by twice the percentage of alcohol by volume of each, divided by 100.

(b) In determining the effective tax rate, quantities of distilled spirits, eligible wine, and eligible flavors will be expressed to the nearest tenth of a proof gallon. The effective tax rate may be rounded to as many decimal places as the proprietor deems appropriate, provided that, such rate is expressed no less exactly than the rate rounded to the nearest whole cent, and the effective tax rates for all products will be consistently expressed to the same number of decimal places. In such case, if the number is less than five it will be dropped; if it is five or over, a unit will be added.

(c) The following is an example of the use of the formula.

BATCH RECORD

Distilled spirits	2249.1 proof gallons.
Eligible wine (14% alcohol by volume).	2265.0 wine gallons.
Eligible wine (19% alcohol by volume).	1020.0 wine gallons.
Eligible flavors	100.9 proof gallons.

$$\frac{2249.1(\$13.50) + 2265.0(\$1.07) + 1020(\$1.57) + 16.6^1(\$13.50)}{2249.1 + 100.9 + (2265.0 \times .28) + (1020 \times .38)} =$$

$$\frac{\$30,362.85 + \$2,423.55 + \$1,601.40 + \$224.10}{2,350.0 + 634.2 + 387.6} =$$

$$\frac{\$34,611.90}{3,371.8} = \$10.27, \text{ the effective tax rate.}$$

¹Proof gallons by which distilled spirits derived from eligible flavors exceed 2½% of the total proof gallons in the batch $(100.9 - (2\frac{1}{2}\%) \times 3,371.8 = 16.6)$.

[T.D. ATF-297, 55 FR 18062, Apr. 30, 1990, as amended by T.D. ATF-307, 52736, Dec. 21, 1990]

§ 19.35 Application of effective tax rate (Actual).

Any proprietor who does not apply effective tax rates to taxable removals in accordance with § 19.36, 19.37 or 19.38 shall establish an effective tax rate for

each batch of distilled spirits in the processing account on which credit against tax is desired for alcohol derived from eligible wine or eligible flavors. The effective tax rate will be computed in accordance with § 19.34 and will be recorded on the dump or batch record for the product, as required by § 19.748. The serial numbers of the cases removed at such rate shall be recorded on the record of tax determination prescribed in § 19.761 or other related record available for examination by any ATF officer.

(Sec. 807, Pub. L. 96–39, 93 Stat. 284 (26 U.S.C. 5207); Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201); Sec. 6, Pub. L. 96–598, 94 Stat. 3488, as amended (26 U.S.C. 5010))

§ 19.36 Standard effective tax rate.

(a) The proprietor may establish a permanent standard effective tax rate for any eligible distilled spirits product based on the least quantity and the lowest alcohol content of eligible wine or eligible flavors used in the manufacture of the product. The permanent standard effective tax rate must equal the highest tax rate applicable to the product. The proprietor shall maintain a permanent record of the standard effective tax rate established for each product in accordance with § 19.765. Whenever the proprietor manufactures a batch of the product with a lesser quantity or lower alcohol content of eligible wine or eligible flavor, he shall keep the cased goods segregated from other completed cases of the same product and shall tax determine the product in accordance with § 19.35.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of the procedure.

(Sec. 807, Pub. L. 96–39, 93 Stat. 284 (26 U.S.C. 5207); Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201); Sec. 6, Pub. L. 96–598, 94 Stat. 3488, as amended (26 U.S.C. 5010))

§ 19.37 Average effective tax rate.

(a) The proprietor may establish an average effective tax rate for any eligible distilled spirits product based on the total proof gallons in all batches of the same composition which have been produced during the preceding 6-month

period and which have been or will be bottled or packaged, in whole or in part, for domestic consumption. At the beginning of each month, the proprietor shall recompute the average effective tax rate so as to include only the immediately preceding 6-month period. The average effective tax rate established for a product will be shown in the record of average effective tax rates prescribed in § 19.763.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of this procedure.

(Sec. 807, Pub. L. 96–39, 93 Stat. 284 (26 U.S.C. 5207); Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201); Sec. 6, Pub. L. 96–598, 94 Stat. 3488, as amended (26 U.S.C. 5010))

§ 19.38 Inventory reserve account.

(a) The proprietor may establish an inventory reserve account for any eligible distilled spirits product by maintaining an inventory reserve record as prescribed by 19.764. The effective tax rate applied to each removal or other disposition will be the effective tax rate recorded on the inventory reserve record from which the removal or other disposition is depleted.

(b) If the regional director (compliance) finds that the use of this procedure jeopardizes the revenue or causes administrative difficulty, the proprietor shall discontinue the use of this procedure.

(Sec. 807, Pub. L. 96–39, 93 Stat. 284 (26 U.S.C. 5207); Sec. 201, Pub. L. 85–859, 72 Stat. 1356, as amended (26 U.S.C. 5201); Sec. 6, Pub. L. 96–598, 94 Stat. 3488, as amended (26 U.S.C. 5010))

(5) Date of the loss or destruction (or, if not known, date of discovery), the cause or nature thereof, and all the facts relative thereto;

(6) Name of the carrier, where a loss in transit is involved;

(7) The name and address of the consignee, in the case of spirits withdrawn without payment of tax which are lost before being used for research, development or testing;

(9) In the case of a loss by theft, whether the claimant is indemnified or recompensed for the spirits or wines lost and if so, the amount and nature of indemnity or recompense and the actual value of the spirits or wines, less the tax.

(2) The name, plant number, and the address of the plant where the tax was determined, paid, or assessed (or name, address and capacity of any other person who paid or was assessed the tax, if the tax was not paid by or assessed against a proprietor).

(c) *Supporting document.* (1) Claims under paragraphs (a) and (b) of this section shall be supported (whenever possible) by affidavits of persons having personal knowledge of the loss or destruction. For claims on spirits, denatured spirits, articles, or wines lost while being transferred by carrier, the claim shall be supported by a copy of the bill of lading.

(2) For claims pertaining to losses of spirits withdrawn without payment of tax and lost prior to being used for research, development or testing, the claim shall be supported by a copy of the proprietor's sample record prescribed in subpart W of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended, 1381, as amended (26 U.S.C. 5008, 5370))

§ 19.43

the spirits contain rum imported from any area other than Puerto Rico and the Virgin Islands, the claim shall show:

(1) Proof gallons of the finished product derived from Puerto Rican or Virgin Islands spirits, or derived from rum imported from any other area; and

(2) The amount of tax imposed by 26 U.S.C. 7652 or 26 U.S.C. 5001, determined at the time of withdrawal from bond, on the Puerto Rican or Virgin Islands spirits, or on the rum imported from any other area, contained in the product.

(c) Claims for credit or refund of tax on spirits containing eligible wine or eligible flavors must set forth the date and serial number of the record of tax determination and the effective tax rate at which the tax was paid or determined. If this information is not provided, the amount of tax claimed will be based on the lowest effective tax rate applied to the product.

(d) Claims for credit or refund of tax shall be filed by the proprietor of the plant to which the spirits were returned within six months of the date of the return. No interest is allowed on any claims for refund or credit.

Subpart Ca—Special (Occupational) Taxes

SOURCE: T.D. ATF-271, 53 FR 17541, May 17, 1988, unless otherwise noted.

§ 19.49 Liability for special tax.

(a) *Proprietor of distilled spirits plant—*
 (1) *General.* Except as provided in § 19.906, every proprietor of a distilled spirits plant shall pay a special (occupational) tax at a rate specified by § 19.50. The tax shall be paid on or before the date of commencing business as a distilled spirits plant proprietor, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(2) *Transition rule.* For purposes of paragraph (a)(1) of this section, a proprietor engaged in distilled spirits plant operations on January 1, 1988, shall be treated as having commenced business on that date. The special tax imposed by this transition rule shall cover the period January 1, 1988, through June 30, 1988, and shall be paid on or before April 1, 1988.

(b) *Liquor Dealer—*(1) *General.* A proprietor of a distilled spirits plant shall be subject to or exempt from a liquor dealer's special (occupational) tax as provided in part 194 of this chapter.

(2) *Exemption for sales by a proprietor of a distilled spirits plant.* A proprietor of a distilled spirits plant is not required to pay special tax as a wholesale or retail dealer in liquor because of sales, at the principal place of business or at the distilled spirits plant, of liquor which at the time of sale is stored at the distilled spirits plant or which had been removed and stored in a tax-paid storeroom operated in connection with the distilled spirits plant. Each proprietor of a distilled spirits plant shall have only one exemption from dealer's special tax for each distilled spirits plant. The distiller may designate, in writing to the regional director (compliance), that the principal place of business will be exempt from dealer's special tax; otherwise, the exemption will apply to the distilled spirits plant.

(c) *Each place of business taxable—*(1) *General.* A proprietor of a distilled spirits plant incurs special tax liability at each place of business in which an occupation subject to special tax is con-

ducted. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

(2) *Exception for contiguous areas.* A proprietor of a distilled spirits plant does not incur additional special tax liability for sales of liquor made at a location other than on distilled spirits plant premises described on the notice of registration, Form 5110.41, if the location where such sales are made is contiguous to the distilled spirits plant premises in the manner described in paragraph (c)(1) of this section.

[T.D. ATF-271, 53 FR 17541, May 17, 1988, as amended by T.D. ATF-285, 54 FR 12609, Mar. 28, 1989]

§ 19.50 Rates of special tax.

(a) *General.* Title 26 U.S.C. 5081(a)(1) imposes a special tax of \$1,000 per year on every proprietor of a distilled spirits plant.

(b) *Reduced rate for small proprietors.* Title 26 U.S.C. 5081(b) provides for a reduced rate of \$500 per year with respect to any distilled spirits plant proprietor whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special tax imposed by § 19.49 relates) are less than \$500,000. The "taxable year" to be used for determining gross receipts is the taxpayer's income tax year. All gross receipts of the taxpayer shall be included, not just the gross receipts of the business subject to special tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a "controlled group"; in that case, the rules of paragraph (c) of this section shall apply.

(c) *Controlled group.* All persons treated as one taxpayer under 26 U.S.C.

5061(e)(3) shall be treated as one taxpayer for the purpose of determining gross receipts under paragraph (b) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(d) *Short taxable year.* Gross receipts for any taxable year of less than 12 months shall be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(e) *Returns and allowances.* Gross receipts for any taxable year shall be reduced by returns and allowances made during that year under 26 U.S.C. 448(c)(3).

(26 U.S.C. 448, 5061, 5081)

§ 19.51 Special tax returns.

(a) *General.* Special tax shall be paid by return. The prescribed return is ATF Form 5630.5, Special Tax Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form.

(b) *Preparation of ATF Form 5630.5.* All of the information called for on Form 5630.5 shall be provided, including:

- (1) The true name of the taxpayer.
- (2) The trade name(s) (if any) of the business(es) subject to special tax.
- (3) The employer identification number (see § 19.52).
- (4) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one

return for two or more locations, the address to be shown shall be the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer).

(5) The class(es) of special tax to which the taxpayer is subject.

(6) Ownership and control information: that is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. “Owner of the business” shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a permit application, and if the information previously provided is still current.

(c) *Multiple locations and/or classes of tax.* A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer’s name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer’s principal place of business (or principal office, in the case of a corporate taxpayer) for the period specified in § 19.723(c).

(d) *Signing of ATF Forms 5630.5—(1) Ordinary returns.* The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as “individual owner,” “member of firm,” or, in

the case of a corporation, the title of the officer.

(2) *Fiduciaries.* Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) *Agent or attorney in fact.* If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) *Perjury statement.* ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(26 U.S.C. 6061, 6065, 6151, 7011)

§ 19.52 Employer identification number.

(a) *Requirement.* The employer identification number (defined in 26 CFR 301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Failure of the taxpayer to include the employer identification number may result in the imposition of the penalty specified in § 70.113 of this chapter.

(b) *Application for employer identification number.* Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for no later than 7 days after the filing of the taxpayer's first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.

(c) *Preparation and filing of IRS Form SS-4.* The taxpayer shall prepare and

file IRS Form SS-4, together with any supplementary statement, in accordance with the instructions on the form or issued in respect to it.

SPECIAL TAX STAMPS

§ 19.53 Issuance, distribution, and examination of special tax stamps.

(a) *Issuance of special tax stamps.* Upon filing a properly executed return on ATF Form 5630.5, together with the full remittance, the taxpayer will be issued an appropriately designated special tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by § 19.51(c), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer's principal place of business (or principal office in the case of a corporate taxpayer).

(b) *Distribution of special tax stamps for multiple locations.* On receipt of the special tax stamps, the taxpayer shall verify that there is one stamp for each location listed on the attachment to ATF Form 5630.5. The taxpayer shall designate one stamp for each location and shall type on each stamp the address of the business conducted at the location for which that stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

(c) *Examination of special tax stamps.* All stamps denoting payment of special tax shall be kept available for inspection by ATF officers, at the location for which designated, during business hours.

(26 U.S.C. 5146, 6806)

§ 19.54 Changes in special tax stamps.

(a) *Change in name.* If there is a change in the corporate or firm name, or in the trade name, as shown on Form 5630.5, the proprietor shall file an amended special tax return as soon as practicable after the change, covering the new corporate or firm name, or

trade name. No new special tax is required to be paid. The proprietor shall attach the special tax stamp for endorsement of the change in name.

(b) *Change in proprietorship*—(1) *General*. If there is a change in the proprietorship of a distilled spirits plant, the successor shall pay a new special tax and obtain the required special tax stamps.

(2) *Exemption for certain successors*. Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special tax was paid, without paying a new special tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special tax return on ATF Form 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

(c) *Persons having right of succession*. Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

(1) *Death*. The widowed spouse or child, or executor, administrator, or other legal representative of the taxpayer;

(2) *Succession of spouse*. A husband or wife succeeding to the business of his or her spouse (living);

(3) *Insolvency*. A receiver or trustee in bankruptcy, or an assignee for benefit of creditors;

(4) *Withdrawal from firm*. The partner or partners remaining after death or withdrawal of a member.

(d) *Change in location*. If there is a change in location of a taxable place of business, the proprietor shall, within 30 days after the change, file with ATF an amended special tax return covering the new location. The proprietor shall attach the special tax stamp or stamps, for endorsement of the change in location. No new special tax is required to be paid. However, if the proprietor does not file the amended return within 30 days, the proprietor is required to pay

a new special tax and obtain a new special tax stamp.

Subpart D—Administrative and Miscellaneous Provisions

ACTIVITIES NOT SUBJECT TO THIS PART

§ 19.57 Recovery and reuse of denatured spirits in manufacturing processes.

The following persons are not, by reason of the activities listed below, subject to the provisions of this part, but they shall comply with the provisions of part 20 of this chapter relating to the use and recovery of spirits or denatured spirits:

(a) Manufacturers who use denatured spirits, or articles or substances containing denatured spirits, in a process wherein any part or all of the spirits, including denatured spirits, are recovered.

(b) Manufacturers who use denatured spirits in the production of chemicals which do not contain spirits but which are used on the permit premises in the manufacture of other chemicals resulting in spirits as a by-product.

(c) Manufacturers who use chemicals or substances which do not contain spirits or denatured spirits (but which were manufactured with specially denatured spirits) in a process resulting in spirits as a by-product.

(Sec 201, Pub. L. 85-859, 72 Stat. 1372, as amended (26 U.S.C. 5273))

[T.D. ATF-379, 61 FR 31425, June 20, 1996]

§ 19.58 Use of taxpaid distilled spirits to manufacture products unfit for beverage use.

(a) *General*. Apothecaries, pharmacists, and manufacturers are not required to qualify as processors under 26 U.S.C. 5171 before manufacturing or compounding the following products, if the tax has been paid or determined on all of the distilled spirits contained therein:

(1) Medicines, medicinal preparations, food products, flavors, flavoring extracts, and perfume, conforming to the standards for approval of nonbeverage drawback products found in §§ 17.131-17.137 of this chapter, whether

or not drawback is actually claimed on those products. Except as provided in paragraph (c) of this section, a formula need not be submitted if drawback is not desired.

(2) Patented, patent, and proprietary medicines that are unfit for use for beverage purposes.

(3) Toilet, medicinal, and antiseptic preparations and solutions that are unfit for use for beverage purposes.

(4) Laboratory reagents, stains, and dyes that are unfit for use for beverage purposes.

(5) Flavoring extracts, syrups, and concentrates that are unfit for use for beverage purposes.

(b) *Exceptions; products classed as beverages.* Products specified under part 17 of this chapter as being fit for beverage use are alcoholic beverages. Bitters, patent medicines, and similar alcoholic preparations which are fit for beverage purposes, although held out as having certain medicinal properties, are also alcoholic beverages. Such products are required to be manufactured on the bonded premises of a distilled spirits plant, and are subject to the provisions of this part.

(c) *Formulas and samples; when required.* On request of the Director, or when in doubt as to the classification of a product, the manufacturer shall submit to the Director the formula for and a sample of the product for examination to verify the manufacturer's claim of exemption from qualification requirements.

(d) *Change of formula; when required.* If the regional director (compliance) finds at any time that any product manufactured under paragraph (a) of this section is being used for beverage purposes, or for mixing with beverage spirits other than by a processor, he or she shall notify the manufacturer to desist from manufacturing the product until the formula is changed to make the product not susceptible of beverage use and the change is approved by the Director. (However, the provisions of this paragraph shall not prohibit such products, which are unfit for beverage use, from being used in small quantities for flavoring drinks at the time of serving for immediate consumption.) Where, pursuant to notice, the manufacturer does not desist, or the formula

is not so modified as to make the product unsusceptible of beverage use, the manufacturer shall immediately qualify as a processor.

AUTHORITIES OF THE DIRECTOR

§ 19.61 Form prescribed.

(a) The Director is authorized to prescribe all forms required by this part. All of the information required by each form shall be furnished, as indicated by the headings on the form and the instructions thereon or issued in respect thereto, and as required by this part.

(b) Requests for forms should be mailed to the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207))

[T.D. ATF-198, 50 FR 8464, Mar. 1, 1985, as amended by T.D. 372, 61 FR 20724, May 8, 1996]

§ 19.62 Alternate methods or procedures.

The proprietor, on specific approval by the Director as provided in this paragraph, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when he finds that—

(a) Good cause has been shown for the use of the alternate method or procedure;

(b) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure, and affords equivalent security to the revenue; and

(c) The alternate method or procedure will not be contrary to any provision of law, and will not result in an increase in cost to the Government or hinder the effective administration of this part. No alternate method or procedure relating to the giving of any bond or to the assessment, payment, or collection of tax, shall be authorized under this paragraph. Where the proprietor desires to employ an alternate

method or procedure, he shall submit a written application to do so to the regional director (compliance), for transmittal to the Director. The application shall specifically describe the proposed alternate method or procedure, and shall set forth the reasons therefor. Alternate methods or procedures shall not be employed until the application has been approved by the Director. The proprietor shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization for any alternate method or procedure may be withdrawn whenever in the judgment of the Director the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such authorization. As used in this paragraph, alternate methods or procedures shall include alternate construction or equipment.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended, 1395, as amended (26 U.S.C. 5178, 5552))

§ 19.63 Pilot operations.

The Director may waive any regulatory provisions of 26 U.S.C. Chapter 51, and of the regulations in this part, for temporary pilot or experimental operations for the purpose of facilitating the development and testing of improved methods of governmental supervision (necessary for the protection of the revenue) over plants. For this purpose, the Director may, with the approval of the proprietor thereof, designate any plant for such operations. The provision of law and regulations waived and the period of time during which such waiver shall continue shall be stated in writing by the Director. The provisions of this section shall not be construed as authority to waive the filing of any bond or the payment of any tax, including special (occupational) tax, provided for in 26 U.S.C. Chapter 51.

[T.D. ATF-198, 50 FR 8464, Mar. 1, 1985, as amended by T.D. ATF-271 53 FR 17543, May 17, 1988]

§ 19.64 [Reserved]

§ 19.65 Experimental distilled spirits plants.

The Director may authorize the establishment and operation of experimental plants for specific and limited periods of time solely for experimentation in, or development of—

- (a) Sources of materials from which spirits may be produced;
- (b) Processes by which spirits may be produced or refined; or
- (c) Industrial uses of spirits.

The Director may waive any provision of 26 U.S.C. Chapter 51 (other than 26 U.S.C. 5312) and of this part (other than this section and § 19.66) to the extent he deems necessary to effectuate the purposes of 26 U.S.C. 5312(b), except that he may not waive the payment of any tax on spirits removed from such plant. A proprietor of an experimental distilled spirits plant established under this section is subject to special (occupational) tax under subpart C of this part and shall hold a separate special tax stamp to cover the experimental operations.

[T.D. ATF-198, 50 FR 8464, Mar. 1, 1985, as amended by T.D. ATF-271 53 FR 17543, May 17, 1988]

§ 19.66 Application to established experimental plants.

Any person desiring to establish an experimental plant shall make written application to the Director, through the regional director (compliance), and obtain the Director's approval of the proposed establishment. The applicant shall file with such application a bond in such form and penal sum as required by the Director. The application shall state the nature, extent, and purpose of the operations to be conducted and describe the operations and equipment, the location of the plant (including the proximity to other premises or operations subject to the provisions of 26 U.S.C. Chapter 51) and the security measures to be provided. The Director may require the submission of additional information as he deems necessary. The regional director (compliance) shall not permit operations until he has found that the plant conforms

to the specifications set forth in the application, as approved, and the applicant has complied with provisions of 26 U.S.C. Chapter 51, and this part not specifically waived by the Director.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1375, as amended (26 U.S.C. 5312))

§ 19.67 Spirits produced in industrial processes.

(a) *Applicability.* (1) Persons who produce spirits in industrial processes (including spirits produced as a by-product in connection with chemical or other processes) are distillers and are required to qualify and pay special (occupational) tax under provisions of 26 U.S.C. Chapter 51 and this part.

(2) The Director may, however, waive any provision of 26 U.S.C. Chapter 51, or of this part, with respect to the production of nonpotable chemical mixtures containing spirits, including any provision relating to qualification (except the payment of special (occupational) tax), if such mixtures are produced:

(i) For transfer to the bonded premises of a distilled spirits plant for completion of distilling; or

(ii) As a by-product which would require expensive and complex equipment for the recovery of spirits.

(3) The waiver under the provisions of paragraph (a)(2)(ii) of this section is further conditioned that such mixture would:

(i) Be destroyed on the premises where produced; or

(ii) Contain a minimum quantity of spirits practicable with the procedure employed, not be subjected to further operations solely for the purification or recovery of spirits, and be found by the Director to be as nonpotable and at least as difficult with respect to recovery as completely denatured alcohol.

(b) *Application for waiver.* (1) When the producer of nonpotable mixtures desires to secure a waiver of designated provisions of 26 U.S.C. Chapter 51, or this part, he shall file an application with the Director through the regional director (compliance).

(2) The application shall include, as applicable—

(i) Name and address of producer;

(ii) Chemical composition and source of the nonpotable mixture;

(iii) Approximate percentages of chemicals and spirits in the mixture;

(iv) Method of operation proposed;

(v) Bonded premises where the mixture will be distilled; and

(vi) Other pertinent information required by the Director.

(c) *Approval.* If the Director finds that the waiver of the requirements, or any of them, will not jeopardize the revenue and will not unduly hinder supervision of the operations, he may approve the application under such terms and conditions as he deems advisable and subject to the furnishing of any bond which he deems necessary.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

[T.D. ATF-198, 50 FR 8464, Mar. 1, 1985, as amended by T.D. ATF-271 53 FR 17543, May 17, 1988]

§ 19.68 Other businesses.

The Director may authorize the carrying on of other businesses (not specifically prohibited by 26 U.S.C. 5601(a)(6)) on premises of plants if he finds that those businesses will not jeopardize the revenue, hinder the effective administration of this part, or be contrary to law. The authorization will designate the premises (i.e., bonded or general) on which such other business is to be conducted.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.70 Exemptions to meet the requirements of National defense.

The Director may temporarily exempt proprietors from any provision of the internal revenue laws or this part relating to spirits except those requiring payment of tax thereon whenever in his judgement it is expedient to do so to meet the requirements of the National defense.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1397, as amended (26 U.S.C. 5561))

§ 19.71 Experimental or research operations by scientific institutions and colleges of learning.

(a) *General.* The Director may authorize any scientific university, college of learning, or institution of scientific research to produce, receive, blend, treat,

§ 19.72

test, and store spirits, without payment of tax, for experimental or research use but not for consumption (other than organoleptic tests) or sale, in quantities as may be reasonably necessary for such purposes. The Director may waive any provision of 26 U.S.C. Chapter 51 (other than 26 U.S.C. 5312), or this part (other than this section) to the extent necessary to effect the purposes of 26 U.S.C. 5312(a), except he may not waive the payment of any tax on distilled spirits removed from any university, college, or institution. A person conducting experimental or research operations authorized under this section is subject to special (occupational) tax under subpart Ca of this part and shall hold a special tax stamp to cover the experimental or research operations.

(b) *Qualification.* Any university, college, or institution desiring to conduct any of the experimental or research operations listed in the preceding paragraphs shall make written application, to the Director, through the regional director (compliance), and obtain the Director's approval of the proposed operations. The applicant shall file with the application a bond in a form and penal sum as required by the Director. The application shall state the nature, extent, and purpose of the operations to be conducted and describe the operations and equipment, the location at which operations will be conducted (including identification of the building or buildings, or the portions thereof to be used), and the security measures to be provided. The Director may require any additional information. Operations shall not be commenced until authorized by the Director.

(c) *Records.* Reports concerning the operations need not be submitted unless required by the Director, but records of the quantities of spirits produced, received, and used each day shall be made and retained for inspection by ATF officers.

(d) *Discontinuance of operations.* When operations authorized by the Director are discontinued, all remaining spirits shall be disposed of by destruction. When these spirits have been destroyed, notice of the discontinuance of

27 CFR Ch. I (4-1-97 Edition)

operations shall be given to the regional director (compliance).

AUTHORITIES OF THE REGIONAL DIRECTOR (COMPLIANCE)

§ 19.72 Other businesses.

Application to conduct at a distilled spirits plant a type of business other than that of a distiller, warehouseman, or processor may be approved by the regional director (compliance) if the Director has, as provided in § 19.68, authorized the carrying on of a business of the type proposed, unless the regional director (compliance) finds that there are particular conditions in respect to the applicant's plant that would cause the carrying on of such business to be a jeopardy to the revenue or a hindrance to the effective administration of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.73 Emergency variations from requirements.

The regional director (compliance) may approve construction, equipment, and methods of operation other than as specified in this part, where he finds that an emergency exists and the proposed variations from the specified requirements are necessary, and the proposed variations—

(a) Will afford the security and protection to the revenue intended by the prescribed specifications;

(b) Will not hinder the effective administration of this part; and

(c) Will not be contrary to any provisions of law.

Variations from requirements granted under this paragraph are conditioned on compliance with the procedures, conditions, and limitations with respect thereto set forth in the approval of the application. Failure to comply in good faith with such procedures, conditions, and limitations shall automatically terminate the authority for such variations and the proprietor thereupon shall fully comply with the

prescribed requirements of regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever in the judgment of the regional director (compliance) the revenue is jeopardized or the effective administration of this part is hindered by the continuation of such variation. Where the proprietor desires to employ such variation, he shall submit a written application to do so to the regional director (compliance). The application shall describe the proposed variations and set forth the reasons therefor. Variations shall not be employed until the application has been approved.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended, 1395, as amended (26 U.S.C. 5178, 5552))

§ 19.74 Disaster exemptions.

The regional director (compliance) may, whenever he finds that it is necessary or desirable, by reason of disaster, temporarily exempt the proprietor of any plant from any provisions of the internal revenue laws and this part relating to spirits, except those requiring the payment of tax on spirits, to the extent he may deem necessary or desirable.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1397, as amended (26 U.S.C. 5562))

§ 19.75 Assignment of officers and supervision of operations.

(a) *General.* The regional director (compliance) may assign such number of ATF officers to distilled spirits plants and utilize controls (including the use of Government locks and seals) as necessary to maintain supervision of operations conducted at such plants. When supervision is necessary:

(1) The regional director (compliance) may require a proprietor to delay any distilled spirits operation so that it may be conducted in the presence of an ATF officer; and

(2) The regional director (compliance) may require the proprietor to submit a schedule of operations to an ATF officer.

(b) *Hours of operation.* When operations at a distilled spirits plant are to be conducted in the presence of an ATF officer, such operations: (1) Shall not be conducted on Sunday unless specifi-

cally authorized by the regional director (compliance) in each instance on the showing of an emergency; and (2) Shall be conducted during an 8-hour period between 7 a.m. and 5 p.m. unless, pursuant to the proprietor's application the regional director (compliance) authorizes the performance and supervision of operations during other hours. The regional director (compliance), in administering this provision, shall not restrict such operation or function to a greater extent than did the provisions of internal revenue law and regulations on June 30, 1959.

(c) *Notification of supervision.* (1) When it is determined that supervision of plant operations is necessary, the regional director (compliance) shall notify the proprietor of the extent of ATF supervision.

(2) If supervision of a distilled spirits plant was not terminated as of December 31, 1979, notification is not necessary for continued supervision.

(d) *Withdrawal of supervision.* The regional director (compliance) shall notify the proprietor when ATF supervision of plant operations is to be withdrawn.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1395, as amended (26 U.S.C. 5553); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5201, 5202))

§ 19.76 Allowance of remission, abatement, credit or refund of tax.

The regional director (compliance) is authorized to allow claims for remission, abatement, credit, and refund of tax, filed under the provisions of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended (26 U.S.C. 5008))

§ 19.77 Installation of meters, tanks and other apparatus.

The regional director (compliance) is authorized to require the proprietor to install meters, tanks, pipes, or any other apparatus which the regional director (compliance) deems advisable for the purpose of protecting the revenue. Any proprietor refusing or neglecting to install such apparatus when so required shall not be permitted to conduct business.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1395, as amended (26 U.S.C. 5552))

§ 19.78 Approval of qualifying documents.

The regional director (compliance) is authorized to approve, except as otherwise provided in this part, all qualifying documents, including bonds and consents of surety, required by this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1394, as amended (26 U.S.C. 5172, 5551); sec. 805, Pub. L. 96-39, 93 Stat. 275, 276 (26 U.S.C. 5171, 5173))

§ 19.79 Discontinuance of storage facilities.

When the regional director (compliance) finds that any facilities for the storage of spirits on bonded premises are unsafe or unfit for use, or that spirits stored are subject to great loss or wastage, he may require the discontinuance of the use of such facilities and require the spirits contained therein to be transferred to such other storage facilities as he may designate. Such transfer shall be made at such time and under such supervision as the regional director (compliance) may require and the expense of the transfer shall be paid by the owner or the warehouseman of the spirits. Whenever the owner of such spirits or the warehouseman fails to make such transfer within the time prescribed or to pay the just and proper expense of such transfer, as ascertained and determined by the regional director (compliance), such spirits may be seized and sold in the same manner as goods sold on distraint for taxes, and the proceeds of such sale shall be applied to the payment of the taxes due thereon and the cost and expense of such sale and removal, and the balance shall be paid over to the owner of such spirits.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1369, as amended (26 U.S.C. 5236))

AUTHORITIES OF ATF OFFICERS

§ 19.81 Right of entry and examination.

Any ATF officer may at all times, as well by night as by day, enter any distilled spirits plant, or any other premises where distilled spirits operations are carried on, or structure or place

used in connection therewith for storage or other purposes; to make examination of the materials, equipment, and facilities thereon; and make such gauges and inventories as he deems necessary. Whenever any ATF officer, having demanded admittance, and having declared his name and office, is not admitted into such premises by the proprietor or other person having charge thereof, he may at all times, use such force as is necessary for him to gain entry to such premises.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1357, as amended (26 U.S.C. 5203))

§ 19.82 Detention of containers.

Any ATF officer may detain any container containing, or supposed to contain, spirits when such officer has reason to believe that the tax imposed by law on such spirits has not been paid or determined as required by law or this part, or that such container is being removed in violation of law or this part. Every such container may be held by the ATF officer at a safe place until it shall be determined whether the property so detained is liable by law to be proceeded against for forfeiture. However, such summary detention shall not continue in any case longer than 72 hours without process of law or intervention of the regional director (compliance), unless the person in possession of the container immediately prior to its detention, in consideration of the container being kept on his premises during detention, executes a waiver of the 72-hours limitation on detention of the container.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1375 (26 U.S.C. 5311))

§ 19.83 Samples for the United States.

Any ATF officer is authorized to take samples of spirits, denatured spirits, articles, wines, or any other materials which may be added to such products for analysis, testing, or other determinations to ascertain whether there is compliance with the provisions of law and regulations. When such samples are removed from the bonded premises, the ATF officer shall give

the proprietor a receipt covering the sample so removed.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended, 1357, as amended, 1362, as amended, 1380, as amended (26 U.S.C. 5201, 5203, 5214, 5362))

§ 19.84 Gauging and measuring equipment.

All gauging and measuring equipment and means required by 27 CFR part 30 and this part to be furnished by the proprietor for the purpose of ascertaining the quantity, alcoholic content, specific gravity, and producing capacity of any materials, denaturants, mash, wort, or beer, or the quantity and alcoholic content of spirits, denatured spirits, or wines, shall be maintained by the proprietor in accurate and readily usable condition. Any ATF officer may disapprove the use of any equipment or means if such officer finds it would be insufficiently accurate and the proprietor shall promptly provide accurate equipment or means in lieu of the disapproved equipment or means.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended, 1358, as amended (26 U.S.C. 5006, 5204))

ENTRY AND EXAMINATION OF PREMISES

§ 19.86 Furnishing facilities and assistance.

On the demand of any ATF officer or agent, the proprietor shall furnish the necessary facilities and assistance to enable the officer or agent to gauge the spirits in any container or to examine any apparatus, equipment, containers, or materials on the distilled spirits plant premises. The proprietor shall also, on demand of an ATF officer or agent, open all doors, and open for examination all containers on the plant premises. The proprietor shall, on request of an ATF officer, furnish the exact locations (including the number of containers at each location) of all packages and similar portable approved containers within a given lot, and locations (i.e., buildings, rooms or areas) where spirits in cases are stored.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1357, as amended (26 U.S.C. 5203); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202))

GAUGING OF SPIRITS, WINES OR ALCOHOLIC FLAVORING MATERIALS

§ 19.91 Gauging.

(a) *Gauging of spirits and wine.* Gauges shall be made by the proprietor. However, the regional director (compliance) may require that such gauges be made in the presence of and be verified by an ATF officer. Gauges of spirits, denatured spirits, or wine shall be made in accordance with 27 CFR part 30 and as provided in this part. However, the gauge for wine that is to be transferred to a bonded wine cellar shall be recorded by kind and percent of alcohol by volume. When bulk spirits, denatured spirits, or wines are to be volumetrically measured, the measurement shall be in a tank or bulk conveyance for which a calibration chart is provided, by a meter approved under § 19.277, or, when approved by the Director, by other devices or methods. Calibration charts shall be certified as accurate by persons qualified to calibrate tanks or bulk conveyances. When spirits in bottles are gauged, the gauge may be established on the basis of legible case markings and label information, if (1) the bottles are full, and (2) there is no evidence that the bottles have been tampered with.

(b) *Gauging of alcoholic flavoring materials.* Each alcoholic flavoring material shall be gauged when dumped, except that when received from a manufacturer in a closed nonporous bottle, can, or package such material may be gauged by using the proof derived from the container label or a related statement of the proof from the manufacturer. When proof is determined from a label or manufacturer's statement, the proprietor shall periodically test a sufficient number of samples of the alcoholic flavoring material to verify the accuracy of the proof so determined and shall record the results of those tests on the gauge record. The regional director (compliance) may require that all alcoholic flavoring materials be gauged by the methods provided in 27 CFR part 30.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended, 1396, as amended (26 U.S.C. 5204, 5559))

§ 19.92 When gauges are required.

(a) *Initial proof.* Except for a gauge required by § 19.383 or § 19.517 or in any case where the proof changes as a result of a storage or processing operation, the initial determination of proof for distilled spirits, wine, or eligible flavors may be used whenever a subsequent gauge is required by this part to be made at the same plant.

(b) *Required gauges.* Spirits, wine and alcoholic flavoring materials shall be gauged whenever required by this part. Such gauges include:

- (1) Entered for deposit,
- (2) Filled into packages from storage tanks,
- (3) Transferred or received in bond,
- (4) Transferred between operational accounts,
- (5) Mixed in the manufacture of a distilled spirits product,
- (6) Reduced in proof prior to commencement of bottling,
- (7) Destroyed,
- (8) Removed or withdrawn from bond,
- (9) Returned to bond, or
- (10) As otherwise required by the regional director (compliance).

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended, 1396, as amended (26 U.S.C. 5204, 5559))

§ 19.93 Quantity determination of spirits in bond.

Where bulk spirits in bond are gauged for determination of tax, or are gauged in packages, the quantity shall be determined by weight pursuant to the provisions of 27 CFR part 30. In all other instances where spirits are gauged in bond, gauged for denaturation, or are gauged for transfer in bond or for withdrawal from bond free of tax or without payment of tax, the quantity may be determined by weight or volume. Volumetric determinations of quantity may be made by meters approved under § 19.277.

SECURING OF CONVEYANCES USED FOR
TRANSPORTING SPIRITS

§ 19.96 Securing of conveyances.

(a) *Construction for securing.* If a conveyance is required by this part to be secured, the conveyance shall be constructed in such manner that all openings, including valves (if any) on bulk conveyances, may be closed and secured.

(b) *Approval of securing devices.* (1) All seals, locks, or other devices that are required to be used on conveyances in which spirits are transferred in bond, or withdrawn free of tax or without payment of tax, shall be approved by the Director prior to use. However, cap seals, at least $\frac{3}{4}$ of an inch in diameter, and ball-strap-type (railroad) seals with a strap at least $\frac{5}{16}$ of an inch wide may be used on conveyances without prior approval of the Director. Such seals shall:

 - (v) Be made so that their being opened will leave evidence thereof.
- (2) Seals, locks or other devices that are used on conveyances to transport taxpaid spirits, or denatured spirits transferred in bond or withdrawn free of tax, need not be approved.

(c) *Furnishing and affixing securing devices.* (1) Seals, locks, or other devices for use on conveyances shall be furnished and affixed by the proprietor.

(2) The regional director (compliance) may, if he deems necessary, require conveyances in which spirits are: (i) transferred in bond, (ii) withdrawn free of tax, or (iii) withdrawn without payment of tax, to be secured by seals, locks, or other devices approved and furnished by the Bureau and affixed by an ATF officer.

(3) Seals, locks, or other devices shall be affixed:

- (i) As soon as the conveyance is loaded for shipment, and

(ii) In such a manner that access to the contents of the conveyance cannot be gained without showing evidence of tampering.

(4) The openings of bulk conveyances may be secured with permanent seals, locks, or other devices.

(d) *Numbers and marks on proprietor's securing devices.* Seals, locks, or other devices that are furnished by the proprietor for use on conveyances shall be serially numbered. Letter abbreviations of the name of a proprietor may not be used unless approved by the Director pursuant to written application.

Spirits or wines on which the tax has been paid or determined may be conveyed within a plant across bonded premises, but such spirits or wines shall not be stored or allowed to remain on the bonded premises and shall be kept separate and apart from spirits or wines on which the tax has not been paid or determined. However, spirits returned to bonded premises in accordance with the provisions of 26 U.S.C. 5215 shall be allowed to remain on the bonded premises.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1404, as amended, (26 U.S.C. 5201, 5612))

§ 19.98 Conveyance of untaxed spirits or wines within a distilled spirits plant.

Untaxed spirits or wines may be conveyed between different portions of the bonded premises of the same distilled spirits plant, across any other premises of such plant; or (by uninterrupted transportation) over any public thoroughfare; or (by uninterrupted transportation) over a private roadway if the owner, or lessee, of the roadway agrees, in writing, to allow ATF officers access to the roadway to perform their necessary duties. The conveyance of spirits or wines as authorized in this section is subject to the following conditions:

(a) The spirits or wines are not stored or allowed to remain on any premises of such plant other than bonded premises,

(b) The spirits or wines are kept completely separate and apart from spirits on which the tax has been paid or determined,

(c) A description of the means and route of the conveyance and of the portions of the distilled spirits plant between which spirits or wines will be conveyed, and a copy of any agreement furnished by the owner, or lessee, of a private roadway have been submitted to and approved by the regional director (compliance), and

Subpart E—[Reserved]

Subpart F—Location and Use

§ 19.131 Restrictions as to locations.

Distilled spirits plants shall not be located in any dwelling house, or in any shed, yard, or enclosure connected with any dwelling house, or on board any vessel or boat, or on premises where beer or wine is produced, or liquors of any description are retailed, or (except as provided in § 19.133) on premises where any other business is conducted.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.132 Continuity of premises.

The continuity of the distilled spirits plant shall be unbroken except for separations by public waterways, thoroughfares, or carrier rights-of-way. However, where there are other separations of the plant premises and all parts of the plant premises are in the same general location, the Director may approve the registration of the distilled spirits plant if he finds no jeopardy to the revenue.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.133 Use of distilled spirits plant premises.

(a) *General.* No business or operation shall be conducted on the premises of a distilled spirits plant other than those authorized in accordance with subpart D of this part or those authorized to be carried on or conducted by the notice of registration.

(b) *Bonded premises.* Bonded premises shall be used exclusively for distilled spirits operations. Spirits in packages,

cases, or other portable containers on bonded premises shall be stored in a room or building. However, upon application by the proprietor, the regional director (compliance) may approve an alternative method of storage of such spirits if such method is suitable for the protection of the revenue and the effective administration of this part.

(c) *General premises.* General premises are any portion of the distilled spirits plant described in the notice of registration other than bonded premises. General premises may not be used for any of the operations required to be conducted on bonded premises. Business offices and service facilities may be included as a part of general premises.

(Sec. 201, Pub. L. 85–859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.134 Bonded warehouses not on premises qualified for production of spirits.

(a) *Criteria for establishment.* (1) A bonded warehouse, other than one established on the bonded premises of a distilled spirits plant qualified for production of spirits, or contiguous to a distillery operated by the warehouseman, may be established if the need therefor is clearly shown and the prospective needs of the warehouseman will be for the bonded storage of not less than 250,000 wine gallons of bulk distilled spirits.

(2) When commercial bonded warehouses are not available in an area and it is impractical to have a warehouse of 250,000 wine gallon capacity, the regional director (compliance) may approve the establishment of a warehouse without regard to the minimum storage requirements.

(b) *Application.* (1) The application for registration to establish a warehouse shall be accompanied by a separate written application setting forth the necessity for the establishment of the warehouse.

(2) The application shall include:

(i) Approximate quantity of bulk spirits that will be received, stored, and withdrawn annually;

(ii) Probable number of depositors of spirits;

(iii) Approximate number of persons to be served from the warehouse; and

(iv) Data or documents indicating the prospective volume of business or need for establishment.

(c) *Approval.* (1) The regional director (compliance) may approve the application for registration if the proposed location of the warehouse will not be a jeopardy to the revenue and there is satisfactory evidence of the need for establishing a warehouse.

(2) The regional director (compliance) may also limit the type of operation to be conducted at a bonded warehouse established with less than the minimum storage requirements.

(d) *Special condition.* The proprietor of a warehouse established for a limited type of operation shall not, in any manner, expand or change his operation to include any other type of operations until, pursuant to written application to make such change, he has obtained the approval of the regional director (compliance).

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178); sec. 805a, Pub. L. 96-39, 93 Stat. 275 (26 U.S.C. 5171))

Subpart G—Qualification of Distilled Spirits Plants

§ 19.151 General requirements for registration.

(c) *Registration.* Each person shall, before commencing operations at a distilled spirits plant, make application for and receive notice of registration of his plant with respect to such operations as provided in this part. Application for registration shall be made on Form 5110.41 to the regional director (compliance). Each application shall be executed under penalties of perjury, and all written statements, affidavits, and other documents submitted in support of the application or incorporated by reference shall be deemed to be a

part thereof. The regional director (compliance) may, in any instance where the outstanding notice of registration is inadequate or incorrect in any respect, require the filing of an application on Form 5110.41 to amend the notice of registration, specifying the respects in which amendment is required. Within 60 days after the receipt of such notice, the proprietor shall file such application.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended (26 U.S.C. 5172); sec. 805(a), Pub. L. 96-39, 93 Stat. 275 (26 U.S.C. 5171))

§ 19.201 Procedure for alternating proprietors.

(a) *General.* A plant, or any part thereof which is suitable for qualification as a separate plant, may be operated alternately by proprietors who have filed and received approval of the necessary bonds and applications for registration, and have otherwise qualified under the provisions of this subpart. Where operations by alternating proprietors are limited to parts of the plant, the notice of registration shall describe the areas, rooms or buildings or combination thereof, which will be alternated, and shall be accompanied by special diagrams designating the parts of the plant which are to be alternated. A special diagram shall be submitted for each arrangement under which the premises will be operated. Once such qualifying documents have been approved, and initial operations have been conducted thereunder, the

plant, or parts thereof, may be alternated by the proprietor filing notices on Form 5110.34 with the regional director (compliance). Any transfer of spirits, denatured spirits, and wines shall be indicated on Form 5110.34 filed by each proprietor.

(b) *Production.* Distilling materials and unfinished spirits in any bonded areas, rooms or buildings to be alternated shall be processed to completion by the outgoing proprietor unless transferred to the incoming proprietor. All finished spirits shall be marked and removed by the outgoing proprietor in the name in which produced, before production gauge is made of any spirits by the incoming proprietor.

(c) *Storage.* Spirits and wines in any bonded areas, rooms, or buildings to be alternated shall be transferred in bond to the incoming proprietor. The outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue in effect the operations or unit bond whenever operation of the areas, rooms, or buildings is to be resumed by him following suspension of operations by an alternate proprietor.

(d) *Processing.* Spirits, denatured spirits, wines and articles in any rooms, areas, or buildings to be alternated shall be processed to completion and removed from the affected areas, rooms, or buildings by the outgoing proprietor prior to the effective date and hours given in the notice unless transferred or retained in locked tanks as provided in this paragraph. Spirits, denatured spirits, and wines may be transferred to the incoming proprietor. Further, the outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue in effect the operations or unit bond whenever operation of the affected areas, rooms, or buildings is to be resumed by him following suspension of operations by the alternate proprietor. Denatured spirits and articles may be retained in tanks locked by approved locks, the keys to which are in the custody of the outgoing proprietor. In this case, the outgoing proprietor shall execute a consent of surety on Form 1533 (5000.18) to continue liability on the operations or unit bond for the tax on such denatured spirits or articles retained in such

tanks, notwithstanding the change in proprietorship.

(e) *Records.* Each proprietor shall maintain separate records and submit separate reports. Records kept by the outgoing proprietor for spirits, wines, and alcoholic flavoring materials may be used by the incoming proprietor. All transfers of distilling materials, unfinished spirits, spirits, denatured spirits, and wines shall be reflected in the records of each proprietor.

The use of the excluded portion of the premises for customs purposes is subject to the approval of the district director of customs. When it is necessary to convey spirits in customs custody across the premises of a distilled spirits plant, the proprietor shall comply with the provisions of § 19.99. Once such qualifying documents have been approved by the regional director (compliance), the designated premises and equipment may be alternately curtailed or extended pursuant to notice on Form 5110.34. Portions of the premises to be excluded

by curtailment or included by extension shall not be used for purposes other than as set forth in the current notice. The proprietor shall remove all spirits from the premises or equipment affected by the notice prior to the effective date and hours of the notice. (b) *Separation of premises.* The portion of the premises which is to be excluded from the distilled spirits plant premises as provided in this section shall be separated from the remaining portion of the distilled spirits plant premises in a manner which satisfies the regional director (compliance) that the revenue will not be jeopardized.

(c) *Exception.* Notwithstanding the provisions of paragraphs (a) and (b) of this section, the bonded premises may be used temporarily without filing Form 5110.41 or Form 5110.34, for the sole purpose of gauging bulk distilled spirits to effect their transfer from customs custody to ATF bond.

§ 19.231 Filing of operations or unit bonds.

Every person intending to establish a distilled spirits plant shall file an operations or unit bond as prescribed in this subpart, covering distilled spirits operations at such plant, with the regional director (compliance), at the time of filing the original application for registration of the plant, and at such other times as are required by this part. Chapter 51, and shall pay all penalties incurred or fines imposed for violation of any such provisions. The regional director (compliance) may require, in connection with any operations or unit bond, a statement, executed under the penalties of perjury, as to whether the principal or any person owning, controlling, or actively participating in the management of the business of the principal has been convicted of or has compromised any offense set forth in § 19.237(a)(1) or has been convicted of any offense set forth in § 19.237(a)(2). In the event the above statement contains an affirmative answer, the applicant shall submit a statement describing in detail the circumstances surrounding such conviction or compromise. No person shall commence or continue distilled spirits operations at such plant unless he has a valid operations or unit bond (and consent of surety, if necessary), as required in respect of such operations by this part.

(a) *General.* A wine cellar under the provisions of 27 CFR part 24 shall be treated as being adjacent to a distilled spirits plant if—

(1) Such distilled spirits plant is qualified under subpart G for the production of distilled spirits; and

(2) Such wine cellar and distilled spirits plant are operated by the same person (or in the case of a corporation, by such corporation and its controlled subsidiaries). For the purpose of this section a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation.

(b) *Bond in lieu of wine cellar bond.* In the case of an adjacent bonded wine

cellar, a bond furnished under this subpart which covers operations at such bonded wine cellar shall be in lieu of any bond which would otherwise be required under 26 U.S.C. 5354 with respect to such wine cellar (other than supplemental bonds required under the second sentence of 26 U.S.C. 5354) and the operations bond listed in § 19.245(a)(1).

(c) *Liability.* Bonds given under this section shall contain the terms and conditions of the bonds in lieu of which they are given. The total amount of such operations bond shall be available for the satisfaction of any liability incurred under the terms or conditions of such bond.

§ 19.242 Area operations bond.

Any person (or, in the case of a corporation, a corporation and its controlled subsidiaries) operating more than one plant in a region may give an area operations bond covering the operation of any two or more of such plants, and any bonded wine cellars which are adjacent to such plants and which otherwise could be covered by an operations bond. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. Bonds given under this section shall be in lieu of the bonds which would be required under § 19.245(a) and shall contain the terms and conditions of such bonds. If the area operations bond covers the operations of more than one corporation, each corporation shall be shown as principal, and the bond shall be signed for each corporation. The total amount of the area operations bond shall be available for the satisfaction of any liability incurred under the terms or conditions of such bond.

(Sec. 805(c), Pub. L. 96-39, 93 Stat. 276 (26 U.S.C. 5173))

§ 19.243 Withdrawal bond.

Any person (or, in the case of a corporation, a corporation and its controlled subsidiaries) operating one or

more distilled spirits plants within a region and who intends to withdraw spirits from bond on determination, but before payment, of the tax shall, before making any such withdrawal, furnish a withdrawal bond to secure payment of the tax on all spirits so withdrawn. Such bond shall be in addition to the operations bond, and if the distilled spirits are withdrawn under the withdrawal bond, the operations bond shall no longer cover liability for payment of the tax on the spirits withdrawn. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. The bond, if it covers more than one plant, shall show as to each plant covered by the bond the part of the total sum which represents the penal sum (computed in accordance with § 19.245) for each such plant. If the penal sum of the bond covering a plant, or the penal sum allocated to any plant (where the bond covers more than one plant), is in an amount less than the maximum prescribed in § 19.245, withdrawals from such plant shall not exceed the quantity permissible, as reflected by the penal sum in the bond for such plant. Such withdrawal bond shall be conditioned that the total amount of the bond shall be available for satisfaction of any liability incurred under the terms and conditions of such bond.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173))

§ 19.244 Unit bond.

Any person (or, in the case of a corporation, a corporation and its con-

trolled subsidiaries) who would otherwise be required to give bonds for both operations at one or more distilled spirits plants (and any adjacent bonded wine cellars) and withdrawals from one or more distilled spirits plants within a region may, in lieu of furnishing separate bonds for operations and withdrawals, furnish a unit bond containing the terms and conditions of the bonds in lieu of which it is given. For the purpose of this section, a controlled subsidiary is a corporation where more than 50 percent of the voting power is controlled by the parent corporation. The unit bond shall show as to each plant covered by the bond the part of the total sum which represents the penal sum (computed in accordance with § 19.245) for operations at and withdrawals from each plant. If the penal sum of the bond covering a plant, or the penal sum allocated to any plant (if the bond covers more than one plant), is in an amount less than the maximum prescribed in § 19.245, operations at and/or withdrawals from such plant shall not exceed the quantity permissible as reflected by the penal sum in the bond for such plant. The unit bond shall be conditioned that the total amount of the bond shall be available for satisfaction of any liability incurred under the terms and conditions of such bond.

(4) Tanks used for determining the tax imposed by 26 U.S.C. 5001 shall be mounted on scales and an additional suitable device shall be provided so that the volume of the contents can be quickly and accurately determined.

(5) The proprietor shall install walkways, landings and stairways which will permit safe access to all parts of a tank.

(6) Tanks in which gauges required by this part are to be made shall not be used until they are accurately calibrated and a statement of certification of accurate calibration is included in the notice of registration.

(7) If tanks or their fixed gauging devices are moved in location or position subsequent to original calibration, the

tanks shall not be used until recalibrated.

(8) All tanks shall be equipped or situated so that they may be locked or otherwise secured.

(9) Any tank vents, flame arresters, foam devices, or other safety devices shall be constructed to prevent extraction of spirits or wines.

(b) *Scale tanks.* (1) Beams or dials of scale tanks used for determining the tax imposed by 26 U.S.C. 5001 shall have minimum graduations not greater than the following:

Quantity to be weighed	Minimum graduation
Not exceeding 2,000 pounds	½ pound;
Between 2,000 and 6,000 pounds	1 pound;
Between 6,000 and 20,000 pounds	2 pounds;
Between 20,000 and 50,000 pounds	5 pounds;
Over 50,000 pounds	10 pounds.

(2) For scales having a capacity greater than 2,000 pounds, the minimum quantity which may be entered onto the weighing tank scale for gauging for tax determination shall be the greater of

(i) 1,000 times the minimum graduation of the scale or

(ii) 5 percent of the total capacity of the weighing tank scale.

(3) The weighing of lesser quantities for determination of tax may be authorized by the regional director (compliance) where the beam of the scale is calibrated in ½ pound or 1 pound graduations and it is found by actual test that the scales break accurately at each graduation.

(4) Lots of spirits weighing 1,000 pounds or less shall be weighed on scales having ½ pound graduations.

(c) *Testing of scale tanks.* (1) Proprietors shall ensure the accuracy of scales used for weighing lots of spirits or denatured spirits through tests conducted at intervals of not more than 6 months, and whenever scales are adjusted or repaired.

(2) Proprietors shall also test, at least once a month, the gallonage represented to be in a scale tank against the gallonage indicated by volumetric determination of the contents of the tank. However, if the scale is not used during a month the volumetric determination need only be verified at the next time actually used.

(3) The volumetric determination shall be made in accordance with 27 CFR part 30, and if the variation exceeds 0.5 percent of the quantities shown to be in the tank, the proprietor shall take appropriate steps to have the accuracy of the scale verified.

(4) When an ATF officer determines that a tank scale may be inaccurate, the proprietor shall have the accuracy of the scale tested.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended, 1358, as amended, 1391, as amended (26 U.S.C. 5006, 5204, 5505))

§ 19.274 Pipelines.

(a) *General.* (1) Pipelines for the conveyance of spirits, denatured spirits, articles, or wines shall be of permanent character and constructed, connected, arranged, and secured so as to afford adequate protection to the revenue and to permit ready examination. However, the regional director (compliance) may approve pipelines which may not be readily examined if no jeopardy to the revenue is created.

(2) Where a pipeline connection must be flexible, a hose may be used if connected and secured so as to protect the revenue.

(b) *Identification.* The regional director (compliance) may require permanent pipelines for conveyance of spirits or denatured spirits to be color coded to provide identification.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.275 Continuous distilling system.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.276 Package scales.

Proprietors shall ensure the accuracy of scales used for weighing packages of spirits through tests conducted at intervals of not more than 6 months or whenever scales are adjusted or repaired. However, if the scales are not used during such period, the scales need only be tested prior to use. Scales used to weigh packages designed to

hold 10 wine gallons or less shall indicate weight in ounces or in hundredths of a pound.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 19.277 Measuring devices and proofing instruments.

(a) *General.* Proprietors shall provide for their own use accurate hydrometers, thermometers, and other necessary equipment to determine proof or volume.

(b) *Instruments.* Hydrometers and thermometers used by proprietors to gauge spirits shall show subdivisions or graduations of proof and temperature which are at least as delimited as those prescribed in 27 CFR part 30. Proprietors shall make frequent tests of their hydrometers and thermometers, and, if they appear to be in error in excess of one subdivision, the instruments shall not be used until they are further tested and certified as accurate by the manufacturer or another qualified person.

(c) *Meters.* The regional director (compliance) may approve applications to measure spirits by meter for purposes other than tax determination. Applications shall include sufficient technical data, such as the make, model and accuracy tolerance, to enable the regional director (compliance) to evaluate the suitability of the meter for its intended use. Corrections for temperature of the spirits being measured shall be made in conjunction with the volumetric measurement of spirits by meter. If a meter does not have a temperature compensating feature, temperature correction shall be ascertained and made from a representative sample taken from the spirits being measured.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended (26 U.S.C. 5204))

§ 19.278 Identification of structures, areas, apparatus, and equipment.

(a) Each room or enclosed area where spirits, denatured spirits, articles, wine, distilling or fermenting materials, or containers are held, and each building, within the plant, shall be appropriately marked with a distinguishing number or letter.

(b) Each tank or receptacle for spirits, denatured spirits, or wine shall be marked to show a unique serial number and capacity.

(c) Each still, fermenter, cooker, and yeast tank shall be numbered and marked to show its use.

(d) All other major equipment used for processing or containing spirits, denatured spirits, or wine, or distilling or fermenting material, and all other tanks, shall be identified as to use unless the intended purpose is readily apparent.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.279 Office facilities.

(a) If the regional director (compliance) assigns on a continuing basis an ATF officer to a plant to supervise operations, the proprietor shall provide an office at the distilled spirits plant for the exclusive use of ATF officers in performing their duties. The office shall be provided with adequate office furniture, lighting, ventilation, heating, and toilet and lavatory facilities. A secure cabinet, fitted for locking with a Government lock and of adequate size, shall also be provided by the proprietor. The office, facilities, and equipment provided by the proprietor shall be subject to the approval of the regional director (compliance). Where suitable facilities are otherwise available, the regional director (compliance) may waive the requirements for a separate Government office.

(b) If an ATF officer is not assigned to a plant on a continuing basis, the regional director (compliance) may require the proprietor to provide for Government use a cabinet as specified in paragraph (a) of this section.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.280 Signs.

The proprietor shall place and keep conspicuously on the outside of his place of business a sign showing the name of the proprietor and denoting the business, or businesses, in which engaged.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1355, as amended (26 U.S.C. 5180))

§ 19.281 Security.

(a) *General.* The proprietor shall provide adequate security measures at the distilled spirits plant to protect the revenue.

(b) *Buildings.* The buildings, rooms, and partitions shall be constructed of substantial materials. Doors, windows, or any other openings to the building shall be secured or fastened during times when distilled spirits plant operations are not being conducted.

(c) *Outdoor tanks.* Outdoor tanks containing spirits, denatured spirits, or wine shall be individually locked or locked within an enclosure when they are not in use.

(d) *Indoor tanks.* Indoor tanks containing spirits, denatured spirits, or wines or the rooms or buildings in which they are housed, shall be equipped so that they may be secured.

(e) *Approved locks.* (1) Approved locks shall be used to secure:

(i) Outdoor tanks containing spirits in the storage account or on an enclosure around such tanks;

(ii) Indoor tanks containing spirits in the storage account or on the door from which access may be gained from the outside to the rooms or buildings in which such tanks are housed; and

(iii) Any doors from which access may be gained from the outside to rooms or buildings containing spirits in portable bulk containers in the storage account.

(2) Approved locks shall meet the following minimum specifications:

(i) Corresponding serial number on the lock and on the key, except for master key locking systems;

(ii) Case hardened shackle at least one-fourth inch in diameter, with heel and toe locking;

(iii) Body width of at least 2";

(iv) Captured key feature (key may not be removed while shackle is unlocked);

(vi) Lock or key contains no biting data.

Master key locking systems may be used at the option of the proprietor. Locks meeting the specifications in this section are approved locks for the purpose of 26 U.S.C. 5682. Proprietors

who wish to use locks of unusual design, which do not meet the specifications in this part, shall submit an example or prototype of the lock to the Director, through the regional director (compliance), with a request that the lock be approved for use. The Director may require submission of the lock for testing prior to approval.

(f) *Additional security.* Where the regional director (compliance) finds the construction, arrangement, equipment, or protection inadequate, additional security shall be provided (i.e., fences, flood lights, alarm systems, guard services) or changes in construction, arrangement, or equipment shall be made to be extent necessary to protect the revenue.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended, 1410, as amended (26 U.S.C. 5178, 5682); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202))

§ 19.282 Breaking Government locks.

Where affixed, Government locks shall not be removed without the authorization of the area supervisor or an ATF officer, except where a person or property is in imminent danger from a disaster or other emergency. When a disaster or other emergency occurs, and it is impractical to first obtain authorization from an ATF officer, Government locks may be removed, by the proprietor, or by police or firefighters. When such action is taken, the proprietor shall see that security measures are taken to prevent illegal removal of spirits and, as soon as practical, shall notify the area supervisor of the action taken and submit within 5 days a written report, executed under the penalties of perjury, describing the emergency and the action.

(Sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202))

Subpart J—Production

§ 19.311 Notice by proprietor.

(a) *Commencement of operations.* The proprietor shall, before commencing production operations or resuming production operations after having given notice of suspension, file a notice on Form 5110.34 with the area supervisor, specifying the date on which he desires

to commence or resume operations for the production of spirits. The notice shall be filed in accordance with the instructions on the form. The proprietor shall not commence or resume operations prior to the time specified in the notice.

(b) *Suspension of operations.* Any proprietor desiring to suspend production operations for a period of 90 days or more shall file notice on Form 5110.34 with the area supervisor specifying the date on which he will suspend operations. The notice shall be filed in accordance with instructions on the form. In case of an accident which makes it apparent that operations cannot be conducted for 90 days or more, the proprietor shall give immediate notice of suspension on Form 5110.34.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1364, as amended (26 U.S.C. 5221))

§ 19.312 Receipt of materials.

The quantities of fermenting and distilling materials (including nonpotable chemical mixtures containing spirits produced in accordance with § 19.67), and of spirits, denatured spirits, articles, and spirits residues, for redistillation, received on bonded premises shall be determined by the proprietor, and reported as provided in subpart W of this part. Fermented material (except apple cider exempt from tax under 26 U.S.C. 5042(a)(1)) to be used in the production of spirits shall be produced on the bonded premises where used or must be received on the premises from (a) a bonded wine cellar, in the case of wine, or (b) a contiguous brewery where produced, in the case of beer.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1365, as amended (26 U.S.C. 5201, 5222, 5223))

§ 19.313 Use of materials in production of spirits.

The proprietor may produce spirits from any suitable material in accordance with statements of production procedure in his notice of registration. The distillation of nonpotable chemical mixtures received pursuant to application as provided in § 19.67 shall be deemed to be the original and continuous distillation of the spirits in such mixtures and to constitute the production of spirits. Materials from which

alcohol will not be produced may be used in production only if the use of the materials is described in approved statements of production procedure.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1353, as amended (26 U.S.C. 5172, 5178))

§ 19.314 Removal of fermenting material.

Material received for use as fermenting material may be removed from or used on bonded premises for other purposes. A record of use or removal shall be kept as provided in subpart W of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.315 Removal or destruction of distilling material.

Except as provided in this section, distilling material shall not be removed from bonded premises before being distilled. The proprietor may remove mash, wort, wash or other distilling material—(a) to plant premises, other than bonded premises for use in such businesses as may be authorized under § 19.72; (b) to other premises for use in processes not involving the production of (1) spirits, (2) alcoholic beverages, or (3) vinegar by the vaporizing process; or (c) for destruction. The residue of distilling material not introduced into the production system may be removed from the premises if the liquid is expressed from the material before removal and such liquid is not received at any distilled spirits plant or bonded wine cellar. Residue of beer used as distilling material may be returned to the producing brewery. Distilling material produced and wine and beer received for use as distilling material may be destroyed. A record of removal or destruction shall be kept as provided in subpart W of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1365, as amended, 1381, as amended (26 U.S.C. 5222, 5370))

§ 19.316 Distillation.

The distillation of spirits shall be such that the spirits pass through a continuous system from the first still or other production equipment where access to the system would constitute

a jeopardy to the revenue until the production of the spirits is completed. The distiller may, in the course of production, convey the product through as many distilling or other production operations as desired, provided the operations are continuous. Distilling operations are continuous when the spirits are conveyed through the various steps of production as expeditiously as plant operation will permit. The collection of unfinished spirits for the purpose of redistillation is not deemed to be a break in the continuity of the distilling procedure. However, the quantity and proof of any unfinished spirits produced from distilling materials, the quantity of which was ascertained in the manner authorized in § 19.732(c) for such materials, shall be determined and recorded before any mingling with other materials or before any further operations involving the unfinished spirits outside the continuous system. Spirits may be held, prior to the production gauge, only for so long as is reasonably necessary to complete the production procedure.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended, 1362, as amended, 1365, as amended (26 U.S.C. 5178, 5211, 5222))

§ 19.317 Treatment during production.

Spirits may, in the course of original and continuous distillation, be purified or refined through, or by use of, any material which will not remain incorporated in the finished product. Juniper berries and other natural aromatics, or the extracted oils of such, may be used in the distillation of gin. Spirits may be percolated through or treated with oak chips which have not been treated with any chemical. Materials used in treatment of spirits, and which do not remain in the spirits, shall be destroyed or so treated as to preclude the extraction of potable spirits therefrom.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.318 Addition of caramel to rum or brandy and addition of oak chips to spirits.

Caramel possessing no material sweetening properties may be added to rum or brandy on bonded premises prior to production gauge. Oak chips

which have not been treated with any chemical may be added to packages prior to or after production gauge; however, notation to that effect shall be made on the record of production gauge as provided in § 19.319.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.319 Production gauge.

(a) *General.* All spirits shall be gauged by determining quantity and proof within a reasonable time after production is completed. Except as otherwise specifically provided in this section, quantities may be determined by volume or by weight, by approved meter, or, when approved by the Director, by other devices or methods which accurately determine the quantities. If caramel is added to brandy or rum, the proof of the spirits shall be determined after the addition. Spirits in each receiving tank shall be gauged before reduction in proof and both before and after each removal of spirits therefrom. The gauges shall be recorded by the proprietor in the records required by § 19.736.

(b) *Tax to be determined on production gauge.* Tax may be determined on the basis of the production gauge if:

(1) Spirits are weighed into bulk conveyances;

(2) Spirits are uniformly filled by weight into metal packages; or

(3) Spirits are filled by weight into packages for immediate withdrawal from bonded premises and the details of the gauge for each package are recorded on a package gauge record according to § 19.769.

Transaction records shall be marked "Withdrawal on Production Gauge."

(c) *Tax not to be determined on production gauge.* If spirits are drawn from the production system into barrels, drums, or similar portable containers of the same rated capacity and the containers are filled to capacity, and the tax is not to be determined on the basis of the production gauge, the gauge may be made by:

(1) Weighing in a tank, converting the weight into proof gallons, and determining the average content of each container; or

(2) Measuring volumetrically, in a calibrated tank, converting the wine

gallons determined into proof gallons, and determining therefrom the average content of each container; or

(3) Converting the rated capacity into proof gallons to determine the average content of each container; or

(4) Determining by a device or method approved under the provisions of paragraph (a) of this section, the total quantity filled into containers, and determining therefrom the average content of each container. Rated capacity of new cooperage shall be as prescribed by specifications of the manufacturer, or in the case of used cooperage, as determined by the proprietor.

(d) *Records of production gauge.* In computing the production gauge on the basis of average content of packages as provided in paragraph (c) of this section, fractional proof gallons shall be rounded to the nearest one-tenth and the average content so determined and the number of packages filled shall be used in computing the quantity produced. A separate gauge record, as prescribed in § 19.768, shall be prepared for each lot of packages filled (see § 19.593(b)) and for each removal by pipeline or bulk conveyance for deposit in bond on the same plant premises. The gauge record shall indicate "Deposit in storage" or "Deposit in processing." If spirits are to be transferred in bond, or withdrawn from bond, as authorized by this part, the production gauge shall be made on the form or record required by this part for the transaction (accompanied by a package gauge record, if required). Each transaction form or record and each package gauge record, if any, shall show:

(1) The real name (or basic operating name as provided in § 19.280) of the producer, and, if the spirits are produced under a trade name, the trade name under which produced.

(2) For each remnant container, the actual proof gallons in the container.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended, 1362, as amended (26 U.S.C. 5204, 5211))

§ 19.320 Identification of spirits.

At the time of production gauge, containers of spirits shall be identified by the proprietor in accordance with subpart R of this part. When the proprietor desires to enter spirits into bonded

§ 19.321

storage for subsequent packaging in wooden packages, he may identify such spirits with the specific designation to which they would be entitled if drawn into wooden packages, followed by the word "Designate," for example, "Bourbon Whisky Designate."

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1360, as amended (26 U.S.C. 5201, 5206))

§ 19.321 Entry.

Pursuant to the production gauge, the proprietor shall make appropriate entry for (a) deposit of the spirits on bonded premises for storage or processing, (b) withdrawal of the spirits on determination of tax, (c) withdrawal of the spirits free of tax, (d) withdrawal of the spirits without payment of tax, or (e) transfer of the spirits for redistillation. Entry for deposit on the bonded premises of the same plant premises shall be made on a gauge record, prepared according to § 19.768. When spirits are entered for deposit on another plant premises or are entered for withdrawal or redistillation, the applicable provisions of subpart K or subpart P of this part shall be followed.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1362, as amended (26 U.S.C. 5211))

§ 19.322 Distillates containing extraneous substances.

(a) *Use in production.* Distillates containing substantial quantities of fusel oil, aldehydes, or other extraneous substances may be removed from the distilling system prior to the production gauge for addition to fermenting or distilling material at the distillery where produced. Distillates removed from the distilling system under the provisions of this paragraph shall be added promptly to the fermenting or distilling material.

(b) *Use at bonded wine cellar.* Distillates containing aldehydes may be removed, without payment of tax, to an adjacent bonded wine cellar for use therein for fermentation of wine to be used as distilling material at the distilled spirits plant from which the distillates were removed. The gauge and removal of distillates to an adjacent bonded wine cellar shall be in accordance with applicable provisions of subpart P of this part relating to with-

27 CFR Ch. I (4-1-97 Edition)

drawal of wine spirits for use in wine production and the receipt and use of such distillates at an adjacent bonded wine cellar shall be in accordance with the provisions of 27 CFR part 240.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1365, as amended, 1382, as amended (26 U.S.C. 5201, 5222, 5373))

FORMULA

§ 19.324 Statement of production procedure or Form 5110.38.

(a) A statement of production procedure is required as provided in § 19.170 for the production of spirits from original sources or substances.

(b) As provided in 27 CFR 5.27, an approved formula on Form 5110.38 is required for the redistillation of spirits in the production account.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1365, as amended, 1395, as amended (26 U.S.C. 5201, 5222, 5223, 5555))

CHEMICAL BY-PRODUCTS

§ 19.326 Spirits content of chemicals produced.

All chemicals produced, including chemical by-products of the spirits production system, shall be substantially free of spirits before being removed from bonded premises. Except as authorized by the Director, the spirits content of such chemicals to be removed from bonded premises shall not exceed 10 percent by volume. Proprietors shall test chemicals for spirits content. Records of the tests will be maintained according to § 19.736.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.327 Disposition of chemicals.

Chemicals meeting the requirements in § 19.326 may be removed from bonded premises by pipeline or in such containers as the proprietor may desire. The quantities of such chemicals removed from bonded premises shall be determined by the proprietor and records of removals maintained according to § 19.736. Packages of such chemicals shall be appropriately marked by the proprietor to show the nature of

the contents. Samples of such chemicals may be secured by ATF officers.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1365, as amended (26 U.S.C. 5201, 5222))

§ 19.328 Wash water.

Water used in washing chemicals to remove spirits therefrom may be run into a wash tank or a distilling material tank, or otherwise properly destroyed or disposed of on the premises.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended, 1356, as amended (26 U.S.C. 5008, 5201))

INVENTORIES

§ 19.329 Production inventories.

Each distiller shall take a physical inventory of the spirits and denatured spirits in tanks and other vessels in the production account at the close of each calendar quarter and at such other times as the regional director (compliance) may require. The inventory shall show separately spirits and denatured spirits received for redistillation.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

Subpart K—Redistillation

§ 19.331 General.

Distillers or processors may redistill spirits, denatured spirits, articles, and spirits residues. Certain products may only be redistilled pursuant to an approved formula on Form 5110.38, as specified in 27 CFR 5.27.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1365, as amended (26 U.S.C. 5223))

§ 19.332 Receipts for redistillation.

Proprietors may receive and redistill spirits or denatured spirits which (a) have not been removed from bond; (b) have been withdrawn from bond on payment or determination of tax, and are eligible for return to bond as provided in subpart U of this part; (c) have been withdrawn from bond free of tax or without payment of tax, and are eligible for return to bond as provided in subpart U; or (d) have been abandoned to the United States and sold to the proprietor without the payment of tax. Proprietors may also receive and redis-

till recovered denatured spirits and recovered articles returned under the provisions of § 19.683, and articles and spirits residues received under the provisions of § 19.684.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1365, as amended 1370, as amended (26 U.S.C. 5201, 5223, 5243); sec. 807, Pub. L. 96-93 Stat. 285 (26 U.S.C. 5215))

§ 19.333 Redistillation.

Spirits shall not be redistilled at a proof lower than that prescribed for the class and type at which such spirits were originally produced, unless the redistilled spirits are to be used in wine production, to be used in the manufacture of gin or vodka, or to be designated as alcohol. Different kinds of spirits must be redistilled separately, or with distilling material of the same kind or type as that from which the spirits were originally produced. However, such restriction shall not apply when (a) brandy is redistilled into "spirits-fruit" or "neutral spirits-fruit" (not for use in wine production), (b) whiskey is distilled into "spirits-grain" or "neutral spirits-grain", (c) spirits originally distilled from different kinds of material are redistilled into "spirits-mixed" or "neutral spirits-mixed", or (d) the spirits are redistilled into alcohol. All spirits redistilled subsequent to production gauge shall be treated the same as if such spirits had been originally produced by the redistiller and all provisions of this part and 26 U.S.C. Chapter 51 (including liability for tax attaching to spirits at the time of production) applicable to the original production of spirits shall be applicable thereto, except that spirits recovered by redistillation of denatured spirits, articles, or spirits residues may not be withdrawn from bonded premises except for industrial use or after denaturation thereof. The obscuration shall be determined after the sample has been reduced to within one degree of the proof at which the spirits will be bottled. Only water may be added to a lot of spirits to be bottled for which the determination of proof obscuration is made from a sample under this section. The proof obscuration for products gauged pursuant to this section shall be frequently verified by testing samples taken from bottling tanks prior to commencement of bottling.

(2) If the regional director (compliance) finds that a proprietor's test procedures do not protect the revenue and ensure label accuracy of the bottled product, the regional director may require corrective measures.

(b) *Variations in alcohol content and fill.* The proprietor shall rebottle, recondition, or relabel spirits if the bottle contents do not agree with the respective data on the label or bottle as to:

(1) Quantity (fill), except for such variation as may occur in filling conducted in compliance with good commercial practice with an overall objective of maintaining 100 percent fill for spirits bottled; and/or

(2) Alcohol content, subject to a normal drop in alcohol content which may occur during bottling operations not to exceed:

(i) 0.25 percent alcohol by volume for products containing solids in excess of 600 mg per 100 ml, or

For example, a product with a solids content of less than 600 mg per 100 ml, labeled as containing 40 percent alcohol by volume and bottled in a 750 ml bottle, would be acceptable if the test for alcohol content found that it contained 39.85 percent alcohol by volume.

(c) *Records.* Proprietors shall record the results of all tests of alcohol content and quantity (fill) in the record required by § 19.750.

Where incident to bottling there remain bottles less than the number necessary to fill a case, the bottles, after being affixed with closures or other devices and labeled, may be marked as a remnant case as provided in subpart R of this part or kept uncased on the bonded premises until spirits of the same kind are again bottled. Appropriate notation shall be made on the bottling and packaging record to cover the bottling and disposition of the remnant. If the remnant is subsequently used to complete the filling of a case, an accounting shall be made on the subsequent bottling and packaging record showing the use of the remnant by adding the remnant gallonage to the

quantity to be accounted for together with appropriate notation explaining the transactions.

All bottles containing spirits bottled for export shall have securely affixed thereto a label showing the following:

- (a) Kind of spirits;
- (b) Percent-alcohol-by-volume of the spirits;
- (c) Net contents, unless the markings on the bottle indicate such contents; and

The net contents and proof may be stated in the units of measurement of the foreign country provided the proprietor maintains a record of the equivalent units as they would be required to be expressed if bottled for domestic consumption. The Director may waive the requirement of showing any of the information required by this section, other than the kind of spirits, upon a showing that the country to which the spirits are to be exported prohibits the showing of such information. With respect to kind of spirits, the Director may waive the designation required by 27 CFR 5.22, only to the extent that the label need not bear the word "diluted" on distilled spirits bottled below the minimum bottling proof, provided this is in accordance with the rules of the countries to which such product is to be exported.

§ 19.508 Consignor premises.

(a) *General.* (1) A transfer record shall be prepared according to § 19.770 by (i) the consignor proprietor of a distilled spirits plant (A) to cover the transfer of spirits or denatured spirits in bond to another distilled spirits plant, pursuant to an approved application on Form 5100.16, (B) to cover the transfer in bond of spirits or denatured spirits to an alcohol fuel plant, or (C) to cover the transfer of wine in bond to the bonded premises of a distilled spirits plant or bonded wine cellar; or (ii) the consignor proprietor of an alcohol fuel plant to cover the transfer of spirits to the bonded premises of a distilled spirits plant pursuant to an approved application on Form 5100.16. Except as otherwise provided herein, a transfer record shall be prepared for each conveyance. The proprietor shall also enter on the transfer record the serial numbers of any seals or other devices affixed to a conveyance used for shipment of spirits, or denatured spirits. On completion of lading (or completion of transfer by pipeline), the proprietor shall retain one copy of the transfer record and one copy of any accompanying document for his files and forward the original of the transfer record and

any accompanying document to the consignee (to accompany the shipment, if by truck).

(2) Spirits or denatured spirits produced from petroleum, natural gas, or coal may not be transferred to alcohol fuel plants qualified under 26 U.S.C. 5181.

(3) The consignor proprietor may cover on one transfer record all packages of spirits shipped by truck on the same day from his bonded premises to the bonded premises of another plant. In such case, the proprietor shall prepare a shipment and delivery order for each shipment, showing the number of packages, their package identification or serial numbers, the name of the producer, warehouseman, or processor, and the serial numbers of the seals or other devices (if any) applied to the truck. Such shipping and delivery order shall be properly authenticated and shall constitute a complete record of the spirits so transferred in each truck each day. A copy of each shipping and delivery order shall be retained by the consignor. On completion of the lading of the last truck for the day, the proprietor shall retain one copy of the transfer record and one copy of any accompanying document for his files and forward the original of the transfer record and any accompanying document to the consignee.

(b) *Packages.* When spirits are to be transferred in bond in packages, the consignor proprietor shall weigh each package, except (1) when the transfer is to be made in a secured conveyance, (2) when the individual packages have been securely sealed by the proprietor, or (3) when this requirement has been waived by the regional director (compliance) on a finding that, because of the location of the premises and the proposed method of operation, there will be no jeopardy to the revenue. When packages are weighed at the time of shipment, the proprietor shall assign temporary serial numbers to the packages and show for each package its gross shipment weight on a package gauge record prepared according to § 19.769. A copy of the package gauge record shall accompany each copy of the transfer record.

(c) *Bulk conveyances and pipelines.* When spirits, denatured spirits, or

wines are to be transferred in bond in bulk conveyances or by pipelines, the consignor shall gauge the spirits, denatured spirits, or wines and record the quantity so determined on the transfer record prescribed in § 19.770. Bulk conveyances of spirits or denatured spirits shall be secured by the proprietor.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1367, as amended, 1380, as amended (26 U.S.C. 5212, 5362))

§ 19.509 Reconsignment.

Where, prior to or on arrival at the premises of a consignee, spirits, denatured spirits, or wines transferred in bond are found to be unsuitable for the purpose for which intended, were shipped in error, or, for any other bona fide reason, are not accepted by such consignee, or are not accepted by a carrier, they may be reconsigned, by the consignor, to himself, or to another consignee. In such case, application to receive spirits or denatured spirits by transfer in bond (on Form 5100.16) shall have been previously approved for the consignee (not required in the case of wines or in the case of alcohol fuel plants receiving spirits or denatured spirits) and the bond of the proprietor to whom the spirits, denatured spirits, or wines are reconsigned shall cover such spirits, denatured spirits, or wines while in transit after reconsignment. Notice of cancellation of the shipment shall be made by the consignor to the consignee. Where the reconsignment is to another proprietor, a new transfer record shall be prepared and prominently marked with the word "Reconsignment".

(Sec. 201, Pub. L. 85-859, 72 Stat. 1367, as amended, 1380, as amended (26 U.S.C. 5212, 5362))

§ 19.510 Consignee premises.

(a) *General.* When spirits, denatured spirits, or wines are received by transfer in bond, the consignee proprietor shall examine each conveyance to determine whether the securing devices, if any, are intact upon arrival at his premises. If the securing devices are not intact, he shall immediately notify the area supervisor before removal of any spirits from the conveyance. The proprietor shall follow the provisions of subpart Q of this part to determine,

record, and report losses, if any. After execution on the transfer record as prescribed in § 19.770 or Form 703, as appropriate, of his receipt of the shipment of spirits, denatured spirits, or wines, the consignee shall retain the original of the transfer record and any accompanying documents for his files, or dispose of Form 703 (in the case of wines from a bonded wine cellar), as provided in the instructions on the form. Retained copies of transfer records and Forms 703 shall become deposit records. Spirits which are produced at alcohol fuel plants shall be separately identified and accounted for as for fuel use, and may not be withdrawn, used, sold or otherwise disposed of for other than fuel use.

(b) *Packages.* When spirits are received in packages, the consignee proprietor shall weigh each package, except: (1) when the transfer is made in a secured conveyance and the securing devices are intact on arrival, (2) when the individual packages have been sealed by the consignor proprietor and are intact on arrival, or (3) when the requirement for weighing the packages at the consignor premises has been waived under the provisions of § 19.508(b)(3). The proprietor shall record the receiving weight of each package on the accompanying package gauge record or on a list with temporary package serial numbers prepared by the consignor. A copy of such package gauge record or list shall remain with the original of the transfer record.

(c) *Bulk conveyances and pipelines.* When spirits, denatured spirits, or wines are received in bulk conveyances or by pipeline, the consignee shall gauge the spirits, denatured spirits, or wines and record the gauge on the transfer record prescribed in § 19.770 or, in the case of wines received from a bonded wine cellar, on Form 703. The consignee shall ensure that each conveyance emptied has been thoroughly drained. The regional director (compliance) may waive the requirement for gauging spirits, denatured spirits, or wines on receipt by pipeline if he finds that because of the location of the

§ 19.515

premises, there will be no jeopardy to the revenue.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended, 1380, as amended (26 U.S.C. 5204, 5362); sec. 807(a), Pub. L. 96-39, 93 Stat. 285 (26 U.S.C. 5213))

WITHDRAWALS ON DETERMINATION AND PAYMENT OF TAX

§ 19.515 Determination and payment of tax.

(a) *General.* Distilled spirits may be withdrawn from bonded premises on determination of tax in approved containers, or, to the contiguous premises of a manufacturer of nonbeverage products, by pipeline. All tax which is to be prepaid or deferred shall be determined prior to the physical removal of the spirits from bonded premises. The proprietor shall record the results of each tax determination on a record of tax determination as required by § 19.761.

(b) *Payment of tax.* The tax on the spirits shall be prepaid on Form 5000.24 before removal of the spirits from bonded premises unless the proprietor has furnished a withdrawal or unit bond to secure payment of the tax. Where such bond is in less than the maximum penal sum, the proprietor shall prepay the tax for any withdrawal which would cause the outstanding liability for tax to exceed the limits of coverage under the bond.

[T.D. ATF-198, 50 FR 8464, Mar. 1, 1985, as amended by T.D. ATF-219, 50 FR 51387, Dec. 17, 1985]

§ 19.516 Bond account.

Where the proprietor has furnished a withdrawal or unit bond to cover the tax on spirits withdrawn on determination of tax, and such bond is in less than the maximum penal sum, he shall maintain an account of his bond and he shall charge the bond with the amount of liability incurred on each withdrawal on determination of tax. He shall credit the bond on payment of the amount of tax required to be remitted with a return and by authorized credits taken on a return. Where a bond in less than the maximum penal sum has been allocated among two or more plants, as provided in §§ 19.243 and 19.244, the pro-

27 CFR Ch. I (4-1-97 Edition)

prietor shall maintain an account at each plant of that part of the penal sum allocated to that plant.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.517 Gauge for tax determination.

(a) *Packages.* When spirits in packages are to be withdrawn from bonded premises on determination of tax on the basis of an individual package gauge, each package shall be gauged unless the tax is to be determined on the production or filling gauge. When packages are gauged, the proprietor shall prepare a package gauge record, according to § 19.769, and attach it to the record of tax determination prescribed in § 19.761.

(b) *Tanks.* Spirits in tanks which are to be withdrawn on determination of tax shall be gauged (by weighing and proofing) as prescribed in § 19.93, and the elements of the gauge shall be recorded on the record of tax determination or on a separate record of the gauge for attachment to the record of tax determination.

(c) *Cases.* Cases of distilled spirits to be withdrawn from bonded premises shall be tax determined on the basis of the contents thereof. The proof gallonage contained in cases shall be determined in accordance with 27 CFR part 30 and the method prescribed in § 19.722.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358 (26 U.S.C. 5204); sec. 807, Pub. L. 96-39, 93 Stat. 285 (26 U.S.C. 5213))

§ 19.518 Imported spirits.

When spirits which have been imported for nonbeverage purposes and transferred to bonded premises pursuant to 26 U.S.C. 5232 are withdrawn for beverage purposes, there shall be paid, in addition to the internal revenue tax imposed by 26 U.S.C. 5001, a tax equal to the duty which would have been paid had the spirits been imported for beverage purposes, less the duty already paid thereon. The additional tax shall be referred to as "additional tax—less duty", and shall be paid at the time and in the manner that the basic tax is paid. The total quantity in proof gallons withdrawn shall be the basis of

computing the tax at the rates indicated. The amount of the "additional tax—less duty" shall be stated separately and identified as such on the tax return.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1314, as amended (26 U.S.C. 5001))

§ 19.519 Methods of tax payment.

The tax on spirits shall be paid pursuant to a return on Form 5000.24, filed as provided in § 19.523 or § 19.524 and § 19.525. Except for remittance to be effected by electronic fund transfer under § 19.524, remittance for the tax in full shall accompany the return and may be in any form which the regional director (compliance) is authorized to accept under the provisions of § 70.61 (Payment by check or money order) and which is acceptable to him. However, where a check or money order tendered in payment for taxes is not paid on presentment, or where the taxpayer is otherwise in default in payment, any remittance made during the period of such default, and until the regional director (compliance) finds that the revenue will not be jeopardized by the acceptance of a personal check (if acceptable to the regional director (compliance)), shall be in cash or in the form of a certified, cashier's, or treasurer's check drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or a money order, as provided in § 70.61. Checks and money orders shall be made payable to "Bureau of Alcohol, Tobacco and Firearms".

§ 19.522 Taxes to be collected by returns.

(a) *Deferred taxes.* The tax on spirits to be withdrawn from bond for deferred payment of tax shall be paid pursuant to a semimonthly return on Form 5000.24. Except as provided in section 19.523(c), the periods to be covered by semimonthly returns on Form 5000.24 shall run from the 1st day through the 15th day of each month, and from the 16th day through the last day of each month. A return, Form 5000.24, shall be

executed and filed for each semi-monthly return period notwithstanding that no tax is due for payment for such period. The proprietor of each bonded premises shall include, for payment, on his semi-monthly return on Form 5000.24, the full amount of distilled spirits tax determined in respect of all spirits released for withdrawal from the bonded premises on determination of tax during the period covered by the return (except spirits on which tax has been prepaid).

(b) *Conditions under which deferral is denied.* Notwithstanding the posting of a withdrawal or unit bond by the proprietor, the tax shall be prepaid as provided in paragraph (c) of this section—

(1) Where a proprietor has defaulted in any payment of tax under this section, during the period of such default and until the regional director (compliance) finds that the revenue will not be jeopardized by deferral; or

(2) Where a proprietor, who, after having been notified of his deficiency by the regional director (compliance) (i) fails to maintain records required by this part to substantiate the correctness of his tax returns or (ii) otherwise fails to comply with any provisions of this part, is so notified by the regional director (compliance).

(c) *Prepaid taxes.* The tax on distilled spirits shall be paid pursuant to a prepayment return on Form 5000.24 in all cases where the tax is required to be paid before the spirits are withdrawn from bond. A single prepayment return on Form 5000.24 may cover one or more transactions. The proprietor shall note the serial number of the Form 5000.24 and the date and time such prepayment return was filed on the individual record of tax determination.

§ 19.523 Time for filing returns.

(a) *Payment pursuant to semimonthly return.* Where the proprietor of bonded premises has withdrawn spirits from such premises on determination and before payment of tax, the proprietor

shall file a semimonthly tax return covering such spirits on Form 5000.24, and remittance, as required by § 19.524 or § 19.525, not later than the 14th day after the last day of the return period, except as provided by paragraph (c) of this section. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as provided by paragraph (c)(3) of this section.

(b) *Payment pursuant to prepayment return.* If the proprietor of a distilled spirits plant desires to withdraw spirits from bonded premises on determination of tax and does not have on file an approved withdrawal or unit bond of sufficient penal sum to cover the withdrawal, if there is default by him in any payment of tax under this part, or the proprietor is notified by the regional director (compliance) as provided in § 19.522(b)(2), the proprietor shall not remove the spirits from the bonded premises until the tax thereon has been paid. To pay the tax, the proprietor of the bonded premises shall file a prepayment return on Form 5000.24, and remittance as required by § 19.524 or § 19.525, before removal of the spirits.

(c) *Special rule for taxes due for the month of September (effective after December 31, 1994).* (1)(i) Except as provided in paragraph (c)(1)(ii) of this section, the second semimonthly period for the month of September shall be divided into two payment periods, from the 16th day through the 26th day, and from the 27th day through the 30th day. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 16–26, no later than September 29. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 27–30, no later than October 14.

(ii) *Taxpayment not by electronic fund transfer.* In the case of taxes not required to be remitted by electronic fund transfer as prescribed by § 19.524, the second semimonthly period of September shall be divided into two payment periods, from the 16th day through the 25th day, and the 26th day through the 30th day. The proprietor shall file a return on Form 5000.24, and

make remittance, for the period September 16-25, no later than September 28. The proprietor shall file a return on Form 5000.24, and make remittance, for the period September 26-30, no later than October 14.

(2) *Amount of payment: Safe harbor rule.* (i) Taxpayers are considered to have met the requirements of paragraph (c)(1)(i) of this section, if the amount paid no later than September 29 is not less than $\frac{11}{15}$ (73.3 percent) of the tax liability incurred for the semi-monthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(ii) Taxpayers are considered to have met the requirements of paragraph (c)(1)(ii) of this section, if the amount paid no later than September 28 is not less than $\frac{2}{3}$ (66.7 percent) of the tax liability incurred for the semi-monthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(3) *Last day for payment.* If the required taxpayment due date for the periods September 16-25 or September 16-26 as applicable, falls on a Saturday or legal holiday, the return and remittance shall be due on the immediately preceding day. If the required due date falls on a Sunday, the return and remittance shall be due on the immediately following day.

(4) *Example. Payment of tax for the month of September.* (i) *Facts.* X, a distilled spirits plant proprietor required to pay taxes by electronic fund transfer, incurred tax liability in the amount of \$30,000 for the first semi-monthly period of September. For the period September 16-26, X incurred tax liability in the amount of \$45,000, and for the period September 27-30, X incurred tax liability in the amount of \$2,000.

(ii) *Payment requirement.* X's payment of tax in the amount of \$30,000 for the first semi-monthly period of September is due no later than September 29 (§ 19.522(a)). X's payment of tax for the period September 16-26 is also due no later than September 29 (§ 19.523(c)(1)(i)). X may use the safe harbor rule to determine the amount of payment due for the period of Septem-

ber 16-26 (§ 19.523(c)(2)). Under the safe harbor rule, X's payment of tax must equal \$21,990.00, $\frac{11}{15}$ ths of the tax liability incurred during the first semi-monthly period of September. Additionally, X's payment of tax in the amount of \$2,000 for the period September 27-30 must be paid no later than October 14 (§ 19.523(c)(1)(i)). X must also pay the underpayment of tax, \$23,010.00, for the period September 16-26, no later than October 14 (§ 19.523(c)(2)).

§ 19.524 Payment of tax by electronic fund transfer.

(a) *General.* (1) Each taxpayer who was liable, during a calendar year, for a gross amount equal to or exceeding five million dollars in distilled spirits taxes combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall use a commercial bank in making payment by electronic fund transfer (EFT) of distilled spirits taxes during the succeeding calendar year. Payment of distilled spirits taxes by cash, check, or money order, as described in § 19.525, is not authorized for a taxpayer who is required, by this section, to make remittances by EFT. For purposes of this section, the dollar amount of tax liability is defined as the gross tax liability on all taxable withdrawals and importations (including distilled spirits products brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawbacks, credits, or refunds, for all premises from which such activities are conducted by the taxpayer. Overpayments are not taken into account in summarizing the gross tax liability.

(2) For the purposes of this section, a taxpayer includes a controlled group of corporations, as defined in 26 U.S.C. 1563, and implementing regulations in 26 CFR 1.1563-1 through 1.1563-4, except that the words "at least 80 percent" shall be replaced by the words "more than 50 percent" in each place it appears in subsection (a) of 26 U.S.C. 1563,

as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(3) A taxpayer who is required by this section to make remittances by EFT, shall make a separate EFT remittance and file a separate return, ATF F 5000.24, for each distilled spirits plant from which spirits are withdrawn upon determination of tax.

(b) *Requirements.* (1) On or before January 10 of each calendar year, except for a taxpayer already remitting the tax by EFT, each taxpayer who was liable for a gross amount equal to or exceeding five million dollars in distilled spirits taxes during the previous calendar year, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall notify the regional director (compliance), for each region in which taxes are paid. The notice shall be an agreement to make remittances by EFT.

(2) For each return filed in accordance with this part, the taxpayer shall direct the taxpayer’s bank to make an electronic fund transfer in the amount of the taxpayment to the Treasury Account as provided in paragraph (e) of this section. The request shall be made to the bank early enough for the transfer to be made to the Treasury Account by no later than the close of business on the last day for filing the return, prescribed in § 19.523. The request shall take into account any time limit established by the bank.

(3) If a taxpayer was liable for less than five million dollars in distilled spirits taxes during the preceding calendar year, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, the taxpayer may choose either to continue remitting the tax as provided in this section or to remit the tax with the return as

prescribed by § 19.525. Upon filing the first return on which the taxpayer chooses to discontinue remitting the tax by EFT and to begin remitting the tax with the tax return, the taxpayer shall notify the regional director (compliance) by attaching a written notification to ATF F 5000.24, stating that no taxes are due by EFT, because the tax liability during the preceding calendar year was less than five million dollars, and that the remittance shall be filed with the tax return.

(c) *Remittance.* (1) Each taxpayer shall show on the return, ATF F 5000.24, information about remitting the tax for that return by EFT and shall file the return with ATF, in accordance with the instructions on ATF F 5000.24.

(2) Remittances shall be considered as made when the taxpayment by electronic fund transfer is received by the Treasury Account. For purposes of this section, a taxpayment by electronic fund transfer shall be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the taxpayer directs the bank to effect an electronic fund transfer message as required by paragraph (b)(2) of this section, any transfer data record furnished to the taxpayer, through normal banking procedures, will serve as the record of payment, and shall be retained as part of required records.

(d) *Failure to make a taxpayment by EFT.* The taxpayer is subject to a penalty imposed by 26 U.S.C. 5684, 6651, or 6656, as applicable, for failure to make a taxpayment by EFT on or before the close of business on the prescribed last day for filing.

(e) *Procedure.* Upon the notification required under paragraph (b)(1) of this section, the regional director (compliance) will issue to the taxpayer an ATF Procedure entitled, Payment of Tax by Electronic Fund Transfer. This publication outlines the procedure a taxpayer is to follow when preparing returns and EFT remittances in accordance with this part. The U.S. Customs Service will provide the taxpayer with

instructions for preparing EFT remittances for payments to be made to the U.S. Customs Service.

Subpart Q—Losses and Shortages

LOSSES

§ 19.561 Losses in general.

(a) *Allowable losses.* Except as provided in paragraph (b) of this section, tax shall not be collected or, if paid, the tax shall be refunded when spirits, denatured spirits or wines are lost or destroyed while in bond.

(b) *Exceptions.* Tax shall be collected in the case of:

(1) Theft, unless the regional director (compliance) finds that the theft occurred without connivance, collusion, fraud or negligence on the part of the proprietor, owner, consignor, consignee, bailee, or carrier, or the employees or agents of any of them;

(2) Voluntary destruction carried out other than as provided in subpart U of this part;

(3) Unexplained shortage of bottled spirits.

(c) *Burden of proof.* When it appears that a loss occurred due to theft, the burden of proof shall be on the proprietor or other person liable for the tax to establish to the satisfaction of the regional director (compliance) that the loss did not result from connivance, collusion, fraud, or negligence on the part of the proprietor, owner, consignor, consignee, bailee, or carrier, or the employees or agents of any of them.

(d) *Claims* for losses allowable under this section shall be filed in accordance with applicable provisions of subpart C of this part.

(e) *Limitations.* The abatement, remission, credit, or refund of taxes on spirits, denatured spirits, or wines lost by theft shall be allowed only to the extent that the claimant is not indemnified against or recompensed for the taxes.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended, 1381, as amended (26 U.S.C. 5008, 5370))

§ 19.562 Determination of losses in bond.

(a) *General.* (1) Losses (whether by theft, unauthorized voluntary destruction, or otherwise) of spirits, denatured spirits, and wines shall be determined by the proprietor:

(i) Each time a tank or bulk conveyance is emptied;

(ii) On the basis of required physical inventories; and

(iii) Upon discovery of accidents or unusual variations in gauges.

(2) When it appears that any container in bond has sustained a loss resulting from theft or unauthorized voluntary destruction, such loss shall be taxpaid or the container shall be segregated (as necessary) with the loss reported promptly to the area supervisor.

(3) In any instance in which spirits, denatured spirits or wines are lost or destroyed in bond, whether by theft, unauthorized voluntary destruction, or otherwise, the regional director (compliance) may require the proprietor or other person liable for the tax to file a claim for relief from the tax in accordance with § 19.41.

(b) *Missing packages.* Whenever any packages of spirits, denatured spirits, or wine recorded as deposited on bonded premises cannot be located or otherwise accounted for, the proprietor shall promptly report such fact to the area supervisor, and the proprietor shall either pay the tax on the lost spirits, denatured spirits, or wines, or file a claim with respect thereto under the provisions of § 19.41.

(c) *Tampering, material deficiency, or loss of proof.* When it is found that spirits, denatured spirits, or wines in a container have been tampered with, or when a material deficiency in the recorded quantity of such products is found without evidence of loss by leakage or casualty, or when there is a loss

of proof of such products not attributable to variations in gauging, the proprietor shall segregate the container (as necessary) and shall promptly report such fact to the area supervisor, unless the proprietor acknowledges liability for the tax on the loss and elects to pay the tax on the quantity lost.

(d) *Excessive in-transit losses.* Losses of spirits, denatured spirits, or wines received in bond in bulk conveyances which exceed one percent of the quantity of a product consigned shall be considered as excessive in-transit losses. However, in the case of trans-continental transfers in bond of wine, only losses in excess of two percent of the quantity of wine consigned shall be considered as excessive in-transit losses. The proprietor shall promptly report all such excessive in-transit losses to the area supervisor.

(e) *Storage account loss limitation.* When the quantity of spirits lost from all the storage tanks and bulk conveyances exceeds 1½ percent of the total quantity contained in the tanks and bulk conveyances during the calendar quarter, the loss shall be taxpaid unless a claim for remission is filed in accordance with the provisions of § 19.41 and is allowed by the regional director (compliance).

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended, 1381, as amended (26 U.S.C. 5008, 5370))

§ 19.563 Loss of spirits from packages.

(a) *Original quantity.* Where there is evidence satisfactory to the regional director (compliance) that any loss of spirits (including denatured spirits) from any package deposited on bonded premises is due to theft (except where the regional director (compliance) has made the finding provided for in § 19.561(b)) or is due to unauthorized voluntary destruction, the regional director (compliance) may require the immediate tax payment of the quantity of spirits so lost, except where the extent of any loss from causes other than theft or unauthorized voluntary destruction can be established by the proprietor to the satisfaction of the regional director (compliance), the regional director (compliance) may credit the tax on the loss so established

against the tax on the original quantity.

(b) *Alternative method.* Where there is evidence satisfactory to the regional director (compliance) that there has been access, other than as authorized by law, to the contents of packages entered for deposit on bonded premises, and the extent of such access is such as to evidence a lack of due diligence or a failure to employ necessary and effective controls on the part of the proprietor, the regional director (compliance) may (in lieu of the procedure prescribed in paragraph (a) of this section) assess an amount equal to the tax on 5 proof gallons of spirits on each of the total number of such packages as determined by him.

(c) *Applicability to packages filled after entry.* The provisions of this section apply to spirits (including denatured spirits) which are filled into casks or packages as authorized by law, after entry and deposit on bonded premises, whether by recasking, filling from tanks, mingling, or otherwise. The quantity filled into those casks or packages is considered to be the original quantity for the purpose of this section in the case of loss from those casks or packages.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended (26 U.S.C. 5006))

§ 19.564 Losses after tax determination.

(a) *Applicability.* Pursuant to a claim, the tax on spirits which are lost after determination of tax and before completion of physical removal from bonded premises, may be abated or remitted or refunded or credited without interest to the proprietor of the bonded premises where the loss occurred.

(b) *Conditions.* (1) Claims for losses under this section shall be filed in accordance with subpart C of this part.

(2) This section shall not apply if the tax would have been collectible by reason of 26 U.S.C. 5008(a)(1) if the loss occurred on bonded premises before determination of tax.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1323, as amended (26 U.S.C. 5008))

SHORTAGES

§ 19.565 Shortages of bottled distilled spirits.

An unexplained shortage of bottled distilled spirits shall be taxpaid: (a) Immediately on a prepayment return on Form 5000.24, or (b) on the semi-monthly return on Form 5000.24 for the return period during which the shortage was ascertained. Unexplained shortages shall be determined by comparing the spirits recorded to be on hand with the results of the quantitative determination of the spirits found to be on hand by actual count during the physical inventory required by § 19.402. When the recorded quantity is greater than the quantity determined by the physical inventory, the difference is an unexplained shortage. The records shall be adjusted to reflect the physical inventory.

Subpart R—Containers and Marks

CONTAINERS

§ 19.581 Authorized containers.

(a) *General.* Proprietors shall use for any purpose of containing, storing, transferring, conveying, removing, or withdrawing spirits or denatured spirits within this part only containers which are authorized by, or under the provisions of this part for such purpose, and a container so authorized will be deemed to be an approved container for such purpose. Except where stated otherwise, the provisions of part 20 of this chapter apply to containers used for containing, storing and shipping of articles, and the provisions of 27 CFR part 24 apply to containers used for storage or transfer of wine. Except for liquor bottles, this subpart does not regulate or prohibit the use on plant premises of any container for purposes other than containing alcoholic substances.

(b) *Alternate containers.* In addition to the types of containers specifically authorized by this part for a particular purpose, a container of another type

may be authorized for that purpose by the Director on a finding by him that the use of such container will afford protection to the revenue equal to or greater than that afforded by the containers specifically authorized by this part, and that the use will not cause administrative difficulty. If another container is so authorized by the Director, he shall prescribe the detail and manner in which such container shall be constructed, protected, and marked, consistent with the provisions of this part and the extent of such use. Similarly, where a container authorized for a particular purpose is required by this subpart to be made of specified materials, the Director may authorize the use of containers made of other materials which he has found to be suitable for the intended purpose.

§ 19.593 Package identification numbers in production and storage.

(a) *General.* Packages of spirits filled during production or storage operations after December 31, 1979, shall be marked with a lot identification representing the date the package is filled, and consisting, in the order shown, as follows:

(1) The last two digits of the calendar year;

(2) An alphabetical designation from "A" through "L", representing January through December, in that order;

(3) The digits corresponding to the day of the month; and

(4) When more than one lot is filled into packages during the same day, for successive lots after the first lot, a letter suffix, in alphabetical order, with "A" representing the second lot, "B" representing the third lot, and so forth. The first three lots filled into packages on January 2, 1980, would be identified as "80A02", "80A02A", "80A02B".

(b) *Packages constituting a lot.* Packages of spirits received from customs custody or filled during any one day shall be given the same lot identification subject to the following conditions:

(1) They are of the same type and either are of the same rated capacity or are uniformly filled with the same quantity by weight or other method provided in § 19.319;

When the numbering in any series reaches “1,000,000”, the proprietor may recommence the series. However, a new series for packages of spirits and denatured spirits filled during processing operations shall be given an alphabetical prefix or suffix. For additional identification, separate series of serial numbers, distinguished from each other by the use of alphabetical prefixes or suffixes, may be established to identify size of bottles, brand names, or other information, on written notice to the regional director (compliance). Remnant cases shall be given the serial number of the last full case followed by the letter R. Where there is a change in the individual, firm, corporate name, or trade name, all series in use at that time shall be continued. However, for a

change in proprietorship, a new series shall be commenced.

(b) *Alternative method for spirits, including denatured spirits, for industrial use.* Instead of the numbering required by paragraph (a) of this section, packages and cases of spirits, including denatured spirits, for industrial use filled in processing may be marked with lot identification numbers provided in § 19.593.

When spirits have been mingled under § 19.346, the proprietor may use any of the names represented in the mingled spirits, but no other name, as the name of the producer to be marked on packages filled with such mingled spirits. However, if the proprietor was the actual producer of the spirits, he may in any case use his real name. § 19.642 Statements required on labels under an exemption from label approval.

All labels to be used on bottles of spirits for domestic use under an ex-

emption from label approval shall contain the applicable information required in §§ 19.643 through 19.650. Where a statement of age or age and percentage is required, it shall have the meaning given, and be stated in the manner provided in 27 CFR part 5.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.643 Brand name, kind, alcohol content, and State of distillation.

(a) *Brand name and kind.* The label of distilled spirits shall state the brand name and kind, as set out in 27 CFR part 5.

(b) *Alcohol content.* (1) *Mandatory statement.* The label of distilled spirits shall state the alcohol content in percent-alcohol-by-volume. Products such as "Rock and Rye" or similar products containing a significant amount of solid material shall state the alcohol content at the time of bottling as follows: "Bottled at _____ percent-alcohol-by-volume."

(2) *Optional statement.* In addition, the label may also state the alcohol content in degrees of proof if this information appears in direct conjunction (i.e. with no intervening material) with the statement expressed in percent-alcohol-by-volume. If both forms of alcohol content are shown, the optional statement in degrees of proof shall be placed in parentheses, in brackets, or otherwise distinguished from the mandatory statement in percent-alcohol-by-volume to emphasize the fact that both expressions of alcohol content mean the same thing.

(c) *State of distillation.* (1) *Mandatory statement.* If a whisky produced in the United States was not produced in the State shown on the label, the label shall show the State of distillation, except as provided by paragraph (c)(2) or (c)(3) of this section. The Director may, however, require the State of distillation to be shown on the label or permit such other labeling as may be necessary to preclude any misleading or deceptive impression which might otherwise be created as to the actual State of distillation.

(2) *Exceptions.* The State of distillation is not required to be shown on labels of "blended whisky", "a blend of straight whiskies", "spirit whisky",

"light whisky", or "blended light whisky". The State of distillation may be prohibited on certain labels of "light whisky" or "blended light whisky", in accordance with paragraph (c)(3) of this section.

(3) *Prohibited statement.* The State of distillation may not be shown, except as part of the name and address required by 27 CFR 5.36(a), on labels of "light whisky" or "blended light whisky" produced in a State which the Director finds to be associated by consumers with an American type whisky.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.644 Net contents.

The net contents of liquor bottles shall be shown on the label, unless the statement of the net contents is permanently marked on the side, front, or back of the bottle.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.645 Name and address of bottler.

There shall be stated on the label of distilled spirits the phrase "Bottled by", "Packed by", or "Filled by" immediately followed by the name (or trade name) of the bottler and the place where such spirits are bottled. If the bottler is the actual bona fide operator of more than one distilled spirits plant engaged in bottling operations, there may, in addition, be stated immediately following the name (or trade name) of such bottler the addresses of such other plants. However:

(a) Where distilled spirits are bottled by or for the distiller thereof, there may be stated, in lieu of the phrase "Bottled by", "Packed by", or "Filled by", followed by the bottler's name (or trade name) and address, the phrase "Distilled by", followed by the name (or trade name) under which the particular spirits were distilled, or any trade name shown on the distiller's permit (covering the premises where the particular spirits were distilled), and the address (or addresses) of the distiller;

(b) Where "straight whiskies" of the same type which have been produced in the same State by two or more different distillers are combined (either

at time of bottling or at a warehouseman's bonded premises for further storage) and subsequently bottled and labeled as "straight whisky," such "straight whisky" shall be labeled in accordance with the requirements of the first paragraph of this section. Where such "straight whisky" is bottled by or for the distillers thereof, there may be stated on the label, in lieu of the requirements of the first paragraph of this section, the phrase "distilled by," followed by the names (or trade names) of the different distillers who distilled a portion of the "straight whisky," the addresses of the distilleries where the "straight whisky" was distilled, and the percentage of "straight whisky" distilled by each distiller (with a tolerance of plus or minus 2 percent). In the case where "straight whisky" is made up of a mixture of "straight whiskies" of the same type from two or more different distilleries of the same proprietor located within the same State, and where the "straight whisky" is bottled by or for the proprietor thereof, such "straight whisky" may be labeled, in lieu of the requirements of the first paragraph of this section, with the phrase "distilled by" followed by the name (or trade name) of the proprietor and the addresses of the different distilleries which distilled a portion of the "straight whisky."

(c) Where distilled spirits are bottled by or for the proprietor of a distilled spirits plant, there may be stated, in lieu of the phrase "Bottled by", "Packed by", or "Filled by", followed by the bottler's name (or trade name) and address, the phrase "Blended by", "Made by", "Prepared by", "Manufactured by", or "Produced by" (whichever may be appropriate to the process involved), followed by the name (or trade name) and the address (or addresses) of the distilled spirits plant proprietor;

(d) On labels of distilled spirits bottled for a retailer or other person who is not the actual distilled spirits plant proprietor of such distilled spirits, there may also be stated the name and address of such retailer or other person, immediately preceded by the words "Bottled for", or "Distributed by", or other similar statement; and

§ 19.646

(e) The label may state the address of the proprietor's principal place of business in lieu of the place where the bottling, distilling or processing operation occurred, if the address where the operation occurred is indicated by printing, coding, or other markings, on the label or on the bottle. The coding system employed will permit an ATF officer to determine where the operation stated on the label occurred. Prior to using a coding system, the distilled spirits plant proprietor shall send a notice explaining the coding system to the regional director (compliance) of each region where a label code is used.

§ 19.761 Record of tax determination.

A serially numbered invoice or shipping document, signed or initialed by

an agent or employee of the proprietor, will constitute the record of tax determination. Although neither the proof gallons nor effective tax rates need be shown on the record of tax determination, there shall be shown on each invoice or shipping document sufficient information to enable ATF officers to determine the total proof gallons and, if applicable, each effective tax rate and the proof gallons removed at each effective tax rate. For purposes of this part, the total proof gallons calculated from each invoice or shipping document constitutes a single withdrawal.

When there is a change relating to any of the information contained in, or considered a part of, the application on Form 5110.74, the proprietor shall within 30 days file with the regional director (compliance), a written notice, in duplicate, of such change. Where the change affects the terms and conditions of the permit the proprietor shall within 30 days (except as otherwise provided in this subpart), file with the regional director (compliance), in duplicate, an amended application on Form 5110.74.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1370, as amended (26 U.S.C. 5172, 5271); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.920 Automatic termination of permits.

(a) *Permits not transferable.* Permits issued under this subpart shall not be transferred. In the event of the lease, sale, or other transfer of such a permit, or of the authorized operations, the permit automatically terminates.

(b) *Corporations.* In the case of a corporation holding a permit under this subpart, if actual or legal control of

the permittee corporation changes, directly or indirectly, whether by reason of change in stock ownership or control (in the permittee corporation or in any other corporation), by operation of law, or in any other manner, the permit may remain in effect until the expiration of 30 days after the change, whereupon the permit will automatically terminate. However, if operations are to be continued after the change in control, and an application for a new permit is filed within 30 days of the change, then the outstanding permit may remain in effect until final action is taken on the new application. When final action is taken on the application, the outstanding permit automatically terminates.

§ 19.921 Change in type of alcohol fuel plant.

(a) *Small plants.* If the proprietor of a small plant wishes to increase production (including receipts) to a level in excess of 10,000 proof gallons of spirits per calendar year, the proprietor shall first furnish a bond and obtain an amended permit by filing application under § 19.914 or § 19.915, as applicable. Information filed with the original application for permit need not be resubmitted, but may be incorporated by reference in the new application.

(b) *Medium plants.* Where the proprietor of a medium plant intends to increase production (including receipts) above 500,000 proof gallons of spirits per calendar year, the proprietor shall first obtain an amended permit by filing an application under § 19.915. A new or strengthening bond may be required (see § 19.956). Information already on file may be incorporated by reference in the new application.

(c) *Curtailment of activities.* Proprietors of large or medium plants who have curtailed operations to a level where they are eligible to be requalified as medium or small plants may, on approval of a letter of application by the regional director (compliance), be relieved from the additional requirements incident to their original qualification. In the case of a change to small plant status, termination of the bond and relief of the surety from fur-

ther liability shall be as provided in subpart H of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1370, as amended (26 U.S.C. 5271); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.922 Change in name of proprietor.

Where there is to be a change in the individual, firm, or corporate name, the proprietor shall, within 30 days of the change, file an application to amend the permit; a new bond or consent of surety is not required.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1370, as amended (26 U.S.C. 5172, 5271); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.923 Changes in officers, directors, or principal persons.

Where there is any change in the list of officers, directors, or principal persons, furnished under the provisions of § 19.914, § 19.915 or § 19.916, the proprietor shall submit, within 30 days of any such change, a notice in letter form stating the changes in officers, directors, or principal persons. A new list reflecting the changes will be submitted with the letter notice.

(Sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.924 Change in proprietorship.

(a) *General.* If there is a change in the proprietorship of a plant qualified under this part, the outgoing proprietor shall comply with the requirements of § 19.945 and the successor shall, before commencing operations, apply for and obtain a permit and file the required bond (if any) in the same manner as a person qualifying as the proprietor of a new plant.

(b) *Fiduciary.* A successor to the proprietorship of a plant who is an administrator, executor, receiver, trustee, assignee or other fiduciary, shall comply with the applicable provisions of § 19.186(b).

§ 19.925 Continuing partnerships.

If under the laws of the particular State, the partnership is not immediately terminated on death or insolvency of a partner, but continues until

the winding up of the partnership affairs is completed, and the surviving partner has the exclusive right to the control and possession of the partnership assets for the purpose of liquidation and settlement, the surviving partner may continue to operate the plant under the prior qualification of the partnership. However, in the case of a large or a medium plant, a consent of surety must be filed, wherein the surety and the surviving partner agree to remain liable on the bond. If the surviving partner acquires the business on completion of the settlement of the partnership, he shall qualify in his own name from the date of acquisition, as provided in § 19.924(a). The rule set forth in this section will also apply where there is more than one surviving partner.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended (26 U.S.C. 5172); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.926 Change in location.

Where there is a change in the location of the plant or of the area included within the plant premises, the proprietor shall file an application to amend the permit and, if a bond is required, either a new bond or a consent of surety on Form 1533 (5000.18). Operation of the plant may not be commenced at the new location prior to issuance of the amended permit.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1370, as amended (26 U.S.C. 5172, 5271); sec. 805(c), Pub. L. 96-39, 93 Stat. 276 (26 U.S.C. 5173); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

ALTERNATE OPERATIONS

§ 19.930 Alternating proprietorship.

(a) *General.* (1) An alcohol fuel plant, or a part thereof, may be operated alternately by proprietors if—

(i) The alcohol fuel plant and the proprietors are otherwise qualified under the provisions of this subpart, and

(ii) The necessary operations bonds (if any) and applications covering such operations have been filed with and approved by the regional director (compliance).

(2) Where alternating proprietorship is to be limited to a part of a plant,

that part must be suitable for qualification as a separate plant.

(b) *Qualifying Documents.* Each person desiring to operate an alcohol fuel plant as an alternating proprietor shall file with the regional director (compliance):

(1) An application on Form 5110.74 to cover the proposed alternation of premises.

(2) Diagram of premises, in duplicate, showing the arrangement under which the premises will be operated. Diagrams will be prepared in accordance with paragraph (c) of this section.

(3) Evidence of existing operations bond (if any), consent of surety, or a new operations bond to cover the proposed alternation of premises.

(4) When required by the regional director (compliance), additional information as may be necessary to determine whether the application should be approved.

(c) *Diagram of premises.* Each person filing an application for operation of a plant as an alternating proprietor shall submit a diagram of the premises. Where operations by alternating proprietors are limited to parts of a plant, a diagram which designates the parts of the plant that are to be alternated will be submitted. A diagram will be submitted for each arrangement under which the premises will be operated. The diagram will be in sufficient detail to establish the boundaries of the plant or any part thereof which is to be alternated.

(d) *Alternation Journal.* Once the applications have been approved and initial operations conducted thereunder, the plant, or parts thereof, may be alternated. The outgoing and incoming proprietor shall enter into an alternation journal the following information:

- (1) Name or trade name;
- (2) Alcohol fuel plant permit number;
- (3) Date and time of alternation; and
- (4) Quantity of spirits transferred in proof gallons.

The alternation journal will remain in the possession of the incoming proprietor until the premises are again alternated whereupon it will be transferred to the new incoming proprietor.

(e) *Commencement of operations.* Except for spirits transferred to the incoming proprietor, the outgoing proprietor shall remove all spirits from areas, rooms, or buildings to be alternated, prior to the effective date and time shown in the alternation journal. Fuel alcohol may be either transferred to the incoming proprietor or may be retained by the outgoing proprietor in areas, rooms, or buildings to be alternated when the areas, rooms, or buildings are secured with locks, the keys to which are in the custody of the outgoing proprietor. Whenever operation of the areas, rooms, or buildings is to be resumed by a proprietor following suspension of operations by an alternating proprietor, the outgoing proprietor (except proprietors of small plants) must furnish a consent of surety on Form 1533 (5000.18) to continue in effect the operations bond covering his operations. This is to be done prior to alternating the premises.

(f) *Records.* Each proprietor shall maintain separate records and submit separate reports. All transfers of spirits will be reflected in the records of each proprietor. The quantity of spirits and fuel alcohol transferred will be shown in the production and disposition records of the outgoing proprietor. The quantity of spirits transferred will be shown in the receipt record of the incoming proprietor. Each outgoing and incoming proprietor shall include spirits transferred in determinations of plant size and bond amounts. The provisions of § 19.921 regarding change in type of plant are applicable to each proprietor. Entries into these records will be in the manner prescribed in §§ 19.982, 19.984, and 19.986.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1370, as amended (26 U.S.C. 5172, 5271); sec. 805(a), Pub. 96-39, 93 Stat. 275 (26 U.S.C. 5171); sec. 232 Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

PERMANENT DISCONTINUANCE OF BUSINESS

§ 19.945 Notice of permanent discontinuance.

A proprietor who permanently discontinues operations as an alcohol fuel plant shall, after completion of the operations, file a letterhead notice with

the regional director (compliance). The notice shall be accompanied—

(a) By the alcohol fuel producer's permit, and by the proprietor's request that such permit be canceled;

(b) By a written statement disclosing, as applicable, whether (1) all spirits (including fuel alcohol) have been lawfully disposed of, and (2) any spirits are in transit to the premises; and

(c) By a report covering the discontinued operations (the report shall be marked "Final Report").

(Sec. 201, Pub. L. 85-859, 72 Stat. 1349, as amended, 1370, as amended (26 U.S.C. 5172, 5271); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

SUSPENSION OR REVOCATION OF PERMITS

§ 19.950 Suspension or revocation.

Whenever the regional director (compliance) has reason to believe that any person holding an alcohol fuel producer's permit—

(a) Has not in good faith complied with the applicable provisions of 26 U.S.C. Chapter 51, or regulations issued thereunder; or

(b) Has violated conditions of the permit; or

(c) Has made any false statements as to any material fact in the application therefor; or

(d) Has failed to disclose any material information required to be furnished; or

(e) Has violated or conspired to violate any law of the United States relating to intoxicating liquor or has been convicted of any offense under Title 26, U.S.C. punishable as a felony or of any conspiracy to commit such offense; or

(f) Has not engaged in any of the operations authorized by the permit for a period of more than 2 years; the regional director (compliance) may institute proceedings for the revocation or suspension of the permit in accordance with the procedures set forth in 27 CFR part 200.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1370, as amended (26 U.S.C. 5271))

BONDS

§ 19.955 Bonds.

An operations bond is required for medium and large plants. The bond will

§ 19.956

27 CFR Ch. I (4–1–97 Edition)

be executed, in duplicate, on Form 5110.56. Surety bonds may be given only with corporate sureties holding certificates of authority from, and subject to the limitations prescribed by, the Secretary as set forth in the current revision of Treasury Department Circular 570. However, in lieu of corporate surety the proprietor may pledge and deposit as surety for his bond, securities which are transferable and are guaranteed as to both interest and principal by the United States, in accordance with the provisions of 31 CFR part 225. The regional director (compliance) will not release such securities until liability under the bond for which they were pledged has been terminated.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173); CH. 390, Pub. L. 80–280, 61 Stat. 648, 650 (31 U.S.C. 9301, 9303, 9304, 9306); sec. 232, Pub. L. 96–223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.956 Amount of bond.

The penal sum of the bond is based on the total quantity of distilled spirits to be produced (including receipts) during a calendar year. If the level of production and/or receipts at the plant is to be increased, and the bond is not in the maximum penal sum, a new or strengthening bond shall be obtained.

(a) *Medium plants.* A medium plant which will produce (including receipts) between 10,000 and 20,000 proof gallons of spirits per year requires a bond in the amount of \$2,000. For each additional 10,000 proof gallons (or fraction thereof), the bond amount is increased \$1,000. The maximum bond for a medium plant is \$50,000.

(b) *Large plants.* The minimum bond for a large plant is \$52,000 (more than 500,000, but not more than 510,000 proof gallons annual production (including receipts)). For each additional 10,000 (or fraction) proof gallons, the amount of the bond is increased \$2,000. The maximum bond for a large plant is \$200,000 (more than 1,240,000 proof gallons).

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173); sec. 232, Pub. L. 96–223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.957 Instructions to compute bond penal sum.

(a) *Medium plants.* To find the required amount of your bond, estimate the total proof gallons of spirits to be produced and received in a calendar year. The amount of the bond is \$1,000 for each 10,000 proof gallons (or fraction), subject to a minimum of \$2,000 and a maximum of \$50,000. The following table provides some examples:

ANNUAL PRODUCTION AND RECEIPTS IN PROOF GALLONS

More than	But not over	Amount of bond
10,000	20,000	\$2,000
20,000	30,000	3,000
90,000	100,000	10,000
190,000	200,000	20,000
490,000	500,000	50,000

(b) *Large plants.* To find the required amount of your bond, estimate the total proof gallons of spirits to be produced and received in a calendar year. The amount of the bond is \$50,000 plus \$2,000 for each 10,000 proof gallons (or fraction) over 500,000. The following table provides some examples:

ANNUAL PRODUCTION AND RECEIPTS IN PROOF GALLONS

More than	But not over	Amount of bond
500,000	510,000	\$52,000
510,000	520,000	54,000
740,000	750,000	100,000
990,000	1,000,000	150,000
1,240,000	200,000

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173); sec. 232, Pub. L. 96–223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.958 Conditions of bond.

The bond shall be conditioned on payment of all taxes (including any penalties and interest) imposed by 26 U.S.C. Chapter 51, on compliance with all requirements of law and regulations, and on payment of all penalties incurred or fines imposed for violations of any such provisions.

(Sec. 805(c), Pub. L. 96–39, 93 Stat. 276 (26 U.S.C. 5173); sec. 232, Pub. L. 96–223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.959 Additional provisions with respect to bonds.

Subpart H of this part contains further provisions applicable to bonds which, where not inconsistent with this subpart, are applicable to bonds of alcohol fuel plants.

CONSTRUCTION, EQUIPMENT AND
SECURITY**§ 19.965 Construction and equipment.**

Buildings and enclosures where distilled spirits will be produced, processed, or stored shall be constructed and arranged to enable the proprietor to maintain security adequate to deter diversion of the spirits. Distilling equipment shall be constructed to prevent unauthorized removal of spirits, from the point where distilled spirits come into existence until production is complete and the quantity of spirits has been determined. Tanks and other vessels for containing spirits shall be equipped for locking and be constructed to allow for determining the quantities of spirits therein.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178))

§ 19.966 Security.

Proprietors shall provide security adequate to deter the unauthorized removal of spirits. The proprietor shall store spirits either in a building, a storage tank, or within an enclosure, which the proprietor will keep locked when operations are not being conducted.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202))

§ 19.967 Additional security.

If the regional director (compliance) finds that security is inadequate to deter diversion of the spirits, as may be evidenced by the occurrence of break-ins or by diversion of spirits to unauthorized purposes, additional security measures may be required. Such additional measures may include, but are not limited to, the following:

- (a) The erection of a fence around the plant or the alcohol storage facility;
- (b) Flood lights;
- (c) Alarm systems;

- (d) Watchman services; or,
- (e) Locked or barred windows.

The exact additional security requirements would depend on the extent of the security problems, the volume of alcohol produced, the risk to tax revenue, and safety requirements.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1353, as amended (26 U.S.C. 5178); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202))

SUPERVISION

§ 19.970 Supervision of operations.

The regional director (compliance) may assign ATF officers to premises of plants qualified under this subpart. The authorities of ATF officers, provided in §§ 19.81 through 19.84, and the requirement that proprietors furnish facilities and assistance to ATF officers, provided in § 19.86, apply to plants qualified under this subpart. The provisions of § 19.75 of this part pertaining to the assignment of ATF officers and hours of operation, to the extent deemed necessary by the regional director (compliance), are applicable to plants qualified under this subpart.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1320, as amended, 1356, as amended, 1357, as amended, 1358, as amended, 1375, as amended, 1396, as amended (26 U.S.C. 5006, 5201, 5203, 5204, 5213, 5555); sec. 806, Pub. L. 96-39, 93 Stat. 279 (26 U.S.C. 5202); sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207))

ACCOUNTING FOR SPIRITS

§ 19.980 Gauging.

(a) *Equipment and method.* Proprietors shall gauge spirits by accurately determining the proof and quantity of spirits. The proof of the spirits shall be determined using a glass cylinder, hydrometer, and thermometer. Proprietors may account for fuel alcohol in wine gallons. Unless proprietors desire to do so, it is not necessary to determine the proof of fuel alcohol manufactured, on-hand, or removed. The Proprietor may determine quantity either by volume or weight. A tank or receptacle with a calibrated sight glass installed, a calibrated dipstick, conversion charts, meters (subject to approval by the regional director (compliance)), or other devices or methods approved by the Director, may be used

to determine quantity by volume. The proprietor shall ensure that hydrometers, thermometers, and other equipment used to determine proof, volume, or weight are accurate. From time to time ATF officers shall verify the accuracy of such equipment. Detailed procedures for gauging spirits are provided in 27 CFR part 30.

(b) *When Required.* Proprietors shall gauge spirits and record the results in their records at the following times:

- (1) On completion of production of distilled spirits;
- (2) On receipt of spirits at the plant;
- (3) Prior to the addition of materials to render the spirits unfit for beverage use;
- (4) Before withdrawal from plant premises or other disposition of spirits (including fuel alcohol); and
- (5) When spirits are to be inventoried.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended, 1358, as amended (26 U.S.C. 5201, 5204))

§ 19.981 Inventories.

Proprietors shall take actual physical inventory of all spirits (including fuel alcohol) on bonded premises at least once during each period for which a report is required by § 19.988. The results of the inventory shall be posted in the applicable records required by § 19.982.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1356, as amended (26 U.S.C. 5201))

§ 19.982 Records.

(a) *All plants.* All proprietors shall maintain records with respect to: (1) The quantity and proof of spirits produced; (2) The proof gallons of spirits on-hand and received; (3) The quantities and types of materials added to render the spirits unfit for beverage use; (4) The quantity of fuel alcohol manufactured; and, (5) All dispositions of spirits (including fuel alcohol). Fuel alcohol may be recorded in wine gallons.

(b) *Medium and large plants.* Proprietors of medium and large plants shall also record the kind and quantity of materials used to produce spirits.

(c) *General requirements.* (1) The records must contain sufficient information to allow ATF officers to determine the quantities of spirits produced,

received, stored, or processed and to verify that all spirits have been lawfully disposed of or used.

(2) Records which the proprietor prepares for other purposes (i.e. invoices or other commercial records) may be used to meet the record requirements of this subpart, so long as they show the required information.

(3) Where the format or arrangement of the record is such that the information is not clearly or accurately reflected, the regional director (compliance) may require a format or arrangement which will clearly and accurately reflect the information.

(4) Entries required by this subpart to be made into records will be made on the day on which the operation or transaction occurs. However, these entries may be deferred until the third business day succeeding the day on which the operation or transaction occurs when the proprietor prepares commercial records concurrent with the individual operation or transaction.

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207))

§ 19.983 Spirits rendered unfit for beverage use in the production process.

Where spirits are rendered unfit for beverage use before removal from the production system, the proprietor shall enter into the production records, in addition to the quantity and proof of spirits produced, the kind and quantity of materials added to each lot of spirits. In such a case, a separate record under § 19.985 is not required. The quantity of spirits produced will be determined by subtracting the quantity of materials added to render the spirits unfit for beverage use from the quantity of fuel alcohol produced and multiplying the resulting figure by the proof of each lot of spirits. The proprietor shall determine the proof of each lot of spirits. The proprietor shall procure a representative sample of each lot, prior to the addition of any material for rendering the spirits unfit for beverage use, and proof the sample in accordance with the provisions of § 19.980(a). This paragraph applies to in-line addition of materials and to systems in which, before any spirits come

off the production equipment, the proprietor adds materials for rendering the spirits unfit for beverage use to the first receptacle where spirits are to be deposited.

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207); sec. 232, Pub. L. 96-222, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.984 Record of spirits received.

The proprietor's copy of the consignor's invoice or other document received with the shipment, on which the proprietor has noted the date of receipt and quantity received, constitutes the required record.

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207))

§ 19.985 Record of spirits rendered unfit for beverage use.

The proprietor shall record the kind and quantity of materials added to render each lot of spirits unfit for beverage use and the quantity of fuel alcohol manufactured (which may be given in wine gallons).

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207))

§ 19.986 Record of dispositions.

(a) *Fuel alcohol removed.* For fuel alcohol removed from the plant premises, the commercial record or other document required by § 19.997 constitutes the required record.

(b) *Spirits transferred.* For spirits transferred in bond (including transfers from small plants) to a distilled spirits plant qualified under subpart G of this part or to another alcohol fuel plant, the commercial invoice or other document required by §§ 19.508 and 19.999 constitutes the required record.

(c) *Other dispositions.* For spirits or fuel alcohol used or otherwise disposed of (e.g., lost, destroyed, redistilled) on the premises of the alcohol fuel plant, the proprietor shall maintain a record as follows:

(1) The quantity of spirits (in proof gallons) or fuel alcohol (in gallons) and the date of disposition; and,

(2) The purpose for which used or the nature of the other disposition.

(d) *Separate records.* Records for dispositions of fuel alcohol and spirits will be maintained separately.

(Sec. 807, Pub. L. 96-39, 93 Stat. 284 (26 U.S.C. 5207); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.987 Maintenance and retention of records.

The proprietor shall retain at the plant where an operation or transaction occurs the records required by this subpart for a period of not less than three years from the date thereof or from the date of the last entry made thereon, whichever is later. REDISTILLATION

§ 19.990 Redistillation of spirits or fuel alcohol received on the plant premises.

(a) *Receipts for redistillation.* Proprietors of alcohol fuel plants may receive and redistill spirits. Fuel alcohol may be received on the premises of an alcohol fuel plant for the recovery by redistillation of the spirits contained therein. Spirits and fuel alcohol received for redistillation will be identified as such and will be kept separate from other spirits and fuel alcohol on the premises

until redistilled. Spirits originally produced by the plant and subsequently recovered by redistillation will not be included in determinations of plant size and bond amounts. Spirits originally produced at other plants and subsequently recovered by redistillation will be included in determinations of plant size and bond amounts.

(b) *Recordkeeping.* (1) The proprietor shall record in a separate record the following information for spirits and fuel alcohol received for redistillation.

- (i) Date received;
- (ii) Whether fuel alcohol or spirits;
- (iii) Quantity received;
- (iv) From whom received;
- (v) Reason for redistillation;
- (vi) Date redistilled; and
- (vii) Quantity of spirits recovered by redistillation.

(2) The proprietor's commercial record required for spirits by § 19.999 or for fuel alcohol by § 19.997 and any other commercial record received covering spirits or fuel alcohol to be redistilled will be filed separately from other records. These records may be used in lieu of the record required by paragraph (b)(1) of this section when any missing information required to be shown has been entered upon the commercial record by the proprietor.

(c) *Status.* Spirits recovered by redistillation will be treated the same as spirits which have not been redistilled. All provisions of this subpart and 26 U.S.C. Chapter 51 (including liability for tax) applicable to spirits when originally produced are applicable to spirits recovered by redistillation.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1365, as amended, 1370, as amended (26 U.S.C. 5223, 5243); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

USES, WITHDRAWALS AND TRANSFERS

§ 19.995 Use on premises.

Spirits may be used as a fuel on the premises of the alcohol fuel plant at which produced and need not be rendered unfit for beverage use. Proprietors using spirits on the plant premises shall keep the applicable records concerning such dispositions as provided in § 19.986(c).

(Sec. 232, Pub. L. 96-223, 94 Stat. 278, (26 U.S.C. 5181))

§ 19.996 Withdrawal of spirits.

Before spirits may be withdrawn from the premises of an alcohol fuel plant, they must be rendered unfit for beverage use as provided in this subpart. Spirits rendered unfit for beverage use (fuel alcohol) may be withdrawn free of tax from plant premises exclusively for fuel use.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1362, as amended (26 U.S.C. 5214); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.997 Withdrawal of fuel alcohol.

For each shipment or other removal of fuel alcohol from the plant premises the consignor shall prepare a commercial invoice, sales slip, or similar document. The consignor shall enter on the document the date, the quantity of fuel alcohol removed, a description of the shipment (for example, number and size of containers, tank truck, etc.), and the name and address of the consignee. The consignor shall retain a copy of the document as a record.

(Sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.998 Transfer in bond of spirits.

(a) *Transfer between alcohol fuel plants.* A proprietor may remove spirits from the bonded premises of an alcohol fuel plant (including the premises of a small plant) for transfer in bond to another alcohol fuel plant. Bulk conveyances in which spirits are transferred shall be secured with locks, seals or other devices as prescribed by § 19.96. The spirits need not be rendered unfit for beverage use prior to transfer. Spirits so transferred may not be withdrawn, used, sold, or otherwise disposed of for other than fuel use.

(b) *Transfer to or from other distilled spirits plants.* Spirits (not including spirits produced from petroleum, natural gas, or coal) may be transferred in bond from distilled spirits plants qualified under subpart G of this part to alcohol fuel plants. Alcohol fuel plants may transfer spirits in bond to distilled spirits plants qualified under subpart G of this part. Bulk conveyances in which spirits are transferred shall be secured with locks, seals, or other devices as prescribed by § 19.96. The spirits need not be rendered unfit for beverage use

prior to transfer. Spirits so transferred may not be withdrawn, used, sold, or otherwise disposed of for other than fuel use.

(c) *Transfer procedures.* The procedures in §§ 19.999 through 19.1001 pertain only to the transfer of spirits between alcohol fuel plants. The procedures in §§ 19.506 through 19.509 and 19.770 pertain to the transfer of spirits from an alcohol fuel plant to a distilled spirits plant qualified under 26 U.S.C. 5171. The alcohol fuel plant transferring in bond spirits filled into portable containers to the bonded premises of a distilled spirits plant qualified under 26 U.S.C. 5171 shall mark each container as required by § 19.1008(b). The procedures in §§ 19.508, 19.510 and 19.770 pertain to the transfer of spirits from a distilled spirits plant to an alcohol fuel plant.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1362, as amended (26 U.S.C. 5212); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.999 Consignor premises.

The consignor shall prepare, in duplicate, a commercial invoice or shipping document to cover each shipment of spirits. The consignor shall enter on the document the quantity of spirits transferred, the proof of the spirits transferred, a description of the shipment (for example, number and size of drums or barrels, tank truck, etc.), the name, address, and permit number of the consignor and of the consignee, and the serial numbers of seals, locks, or other devices used to secure the conveyance. The consignor shall forward the original of the document to the consignee with the shipment and retain the copy as a record.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1362, as amended (26 U.S.C. 5212))

§ 19.1000 Reconsignment in transit.

When, prior to or on arrival at the premises of a consignee, spirits transferred in bond are found to be unsuitable for the intended purpose, were shipped in error, or, for any other bona fide reason, are not accepted by such consignee, or are not accepted by a carrier, they may be reconsigned, by the consignor, to himself, or to another qualified consignee. In such case, the

bond, if any, of the proprietor to whom the spirits are reconsigned shall cover such spirits while in transit after reconsignment. In addition, if the spirits are reconsigned to a distilled spirits plant qualified under subpart G of this part, an application to receive spirits by transfer in bond (on Form 5100.16) must have been previously approved for the consignee. Notice of cancellation of the shipment shall be made by the consignor to the consignee and the consignor shall note the reconsignment on his copy of the document covering the original shipment. Where the reconsignment is to another proprietor, a new document shall be prepared and prominently marked with the word "Reconsignment".

(Sec. 201, Pub. L. 85-859, 72 Stat. 1362, as amended, (26 U.S.C. 5212); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.1001 Consignee premises.

(a) *General.* When spirits are received by transfer in bond, the proprietor shall examine each conveyance to determine whether the locks, seals, or other devices are intact upon arrival at his premises. If the locks, seals or other devices are not intact, he shall immediately notify the area supervisor, before removal of any spirits from the conveyance. The consignee shall determine the quantity of spirits received and record the quantity and the date received on the document received with the shipment. The consignee shall retain the document as the record of receipt required by § 19.984.

(b) *Portable containers.* When spirits are received in barrels, drums, or similar portable containers, the proprietor shall examine each container and, unless the transfer was made in a secured conveyance and the seals or other devices are intact on arrival, verify the contents of each container. The proprietor shall record the quantity received for each container on a list, and shall attach a copy of the list to the invoice or other document received with the shipment.

(c) *Bulk conveyances and pipelines.* When spirits are received in bulk conveyances or by pipeline, the consignee shall gauge the spirits received and

shall record the quantity so determined on the invoice or other document received with shipment. However, the regional director (compliance) may waive the requirement for gauging spirits on receipt by pipeline if, because of the location of the premises, there will be no jeopardy to the revenue.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1358, as amended, 1362, as amended (26 U.S.C. 5204, 5212); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§ 19.1002 Prohibited uses, transfers, and withdrawals.

No person shall withdraw, use, sell, or otherwise dispose of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use. The law imposes criminal penalties on any person who withdraws, uses, sells or otherwise disposes of distilled spirits (including fuel alcohol) produced under this subpart for other than fuel use.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1398, as amended (26 U.S.C. 5601); sec. 232, Pub. L. 96-223, 94 Stat. 278 (26 U.S.C. 5181))

§20.38 Liability for special tax.

(a) *Industrial alcohol permittee.* Except as otherwise provided in this section, every person required to hold a permit under 26 U.S.C. 5271 to procure, use, sell, and/or recover denatured distilled spirits for industrial purposes shall pay a special (occupational) tax at the rate of \$250 per year. A separate tax shall be paid for each industrial alcohol permit which the permittee holds, and permits issued under this part shall not be valid unless special tax is paid. The tax shall be paid on or before the date of commencing business as an industrial alcohol permittee, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(b) *Transition rule.* For purposes of paragraph (a) of this section, a permittee engaged in denatured distilled spirits operations on January 1, 1988, shall be treated as having commenced business on that date. The special tax imposed by this transition rule shall cover the period January 1, 1988, through June 30, 1988, and shall be paid on or before April 1, 1988.

(c) *Each place of business taxable.* Special (occupational) tax liability is incurred at each place of business for which a permit under subpart D of this part to procure, use, sell, and/or recover denatured distilled spirits has been issued. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

(d) *Exception for United States.* Agencies and instrumentalities of the United States are not required to pay special tax under this subpart.

(e) *Exemption for certain educational institutions (effective July 1, 1989).* (1) On and after July 1, 1989, a scientific university, college of learning, or institution of scientific research, which holds a permit to procure and use specially denatured spirits under this part, is exempt from payment of special tax under this subpart if—

(i) The university, college, or institution procures less than 25 gallons of specially denatured spirits per calendar year; and

(ii) Such spirits are procured for use exclusively for experimental or research use and not for consumption (other than organoleptic tests) or sale.

(2) A scientific university, college of learning, or institution of scientific research, which holds a permit under this part, and which does not operate as described in paragraphs (e)(1)(i) and (ii) of this section during any calendar year, shall pay special tax as provided in § 20.38(a) for the special tax year (July 1 through June 30) commencing during that calendar year.

(c) *Multiple locations and/or classes of tax.* A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer's name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) *Perjury statement.* ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(b) *Application for employer identification number.* Each taxpayer who files a special tax return, who has

not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The proprietor shall attach the special tax stamp or stamps, for endorsement of the change in location. No new special tax is required to be paid. However, if the proprietor does not file the amended return within 30 days, the proprietor is required to pay a new special tax and obtain a new special tax stamp.

subpart) file a written notice with the regional director (compliance) to amend the application. However, a change in the information required by § 20.42(a)(6) caused by approval of a new formula or statement of process shall not require filing a new application unless the approval is the permittee's first statement of process covering recovery operations.

(2) *Changes affecting waivers.* When any waiver under § 20.43 is terminated by a change to the application, the permittee shall include the current information as to the item previously waived with the written notice required in paragraph (a)(1) of this section.

(3) *Changes affecting permit.* When the terms of a permit are affected by a change, the written notice required by paragraph (a)(1) of this section (except as otherwise provided in this subpart) will serve as an application to amend the permit.

(4) *Form of notice.* A written notice to amend an application on Form 5150.22 shall—

- (i) Identify the permittee;
- (ii) Contain the permit identification number;
- (iii) Explain the nature of the change and contain any required supporting documents;
- (iv) Identify the serial number of the applicable application, Form 5150.22; and
- (v) Be consecutively numbered and signed by the permittee or any person authorized to sign on behalf of the permittee.

(b) *Amended application.* The regional director (compliance) may require a permittee to file an amended application on Form 5150.22 when the number of changes to the previous application are determined to be excessive, or when a permittee has not timely filed the written notice prescribed in paragraph (a)(1) of this section. If items on the amended application remain unchanged, they will be marked "No change since Form 5150.22, Serial No. _____."

(2) *Directors.* In the case of a change in the directors listed under the provisions of § 20.45(a)(2), the notice required by paragraph (a)(1) of this section shall reflect the changes.

(3) *Stockholders.* In lieu of reporting all changes, within 30 days, to the list of stockholders furnished under the provisions of § 20.45(c)(1), a permittee may, upon filing written notice to the regional director (compliance) and establishing a reporting date, file an annual notice of changes. The notice of changes in stockholders does not apply if the sale or transfer of capital stock results in a change in ownership or control which is required to be reported under § 20.57.

Within 30 days of the change, the permittee shall file an application for a new permit, Form 5150.22 with supporting documents. If an application for a new permit is not filed on Form 5150.22 within 30 days of the change, the outstanding permit will automatically terminate.

permit may remain in effect until final action is taken on the application. When final action is taken, the outstanding permit will automatically terminate and shall be forwarded to the regional director (compliance).

(c) *Proprietorships*. In the event of a change in proprietorship of a business of a permittee (as for instance, by reasons of incorporation, the withdrawal or taking in of additional partners, or succession by any person who is not a fiduciary), the successor shall file written notice and make application on Form 5150.22 for a new permit, under the same conditions provided for in paragraph (b) of this section. The power of attorney shall be prepared on a form provided by the surety company and executed under the corporate seal of the company. If the power of attorney submitted is not a manually signed original, it shall be accompanied by certification of its validity.

§ 20.76 Deposit of securities instead of corporate surety.

Instead of corporate surety, the principal may pledge and deposit as surety for the bond, securities which are transferable and which are guaranteed as to both interest and principal by the United States, under the provisions of 31 CFR part 225.

(2) As limiting the amount of any bond to less than its full penal sum.

(b) Strengthening bonds shall show the date of execution and the effective date, and shall be marked “Strengthening Bond.”

§ 20.79 Superseding bonds.

Superseding bonds are required when insolvency or removal of any surety occurs. Superseding bonds may also be required at the discretion of the regional director (compliance) when any other contingency affects the validity or impairs the sufficiency of the bond. If the principal intends to continue the transactions to which the bond relates after the surety, under § 20.80, has applied for relief of liability under the bond, the principal shall file a valid superseding bond to be effective on or before the date specified in the surety’s application for relief of liability. Superseding bonds shall show the date of execution and the effective date, and shall be marked “Superseding Bond.” If the principal does not file a superseding bond when required, the principal may not conduct any operation under the permit.

§ 20.80 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and regional director (compliance) with whom the bond is filed, that the surety desires (after a specified date) to be relieved of liability under the bond. The specified date may not be less than 90 days after the date the notice is received by the regional director (compliance). The sur-

(1) The date named in a notice of termination (§ 20.80); or

(2) The effective date of a superseding bond (§ 20.79); or

(3) The date of approval of the discontinuance of operations by the principal.

(b) If the principal fails to file a valid superseding bond before the date on which the surety desires to be relieved from liability under the bond, the surety, notwithstanding the release from liability as specified in paragraph (a)(1) of this section, shall remain liable under the bond for all specially denatured spirits or articles on hand or in transit to the principal on that date until the spirits or articles have been lawfully disposed of or a new bond has been filed by the principal.

§ 20.82 Release of pledged securities.

Securities of the United States, pledged and deposited as provided in § 20.76, will be released only under the provisions of 31 CFR part 225. When the regional director (compliance) is satisfied that they may be released, the regional director (compliance) shall fix the date or dates on which a part or all of the securities may be released. At any time before the release of the securities, the regional director (compliance) may extend the date of release for any additional length of time considered necessary.

Subpart G—Requirements Relating to Articles

§ 20.131 Scope of subpart.

This subpart prescribes requirements relating to articles which may affect persons who are not required to obtain a permit under this part. These requirements, described in general terms § 20.132, are imposed by law. Criminal penalties imposed for violating these requirements are described in § 20.137. In this subpart, the term “article” means any substance or preparation in the manufacture of which denatured spirits are used, including the product obtained by further manufacture or by combination with other materials, if the article subjected to further manufacture or combination contained denatured spirits.

§ 20.132 General requirements.

(a) *Internal medicinal preparations and flavoring extracts*—(1) *Manufacture*. No person shall use denatured spirits in the manufacture of medicinal preparations or flavoring extracts for internal human use where any of the spirits remain in the finished product.

(2) *Sale*. No person shall sell or offer for sale for internal human use any medicinal preparations or flavoring extracts manufactured from denatured distilled spirits where any of the spirits remain in the finished product.

(3) *Labeling and advertising*. Labeling and advertising of articles shall not

imply that the article is intended for or suitable for internal human use.

(b) *Beverage use.* No person shall sell or offer for sale any article containing denatured spirits for beverage purposes. Labeling and advertising of articles shall not imply that the article is intended for or suitable for use as a beverage.

(c) *Trafficking in articles.* The regional director (compliance) may impose the requirements of § 20.133 on any person who reprocesses, rebottles, or repackages articles, deals in articles, or receives articles in containers exceeding one gallon.

§ 20.133 Registration of persons trafficking in articles.

(a) Upon written notice from the regional director (compliance), any person who reprocesses, rebottles, or repackages articles, deals in articles, or receives articles in containers exceeding one gallon may be required to submit any of the following:

- (1) Nature of activities to be conducted;
- (2) Name and address of supplier;
- (3) Size and type of containers in which articles will be received and, if applicable, rebottled or repackaged;
- (4) Maximum quantity of each article to be obtained during any calendar month;
- (5) Description of the reprocessing operation;
- (6) Samples of the reprocessed article;
- (7) Labels and advertising materials; and,
- (8) Names and addresses of recipients of articles and quantities received;

(b) The regional director (compliance) shall prohibit any of the activities described in paragraph (a) of this section if the activities pose a jeopardy to the revenue, or a burden in administering this part.

(Approved by the Office of Management and Budget under control number 1512–0336)

§ 20.134 Labeling.

(a) *General.* Except as provided in paragraph (b) or (c) of this section, each article shall, before removal from the manufacturer's premises, have a label affixed to its immediate container identifying (1) the name, trade

name or brand name of the article, and (2) the name and address (city and State) of the manufacturer or distributor of the article.

(b) *Articles for external human use.* Except as provided in paragraph (c) of this section, an article intended for external human use shall, before removal from the manufacturer's premises, have a label affixed to its immediate container identifying the name, trade name or brand name of the article. If the volume of the article in the container exceeds 8-fluid ounces, the label shall also show the information required by paragraph (b) (1) or (2) of this section.

(1) If the article was packaged or bottled by the person who manufactured it, the label shall identify—

(i) The manufacturer's name and the address (city and State) of the actual place or places where article was manufactured, or

(ii) The name and principal office address (city and State) of the manufacturer, and the permit number or numbers of the place or places of manufacture. However, in lieu of such permit number or numbers, the place or places where the manufacturing operation occurred may be indicated by a coding system. Prior to using a coding system, the manufacturer shall send a notice explaining the coding system to the regional director (compliance) of the region where the manufacturing site is located, or

(iii) The manufacturer's permit number and the name and address (city and State), of the person for whom the article was packaged and bottled.

(2) If the article was packaged or bottled by a person other than the manufacturer of the article, the label shall identify—

(i) The name and address (city and State) of the person by whom or for whom the article was packaged or bottled, and

(ii) The permit number of the manufacturer or distributor.

(3) If a permit number is required to be shown on the label, it may be shown utilizing a State code number, in accordance with § 20.135.

(c) *Shipment of unlabeled articles.* A manufacturer may, subject to the approval of the regional director (compliance) and compliance with § 20.133, remove an unlabeled article from the manufacturer's premises, if the outer containers of the article are labeled with the name, trade name or brand name of the article and the names and addresses (city and State) of the manufacturer and the consignee.

(d) *Use of the words "denatured alcohol."* If the words "denatured alcohol" appear on the label of an article, the label shall also have a name, trade name or brand name which appears as conspicuously as the words "denatured alcohol."

(e) *Use of the words "rubbing alcohol."* If the words "rubbing alcohol" appear on the label of an article, (1) the article shall be made in accordance with § 20.118 of this part, and (2) the label (i) shall have the words "rubbing alcohol" in letters of the same color and size, (ii) shall identify the name and address (city and State) of the manufacturer or bottler, (iii) shall state the alcohol content as 70% by volume with no reference to the proof strength, and (iv) shall have the warning "For external use only. If taken internally, will cause serious gastric disturbances." An alcohol rub made from any other material, such as isopropyl alcohol, shall not be labeled "Rubbing Alcohol" unless the label informs the consumer that the preparation was not made with specially denatured alcohol.

(f) *Distributor labeling.* Distributors of an article may place minimal identifying information (name, address and a phrase such as "distributed by") on the label of that article (or on an additional label) without qualifying in any manner under this part; provided:

(1) The article is produced, packaged and labeled as provided in this part; and

(2) The distributor does not produce, repack or reprocess the article.

§ 20.135 State code numbers.

In showing the permit number on labels as provided in § 20.134(b)(2)(ii), the permittee who distributes the article may substitute the appropriate number shown below for the State abbreviation. § 20.136 Labeling regulations of other agencies.

(a) *General.* Other Federal agencies have promulgated regulations which may affect labeling of articles, as described in this section.

(b) *Consumer Product Safety Commission.* The Consumer Product Safety Commission has promulgated regulations to administer the Federal Hazardous Substances Act. The regulations in 16 CFR Chapter II require warning labels for products containing certain specified substances. For example, S.D.A. Formula Nos. 3-A and 30 require warning labels because they contain methyl alcohol, a hazardous substance at levels of 4% or more by weight. Manufacturers, reproducers, rebottlers, and repackagers who convey articles containing strong chemicals should refer to 16 CFR Chapter II for warning label requirements.

(c) *Federal Trade Commission.* The Federal Trade Commission (F.T.C.) has promulgated regulations to administer the Fair Packaging and Labeling Act. The regulations in 16 CFR Chapter I affect packaging and labeling of “consumer commodities.” The term “consumer commodities” generally means products intended for retail sale to an individual for personal or household use. The F.T.C. regulations do not apply to drugs, medical devices, or cosmetics for which the Food and Drug Administration enforces the Fair Packaging and Labeling Act (see paragraph (d) of this section). Manufacturers, reprocessors, rebottlers, and repackagers who convey articles which are “consumer commodities” should refer to 16 CFR Chapter I for packaging and labeling requirements.

(d) *Food and Drug Administration, Department of Health and Human Services.* The Food and Drug Administration has promulgated regulations in 21 CFR Chapter I to administer the Fair Packaging and Labeling Act (as it applies to drugs, medical devices, or cosmetics) and the Federal Food, Drug and Cosmetic Act. Manufacturers, reprocessors, rebottlers, and repackagers who convey articles which are drugs, medical devices, or cosmetics should refer to 21 CFR Chapter I for packaging and labeling requirements.

§20.137 Penalties.

Violation of the requirements prescribed in §20.132 is punishable by a fine of not more than \$10,000 and/or imprisonment for not more than 5 years for each offense. In addition, persons who manufacture (including reprocess), sell, or transport articles in violation of this part are liable for payment of a tax on the articles at the rate imposed by law on distilled spirits.

Subpart H—Sale and Use of Completely Denatured Alcohol

§20.141 General.

(a) Each formula of completely denatured alcohol may be sold and used for any purpose, subject to the limitations in the formula prescribed in part 21 of

this chapter. For example, C.D.A. Formula No. 18 or 19 may be used:

(1) In the manufacture of definite chemical substances where the alcohol is changed into some other chemical substance and does not appear in the finished product;

(2) In the arts and industries, including but not limited to the manufacture of cleaning fluids, detergents, proprietary antifreeze solutions, thinners, lacquers, and brake fluids; and

(3) For fuel, light, and power.

(b) Completely denatured alcohol may not be used in the manufacture of preparations or products for internal human use or consumption where any of the alcohol or the denaturants used in that alcohol remain in the finished product.

(c) Persons distributing and using (but not recovering for reuse) completely denatured alcohol are not required to obtain a permit or file a bond under this part.

(d) Any person recovering completely denatured alcohol for reuse shall obtain a permit under subpart D of this part if the recovered alcohol does not contain all of the original denaturants of the completely denatured alcohol.

(e) Containers of products manufactured with completely denatured alcohol (such as proprietary antifreeze solutions, solvents, thinners, and lacquers) may not be branded as completely denatured alcohol. These products may not be advertised, shipped, sold, or offered for sale as completely denatured alcohol.

§20.142 Records of bulk conveyances.

If completely denatured alcohol is to be shipped in a bulk conveyance, the shipment shall be accompanied by a record which identifies each car, truck, or compartment, the name and location (city or town and State) of both the consignor and consignee, the quantity in gallons, and the formula number of the completely denatured alcohol.

(Approved by the Office of Management and Budget under control number 1512-0337)

§20.143 Receipt.

Unless completely denatured alcohol received in bulk conveyances or by pipeline is to be used immediately, it

shall be deposited in storage tanks, stored in the tank cars or tank trucks in which received, or drawn into packages which shall be marked or labeled as required by this subpart.

§20.144 Packages of completely denatured alcohol.

Packages containing more than 5 gallons of completely denatured alcohol shall be of metal or other equally suitable material approved by the Director. The openings of these packages shall be sealed with appropriate seals furnished by the person filling the packages.

§20.145 Encased containers.

Completely denatured alcohol may be packaged by distributors in unlabeled containers which are completely encased in wood, fiberboard, or similar material so that the surface (including the opening) of the actual container is not exposed. When completely denatured spirits are packaged in unlabeled containers, the distributor shall apply the required marks or label to an exposed surface of the case. The case shall be so constructed that the portion containing the marks will be securely attached to the encased container until all of the contents have been removed. A statement reading "Do Not Remove Inner Container Until Emptied," or words of similar meaning, shall be placed on the portion of the case bearing the marks.

§20.146 Labels on bulk containers.

(a) Completely denatured alcohol in bulk containers with a capacity exceeding 1 gallon shall be labeled on the head or side of the container or on the side of the casing, with the following:

- (1) The name and address of the person filling the containers;
- (2) The contents in gallons;
- (3) The words "Completely Denatured Alcohol"; and
- (4) The formula number.

(b) Packages of 5 gallons or less shall bear labels required by §20.147, in lieu of the labels required by this section.

(c) The letters and figures used for marking packages shall be large enough to be easily read and, when printed, labeled, or stenciled, shall be in permanent ink and shall contrast

distinctly with the background to which applied.

(d) Packages may also be marked with the brand name and a statement to the type of merchandise contained in the package if these markings do not obscure or detract from the required markings. The person filling the packages shall maintain the record required by §20.261.

§20.147 Labels on consumer-size containers.

(a) Each consumer-size container with a capacity of 5 gallons or less of completely denatured alcohol sold or offered for sale by a distributor shall bear a label showing, in plain, legible letters, the following:

(1) The words "Completely Denatured Alcohol";

(2) The statement "Caution—contains poisonous ingredients"; and

(3) The name and address of the distributor filling the packages, unless shown elsewhere on the package.

(b) No other information (except that required by State or Federal law) may be shown on the label without the Director's approval. The word "pure", qualifying denatured alcohol may not appear on the label or the container.

(c) The requirements of paragraphs (a) and (b) of this section apply to any person who sells completely denatured alcohol at wholesale or retail.

§20.148 Manufacture of articles with completely denatured alcohol.

Articles may be made with completely denatured alcohol for sale under brand names. If ingredients are added in sufficient quantities to materially change the composition and character of the completely denatured alcohol, the article is not classified as completely denatured alcohol and may not be marked, branded, or sold as completely denatured alcohol.

§20.149 Records.

Records of transactions in completely denatured alcohol and articles made with completely denatured alcohol shall be maintained as prescribed in §20.261.

(Approved by the Office of Management and Budget under control number 1512-0337)

Subpart I—Operations by Dealers and Users of Specially Denatured Spirits

OBTAINING SPECIALLY DENATURED SPIRITS

§ 20.161 Withdrawals under permit.

(a) *General.* The permit, Form 5150.9, issued under subpart D of this part, authorizes a person to withdraw specially denatured spirits from the bonded premises of a distilled spirits plant or a dealer. If the permittee is located in a foreign-trade zone, the permit will be qualified so that the permittee may obtain domestic specially denatured spirits only. The alcohol in domestic denatured spirits must be produced entirely in the United States, including Puerto Rico.

(b) *Photocopying of permit, Form 5150.9.* (1) As provided in § 20.54, a permittee may make photocopies of its permit, or amended permit, for the exclusive purpose of furnishing proof of authorization to withdraw specially denatured spirits.

(2) A permittee need only furnish the photocopy of its permit, or amended permit, to a distilled spirits plant or dealer for the “initial order” from that distilled spirits plant or dealer.

(3) When a permittee makes photocopies of its permit, Form 5150.9, each copy must be signed, dated, and contain the word “COPY” across the face.

(4) A permittee is responsible for obtaining and, as applicable, destroying all photocopies of its permit from distilled spirits plants and dealers when: (i) An amended or corrected permit is issued which supersedes the copy on file, (ii) the permit is canceled by reason of requalification as a new permittee, (iii) the permit is revoked or suspended, or (iv) upon permanent discontinuance of dealing in or using specially denatured spirits.

(c) *Withdrawals.* (1) When a permittee places an initial order for specially denatured spirits the permittee will forward a signed copy of its permit, for retention by the distilled spirits plant or dealer, along with the purchase request.

(2) When the permittee places a subsequent order for specially denatured spirits, the purchase request, in addition

to any other information, will contain the permit identification number along with a statement that the permittee possesses a valid permit to withdraw specially denatured spirits, a copy of which is on file with the supplier.

(3) Shipments will not be made by a proprietor of a distilled spirits plant or dealer until it is in possession of a signed copy of a valid permit, Form 5150.9, unless the regional director (compliance) authorizes the shipment.

(19 U.S.C. 81c; Sec. 201, Pub. L. 85–859, 72 Stat. 1370, as amended, 1395, as amended (26 U.S.C. 5271, 5555))

[T.D. ATF–199, 50 FR 9162, Mar. 6, 1985; 50 FR 20099, May 14, 1985, as amended by T.D. ATF–274, 53 FR 25156, July 5, 1988]

§ 20.162 Regulation of withdrawals.

(a) Each permittee shall regulate its withdrawals of specially denatured spirits to ensure that (1) the quantity on hand and unaccounted for does not exceed the capacity of the storage facilities, and (2) the cumulative quantity withdrawn or received in any calendar year does not exceed the quantity authorized by the permit, Form 5150.9. Recovered alcohol will be taken into account in determining the total quantity of alcohol on hand.

(b) For the purpose of this section, specially denatured spirits and recovered alcohol will be considered as unaccounted for if lost under circumstances where a claim for allowance is required by this part and the claim has not been allowed, or if used or disposed of in any manner not provided for in this part.

§ 20.163 Receipt and storage of specially denatured spirits.

(a) *Receipt of bulk conveyances or by pipeline.* A permittee who receives specially denatured spirits in bulk conveyances or by pipeline shall: (1) Deposit the specially denatured spirits into storage tanks as provided by § 20.165; (2) draw the specially denatured spirits into packages marked and labeled as required by paragraph (b) of this section; (3) store the specially denatured spirits in the tank truck or tank car in which received if the conveyance is effectively immobilized within an enclosure secured to prevent unauthorized

access; or (4) use the specially denatured spirits immediately in accordance with an approved formula or statement of process.

(b) *Marks on portable containers.* (1) A user who receives specially denatured spirits in bulk conveyances or by pipeline and who transfers the spirits to drums shall plainly label them to show (i) the words "Specially Denatured Alcohol" or "Specially Denatured Rum", and (ii) the formula number.

(2) A dealer who fills packages of specially denatured spirits shall label them in accordance with § 20.178.

(c) *Receipt of portable containers.* A permittee who receives specially denatured spirits in portable containers such as drums or barrels shall transfer the specially denatured spirits to storage tanks or deposit the specially denatured spirits in a storeroom as provided in § 20.165, or use the spirits in accordance with an approved formula or statement of process. A user may not transfer the spirits to other portable containers for storage except in the following circumstances:

(1) Contents of damaged packages may be transferred to new packages to prevent loss or waste; or

(2) Contents of portable containers may be transferred to "safety" containers to comply with city or State fire code regulations, or on filing notice with the regional director (compliance) to comply with the safety practices of the user. The user shall label the new containers with the information marked on the original containers and shall also identify the new containers as "repackaged."

(d) *Record of receipt.* Records of receipt will consist of the consignor's invoice of bill or lading which identifies the quantities, formula number(s), and serial numbers of containers of specially denatured spirits, and which has been annotated by the consignee with the date of receipt of the shipment.

(e) *Losses.* On receipt of specially denatured spirits, the user shall determine and account for any losses in transit in accordance with subpart J of this part.

PREMISES AND EQUIPMENT

§ 20.164 Premises.

(a) A permittee shall have premises suitable for the business being conducted and adequate for protecting the revenue.

(b) Storage facilities shall be provided on the premises for specially denatured spirits received or recovered. Except as provided in paragraph (c) of this section, storage facilities shall consist of storerooms, compartments, or stationary storage tanks (not necessarily in a room or building).

(c) A permittee receiving and storing specially denatured spirits in tank cars or tank trucks, as provided in § 20.163, need not provide stationary storage tanks.

(d) If specially denatured spirits are received at or removed from a permittee's premises in bulk conveyances, suitable facilities for those operations shall be provided.

In these cases, the regional director (compliance) will require samples of the recovered product to be taken from time to time to determine if the product requires redensation.

(b) If the denatured alcohol or specially denatured rum is not recovered in its original denatured state, or practically so, it shall be redenatured at the premises of the manufacturer or a denaturer before being used. The regional director (compliance) may require supervision of the redensation of the recovered spirits by an ATF officer.

Subpart Ca—Special (Occupational) Taxes

SOURCE: T.D. ATF-271, 53 FR 17545, May 17, 1988, unless otherwise noted.

§ 22.37 Liability for special tax.

(a) *Tax-free alcohol permittee.* Except as otherwise provided in this section, every person who is required to hold a permit under 26 U.S.C. 5271 to procure, use, sell, and/or recover alcohol free of tax for nonbeverage purposes shall pay a special (occupational) tax at the rate of \$250 per year. A separate tax shall be paid for each tax-free alcohol permit which the permittee holds, and permits issued under this part shall not be valid unless special tax is paid. The tax shall be paid on or before the date of commencing the business of a tax-free alcohol permittee, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(b) *Transition rule.* For purposes of paragraph (a) of this section, a permittee engaged in nonbeverage tax-free distilled spirits operations on January 1, 1988, shall be treated as having commenced business on that date. The special tax imposed by this transition rule shall cover the period January 1, 1988, through June 30, 1988, and shall be paid on or before April 1, 1988.

(c) *Each place of business taxable.* Special (occupational) tax liability is incurred at each place of business for which a permit under subpart D of this part to procure, use, and/or recover distilled spirits free of tax has been issued. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or

partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

(d) *Exception for United States.* Agencies and instrumentalities of the United States are not required to pay special tax under this subpart.

(e) *Exception for certain educational institutions.* (1) On and after July 1, 1989, a scientific university, college of learning, or institution of scientific research as specified in § 22.104, which holds a permit to procure and use distilled spirits free of tax under this part, is not required to pay special tax under this subpart if—

(i) The university, college, or institution procures less than 25 gallons of tax free spirits per calendar year; and

(ii) Such spirits are procured for use exclusively for experimental or research use and not for consumption (other than organoleptic tests) or sale.

(2) A scientific university, college of learning, or institution of scientific research, which holds a permit under this part, and which does not operate as described in paragraphs (e)(1) (i) and (ii) of this section during any calendar year, shall pay special tax as provided in paragraph (a) of this section for the special tax year (July 1 through June 30) commencing during that calendar year.

(b) *Preparation of ATF Form 5630.5.* All of the information called for on Form 5630.5 shall be provided, including:

- (1) The true name of the taxpayer.
- (2) The trade name(s) (if any) of the business(es) subject to special tax.
- (3) The employer identification number (see § 22.38a).

(4) The exact location of the place of business, by name and number of building or street, of if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer's principal place of business (or principal office, in the case of a corporate taxpayer).

(5) The class(es) of special tax to which the taxpayer is subject.

(6) Ownership and control information: That is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. "Owner of the business" shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a permit application, and if the information previously provided is still current.

(c) *Multiple locations and/or classes of tax.* A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(1) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer's name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer's principal place of business (or principal office, in the case of corporate taxpayer) for the period specified on § 22.164.

(d) *Signing of ATF Forms 5630.5—(1) Ordinary returns.* The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner.

The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as "individual owner," "member of firm," or, in the case of a corporation, the title of the officer.

(2) *Fiduciaries.* Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) *Agent or attorney in fact.* If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) *Perjury statement.* ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(26 U.S.C. 5142, 6061, 6065, 6151, 7100)

§ 22.38a Employer identification number.

(a) *Requirement.* The employer identification number (defined in 26 CFR 301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Failure of the taxpayer to include the employer identification number may result in the imposition of the penalty specified in § 70.105 of this chapter.

(b) *Application for employer identification number.* Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for no later than 7 days after the filing

of the taxpayer's first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.

(c) *Preparation and filing of IRS Form SS-4.* The taxpayer shall prepare and file IRS Form SS-4, together with any supplementary statement, in accordance with the instructions on the form or issued in respect to it.

(26 U.S.C. 6109)

SPECIAL TAX STAMPS

§ 22.39 Issuance, distribution, and examination of special tax stamps.

(a) *Issuance of special tax stamps.* Upon filing a properly executed return on ATF Form 5630.5 together with the full remittance, the taxpayer will be issued an appropriately designated special tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by § 22.38(c), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer's principal place of business (or principal office in the case of a corporate taxpayer).

(b) *Distribution of special tax stamps for multiple locations.* On receipt of the special tax stamps, the taxpayer shall verify that there is one stamp for each location listed on the attachment to ATF Form 5630.5. The taxpayer shall designate one stamp for each location and type on each stamp the address of the business conducted at the location for which that stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

(c) *Examination of special tax stamps.* All stamps denoting payment of special tax shall be kept available for inspection by ATF officers, at the location for which designated, during business hours.

(26 U.S.C. 5143, 5146, 6806)

§ 22.40 Changes in special tax stamps.

(a) *Change in name.* If there is a change in the corporate or firm name, or in the trade name, as shown on ATF Form 5630.5, the permittee shall file an amended special tax return, as soon as

practicable after the change, covering the new corporate or firm name, or trade names. No new special tax is required to be paid. The permittee shall attach the special tax stamp for endorsement of the change in name.

(b) *Change in proprietorship—(1) General.* If there is a change in the proprietorship of a tax-free alcohol operation, the successor shall pay a new special tax and obtain the required special tax stamps.

(2) *Exemption for certain successors.* Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special tax was paid, without paying a new special tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special tax return on ATF Form 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

(c) *Persons having right of succession.* Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

(1) *Death.* The widowed spouse or child, or executor, administrator, or other legal representative of the taxpayer;

(2) *Succession of spouse.* A husband or wife succeeding to the business of his or her spouse (living);

(3) *Insolvency.* A receiver or trustee in bankruptcy, or an assignee for benefit of creditors;

(4) *Withdrawal from firm.* The partner or partners remaining after death or withdrawal of a member.

(d) *Change in location.* If there is a change in location of a taxable place of business, the permittee shall, within 30 days after the change, file with ATF an amended special tax return covering the new location. The permittee shall attach the special tax stamp or stamps, for endorsement of the change in location. No new special tax is required to be paid. However, if the permittee does

not file the amended return within 30 days, he or she is required to pay a new special tax and obtain a new special tax stamp.

(11) Other information and statements as the regional director (compliance) may require to establish that the applicant is entitled to the permit. In the case of a corporation or other legal entity the regional director (compliance) may require information which establishes that the officers, directors and principal stockholders whose names are required to be furnished under § 22.45 (a)(2) and (c) have not violated or conspired to violate any law of the United States relating to intoxicating liquor or have been convicted of any offense under Title 26, U.S.C., punishable as a felony or of any conspiracy to commit such offense.

In this case the permittee will furnish information in respect to the previously waived items, as provided in § 22.57(a)(2).

If a corporation is wholly owned or controlled by another corporation, persons owning 10% or more of each of the classes of stock of the parent corporation are considered to be the persons interested in the business of the subsidiary, and the names and addresses of such persons shall be submitted to the regional director (compliance) if specifically requested.

(2) In the case of an individual owner or partnership, name and address of every person interested in the business, whether such interest appears in the name of the interested party or in the name of another for the interested person.

All records required by this section shall identify tax-free alcohol by proof, date of transaction, and quantity involved, and shall include alcohol received from the General Services Administration and the recovery of alcohol and its disposition. Records shall be kept current at all times.

§ 22.165 Photographic copies of records.

(a) *General.* Permittees may record, copy, or reproduce required records. Any process may be used which accurately reproduces the original record, and which forms a durable medium for reproducing and preserving the original record.

(b) *Copies of records treated as original records.* Whenever records are reproduced under this section, the reproduced records shall be preserved in conveniently accessible files, and provisions shall be made for examining, viewing, and using the reproduced records the same as if they were the original record, and they shall be treated and considered for all purposes as though they were the original record. All provisions of law and regulations applicable to the original are applicable to the reproduced record. As used in this section, "original record" means the record required by this part to be maintained or preserved by the permittee, even though it may be an executed duplicate or other copy of the document.

SPECIAL (OCCUPATIONAL) TAXES

§ 24.50 Payment of special (occupational) tax.

(a) *General.* Every proprietor of a bonded wine premises or a taxpaid wine bottling house shall pay a special (occupational) tax at the rate specified by § 24.51. The tax will be paid on or before the date of commencing business as a bonded wine premises or taxpaid wine bottling house, and thereafter every year on or before July 1. On commencing business, the tax will be computed from the first day of the month in which the liability is incurred, through the following June 30. Thereafter, the tax will be computed for the entire year (July 1 through June 30).

(b) *Each place of business taxable.* Proprietors of a bonded wine premises or a taxpaid wine bottling house incur special (occupational) tax at each place of business in which an occupation subject to special (occupational) tax is conducted. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special (occupational) tax, if the divisions of the premises are otherwise contiguous. A proprietor of a bonded wine premises or a taxpaid wine bottling house does not incur additional special (occupational) tax liability for sales of wine made at a location other than on wine premises described in the application, ATF F 5120.25, if the location where the sales are made is contiguous to the bonded wine premises or the taxpaid wine bottling house in the manner described in this paragraph. (26 U.S.C. 5081, 5142, 5143)

(Approved by the Office of Management and Budget under control numbers 1512-0472 and 1512-0492)

§24.51 Rates of special (occupational) tax.

(a) *General.* Title 26 U.S.C. 5081(a) (2), (3), and (4) impose a special (occupational) tax of \$1,000 per year on every proprietor of a bonded wine premises or a taxpaid wine bottling house.

(b) *Reduced rate for small proprietors.* Title 26 U.S.C. 5081(b) provides for a reduced rate of \$500 per year with respect to any proprietor of a bonded wine premises or a taxpaid wine bottling house whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special (occupational) tax imposed by §24.50 relates) are less than \$500,000. The “taxable year” to be used for determining gross receipts is the taxpayer’s income tax year. All gross receipts of the taxpayer will be included, not just the gross receipts of the business subject to special (occupational) tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special (occupational) tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a “controlled group”; in that case, the rules of paragraph (c) of this section apply.

(c) *Controlled group.* All persons treated as one taxpayer under 26 U.S.C. 5061(e)(3) shall be treated as one taxpayer for the purpose of determining gross receipts under paragraph (b) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563-1 through 1.1563-4, except that the words “at least 80 percent” is replaced by the words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(d) *Short taxable year.* Gross receipts for any taxable year of less than 12 months will be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(e) *Returns and allowances.* Gross receipts for any taxable year will be reduced by returns and allowances made during such year under 26 U.S.C. 448(c)(3). (26 U.S.C. 448, 5061, 5081)

(Approved by the Office of Management and Budget under control numbers 1512-0472 and 1512-0492)

§24.52 Exemption from special (occupational) tax.

(a) *General.* The proprietor of a bonded wine premises or a taxpaid wine bottling house will not be required to pay special (occupational) tax as a wholesale dealer or retail dealer on account of the sale, at the bonded wine premises or the taxpaid wine bottling house, or at the principal business office as designated in writing to the regional director (compliance), of wine which, at the time of sale, is stored at the bonded wine premises or taxpaid wine bottling house, or has been removed from the bonded wine premises to a taxpaid wine premises, the operations of which are integrated with the operations of the bonded wine premises and which is adjacent to or in the immediate vicinity of the bonded wine premises. The proprietor may not have more than one place of sale, as to each bonded wine premises or taxpaid wine bottling house, that will be exempt from special (occupational) tax under this section.

(b) *Place of exemption.* Unless the proprietor has claimed the exemption elsewhere, it will be presumed that the exemption is claimed at the bonded wine premises or taxpaid wine bottling house where the wine or spirits are stored. If exemption from payment of special (occupational) tax is to be claimed for sales at the principal business office rather than for sales at the bonded wine premises or taxpaid wine bottling house, the proprietor shall state such intention in the approved application or file a notice in letter

form of this intention with the regional director (compliance) of the region in which the bonded wine premises or taxpaid wine bottling house is located. Where the exemption is claimed for a place other than the bonded wine premises or taxpaid wine bottling house, the special (occupational) tax will be paid for any sales made at the bonded wine premises or taxpaid wine bottling house.

(c) *Exception.* Where the proprietor of a bonded wine premises or a taxpaid wine bottling house has not paid special (occupational) tax as a wholesale dealer and consummates sales of wine to another dealer at the purchaser's place of business through a delivery route sales personnel or otherwise, the proprietor of the bonded wine premises or taxpaid wine bottling house shall be required to pay special (occupational) tax as a wholesale dealer.

(d) *Wholesaler's special (occupational) tax.* A wholesale dealer in liquors who has paid the appropriate special (occupational) tax as provided in part 194 of this chapter will not again be required to pay special (occupational) tax as a wholesale dealer because of sales of wine to wholesale or retail dealers in liquors, or to limited retail dealers, at the purchaser's place of business. (Sec. 201, Pub. L. 85–859, 72 Stat. 1340, as amended (26 U.S.C. 5111, 5113, 5142))

(Approved by the Office of Management and Budget under control numbers 1512–0472 and 1512–0492)

- (1) The true name of the taxpayer.
- (2) The trade name(s) (if any) of the business(es) subject to special (occupational) tax.
- (3) The employer identification number (see § 24.45).
- (4) The exact location of the place of business, by name and number of building or street, or if these do not exist,

by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown will be the taxpayer's principal place of business (or principal office, in case of a corporate taxpayer).

(5) The class(es) of special (occupational) tax to which the taxpayer is subject.

(6) Ownership and control information: that is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special (occupational) tax. "Owner of the business" includes every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a permit application, and if the information previously provided is still current.

(c) *Multiple locations and/or classes of tax.* A taxpayer subject to special (occupational) tax for the same period at more than one location or for more than one class of tax shall:

(1) File one special (occupational) tax return, ATF F 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(2) Unless correctly printed on a renewal form, prepare, in duplicate, a list identified with the taxpayer's name, address (as shown on ATF F 5630.5), employer identification number, and period covered by the return. The list will show, by States, the name, address, and tax class of each location for which special (occupational) tax is being paid. The original of the list will be filed with ATF in accordance with instructions on the return, and the copy will be retained at the taxpayer's principal place of business (or principal office, in case of a corporate taxpayer) for the period specified in § 24.300(d).

(d) *Signing of ATF F 5630.5—(1) Ordinary returns.* The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner.

The return of a corporation shall be signed by any corporate officer. In each case, the person signing the return shall designate his or her capacity as "individual owner," "member of firm," or, in the case of a corporation, the title of the officer.

(2) *Fiduciaries.* Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) *Agent or attorney-in-fact.* If a return is signed by an agent or attorney-in-fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney-in-fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office where the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) *Perjury statement.* ATF F 5630.5 will contain or be verified by a written declaration that the return has been executed under the penalties of perjury. (26 U.S.C. 5142, 6061, 6065, 6151, 7011)

§ 24.54 Special (occupational) tax stamps.

(a) *Issuance of special (occupational) tax stamps.* Upon filing a properly executed return on ATF F 5630.5, together with the full remittance, the taxpayer will be issued an appropriately designated special (occupational) tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by § 24.53(c), but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer's principal place of business (or principal office in case of a corporate taxpayer).

(b) *Distribution of special (occupational) tax stamps for multiple locations.* On receipt of the special (occupational) tax stamps, the taxpayer shall verify that there is one stamp for each location listed on the attachment to ATF F

5630.5. Unless correctly printed on the renewal stamp, the taxpayer shall designate one stamp for each location and shall type or print on each stamp the address of the business conducted at the location for which that stamp is designated. The taxpayer shall then forward each stamp to the place of business designated on the stamp.

(c) *Examination of special (occupational) tax stamps.* All stamps denoting payment of special (occupational) tax will be kept available for inspection by ATF officers, at the location for which designated, during business hours. (26 U.S.C. 5146, 6806)

(Approved by the Office of Management and Budget under control numbers 1512-0472 and 1512-0492)

(a) *Change in name.* If there is a change in the corporate or firm name, or in the trade name, as shown on ATF F 5630.5, the proprietor shall file an amended special (occupational) tax return as soon as practicable after the change covering the new corporate or firm name, or trade name. No new special (occupational) tax is required to be paid. The proprietor shall attach the special (occupational) tax stamp for endorsement of the change in name.

(b) *Change in proprietorship—(1) General.* If there is a change in the proprietorship of a bonded wine premises or taxpaid wine bottling house, the successor shall pay a new special (occupational) tax and obtain the required special (occupational) tax stamps.

(2) *Exemption for certain successors.* Persons having the right of succession provided for in paragraph (c) of this section may carry on the business for the remainder of the period for which the special (occupational) tax was paid, without paying a new special (occupational) tax, if within 30 days after the date on which the successor begins to carry on the business, the successor files a special (occupational) tax return on ATF F 5630.5 with ATF, which shows the basis of succession. A person who is a successor to a business for which special (occupational) tax has been paid and who fails to register the succession is liable for special (occupational) tax

computed from the first day of the calendar month in which he or she began to carry on the business.

(c) *Persons having right of succession.* Under the conditions indicated in paragraph (b)(2) of this section, the right of succession will pass to certain persons in the following cases:

(1) *Death.* The widowed spouse or child, or executor, administrator, or other legal representative of the taxpayer;

(2) *Succession of spouse.* A husband or wife succeeding to the business of his or her spouse (living);

(3) *Insolvency.* A receiver or trustee in bankruptcy, or an assignee for benefit of creditors; and

The proprietor shall attach the special (occupational) tax stamp or stamps for endorsement of the change in location. No new special (occupational) tax is required to be paid. However, if the proprietor does not file the amended return within 30 days, the proprietor is required to pay a new special (occupational) tax and obtain a new special (occupational) tax stamp. The proprietor shall make provisions to assure ATF officers have ready ingress to and egress from any building or room on wine premises, and shall furnish at the request of the regional director (compliance) evidence that the means of ingress and egress by ATF officers are assured. Where the regional director (compliance) finds that any building or room on wine premises is located, constructed, or equipped as to afford inadequate protection to the revenue, the proprietor will be required to make changes in location, construction, or

All open tanks will be under a roof or other suitable covering.

(b) *Other requirements.* Each tank used for the taxpayment of wine, storage of spirits, or spirits additions will be constructed and equipped as follows:

(1) An accurate means of measuring the contents of each tank will be provided by the proprietor. When a means of measuring is not a permanent fixture of the tank, the tank will be equipped with a fixed device to allow the approximate contents to be determined readily;

(2) Safe access to all parts of a tank will be provided by the proprietor;

(3) Tanks may not be used until they are accurately calibrated and a statement of certification of accurate calibration is on file at the premises;

(4) If a tank or its means of measuring is changed as to location or position subsequent to original calibration, the tank may not be used until recalibrated; and

(5) All openings in tanks used for the storage, weighing, or measuring of spirits, or for the addition of spirits to wine, will be equipped for locking or

have a similar means of revenue protection. Any vents, flame arrestors, foam devices, or other safety devices affixed to a spirits tank will be constructed to prevent extraction of the contents of the tank. (Sec. 201, Pub. (b) *Tank markings.* (1) Each tank will have a unique serial number;

(2) Each tank will be marked to show its current use, either by permanent markings or by removable signs of durable material; and

(3) If used to store wine made in accordance with a formula, the formula number will be marked or otherwise indicated on the tank.

(c) *Puncheon and barrel markings.* Puncheons and barrels, or similar bulk containers over 100 gallons capacity, will be marked in the same manner as tanks. A permanent serial number need not be marked on puncheons and barrels, or similar bulk containers of less than 100 gallons capacity, used for storage, but the capacity will be permanently marked. Where winemaking materials or other materials used in the treatment of wine are used immediately upon receipt on wine premises, or received and stored on bonded wine premises in original sealed shipping containers with a stated capacity, the quantity shown on the commercial invoice or other document covering the shipment may be accepted by the proprietor and entered into records in lieu of measuring the materials upon receipt.

(b) *Testing instruments.* The proprietor shall have ready access to equipment for determining the alcohol content unless the proprietor only receives and stores on wine premises bottled or packed wine with evidence showing the alcohol content has been determined. The proprietor who bottles or packs wine shall have ready access to equipment for determining the net contents of bottled or packed wine. The regional director (compliance) may require other testing instruments based upon the proprietor's operations. (Sec. 201, Pub. § 24.176 Crushing and fermentation.

(a) *Natural wine production.* Water may be used to flush equipment during the crushing process or to facilitate fermentation but the density of the juice may not be reduced below 22 degrees Brix. However, if the juice is already less than 23 degrees Brix, the use of water to flush equipment or facilitate fermentation is limited to a juice density reduction of no more than one degree Brix. At the start of fermentation no material may be added except water, sugar, concentrated fruit juice from the same kind of fruit, malo-lactic bacteria, yeast or yeast cultures grown in juice of the same kind of fruit, and yeast foods, sterilizing agents, precipitating agents or other approved fermentation adjuncts. Water may be used to rehydrate yeast to a maximum to two gallons of water for each pound of yeast; however, except for an operation involving the preparation of a yeast culture starter and must mixture for later use in initiating fermentation, the maximum volume increase of the juice after the addition of rehydrated yeast is limited to 0.5 percent. After fermentation natural wines may be blended with each other only if produced from the same kind of fruit.

(b) *Determination of wine produced.* Upon completion of fermentation or removal from the fermenter, the volume of wine will be accurately determined, recorded and reported on ATF F 5120.17, Report of Bonded Wine Premises Operations, as wine produced. Any wine or juice remaining in fermentation tanks at the end of the reporting period will

be recorded and reported on ATF F 5120.17.

[T.D. ATF-312, 56 FR 31078, July 9, 1990, as amended by ATF-338, 58 FR 19064, Apr. 12, 1993]

§ 24.177 Chaptalization (Brix adjustment).

In producing natural grape wine from juice having a low sugar content, pure dry sugar or concentrated grape juice may be added before or during fermentation to develop alcohol. In producing natural fruit wine from juice having a low sugar content, sugar, or concentrated juice of the same kind of fruit may be added before or during fermentation to develop alcohol. The quantity of sugar or concentrated juice added may not raise the original density of the juice above 25 degrees Brix. If grape juice or grape wine is ameliorated after chaptalization, the quantity of pure dry sugar added to juice for chaptalization will be included as ameliorating material. If fruit juice or fruit wine is ameliorated after chaptalization, pure dry sugar added under this section is not considered as ameliorating material. However, if fruit juice or fruit wine is ameliorated after chaptalization and liquid sugar or invert sugar syrup is used to chaptalize the fruit juice, the volume of water contained in the liquid sugar or invert sugar syrup will be included as ameliorating material. (Sec. 201, Pub. L. 85-859, 72 Stat. 1385, as amended (26 U.S.C. 5382, 5384))

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF-312, 56 FR 31078, July 9, 1991]

§ 24.178 Amelioration.

(a) *General.* In producing natural wine from juice having a fixed acid level exceeding 5.0 grams per liter, the winemaker may adjust the fixed acid level by adding ameliorating material (water, sugar, or a combination of both) before, during and after fermentation. The fixed acid level of the juice is determined prior to fermentation and is calculated as tartaric acid for grapes, malic acid for apples, and citric acid for other fruit. Each 20 gallons of ameliorating material added to 1,000 gallons of juice or wine will reduce the fixed acid level of the juice or

wine by 0.1 gram per liter (the fixed acid level of the juice or wine may not be less than 5.0 gram per liter after the addition of ameliorating material).

(b) *Limitations.* (1) Amelioration is permitted only at the bonded wine premises where the natural wine is produced.

(2) The ameliorating material added to juice or wine may not reduce the fixed acid level of the ameliorated juice or wine to less than 5.0 grams per liter.

(3) Except for wine made exclusively from loganberries, currants, or gooseberries, the volume of ameliorating material added to juice or wine may not exceed 35 percent of the total volume of ameliorated juice or wine (calculated exclusive of pulp). Where the starting fixed acid level is or exceeds 7.69 grams per liter, a maximum of 538.4 gallons of ameliorating material may be added to each 1,000 gallons of wine or juice.

(4) For wine produced exclusively from loganberries, currants, or gooseberries, the volume of ameliorating material added to juice or wine may not exceed 60 percent of the total volume of ameliorated juice or wine (calculated exclusive of pulp). If the starting fixed acid level is or exceeds 12.5 grams per liter, a maximum of 1,500 gallons of ameliorating material may be added to each 1,000 gallons of wine or juice. (Sec. 201, Pub. L. 85-859, 72 Stat. 1384, as amended, 1385, as amended (26 U.S.C. 5383, 5384))

§ 24.179 Sweetening.

(a) *General.* In producing natural wine, sugar, juice or concentrated fruit juice of the same kind of fruit may be added after fermentation to sweeten wine. When juice or concentrated fruit juice is added, the solids content of the finished wine may not exceed 21 percent by weight. When liquid sugar or invert sugar syrup is used, the resulting volume may not exceed the volume which would result from the maximum use of pure dry sugar only.

(b) *Grape wine.* Any natural grape wine of a winemaker's own production may have sugar added after amelioration and fermentation provided the finished wine does not exceed 17 percent total solids by weight if the alcohol

content is more than 14 percent by volume or 21 percent total solids by weight if the alcohol content is not more than 14 percent by volume.

(c) *Fruit wine.* Any natural fruit wine of a winemaker's own production may have sugar added after amelioration and fermentation provided the finished wine does not exceed 21 percent total solids by weight and the alcohol content is not more than 14 percent by volume.

(d) *Specially sweetened natural wine.* Specially sweetened natural wine is produced by adding to natural wine of the winemaker's own production sufficient pure dry sugar, juice or concentrated fruit juice of the same kind of fruit, separately or in combination, so that the finished product has a total solids content between 17 percent and 35 percent by weight, and an alcohol content of not more than 14 percent by volume. Natural wine containing added wine spirits may be used in the production of specially sweetened natural wine; however, wine spirits may not be added to specially sweetened natural wine. Specially sweetened natural wines may be blended with each other, or with natural wine or heavy bodied blending wine (including juice or concentrated fruit juice to which wine spirits have been added), in the further production of specially sweetened natural wine only if the wines (or juice) so blended are made from the same kind of fruit. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended, 1384, as amended, 1385, as amended, 1386, as amended (26 U.S.C. 5382, 5383, 5384, 5385))

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF-312, 56 FR 31078, July 9, 1991]

§ 24.180 Use of concentrated and unconcentrated fruit juice.

Concentrated fruit juice reduced with water to its original density, or to 22 degrees Brix, or to any degree of Brix between its original density and 22 degrees Brix, and unconcentrated fruit juice reduced with water to not less than 22 degrees Brix, is considered juice for the purpose of standard wine production. Concentrated fruit juice reduced with water to any degree of Brix greater than 22 degrees Brix may be further reduced with water to any de-

gree of Brix between its original density and 22 degrees Brix. The proprietor, prior to using concentrated fruit juice in wine production, shall obtain a statement in which the producer certifies the kind of fruit from which it was produced and the total solids content of the juice before and after concentration.

Concentrated or unconcentrated fruit juice may be used in juice or wine made from the same kind of fruit for the purposes of chaptalizing or sweetening, as provided in this part. Concentrated fruit juice, or juice which has been concentrated and reconstituted, may not be used in standard wine production if at any time it was concentrated to more than 80 degrees Brix. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

(Approved by the Office of Management and Budget under control number 1512-0298)

§ 24.181 Use of sugar.

Only sugar, as defined in § 24.10, may be used in the production of standard wine. The quantity of sugar used will be determined either by measuring the increase in volume or by considering that each 13.5 pounds of pure dry sugar results in a volumetric increase of one gallon. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended, 1384, as amended, 1385, as amended, 1387, as amended (26 U.S.C. 5382, 5383, 5384, 5392))

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF-312, 56 FR 31078, July 9, 1991]

§ 24.182 Use of acid to correct natural deficiencies.

(a) *General.* Acids of the kinds occurring in grapes or other fruit (including berries) may be added within the limitations of § 24.246 to juice or wine in order to correct natural deficiencies; however, no acid may be added to juice or wine which is ameliorated to correct natural deficiencies except that in the production of grape wine, tartaric acid may be used to reduce the pH of the juice or wine. If tartaric acid is used to correct the pH of grape juice or wine, the fixed acid level of the juice shall be measured prior to the addition of any tartaric acid to determine the maximum quantity of ameliorating material allowed. In addition, when using

tartaric acid to reduce the pH of ameliorated grape juice or wine, the pH cannot be reduced below 3.0.

(b) *Grape wine.* Tartaric acid or malic acid, or a combination of tartaric acid and malic acid, may be added prior to or during fermentation, to grapes or juice from grapes. In addition, after fermentation is completed, citric acid, fumaric acid, malic acid, lactic acid or tartaric acid, or a combination of two or more of these acids, may be added to correct natural deficiencies. However, the use of these acids, either prior to, during or after fermentation, may not increase the fixed acid level of the finished wine (calculated as tartaric acid) above 9.0 grams per liter. In cases where the wine contains 8.0 or more grams of total solids per 100 milliliters of wine, acids may be added to the extent that the finished wine does not contain more than 11.0 grams per liter of fixed acid (calculated as tartaric acid).

(c) *Fruit wine.* Only citric acid may be added to citrus fruit, juice or wine, only malic acid may be added to apples, apple juice or wine, and only citric acid or malic acid may be added to other fruit (including berries) or to juice or wine derived from other fruit (including berries) to correct natural deficiencies to 9.0 grams per liter of finished wine; however, if the wine contains 8.0 or more grams of total solids per 100 milliliters of wine, acids may be added to correct natural deficiencies to the extent that the finished wine does not contain more than 11.0 grams per liter of fixed acid (calculated as malic acid for apples and citric acid for other fruit (including berries)).

(d) *Other use of acid.* A winemaker desiring to use an acid other than the acids allowed in paragraphs (a) and (b) of this section to correct natural deficiencies shall follow the procedure prescribed in § 24.250. A winemaker desiring to use acid to stabilize standard wine shall follow the requirements prescribed by § 24.244. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF-312, 56 FR 31078, July 9, 1991; T.D. ATF-350, 58 FR 52230, Oct. 7, 1993]

§ 24.183 Use of distillates containing aldehydes.

Distillates containing aldehydes may be received on wine premises for use in the fermentation of wine and then returned to the distilled spirits plant from which distillates were withdrawn as distilling material. Distillates produced from one kind of fruit may not be used in the fermentation of wine made from a different kind of fruit. Distillates containing aldehydes which are received at bonded wine premises and not immediately used will be placed in a locked room or tank on bonded wine premises. Distillates containing aldehydes may not be mingled with wine spirits. If the distillates contain less than 0.1 percent of aldehydes, the proprietor shall comply with any additional condition relating to the receipt, storage, and use which the regional director (compliance) may require to assure that the distillates are properly used and accounted for. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended, 1382, as amended (26 U.S.C. 5367, 5373))

§ 24.184 Use of volatile fruit-flavor concentrate.

(a) *General.* In the cellar treatment of natural wine of the winemaker's own production there may be added volatile fruit-flavor concentrate produced from the same kind of fruit or from the same variety of berry or grape so long as the proportion of volatile fruit-flavor concentrate added to the wine does not exceed the equivalent proportion of volatile fruit-flavor concentrate of the original juice or must from which the wine was produced.

(b) *Use of juice or must from which volatile fruit-flavor has been removed.* Juice, concentrated fruit juice, or must processed at a concentrate plant is considered to be pure juice, concentrated fruit juice, or must even though volatile fruit-flavor has been removed if, at a concentrate plant or at bonded wine premises, there is added to the juice, concentrated fruit juice, or must (or in the case of bonded wine premises, to wine of the winemaker's own production made therefrom), either the identical volatile fruit-flavor removed or an equivalent quantity of volatile fruit-flavor concentrate derived from

the same kind of fruit or from the same variety of berry or grape.

(c) *Certificate required.* The proprietor, prior to the use of volatile fruit flavor concentrate in wine production, shall obtain a certificate from the producer stating the kind of fruit or the variety of berry or grape from which it was produced and the total solids content of the juice before and after concentration. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

(Approved by the Office of Management and Budget under control number 1512-0298)

Subpart G—Production of Effervescent Wine

§ 24.190 General.

Effervescent wine may be made on bonded wine premises. Where the effervescence results from fermentation of the wine within a closed container, the wine is classed and taxed as sparkling wine. The use of carbon dioxide, nitrogen gas, or a combination of both, is permitted to maintain counterpressure during the transfer and bottling of sparkling wine. Wine carbonated by injection of carbon dioxide is classed and taxed as artificially carbonated wine. Sparkling wine, artificially carbonated wine, and any wine used as a base in the production of sparkling wine or artificially carbonated wine, may not have an alcohol content in excess of 14 percent by volume. However, wine containing more than 14 percent of alcohol by volume may be used in preparing a dosage for finishing sparkling wine or artificially carbonated wine. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382)).

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by T.D. ATF-312, 56 FR 31078, July 9, 1991]

§ 24.191 Segregation of operations.

Where more than one process of producing sparkling wine or artificially carbonated wine is used, the regional director (compliance) may require the portion of the premises used for the production and storage of wine made by each process (bottle fermented, bulk fermented or artificially carbonated) to be segregated as provided by § 24.27.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended (26 U.S.C. 5365))

§ 24.192 Process and materials.

In preparing still wine for the production of sparkling wine or artificially carbonated wine, sugar and acid of the kinds and within the limitations prescribed in § 24.182 may be added with yeast or yeast culture to acclimate the yeast and to facilitate the process of secondary fermentation or to correct the wine. Fruit syrup, sugar, wine, wine spirits, and acid may be used in preparing a finishing dosage for sparkling wine or artificially carbonated wine provided the dosage does not exceed 10 percent by volume of the finished product. Where the proprietor desires to use more than 10 percent by volume finishing dosage, the proprietor shall file for a formula approval under § 24.80. The fruit syrup, wine spirits and wine used will come from the same kind of fruit as the wine from which the sparkling wine or artificially carbonated wine is made. In the production of sparkling wine or artificially carbonated wine, taxpaid wine spirits or wine spirits withdrawn tax-free may be used. Tax-free wine spirits may only be used in the production of sparkling wine or artificially carbonated wine which is a natural wine. In the refermentation and finishing of a sparkling wine, the acids and materials specifically authorized in § 24.246 may be used. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

(Approved by the Office of Management and Budget under control number 1512-0059)

§ 24.193 Conversion into still wine.

Sparkling wine or artificially carbonated wine may be dumped for use as still wine. The dumping process will allow the loss of carbon dioxide remaining in the wine. (Sec. 201, Pub. L. 85-859, 72 Stat. 1331, as amended (26 U.S.C. 5041, 5361))

Subpart H—Production of Special Natural Wine

§ 24.195 General.

Special natural wine is a flavored wine made on bonded wine premises

from a base of natural wine. The flavoring added may include natural herbs, spices, fruit juices, natural aromatics, natural essences or other natural flavoring, in quantities or proportions such that the resulting product derives character and flavor distinctive from the the base wine and distinguishable from other natural wine. Fruit juices may not be used to give to one natural wine the flavor of another but may be used with herbs or spices to produce a wine having a distinctive flavor. Caramel and sugar may be used in a special natural wine. However, the minimum 60 degrees Brix limitations prescribed in the definition of "Liquid pure sugar" and "Invert sugar syrup" in § 24.10 do not apply to materials used in the manufacture of vermouth. Finished vermouth will contain a minimum of 80 percent by volume natural wine. Heavy bodied blending wine and juice or concentrated fruit juice to which wine spirits have been added may be used in the production of special natural wine pursuant to formula approval. (Sec. 201, Pub. L. 85-859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control number 1512-0059)

§ 24.196 Formula required.

Before producing any special natural wine, the proprietor shall receive approval of the formula by which it is to be made as provided by § 24.80. Any change in a formula will be approved in advance as provided by § 24.81. (Sec. 201, Pub. L. 85-859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control number 1512-0059)

§ 24.197 Production by fermentation.

In producing special natural wine by fermentation, flavoring materials may be added before or during fermentation. Special natural wine produced by fermentation may be ameliorated in the same manner and to the same extent as natural wine made from the same fruit. Spirits may not be added to special natural wine with the exception of spirits contained in the natural wine used as a base or in authorized essences made on bonded wine premises as provided in § 24.86 or in approved essences

made elsewhere. Upon removal of the wine from fermenters, the volume of liquid will be determined accurately and recorded as wine produced. The quantity of liquid in fermenters at the close of each reporting period will be reported on the ATF F 5120.17, Report of Bonded Wine Premises Operations. (Sec. 201, Pub. L. 85-859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control numbers 1512-0216 and 1512-0298)

[T.D. ATF-299, 55 FR 24989, June 19, 1990, as amended by ATF-338, 58 FR 19064, Apr. 12, 1993]

§ 24.198 Blending.

Special natural wine may be blended with other special natural wine of the same class and kind, and with heavy bodied blending wine, or natural wine of the same kind of fruit, in the further production of special natural wine. The blending of special natural wines produced under different formulas requires the filing and approval of a formula authorizing a blending; however, where two or more formulas have been approved for the production of special natural wine of the same type, e.g., producing a sweet vermouth by blending sweet vermouths produced under two or more approved formulas, the submission and approval of an additional formula is not required. (Sec. 201, Pub. L. 85-859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

(Approved by the Office of Management and Budget under control number 1512-0059)

Subpart I—Production of Agricultural Wine

§ 24.200 General.

Agricultural wine may be produced on bonded wine premises from suitable agricultural products other than the juice of fruit. Water or sugar, or both, may be used within the limitations of this subpart in the production of agricultural wine. Agricultural wine may not be flavored or colored; however, hops may be used in the production of honey wine. Spirits may not be used in the production of the wine and a wine made from one agricultural product may not be blended with a wine made

from another agricultural product. Agricultural wine made with sugar in excess of the limitations of this subpart is other than standard wine and will be segregated and clearly identified. Since grain, cereal, malt, or molasses are not suitable materials for the production of agricultural wine, these materials may not be received on bonded wine premises. Beverage alcohol products made with these materials are not classed as wine and may not be produced or stored on bonded wine premises. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5387))

§ 24.201 Formula required.

Before producing any agricultural wine, the proprietor shall obtain from the Director approval of the formula and process by which it is to be made pursuant to the provisions of § 24.80. Any change in a formula will be approved in advance as provided by § 24.81. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended (26 U.S.C. 5387))

(Approved by the Office of Management and Budget under control number 1512–0059)

§ 24.202 Dried fruit.

In the production of wine from dried fruit, a quantity of water sufficient to restore the moisture content to that of the fresh fruit may be added. If it is desired not to restore the moisture content of the dried fruit to that of the fresh fruit, or if the moisture content is not known, sufficient water may be added to reduce the density to 22 degrees Brix. If the dried fruit liquid after restoration is found to be deficient in sugar, sufficient pure dry sugar may be added to increase the total solids content to 25 degrees Brix. After addition of water to the dried fruit, the resulting liquid may be ameliorated with either water or sugar, or both, in such total volume as may be necessary to reduce the natural fixed acid level of the mixture to a minimum of 5.0 grams per liter; however, in no event may the volume of the ameliorating material exceed 35 percent of the total volume of the ameliorated juice or wine (calculated exclusive of pulp). Pure dry sugar may be used for sweetening. After complete fermentation or complete fermentation and sweetening, the finished product may

not have an alcohol content of more than 14 percent by volume nor may the total solids content exceed 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))

§ 24.203 Honey wine.

In the production of wine from honey, a quantity of water may be added to facilitate fermentation provided the density of the mixture of honey and water is not reduced below 22 degrees Brix. Hops may be added in quantities not to exceed one pound for each 1,000 pounds of honey. Pure dry sugar or honey may be added for sweetening. After complete fermentation or complete fermentation and sweetening, the wine may not have an alcohol content of more than 14 percent by volume nor may the total solids content exceed 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))

§ 24.204 Other agricultural products.

In the production of wine from agricultural products, other than dried fruit and honey, water and sugar may be added to the extent necessary to facilitate fermentation; *Provided*, That the total weight of pure dry sugar used for fermentation is less than the weight of the primary winemaking material and the density of the mixture prior to fermentation is not less than 22 degrees Brix, if water, or liquid sugar, or invert sugar syrup is used. Additional pure dry sugar may be used for sweetening, provided the alcohol content of the finished wine after complete fermentation or after complete fermentation and sweetening, is not more than 14 percent by volume and the total solids content is not more than 35 degrees Brix. (Sec. 201, Pub. L. 85–859, 72 Stat. 1386, as amended, 1387, as amended (26 U.S.C. 5387))

Subpart J—Production of Other than Standard Wine

§ 24.210 Classes of wine other than standard wine.

The following classes of wine are not standard wine:

(a) High fermentation wine, produced as provided in § 24.212;

(b) Heavy bodied blending wine, produced as provided in § 24.213;

(c) Spanish type blending sherry, produced as provided in § 24.214;

(d) Wine products not for beverage use, produced as provided in § 24.215;

(e) Distilling material, produced as provided in § 24.216;

(f) Vinegar stock, produced as provided in § 24.217; and

(g) Wines other than those in classes listed in paragraphs (a), (b), (c), (d), (e), and (f), of this section produced as provided in § 24.218. (Sec. 201, Pub. L. 85-859, 72 Stat. 1387, as amended (26 U.S.C. 5388))

§ 24.211 Formula required.

The proprietor who desires to produce wine other than standard wine shall first obtain approval of the formula by which it is to be made, except that no formula is required for distilling material or vinegar stock. The formula is filed with the Director as provided by § 24.80. Any change in the formula will be approved in advance as provided by § 24.81. (Sec. 201, Pub. L. 85-859, 72 Stat. 1387, as amended (26 U.S.C. 5388))

(Approved by the Office of Management and Budget under control number 1512-0059)

§ 24.212 High fermentation wine.

High fermentation wine is wine made with the addition of sugar within the limitations prescribed for natural wine except that the alcohol content after complete fermentation or complete fermentation and sweetening is more than 14 percent and wine spirits have not been added. Although high fermentation wine is not a standard wine, it is produced, stored, and handled on bonded wine premises subject to the same marking or labeling requirements. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended, 1387, as amended (26 U.S.C. 5365, 5388))

§ 24.213 Heavy bodied blending wine.

Heavy bodied blending wine is wine made for blending purposes from grapes or other fruit without added sugar, and with or without added wine spirits, and having a total solids content in excess of 21 percent. Heavy bodied blending wine may be used in blending with other wine made from the same kind of

fruit or for removal upon payment of tax, not for sale or consumption as beverage wine. Upon removal, the shipping containers and shipping records will be marked "Heavy Bodied Blending Wine—Not for Sale or Consumption as Beverage Wine." (Sec. 201, Pub. L. 85-859, 72 Stat. 1380, as amended, 1387, as amended (26 U.S.C. 5361, 5388))

(Approved by the Office of Management and Budget under control numbers 1512-0298 and 1512-0503)

§ 24.214 Spanish type blending sherry.

Blending wine made with partially caramelized grape concentrate may be produced, stored, and handled on, or transferred in bond between, bonded wine premises, or removed upon payment of tax, not for sale or consumption as beverage wine. Wine of a high solids content and dark in color, produced under this section, is designated "Spanish Type Blending Sherry." Upon removal, the shipping containers will be marked with the applicable designation and the legend "Not for Sale or Consumption as Beverage Wine." Spanish type blending sherry is not standard wine and may not be blended with standard wine except pursuant to an approved formula or in the further production of this type of wine. (Sec. 201, Pub. L. 85-859, 72 Stat. 1380, as amended, 1381, as amended, 1387, as amended (26 U.S.C. 5361, 5388))

(Approved by the Office of Management and Budget under control numbers 1512-0059 and 1512-0503)

§ 24.215 Wine or wine products not for beverage use.

(a) *General.* Wine, or wine products made from wine, may be treated with methods or materials which render the wine or wine products unfit for beverage use. No wine or wine products so treated may contain more than 21 percent of alcohol by volume at the time of withdrawal free of tax from bonded wine premises; nor may any wine or wine product so withdrawn be used in the compounding of distilled spirits or wine for beverage use or in the manufacture of any product intended to be used in the compounding. Wine or wine products produced under this section will be clearly identified and segregated from beverage wine products

while stored on bonded wine premises and may be transferred in bond between bonded wine premises. The shipping records for transfers in bond of nonbeverage wine or wine products will be marked “Not for Sale or Consumption as Beverage Wine.” Upon removal from bonded wine premises free of tax, containers of nonbeverage wine or wine products will be marked to clearly indicate such products are not for sale or consumption as beverage wine, e.g., salted wine, vinegar, nonbeverage cooking wine.

(b) *Salted wine.* Salted wine is a wine or wine product not for beverage use produced in accordance with the provisions of this section and having not less than 1.5 grams of salt per 100 milliliter of wine. (12.5 pounds of salt/100 gallons of wine.)

(c) *Vinegar.* Vinegar is a wine or wine product not for beverage use produced in accordance with the provisions of this section and having not less than 4.0 grams (4.0 percent) of volatile acidity (calculated as acetic acid and exclusive of sulfur dioxide) per 100 milliliters of wine. (Sec. 201, Pub. L. 85–859 and Sec. 455, Pub. L. 98–369, 72 Stat. 1380, as amended (26 U.S.C. 5361, 5362))

§ 24.216 Distilling material.

Wine may be produced on bonded wine premises from grapes and other fruit, natural fruit products, or fruit residues, for use as distilling material, using any quantity of water desired to facilitate fermentation or distillation. No sugar may be added in the production of distilling material. Distillates containing aldehydes may be used in the fermentation of wine to be used as distilling material. Lees, filter wash, and other wine residues may also be accumulated on bonded wine premises for use as distilling material. (Sec. 201, Pub. L. 85–859, 72 Stat. 1380, as amended, 1381, as amended, 1382, as amended (26 U.S.C. 5361, 5373))

§ 24.217 Vinegar stock.

Vinegar stock may be produced on bonded wine premises with the addition

of any quantity of water desired to meet commercial standards for the production of vinegar. Vinegar stock may be made only by the addition of water to wine or by the direct fermentation of the juice of grapes or other fruit with added water. (Sec. 201, Pub. § 24.218 Other wine.

(a) *General.* Other than standard wine not included in other sections in this subpart are considered other wine. Those wines considered to be other wine include:

(1) Wine made with sugar, water, or sugar and water beyond the limitations prescribed for standard wine.

(2) Wine made by blending wines produced from different kinds of fruit.

(3) Wine made with sugar other than pure dry sugar, liquid pure sugar, and invert sugar syrup.

(4) Wine made with materials not authorized for use in standard wine.

(b) *Production of other wine.* Other wine may be made on bonded wine premises but will remain segregated from standard wine. Other wine will have a basic character derived from the primary winemaking material. If sugar is used to make other wine, the aggregate weight of the sugar used before and during fermentation will be less than the weight of the primary wine producing material. Wine spirits may be added to other wine. Upon removal, other wine will be marked or labeled with a designation which will adequately disclose the nature and composition of the wine. (Sec. 201, Pub. Subpart K—Spirits

§ 24.225 General.

The proprietor of a bonded wine premises may withdraw and receive spirits without payment of tax from the bonded premises of a distilled spirits plant for uses as are authorized in this part. Wine spirits produced in the United States may be added to natural wine on bonded wine premises if both

the wine and the spirits are produced from the same kind of fruit. In the case of natural still wine, wine spirits may be added in any State only to wine produced by fermentation on bonded wine premises located within the same State. If wine has been ameliorated, wine spirits may be added (whether or not wine spirits were previously added) only if the wine contains not more than 14 percent of alcohol by volume derived from fermentation. Spirits other than wine spirits may be received, stored and used on bonded wine premises only for the production of nonbeverage wine and nonbeverage wine products. Wooden storage tanks used for the addition of spirits may be used for the baking of wine. (Sec. 201, Pub. L. 85-859 and Sec. 455, Pub. L. 98-369, 72 Stat. 1381 as amended, 1382, as amended, 1383, as amended, 1384, as amended (26 U.S.C. 5366, 5373, 5382, 5383))

§ 24.226 Receipt or transfer of spirits.

When spirits are received at the bonded wine premises, the proprietor shall determine that the spirits are the same as described on the transfer record and follow the procedures prescribed by 27 CFR 19.510. A copy of the transfer record, annotated to show any difference between the description of spirits and quantity received, will be maintained by the proprietor as a record of receipt. If spirits are to be transferred to a distilled spirits plant or to bonded wine premises, the proprietor shall use the transfer record and procedures prescribed by 27 CFR 19.508. (Sec. 201, Pub. § 24.227 Transfer of spirits by pipeline for immediate use.

Spirits transferred by pipeline for immediate use are gauged either by weight or by volume on the bonded premises of the distilled spirits plant. Where the spirits are gauged on the bonded premises of the distilled spirits plant, the pipelines will be directly connected with the spirits addition tanks. The valves in the pipeline will

be closed and locked with a lock at all times except when necessary to be opened for the transfer of spirits. Where the proprietor has placed wine in a spirits addition tank and has determined the quantity of spirits to be added, the spirits may be transferred. (Sec. 201, Pub. L. 85-859, 72 Stat. 1382, as amended (26 U.S.C. 5373))

§ 24.228 Transfer of spirits by pipeline to a spirits storage tank.

Where it is desired to transfer spirits by pipeline to bonded wine premises and store the spirits prior to use, there will be provided a suitable tank for storing the spirits. The spirits to be transferred, if not gauged on the bonded premises of the distilled spirits plant, will be gauged by weight or volume on bonded wine premises. (Sec. 201, Pub. L. 85-859, 72 Stat. 1382, as amended (26 U.S.C. 5373))

§ 24.229 Tank car and tank truck requirements.

Railroad tank cars and tank trucks used to transport spirits for use in wine production will be constructed, marked, filled, labeled, and inspected in the manner required by regulations in 27 CFR part 19. (Sec. 201, Pub. L. 85-859, 72 Stat. 1360, as amended, 1362, as amended (26 U.S.C. 5206, 5214))

§ 24.230 Examination of tank car or tank truck.

Upon arrival of a tank car or tank truck at the bonded wine premises, the proprietor shall carefully examine the car or truck to see whether the seals are intact and whether there is any evidence of tampering or loss by leaking or otherwise. Any evidence of loss will be reported to the area supervisor. The contents of the tank car or tank truck will be gauged by weight or volume at the time of receipt by the proprietor. If the tank car or tank truck has been accurately calibrated and the calibration chart is available at the bonded wine premises, the spirits may be gauged by volume in the tank car or

tank truck. In any case where a volume gauge is made, the actual measurements of the spirits in the gauging tank, tank car, or tank truck, and the temperature of the spirits will be recorded on the copy of the transfer record accompanying the shipment. (Sec. 201, Pub. L. 85–859, 72 Stat. 1360, as amended, 1362, as amended, 1381, as amended (26 U.S.C. 5206, 5214, 5366))

§24.231 Receipt of spirits in sealed bulk containers.

The proprietor shall examine sealed bulk containers (packages) of spirits received at the bonded wine premises to verify that the containers are the same as those described on the transfer record accompanying the shipment. Any container which appears to have been tampered with or from which spirits appear to have been removed or lost will be gauged by the proprietor and the proprietor shall prepare and submit to the regional director (compliance) a statement setting forth fully the circumstances and apparent cause of any loss. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1382, as amended (26 U.S.C. 5366, 5367, 5368, 5373))

§24.232 Gauge of spirits.

(a) If the spirits to be used are in a spirits storage tank on bonded wine premises, or are received immediately prior to use from a distilled spirits plant not adjacent or contiguous to bonded wine premises, the proprietor shall determine the proof of the spirits and the quantity used by volume gauge or by weight. Upon completion of the transfer of spirit from the spirits storage tank to the spirits addition tank, the proprietor shall lock the spirits storage tank.

(b) If the spirits are received from the adjacent or contiguous bonded premises of a distilled spirits plant and are transferred directly into a spirits addition tank, the gauge of the spirits made on the distilled spirits plant premises will be used. The proprietor

at the distilled spirits plant premises shall deliver a transfer record to the proprietor of bonded wine premises who shall acknowledge receipt of the spirits on the transfer record.

(c) If the spirits are received in packages and the quantity of spirits needed for the addition is not equal to the contents of full packages, a portion of one package may be used and the remnant package returned to the spirits storage room. The proprietor shall gauge the remnant package and attach to it a label showing the date of gauge, the weight of the remnant package, and the proof. The remnant package will be used at the first opportunity. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1382, as amended (26 U.S.C. 5367, 5368, 5373))

§24.233 Addition of spirits to wine.

(a) *Prior to the addition of spirits.* Wine will be placed in tanks approved for the addition of spirits. The proprietor shall accurately measure the wine, determine its alcohol content, determine the proof of the spirits to be added, calculate the quantity of spirits required, and enter the details in the record of spirits added to wine.

(b) *After the addition of spirits.* The proprietor shall thoroughly agitate the contents of the tank to assure a complete mixture of the wine and spirits. The proprietor shall then measure the volume of wine in the tank, take a representative sample of the wine, and test for alcohol content. The result of the measurement and test and the quantity of spirits added will be entered in the record of spirits added to wine. The volume of wine used and the volume of wine resulting from the addition of spirits will be entered in the bulk wine record. The alcohol content of wine after the addition of spirits may not exceed 24 percent by volume. (Sec. 201, Pub. § 24.241 Decolorizing juice or wine.

(a) *Conditions and limitations.* If the proprietor wishes to use activated carbon or other decolorizing material to remove color from juice or wine, the following conditions and limitations will be met:

(1) The wine will retain a vinous character after being treated with activated carbon or other decolorizing material;

(2) The quantity of activated carbon used to treat the wine, including the juice from which the wine was produced, may not exceed twenty-five pounds per 1,000 gallons (3.0 grams per liter) (see paragraph (b) of this section); and

(3) The wine treated with decolorizing material will have a color of not less than 0.6 Lovibond in a one-half inch cell or not more than 95 percent transmittance per AOAC Method 11.003–11.004 (see paragraph (c) of this section). However, the proprietor may produce a wine having a color of less than 0.6 Lovibond or more than 95 percent transmittance per AOAC Method 11.003–11.004 by using normal methods and without the use of decolorizing material.

(b) *Transfer in bond.* When a consignor proprietor transfers wine treated with activated carbon or other decolorizing material to a consignee proprietor, the consignor proprietor shall record on the shipping record:

(1) The amount of wine which has been treated under the provisions of this section; and

(2) The quantity of decolorizing material used in treating the wine, including the juice from which the wine was produced, before its transfer. The consignee proprietor may further treat the wine with decolorizing material as long as the consignee proprietor has a copy of the shipping record and complies with the requirements of this section.

(c) *Incorporation by reference.* The “Official Methods of Analysis of the Association of Official Analytical Chemists” (AOAC Method 11.003–11.004; 13th Edition 1980) is incorporated by reference in this part. § 24.242 Authority to use greater quantities of decolorizing material in juice or wine.

(a) *Proprietor’s notice.* If the proprietor desires to remove color from juice prior to fermentation or if color in excess of that normally present in wine develops during the production or storage of a particular lot or lots, and if the proprietor desires to use activated carbon in excess of twenty-five pounds per 1,000 gallons (3.0 grams per liter) of juice or wine to remove this color, the proprietor, prior to starting the treatment, shall submit to the regional director (compliance) a written notice for each lot of juice or wine to be treated for decolorization. The written notice will state

- (1) The reason for the treatment;
- (2) The volume, kind, and type of juice or wine to be treated;
- (3) The kind and quantity of decolorizing material to be used; and,
- (4) The length of time the decolorizing material is in contact with the juice or wine.

(b) *Action by the regional director (compliance) on proprietor’s notice.* Upon receipt of the proprietor’s notice, the regional director (compliance) may require the proprietor to submit samples representative of the lot of juice or wine for examination by the ATF laboratory.

(c) *Samples and chemical analysis—(1) Samples.* If the regional director (compliance) requires samples under paragraph (b) of this section, the proprietor shall prepare samples representative of the lot of juice or wine for examination. The samples will consist of:

- (i) The juice or wine before treatment with decolorizing material,
- (ii) The juice or wine after treatment with decolorizing material, and
- (iii) The decolorizing material used.

(2) *Chemical analysis.* If the ATF chemical analyses of the samples shows that the proposed treatment would remove only color and will not remove the vinous characteristics of the wine, the regional director (compliance) will

return an approved copy of the proprietor's written notice. If the ATF chemical analysis shows that the proposed treatment is not acceptable, the regional director (compliance) will send the proprietor a letter stating the reason(s) for disallowing the proposed treatment. § 24.243 Filtering aids.

Inert fibers, pulps, earths, or similar materials, may be used as filtering aids in the cellar treatment and finishing of wine. Agar-agar, carrageenan, cellulose, and diatomaceous earth are commonly employed inert filtering and clarifying aids. In general, there is no limitation on the use of inert materials and no records need be maintained concerning their use. However, if the inert material is dissolved in water prior to addition to wine, then the records required by § 24.301 will be maintained. Filtering aids which contain active chemical ingredients or which may alter the character of wine, may be used only in accordance with the provisions of § 24.246. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

§ 24.244 Use of acid to stabilize standard wine.

Standard wine other than citrus wine, regardless of the fixed acid level, may be stabilized as a part of the finishing process by the addition of citric acid within the limitations of § 24.246. Standard wine (including citrus wine) may be stabilized by the addition of fumaric acid within the limitations of § 24.246. (Sec. 201, Pub. L. 85-859, 72 Stat. 1383, as amended (26 U.S.C. 5382))

§ 24.245 Use of carbon dioxide in still wine.

The addition of carbon dioxide to (and retention in) still wine is permitted if at the time of removal for consumption or sale the still wine does not contain more than 0.392 grams of carbon dioxide per 100 milliliters of wine. However, a tolerance of not more

than 0.009 grams per 100 milliliters to the maximum limitation of carbon dioxide in still wine will be allowed where the amount of carbon dioxide in excess of 0.392 grams per 100 milliliters is due to mechanical variations which can not be completely controlled under good commercial practice. A tolerance will not be allowed where it is found that the proprietor continuously or intentionally exceeds 0.392 grams of carbon dioxide per 100 milliliters of wine or where the variation results from the use of methods or equipment determined by the Director not in accordance with good commercial practice. The proprietor shall determine the amount of carbon dioxide added to wine using authorized test procedures. Penalties are provided in 26 U.S.C. 5662 for any person who, whether by manner of packaging or advertising or by any other form of representation, misrepresents any still wine to be effervescent wine or a substitute for effervescent wine. (Sec. 201, Pub. L. 85-859, 72 Stat. 1331, as amended, 1381, as amended, 1407, as amended (26 U.S.C. 5041, 5367, 5662))

§ 24.246 Materials authorized for treatment of wine and juice.

(a) *Wine.* Materials used in the process of filtering, clarifying, or purifying wine may remove cloudiness, precipitation, and undesirable odors and flavors, but the addition of any substance foreign to wine which changes the character of the wine, or the abstraction of ingredients which will change its character, to the extent inconsistent with good commercial practice, is not permitted on bonded wine premises. The materials listed in this section are approved, as being consistent with good commercial practice in the production, cellar treatment, or finishing of wine, and where applicable in the treatment of juice, within the general limitations of this section: *Provided, That:*

(1) When the specified use or limitation of any material on this list is determined to be unacceptable by the U.S. Food and Drug Administration, the Director may cancel or amend the approval for use of the material in the production, cellar treatment, or finishing of wine; and

(2) Where water is added to facilitate the solution or dispersal of a material, the volume of water added, whether the material is used singly or in combination with other water based treating materials, may not total more than one percent of the volume of the treat-

ed wine, juice, or both wine and juice, from which such wine is produced.

(b) *Formula wine*. In addition to the material listed in this section, other material may be used in formula wine if approved for such use.

PROCESSES AUTHORIZED FOR THE TREATMENT OF WINE, JUICE, AND DISTILLING MATERIAL

Processes	Use	Reference or limitation
Elimination of sulfur dioxide by physical process.	To reduce the sulfur dioxide content of juice.	Use of a physical process to remove sulfur dioxide from juice must not alter the basic character of the juice so treated
Ion exchange	Various applications in the treatment of juice or wine:	Anion, cation, and non-ionic resins, except those anionic resins in the mineral acid state, may be used in batch or continuous column processes as total or partial treatment of wine, provided that with regard to juice or finished wine; <ol style="list-style-type: none"> Such treatment does not alter the fruit character of the juice or wine. The treatment does not reduce the color of the juice or wine to less than that normally contained in such juice or wine. Treatment does not increase inorganic anions in the juice or wine by more than 10 mg/L. The treatment does not reduce the metallic cation concentration in the juice or wine to less than 300 mg/L. The treatment does not reduce natural or fixed acid in grape wine below 4 g/L for red table wines, 3 g/L for white table wines, 2.5 g/L for all other grape wines, 4 g/L for wine other than grape wine. Continued

Processes	Use	Reference or limitation
Reverse osmosis ¹	To reduce the ethyl alcohol content of wine and to remove off flavors in wine.	Permeable membranes which are selective for molecules not greater than 500 molecular weight with transmembrane pressures of 200 psi and greater. The addition of water other than that originally present prior to processing will render standard wine "other than standard." Use shall not alter vinous character.
Spinning cone column ¹	To reduce the ethyl alcohol content of wine and to remove off flavors in wine.	Use shall not alter vinous character. For standard wine, the same amount of essence must be added back to any lot of wine as was originally removed.
Thermal gradient processing	To separate wine into low alcohol and high alcohol wine fractions.	The fractions derived from such processing shall retain vinous character. Such treatment shall not increase the alcohol content of the high alcohol fraction to more than 24 percent by volume. The addition of water other than that originally present in the wine prior to processing will render standard wine "other than standard."

Thin-film evaporation under reduced pressure ¹ .	To separate wine into a low alcohol wine fraction and into a higher alcohol distillate.	Use shall not alter vinous character. Water separated with alcohol during processing may be recovered by refluxing in a closed continuous system and returned to the wine. The addition of water other than that originally present in the wine prior to processing, will render standard wine "other than standard."
Ultrafiltration	To remove proteinaceous material from wine; to reduce harsh tannic material from white wine produced from white skinned grapes; to remove pink color from blanc de noir wine; to separate red wine into low color and high color wine fractions for blending purposes.	Permeable membranes which are selective for molecules greater than 500 and less than 25,000 molecular weight with transmembrane pressures less than 200 psi. As required by § 24.170, appropriate and accurate measures and instruments for measuring and testing the wine will be provided at each wine premises.

(b) *Bottle or other container fill.* Proprietors of bonded wine premises and taxpaid wine bottling house premises shall fill bottles or other containers as nearly as possible to conform to the amount shown on the label or blown in the bottle or marked on any container other than a bottle; but in no event may the amount of wine contained in any individual bottle, due to lack of uniformity of the bottles, vary from the amount stated more than 1.0 percent for 15.0 liters and above, 1.5 percent for 1.0 liter to 14.9 liters, 2.0 percent for 750 mL, 3.0 percent for 375 mL, 4.5 percent for 187 mL and 100 mL, and 9.0 percent for 50 mL; and in such case, there will be substantially as many bottles overfilled as there are bottles underfilled for each lot of wine bottled. Short-filled bottles or other containers of wine which are sold or otherwise disposed of by the proprietor to employees for personal consumption need not be labeled, but, if labeled, need not show an accurate statement of net contents.

(c) *Tax tolerance.* The net contents of bottles or other containers of untaxpaid wine in the same tax class filled during six consecutive tax return periods, as determined from the bonded wine premises proprietor's fill test records, shall not vary by more than 0.5 percent from the net contents as stated on the bottles or other containers. The bonded wine premises proprietor is liable for the tax on the entire amount of wine in the same tax class when that

wine is removed from bond, without benefit of tolerance, when the fill of bottles or other containers exceeds a 0.5 percent average of a period which consists of six consecutive tax returns, or when filling is not conducted in compliance with good commercial practice.

(d) *Fill tests.* The proprietor shall test at representative intervals wine bottled or packed during the bottling or packing operation of each bottling or packing line to determine if the wine contained in the bottle or other container is in agreement with that stated on the label, bottle, or other container.

(e) *Alcohol tests.* The proprietor shall test the alcohol content by volume to determine the tax class of the wine and to ensure the alcohol content to be stated on the label is in agreement with the requirement of § 24.257. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended (26 U.S.C. 5368))

(a) *Required marks.* Each container larger than four liters or each case used to remove wine for consumption or sale will be durably marked to show the following information:

(1) The serial number or filling date as provided in §24.260;

(2) The name (or trade name) and the registry number of the bottlers wine premises;

(3) The kind (class and type) and the alcohol content of the wine. The kind of wine and alcohol content will be stated in accordance with §24.257. The formula number will be marked on bulk containers of special natural wine or other wine produced under §24.218;

(4) The net contents of each container larger than four liters or each case in wine gallons, or for containers larger than four liters or cases filled according to metric measure, the contents in liters. If wine is removed in cases, the cases may be marked to show the number and size of bottles or other containers in each case in lieu of the net contents of the case; and

(5) Except for cases, the date of removal or shipment.

(b) *Application of marks.* Required marks may be cut, printed, or otherwise legibly and durably marked upon the container larger than four liters or the case or placed on a label or tag securely affixed to the case or container larger than four liters.

(c) *Location of marks.* Required marks will be placed on a container larger than four liters or on the side of a case for ready examination by ATF officers. (Sec. 201, Pub. L. 85–859, 72 Stat. 1381, as amended, 1387, as amended, 1407, as amended (26 U.S.C. 5368, 5388, 5662))

§24.260 Serial numbers or filling date.

Each container larger than four liters or each case used for removing wine for consumption or sale will be marked with a serial number or filling date at the time of filling or when such containers or cases are prepared for removal. Serial numbers will commence with “1” and continue until the numeral “1,000,000” is reached, whereupon the series may recommence with the numeral “1.” However, the proprietor may initiate a new series after the numeral “1,000,000” has been reached provided no numeral will be used more

than once during a 12-month period. If desired, a separate series of numbers with letter prefixes may be used for containers larger than four liters and for cases, or for cases filled on different bottling lines, or for removals from different loading docks. The proprietor may mark containers larger than four liters or the cases with the filling date in lieu of using a serial number or use both a serial number and the filling date. However, if the proprietor desires to change from the use of a serial number to use of a filling date, or *vice versa*, a notice will be sent to the regional director (compliance) before making the change. Where United States or foreign wine is recased, the cases will be marked with the date of recasing, preceded by the letter "R", in lieu of serial number or filling date. Subpart M—Losses of Wine

§ 24.265 Losses by theft.

The proprietor shall be liable for and pay the tax on wine unlawfully removed while on bonded wine premises, or while in transit thereto or therefrom in bond, unless the proprietor or other person responsible for the tax, establishes to the satisfaction of the regional director (compliance) that the theft did not occur as the result of connivance, collusion, fraud or negligence on the part of the proprietor or other person responsible for the tax or the owner, consignor, consignee, bail, or carrier, or their agents or employees. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended (26 U.S.C. 5370))

§ 24.266 Inventory losses.

(a) *General.* The proprietor shall take a physical inventory of all untaxpaid wine on-hand on bonded wine premises as of the close of business each tax year, or where a cycle different from the tax year has been established as provided in § 24.313, the inventory will be taken annually at the end of that cycle, or at any time required by an

ATF officer. The physical inventory of bulk and bottled or packed wine will be recorded and reported as required by § 24.313.

(b) *Bulk wine losses.* The physical inventory of bulk wine will determine losses due to spillage, leakage, soaking, evaporation, and other losses normally occurring from racking and filtering since the previous physical inventory required by this section. A claim for allowance of loss, under the provisions of § 24.65, is required for inventory losses in production or storage:

(1) Where there are circumstances indicating that all or a part of the wine reported lost was unlawfully removed, or

(2) Where the loss on bonded wine premises during the annual period exceeds three percent of the aggregate volume of wine on-hand at the beginning of the annual period and the volume of wine received in bond during the annual period; or the loss exceeds six percent of the still wine produced by fermentation; or the loss exceeds six percent of the sparkling wine produced by fermentation in bottles; or the loss exceeds three percent of the special natural wine produced under § 24.195 or other wine produced under § 24.218; or the loss exceeds three percent of the artificially carbonated wine produced; or the loss exceeds three percent of the bulk process sparkling wine produced.

The percentage applicable to each tax class of wine will be calculated separately, unless the calculation is impracticable because of the mixture of different tax classes by addition of wine spirits or blending during the annual period, in which case the percentage will be calculated on the aggregate volume. Wine removed immediately after production for use as distilling material and on which the usual racking, clarifying, and filtering losses are not sustained, will not be included in the calculations.

(c) *Bottle and other container wine losses.* Wine filled into a bottle or other similar containers are not subject to losses due to spillage, leakage, soaking, evaporation, and other losses normally occurring from racking and filtering. In addition, wine that has been filled into a bottle or other similar

containers can be accurately accounted for and any unexplained shortage is considered evidence of an unreported removal. Therefore, the proprietor shall pay the tax on any unexplained loss of untaxpaid bottled or packed wine disclosed by inventory or otherwise. (Sec. 201, Pub. § 24.267 Losses in transit.

Where the loss in transit of bulk wine shipped in bond or the total daily bulk wine in bond shipments received in bond from the same winery exceeds one percent (two percent on trans-continental shipments) of the volume shipped, the proprietor of the receiving bonded wine premises shall immediately notify the regional director (compliance) or nearest designated ATF officer and file a claim under the provisions of § 24.65. Wine containing more than 24 percent of alcohol by volume is classed as distilled spirits and taxed accordingly. The tax is determined and paid on the volume of wine:

(a) In bottles or other containers filled according to United States measure recorded to the nearest 10th gallon; or,

(b) In bottles or other containers filled according to metric measure, on the volume of wine in United States wine gallons to the nearest 10th gallon; or

(c) In the case of pipeline removals, on the volume of bulk wine removed recorded to the nearest whole gallon, five-tenths gallon being converted to the next full gallon. (Sec. 201, Pub. L. 85–859, 72 Stat. 1331, as amended (26 U.S.C. 5041))

(4) *Example. Payment of tax for the month of September.* (i) *Facts.* X, a proprietor required to pay taxes by electronic fund transfer, incurred tax liability in the amount of \$30,000 for the first semimonthly period of September. § 24.272 Payment of tax by electronic fund transfer.

(a) *General.* (1) During a calendar year any proprietor who is liable for a gross amount of wine excise tax equal to or exceeding \$5 million combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall during the succeeding calendar year use a financial institution in making payment by electronic fund transfer (EFT) of wine taxes for that year. A proprietor who is required by this section to make remittance by EFT may not effect payment of wine taxes by cash, check, or money order as described in § 24.271.

(2) For the purposes of this section, the dollar amount of tax liability is defined as the gross tax liability on all taxable withdrawals and importations (including wines brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawback, credit, or refund, for all premises from which the activities are conducted by the proprietor.

(3) For the purposes of this section, a proprietor includes a controlled group of corporations, as defined in 26 U.S.C. 5061 (e)(3). Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50 percent control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(4) A proprietor who is required by this section to make remittances by EFT shall, for each bonded wine premises from which wine is withdrawn upon determination of tax, make a separate EFT remittance and file a separate tax return.

(b) *Requirements.* (1) On or before January 10 of each calendar year, except for a proprietor already remitting the tax by EFT, each proprietor who was liable during the previous calendar year for a gross amount of wine excise tax equal to or exceeding \$5 million, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, shall give written notice to the regional director (compliance) of each ATF region in which taxes are paid agreeing to make remittances by EFT.

(2) For each return filed in accordance with this subpart, the proprietor shall direct the proprietor’s financial institution to make an electronic fund transfer in the amount of the taxpayment to the Treasury Account as provided in paragraph (e) of this section. The request will be made to the financial institution early enough for the transfer of funds to be made to the Treasury Account by no later than the close of business on the last day for filing the return as prescribed in § 24.271. The request will take into account any time limit established by the financial institution.

(3) If the proprietor was liable during the preceding calendar year for less than \$5 million in wine excise taxes, combining tax liabilities incurred under this part and parts 250 and 251 of this chapter, the proprietor may choose either to continue remitting the tax as provided in this section or to remit the tax with return as prescribed by § 24.271. Upon filing the first return on which the proprietor chooses to discontinue remittance of the tax by EFT and to begin remittance of the tax with the tax return, the proprietor shall notify the regional director (compliance) by attaching a written notification to the tax form stating that no wine excise tax is due by EFT because the tax liability during the preceding calendar year was less than \$5 million, and that the remittance will be filed with the tax return.

(c) *Remittance.* (1) The proprietor shall show on the tax return information about remitting the tax for that return by EFT and shall file the return with ATF in accordance with the instructions on the tax form.

(2) Remittances will be considered as made when the taxpayment by electronic fund transfer is received by the Treasury Account. For purposes of this section, a taxpayment by electronic fund transfer will be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the proprietor directs the financial institution to effect an electronic fund transfer message as required by paragraph (b) (2) of this section, the transfer data record furnished to the proprietor through normal banking procedures will serve as the record of payment, and will be retained as part of the required records.

(d) *Failure to make a taxpayment by EFT.* The proprietor is subject to a penalty imposed by 26 U.S.C. 5684, 6651, and 6656, as applicable, for failure to make a taxpayment by EFT on or before the close of business on the prescribed last day for filing.

(e) *Procedure.* Upon the notification required under paragraph (b)(1) of this section, the regional director (compliance) will issue to the proprietor an ATF Procedure entitled, Payment of Tax by Electronic Fund Transfer. This publication outlines the procedure a proprietor follows when preparing returns and EFT remittances in accordance with this subpart. The United States Customs Service will provide the proprietor with instructions for preparing EFT remittances for payments to be made to the United States Customs Service for payment of excise tax on imported wine. If before the close of the current calendar year the wine excise tax liability (including any amounts paid or owed) equals \$1000 or more, the proprietor will commence semimonthly filing of the wine Excise Tax Returns and making of payments as required by § 24.271.

(b) A proprietor who files under this section is subject to the failure to pay or file provisions of § 24.274. If there is a jeopardy to the revenue, the regional director (compliance) may deny the exceptions to filing tax returns provided in this section at any time. (Sec. 201, Pub. (other than chapters 2, 21 and 22), an amount computed in accordance with paragraph (d) of this section, on the first 100,000 gallons of wine (other than champagne and other sparkling wine) removed during such year for consumption or sale. Such credit applies only to wine which has been produced at a qualified bonded wine premises in the United States.

(b) *Controlled groups.* For purposes of this section and §24.279, the term "person" includes a controlled group of corporations, as defined in 26 U.S.C. 1563(a), except that the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" wherever it appears. Also, the rules for a "controlled group of corporations" apply in a similar fashion to groups which include partnerships and/or sole proprietorships. Production and removals of all members of a controlled group are treated as if they were the production and removals of a single taxpayer for the purpose of determining what credit may be used by a person.

(c) *Time for determining and allowing credit.* The credit allowable by paragraph (a) of this section shall be determined at the same time as the tax is determined under 26 U.S.C. 5041(a), and shall be allowable at the time any tax described in paragraph (a) of this section is payable. The credit allowable by this section is treated as if it constituted a reduction in the rate of such tax.

(d) *Computation of credit.* The credit which may be taken on the first 100,000 gallons of wine (other than champagne and other sparkling wine) removed for consumption or sale by an eligible person during a calendar year shall be computed as follows:

(1) For persons who produce 150,000 gallons or less of wine during the calendar year, the credit is \$0.90 per gallon for wine eligible for such credit at the time it is removed for consumption or sale;

(2) For persons who produce more than 150,000 gallons but not more than 250,000 gallons during the calendar year, the credit shall be reduced 1 percent (\$0.009) for every 1,000 gallons produced in excess of 150,000 gallons. For example, the credit which would be taken by a person who produced 159,500 gallons of wine would be reduced by 9 percent, or \$0.081, for a net credit against the tax of \$0.819 per gallon for the first 100,000 gallons of wine removed for consumption or sale.

A person who is eligible for the credit shall show the amount of wine tax before credit on the Excise Tax Return, ATF F 5000.24, and enter the quantity of wine subject to credit and the applicable credit rate as the explanation for an adjusting entry in Schedule B of the return for each tax period.

(e) *Definition of production.* For the purpose of determining if a person's production is within the 250,000 gallon limitation, in addition to wine produced by fermentation, production includes any increases in the volume of such wine due to the winery operations of amelioration, wine spirits addition, sweetening, and the production of formula wine. Production of champagne and other sparkling wines is not excluded for purposes of determining whether total production of a winery exceeds 250,000 gallons. Production includes all wine produced at qualified bonded wine premises within the United States and wine produced outside the United States by such person.

(f) *Report.* Where a person does not use the credit authorized by this section to directly reduce the rate of Federal excise tax on wine, that person shall report on ATF F 5000.24 where such credit will be, or has been, applied.

(g) *Denial of deduction.* Any deduction under 26 U.S.C. chapters 1-6, with respect to any tax against which the credit is allowed under paragraph (a) of this section shall only be for the amount of such tax as reduced by such credit.

§ 24.279

(h) *Exception to credit.* The regional director (compliance) shall deny any tax credit taken under paragraph (a) of this section where it is determined that the allowance of such credit would benefit a person who would otherwise fail to qualify for the use of such credit. (26 U.S.C. 5041(c))

[T.D. ATF-307, 55 FR 52737, Dec. 21, 1990]

§ 24.279 Tax adjustments.

(a) *Tax adjustment for persons who produce more than the amount used in computation of the credit.* Where an adjustment to a person's tax return is necessary as a result of an incorrect credit rate claimed pursuant to § 24.278, such adjustment shall be made on Excise Tax Return, ATF F 5000.24 no later than the return period in which production (or the production of the controlled group of which the person is a member) exceeds the amount used in computation of the credit. The adjustment is the difference between the credit taken for prior return periods in that year and the appropriate credit for such return periods. The person shall make tax adjustments for all bonded wine premises where excessive credits were taken against tax that year, and shall include interest payable under 26 U.S.C. 6601 from the date on which the incorrect credit was taken. The regional director (compliance) will provide information, when requested, regarding interest rates applicable to specific time periods. In the case of a controlled group of bonded wine premises whose production exceeds the amount used in computation of the credit, all member proprietors who took incorrect credits shall make tax adjustments as determined in this section.

(b) *Tax adjustment for persons who produce less than the amount used in computation of the credit.* Where a person fails to deduct the credit, or deducts less than the appropriate credit provided by § 24.278, during the calendar year, a claim may be filed for refund of tax excessively paid. Such claims will be filed in accordance with § 24.69 of this part.

(a) *General.* Wine produced in the United States which has been taxpaid, removed from bonded wine premises, and subsequently determined to be unmerchantable may be returned to bonded wine premises for reconditioning, reformulation or destruction. The tax paid on United States wine may, when such wine is returned to bond, be refunded or credited, without interest, to the proprietor of the bonded wine premises to which such wine is delivered. However, no tax paid on any United States wine for which a claim has been or will be made under the provisions of 27 CFR Part 70, subpart G will be refunded or credited. TAXPAID WINE OPERATIONS

§ 24.296 Taxpaid wine operations.

(a) *General.* The proprietor may conduct taxpaid wine operations authorized by § 24.102 in an area designated as a taxpaid wine premises at a bonded wine premises or at a taxpaid wine bottling house. Taxpaid foreign wine may be received on the taxpaid wine premises for reconditioning and removal without retaxpayment or for destruction without credit of tax. Any taxpaid wine operations will be separate from all nontaxpaid wine operations and taxpaid wine will be clearly identified as provided in § 24.135. The regional director (compliance) may require any additional segregation and identification of taxpaid wine operations as deemed necessary to protect the revenue.

(b) *Treatment and blending.* Taxpaid wine may be treated with sulfur dioxide compounds, refrigeration or pasteurization and may also be preserved, filtered or clarified by the use of methods or materials which will not change the basic character of the wine. Water may not be added to taxpaid wine. The proprietor who desires to treat wine in any manner (other than by simple filtration or the use of sulfur compounds, refrigeration or pasteurization) shall first file with the regional director (compliance) an application giving the details of the proposed treatment. The proprietor may not use the treatment prior to approval. The proprietor may incur civil or criminal liability for using an unauthorized treatment of untaxpaid wine. Wine of the same kind (class and type), national origin and tax class may only be mixed to facilitate handling at a taxpaid wine bottling house; otherwise, the blending of taxpaid wine on such premises is prohibited. Taxpaid wine of different na-

tional origins, but of the same kind and tax class, may only be blended on taxpaid wine premises. (Sec. 201, Pub. L. 85-859, 72 Stat. 1407 (26 U.S.C. 5352, 5661))

Subpart O—Records and Reports

§ 24.300 General.

(a) *Records and reports.* A proprietor who conducts wine operations shall maintain wine transaction records and submit reports as required by this part. Transaction records may be recorded in wine gallons or in liters. However, required reports submitted to the regional director (compliance) will show wine volumes in wine gallons. The equivalent wine gallons of wine bottled or packed and labeled according to metric measure will be determined using the following conversion factors:

(1) *Per case.* Equivalent gallonage may be determined using the following conversion factors for cases of metric bottles:

Bottles per case	Net content each bottle	Equivalent gallonage
120	50 mL	1.58502
60	100 mL	1.58502
48	187 mL	2.37119
24	375 mL	2.37753
12	750 mL	2.37753
12	1 liter	3.17004
6	1.5 liter	2.37753
4	3 liter	3.17004

(2) *Per liter.* Equivalent gallonage may be determined by multiplying total liters by a conversion factor of 0.26417 gallons per liter.

(b) *Time of making entries.* Any operation or transaction is to be entered in records or commercial papers at the time the operation or transaction occurs, except that where records are posted from source records or from supplemental auxiliary records prepared at the time the operation or transaction occurs, entries in another record may be deferred to not later than the close of business of the third business day succeeding the day on which the operation or transaction occurs. The proprietor shall retain all source records and all supplemental or auxiliary records which support entries in other records or commercial papers in

order to facilitate verification of operations by ATF officers. Source records and supplemental or auxiliary records may be used as a record of an operation or transaction and to prepare the ATF F 5120.17, Report of Bonded Wine Premises Operations, provided the record will readily allow for verification of an operation or transaction by ATF officers.

(c) *Prescribed forms.* All reports required by this part are to be submitted on forms prescribed by the Director. Entries will be made as indicated by the headings of the columns and lines and as required by the instructions on the form. Report forms filed with the regional director (compliance) are furnished free of cost.

(d) *Period of retention.* All prescribed returns, reports and records (including source records) will be retained by the proprietor for a period of not less than three years from the record date or the date of the last entry required to be made in the record, whichever is later. However, the regional director (compliance) may require records to be kept an additional period not exceeding three years in any case where retention is determined to be necessary.

(e) *Data processing.* (1) Notwithstanding any other provision of this section, data maintained on data processing equipment may be kept at a location other than the wine premises if the original operation or transaction source records required by this subpart are kept available for inspection at the wine premises.

(2) Data which has been accumulated on cards, tapes, discs, or other accepted recording media will be retrievable within five business days.

(3) The applicable data processing program will be made available for examination if requested by an ATF officer.

(f) *Photographic copies of records.* The proprietor may record, copy, or reproduce records required by this part and may use any process which accurately reproduces the original record and which forms a durable medium for reproducing and preserving the original record. Whenever records are reproduced under this section, the reproduced records will be preserved in conveniently accessible files, and provi-

sions will be made for examining, viewing and using the reproduced record the same as if it were the original record, and it will be treated and considered for all purposes as though it were the original record. All provisions of law and regulations applicable to the original are applicable to the reproduced record. As used in this paragraph, "original record" means the record required to be maintained or preserved by the proprietor, even though it may be an executed duplicate or other copy of the document.

(g) *ATF F 5120.17, Report of Bonded Wine Premises Operations.* A proprietor who conducts bonded wine premises operations will summarize transaction entries and submit an ATF F 5120.17 to the regional director (compliance) on a monthly basis, except that:

(1) A proprietor who files a monthly ATF F 5120.17 and does not expect an inventory change or any reportable operations to be conducted in a subsequent month or months, may attach a statement to the ATF F 5120.17 filed that, until a change in the inventory or a reportable operation occurs, an ATF F 5120.17 will not be filed.

(2) A proprietor may file ATF F 5120.17 reports on a calendar year basis if (i) The proprietor expects to be exempt from filing semimonthly returns under §24.273 for the calendar year and (ii) The sum of the bulk and bottled wine to be accounted for in all tax classes is not expected to exceed 20,000 gallons for any one month during the calendar year when adding up the bulk and bottled wine on hand at the beginning of the month, bulk wine produced by fermentation, sweetening, blending, amelioration or addition of wine spirits, bulk wine bottled, bulk and bottled wine received in bond, taxpaid wine returned to bond, bottled wine dumped to bulk, inventory gains, and any activity written in the untitled lines of the report form which increases the amount of wine to be accounted for. To begin the annual filing of a report of bonded wine premises operations, a proprietor will state such intent in the "Remarks" section when filing the prior month's ATF F 5120.17. A proprietor who is commencing operations during a calendar year and expects to meet these criteria may use a letter notice

to the regional director (compliance), and file an annual ATF F 5120.17 for the remaining portion of the calendar year. If a proprietor determines that the wine excise tax liability for the current year will exceed \$1,000 or that the 20,000 gallon activity level will be exceeded in any month, an ATF F 5120.17 will be filed for that month and for all subsequent months of the calendar year. If there is a jeopardy to the revenue, the regional director (compliance) may at any time require any proprietor otherwise eligible for annual filing of a report of bonded wine premises operations to file such report monthly. The information reported on the ATF F 5120.17 will be maintained in accordance with the requirements of this part.

§ 24.301 Bulk still wine record.

A proprietor who produces or receives still wine in bond, (including wine intended for use as distilling material or vinegar stock to which water has not yet been added) shall maintain records of transactions for bulk still wine. Records will be maintained for each tax class of still wine including the date the transaction occurred. The bulk still wine record will contain the following:

- (b) The volume received, shipped tax-paid, removed (e.g., taxpaid, in bond, export, family use, samples) and used in sparkling wine production; if a tax credit under 26 U.S.C. 5041(c) may be claimed, the record will be maintained in sufficient detail to insure that such a tax credit is properly claimed;
- (c) The specific type of production method used, e.g., natural fermentation, amelioration, sweetening, addition of spirits, blending;
- (d) The volume of wine used and produced by amelioration, addition of spirits or sweetening, as determined by

measurements of the wine before and after production.

(e) The volume of wine used for and produced by blending, if wines of different tax classes are blended together;

(f) The volume of wine used to produce formula wine, vinegar stock and distilling material;

(g) The volume of wine removed to fermenters for refermentation or removed directly to the production facilities of a distilled spirits plant or vinegar plant;

(h) Where a process authorized under § 24.248 is employed, records will be maintained to allow for verification of any limitation specified for the process employed and to ensure that the use of the process is consistent with good commercial practice;

§ 24.304 Chaptalization (Brix adjustment) and amelioration record.

(a) *General.* A proprietor who chaptalizes juice or ameliorates juice or wine, or both, shall maintain a record of the operation and the transaction date. Records will be maintained for each kind of wine produced (grape, apple, strawberry, etc.). No form of record is prescribed, but the record maintained will contain the information necessary to enable ATF officers to readily determine compliance with chaptalization and amelioration limitations. All quantities will be recorded in wine gallons, and, where sugar is used, the quantity will be determined either by measuring the increase in volume or, for pure dry sugar by considering that each 13.5 pounds results in a volumetric increase of one gallon. If grape juice is chaptalized and subsequently this juice or wine is ameliorated, the quantity of pure dry sugar added to juice will be included as ameliorating material. If fruit juice other than grape is chaptalized and this juice or wine is ameliorated, the quantity of pure dry sugar added for chaptalization is not considered ameliorating material; however, if liquid sugar or invert sugar syrup is used, the quantity of water in such sugar is included as ameliorating material. The record will include the following:

(1) The volume of juice (exclusive of pulp) deposited in fermenters;

(2) The maximum volume of ameliorating material to which the juice is entitled, as provided in § 24.178;

(3) The volume of ameliorating or chaptalizing material used; and

(4) The volume of material authorized but not yet used.

(b) *Supporting records.* The amelioration record will show the basis for entries and calculations, including determination of the natural fixed acid level and total solids content of juice, as applicable. The records are maintained on the basis of annual accounting periods, with each period commencing on July 1 of a year and ending on the following June 30, except the record for an accounting period may be continued after June 30, where the juice or wine included therein is to be held after that date for completion. When the amelioration of wine included in the record

for one accounting period is complete, the record is closed and any unused ameliorating material may not be used. The proprietor may mix wines before amelioration of the wine is completed; however, the proprietor shall additionally maintain records necessary to establish the quantity of unused authorized material to which the resultant mixture would be entitled so that ATF officers may readily ascertain compliance with amelioration limitations. The volume of distilling material or vinegar stock produced, including wine lees refermented for use as distilling material, will be recorded upon removal from fermenting tanks. However, the provisions of this section do not apply to standard wine or unwatered wine lees recorded on the proprietor's record of bulk still wine and removed for use as distilling material or vinegar stock. (a) *Calculation.* The penal sum of the brewer's bond will be equal to 10 percent of the maximum amount of tax, calculated at the rates prescribed by law, which the brewer will become liable to pay during a calendar year during the period of the bond on beer:

(1) Removed for transfer to the brewery from other breweries owned by the same brewer;

(2) Removed without payment of tax for export or for use as supplies on vessels and aircraft;

(3) Removed without payment of tax for use in research, development, or testing; and

(4) Removed for consumption or sale.

(b) *Concentrate.* A brewer who concentrates beer under subpart R of this part shall calculate the penal sum of the bond by computing 10 percent of the amount of tax at the rates prescribed by law, on the maximum quantity of beer used in the production of concentrate during a calendar year. The brewer shall add this amount to the penal sum calculated under paragraph (a) of this section to determine the total penal sum of the brewer's bond.

(c) *Maximum and minimum penal sums.* The maximum penal sum of the bond (or total penal sum if original and strengthening bonds are filed) is not to exceed \$150,000 when the tax on beer is to be prepaid, or \$500,000 when the tax is to be deferred as provided in § 25.164. The minimum penal sum of a bond is \$1,000.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.94 Strengthening bonds.

(a) *Requirement.* When the penal sum of the brewer's bond (calculated as provided in § 25.93) in effect is not sufficient, the principal may prepay the tax on beer as provided in subpart K of this part, or give a strengthening bond in sufficient penal sum if the surety is the same as on the bond in effect. If the surety is not the same, a new bond covering the entire liability is required.

(b) *Restrictions.* A strengthening bond may not in any way release a former bond or limit a bond to less than the full penal sum.

(c) *Date of execution.* Strengthening bonds will show the current date of execution and their effective date.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.95 New bond.

The regional director (compliance) may at any time, at his or her discretion, require a new bond. A new bond is required immediately in the case of insolvency of a surety. Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity shall execute a new bond or obtain a consent of surety on all bonds in effect. When the interests of the Government so demand, or in any case when the security of the bond becomes impaired for any reason, the principal will be required to give a new bond. When a bond is found to be not acceptable by the regional director (compliance), the principal will be required immediately to obtain a new and satisfactory bond or discontinue business.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.96 Superseding bond.

When the principal submits a new bond to supersede a bond or bonds in effect, the regional director (compliance) after approving the superseding bond, will issue a notice of termination for the superseded bond under the provisions of this subpart. Superseding bonds will show the current date of execution and their effective date.

§ 25.97 Continuation certificate.

If the contract of surety between the brewer and the surety on an expiring bond or continuation certificate is continued in force for a succeeding period of not less than 4 years from the expiration date of the bond or continuation certificate, the brewer may submit, in lieu of a new bond, a Brewer's Bond Continuation Certificate on Form 5130.23, executed under the penalties of perjury, by the brewer and the surety attesting to continuation of the bond. Each continuation certificate will constitute a bond and all provisions of law and regulations applicable to bonds on

Form 5130.22 given under this part, including the disapproval of bonds, are applicable to continuation certificates.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§25.98 Surety or security.

(a) *Bond coverage.* Bonds required by this part will be given with corporate surety or collateral security.

(b) *Corporate surety.* Surety bonds may be given only with surety companies holding certificates of authority from the Secretary as acceptable sureties on Federal bonds, subject to the limitations set forth in the current revision of Treasury Department Circular No. 570, Companies Holding Certificates of Authority as Acceptable Reinsuring Companies.

(c) *Revisions of Circular No. 570.* Treasury Department Circular No. 570 is published in the FEDERAL REGISTER annually as of the first workday in July. As they occur, interim revisions of the circular are published in the FEDERAL REGISTER. Copies may be obtained from the Surety Bond Branch, Financial Management Service, Department of the Treasury, Washington, DC 20226.

(d) *More than one corporate surety.* A bond may be executed by two or more corporate sureties. Each corporate surety may limit its liability in terms on the face of the bond in a specified amount. This amount may not exceed the limitations set forth for corporate security by the Secretary which are set forth in the current revision of Treasury Department Circular No. 570. The sum of the liabilities for the sureties will equal the required penal sum of the bond.

(e) *Deposit of collateral securities in lieu of corporate surety.* Bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by principals as collateral security in lieu of corporate surety in accordance with 31 CFR Part 225.

(96 Stat. 1068, 1085 (31 U.S.C. 9304-9308); sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§25.99 Filing powers of attorney.

Each bond, continuation certificate, and each consent of surety will be accompanied by a power of attorney authorizing the agent or officer to execute the document. The power of attorney will be prepared on a form provided by the surety company and executed under the corporate seal of the company. If the power of attorney submitted is other than a manually signed original, it will be accompanied by a certificate of its validity.

(96 Stat. 1068, 1085 (31 U.S.C. 9304-9308))

DISAPPROVAL OR TERMINATION OF BONDS OR CONSENTS OF SURETY

§25.101 Disapproval of bonds or consents of surety.

(a) *Reasons for disapproval.* The regional director (compliance) may disapprove a bond or consent of surety if the individual, firm, partnership, corporation, or association giving the bond or consent of surety, or if any of the above entities owning, controlling or actively participating in the management of a business giving a bond as a brewer, has been previously convicted in a court of competent jurisdiction of:

(1) Any fraudulent noncompliance with any provision of law of the United States if it related to internal revenue or customs taxation of distilled spirits, wines or beer, or if the offense shall have been compromised with the individual, firm, partnership, corporation, or association on payment of penalties or otherwise; or

(2) Any felony under a law of any State or the District of Columbia, or the United States, prohibiting the manufacture, sale, importation, or transportation of distilled spirits, wines, beer, or other intoxicating liquor.

(b) *Appeal of disapproval.* If the regional director (compliance) disapproves a bond or consent of surety, the person giving the bond may appeal the disapproval to the Director, who will grant a hearing in the matter if requested by the applicant or brewer. The decision of the Director shall be final.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1394, as amended (26 U.S.C. 5551))

§ 25.102 Termination of surety's liability.

The liability of a surety on a bond required by this part will be terminated only as to liability arising on or after: (a) the effective date of a superseding bond; (b) the date of approval of the discontinuance of business of the brewer; or (c) following the giving of notice by the surety as provided in § 25.103.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.103 Notice by surety for relief from liability under bond.

A surety may, at any time, in writing, notify the principal and the regional director (compliance) that the surety desires after a specified date (not less than 60 days after the date of service on the principal) to be relieved of any liability under the bond which is incurred by the principal after the date named in the notice. The surety shall include proof of service of the notice on the principal with the notice filed with the regional director (compliance). The notice will become effective on the date named, unless the surety withdraws the notice, in writing. The surety on the bond remains liable under the bond with respect to any liability incurred by the principal while the bond is in effect.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1388, as amended (26 U.S.C. 5401))

§ 25.104 Termination of bonds.

Brewer's bonds may be terminated as to liability for future removals or receipts (a) pursuant to application of the surety as provided in § 25.103, (b) on approval of a superseding bond, or (c) on notification by the principal that the business has been discontinued. On termination of the surety's liability under a bond, the regional director (compliance) will notify the principal and sureties.

(31 U.S.C. 9301, 9303)

§ 25.105 Release of collateral security.

Bonds, notes, and other obligations of the United States, pledged and deposited as security in connection with bonds required by this part will be released in accordance with 31 CFR Part 225. When the regional director (com-

pliance) determines there is no outstanding liability against the bond and that it is no longer necessary to hold the security, he or she shall fix the date or dates on which a part or all of the security will be released. At any time prior to the release of the security, the regional director (compliance) may, for proper cause, extend the date of release of the security for an additional length of time as may be appropriate.

(31 U.S.C. 9301, 9303)

Subpart I—Special Taxes

LIABILITY FOR SPECIAL TAX

§ 25.111 Brewer's special tax.

(a) *General.* Every brewer shall pay a special (occupational) tax at the rate specified by § 25.111a or § 25.111b, whichever is applicable. The tax shall be paid on or before the date of commencing business as a brewer, and thereafter every year on or before July 1. On commencing business, the tax shall be computed from the first day of the month in which liability is incurred, through the following June 30. Thereafter, the tax shall be computed for the entire year (July 1 through June 30).

(b) *Transition rule.* A brewer who was engaged in business on January 1, 1988, and paid a special (occupational) tax for a taxable period which began before January 1, 1988, and included that date, shall pay an increased special tax for the period January 1, 1988, through June 30, 1988. The increased special tax shall not exceed one-half the excess (if any) of (1) the rate of special tax in effect on January 1, 1988, over (2) the rate of such tax in effect on December 31, 1987. The increased special tax shall be paid on or before April 1, 1988.

(26 U.S.C. 5091, 5142)

[T.D. ATF-271, 53 FR 17547, May 17, 1988]

§ 25.111a Special tax rates.

(a) *Prior rates.* The special (occupational) tax imposed on brewers prior to January 1, 1988, was \$110 a year, except that the special tax for any brewer of less than 500 barrels a year was \$55 a year.

(b) *Rate effective January 1, 1988.* The special tax rate imposed on brewers

(other than small brewers as defined in § 25.111b) is \$1000 a year.

(26 U.S.C. 5091)

[T.D. ATF-271, 53 FR 17547, May 17, 1988]

§ 25.111b Reduced rate of tax for small brewers.

(a) *General.* Effective January 1, 1988, 26 U.S.C. 5091(b) provides for a reduced rate of tax with respect to any brewer whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the tax imposed by § 25.111 relates) are less than \$500,000. The rate of tax for such a brewer is \$500 a year. The “taxable year” to be used for determining gross receipts is the taxpayer’s income tax year. All gross receipts of the taxpayer shall be included, not just the gross receipts of the business subject to special tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a “controlled group”; in that case, the rules of paragraph (b) of this section shall apply.

(b) *Controlled group.* In determining gross receipts, all persons treated as one taxpayer under 26 U.S.C. 5061(e)(3) shall be treated as one taxpayer for purposes of paragraph (a) of this section. “Controlled group” means a controlled group of corporations, as defined in 26 U.S.C. 1563, and implementing regulations in 26 CFR 1.1563-1 through 1.1563-4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(c) *Short taxable year.* Gross receipts for any taxable year of less than 12 months shall be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period as required by 26 U.S.C. 448(c)(3).

(d) *Returns and allowances.* Gross receipts for any taxable year shall be reduced by returns and allowances made during that year under 26 U.S.C. 448(c)(3).

(26 U.S.C. 448, 5061, 5091)

[T.D. ATF-271, 53 FR 17547, May 17, 1988]

§ 25.112 Wholesaler’s special tax.

A brewer shall be subject to or exempt from a wholesaler’s special (occupational) tax as provided in Part 194 of this chapter.

(26 U.S.C. 5111, 5142)

[T.D. ATF-271, 53 FR 17548, May 17, 1988]

§ 25.113 Each place of business taxable.

(a) *General.* A brewer incurs special tax liability at each place of business in which an occupation subject to special tax is conducted. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous.

(b) *Exception for contiguous areas.* A brewer will not incur additional special tax liability for sales of beer made at a location other than on brewery premises described on the brewer’s notice, Form 5130.10, if the location where such sales are made is contiguous to the brewery premises in the manner described in paragraph (a) of this section.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1347, as amended (26 U.S.C. 5143))

§ 25.114 Exemptions from dealer’s special taxes.

(a) *Brewer.* A brewer is not required to pay special tax as a wholesale or retail dealer in beer because of sales, at the principal place of business or at the brewery, of beer which at the time of

sale is stored at the brewery or which had been removed and stored in a tax-paid storeroom operated in connection with the brewery. Each brewer shall have only one exemption from dealer's special tax for each brewery. The brewer may designate, in writing to the regional director (compliance), that the principal place of business will be exempt from dealer's special tax; otherwise, the exemption will apply to the brewery.

(b) *Wholesale dealer.* A wholesale dealer in beer who has paid the appropriate special tax will not again be required to pay special tax as a wholesale dealer in beer because of sales of beer to wholesale or retail dealers in liquors or beer or to limited retail dealers, at the purchaser's place of business.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1340, as amended (26 U.S.C. 5113))

EXECUTION OF SPECIAL TAX RETURNS

§ 25.117 Special tax returns.

Special tax shall be paid by return. The prescribed return is ATF Form 5630.5, Special Tax Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form.

[T.D. ATF-271, 53 FR 17548, May 17, 1988]

All of the information called for on Form 5630.5 shall be provided, including:

- (a) The true name of the taxpayer.
- (b) The trade name(s) (if any) of the business(es) subject to special tax.
- (c) The employer identification number (see § 25.121).
- (d) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer's principal place of business (or principal office, in the case of a corporate taxpayer).
- (e) The class(es) of special tax to which the taxpayer is subject.
- (f) Ownership and control information: that is, the name, position, and

residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. "Owner of the business" shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with the Brewer's Notice, and if the information previously provided is still current.

[T.D. ATF-271, 53 FR 17548, May 17, 1988]

§ 25.119 Multiple locations and/or classes of tax.

A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall—

(a) File one special tax return, ATF Form 5630.5, with payment of tax, to cover all such locations and classes of tax; and

(b) Prepare, in duplicate, a list identified with the taxpayer's name, address (as shown on ATF Form 5630.5), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer's principal place of business (or principal office, in the case of a corporate taxpayer) for the period specified in § 25.300(c).

[T.D. ATF-271, 53 FR 17548, May 17, 1988]

§ 25.120 Signing of ATF Forms 5630.5.

(a) *Ordinary returns.* The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as "individual owner," "member of firm," or, in the case of a corporation, the title of the officer.

(b) *Fiduciaries.* Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(c) *Agent or attorney in fact.* If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(d) *Perjury statement.* ATF Forms 5630.5 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

§ 25.121 Employer identification number.

The employer identification number (defined in 26 CFR 301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for

no later than 7 days after the filing of the taxpayer's first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.

SPECIAL TAX STAMPS

§ 25.125 Issuance of special tax stamps.

Upon filing a properly executed return on ATF Form 5630.5, together with the full remittance, the taxpayer will be issued an appropriately designated special tax stamp. If the return covers multiple locations, the taxpayer will be issued one appropriately designated stamp for each location listed on the attachment required by § 25.119, but showing, as to name and address, only the name of the taxpayer and the address of the taxpayer's principal place of business (or principal office in the case of a corporate taxpayer).

(b) *Exemption for certain successors.* Persons having the right of succession provided for in §25.133 may carry on the business for the remainder of the period for which the special tax was paid, if within 30 days after the date on which the successor begins to carry on the business, the successor files a return on Form 5630.5, which shows the basis of succession. A person who is a successor to a business for which special tax has been paid and who fails to register the succession is liable for special tax computed from the first day of the calendar month in which he or she began to carry on the business.

Subpart J—Marks, Brands, and Labels

§25.141 Barrels and kegs.

(a) *General requirements.* The brewer's name or trade name and the place of production (city and, if necessary for identification, State) shall be permanently marked on each barrel or keg. If the place of production is clearly shown on the bung or on the tap cover, or on a label securely affixed to each barrel or keg, the place of production need not be permanently marked on each barrel or keg. No statement as to payment of internal revenue taxes may be shown.

(b) *Breweries of same ownership.* (1) If two or more breweries are owned or operated by the same person, firm, or corporation (as defined in §25.181), the place of production:

(i) May be shown as the only location on the bung, or on the tap cover, or on a separate label attached to the keg;

(ii) May be included in a listing of the locations of breweries qualified under this part if the place of production is not given less emphasis than any of the other locations; or

(iii) Need not be shown if the brewer's principal place of business is shown in lieu of any other location. The brewer's principal place of business will be the location of a brewery operated by the brewer and qualified under this part.

(2) If the location of two or more breweries is shown on the keg, bung, tap cover, or on a separate label attached to the keg (paragraph (b)(1)(ii)), or if the brewer's principal place of business is shown in lieu of the actual place of production (paragraph (b)(1)(iii)), the brewer shall indicate the actual place of production by printing, coding or other markings on the keg, bung, tap cover, or on a separate label attached to the keg. The coding system employed will permit an ATF officer to determine the place of production (including street address if two or more breweries are located in the same city) of the beer. The brewer shall notify the regional director (compliance) prior to employing a coding system.

(c) *Label approval required.* Labels or tap covers used by brewers shall be covered by certificates of label approval, Form 5100.31, when required by Part 7 of this chapter.

§25.142 Bottles.

(a) *Label requirements.* Each bottle of beer shall show by label or otherwise the name or trade name of the brewer, the net contents of the bottle, the nature of the product such as beer, ale, porter, stout, etc., and the place of pro-

duction (city and, when necessary for identification, State). No statement as to payment of internal revenue taxes may be shown.

(b) *Breweries of same ownership.* (1) If two or more breweries are owned or operated by the same person, firm, or corporation (as defined in §25.181), the place of production:

(i) May be shown as the only location on the label;

(ii) May be included in a listing of the locations of breweries qualified under this part if the place of production is not given less emphasis than any of the other locations; or

(iii) Need not be shown if the brewer's principal place of business is shown in lieu of any other location. The brewer's principal place of business will be the location of a brewery operated by the brewer and qualified under this part.

(2) If the location of two or more breweries is shown on the label (paragraph (b)(1)(ii)), or if the brewer's principal place of business is shown on the label in lieu of the actual place of production (paragraph (b)(1)(iii)), the brewer shall indicate the actual place of production by printing, coding or other markings on the label, bottle, crown or lid. The coding system employed will permit an ATF officer to determine the place of production (including street address if two or more breweries are located in the same city) of the beer. The brewer shall notify the regional director (compliance) prior to employing a coding system.

(c) *Distinctive names.* If the brewer's name, trade name or brand name includes the name of a city which is not the place where the beer was produced, the Director may require the brewer to state the actual place of production on the label.

(d) *Tolerances.* The statement of net contents shall indicate exactly the volume of beer within the bottle except for variations in measuring as may occur in filling conducted in compliance with good commercial practice. The barrel equivalent of bottles filled during a consecutive three month period, calculated on the basis of the brewer's fill test records, may not vary more than 0.5 percent from the barrel equivalent of bottles filled during the

same period, calculated on the basis of the stated net contents of the bottles. The brewer is liable for the tax on the entire amount of beer removed, without benefit of tolerance, when the fill of bottles and cans exceeds the tolerance for the three month period, or when filling is not conducted in compliance with good commercial practice.

(e) *Label approval required.* Labels used by brewers shall be covered by certificates of label approval, Form 5100.31, when required by Part 7 of this chapter.

(f) *Short-fill bottles.* A brewer may dispose of taxpaid short-fill bottles of beer to employees for their use but not for resale. These bottles need not be labeled, but if labeled they need not show an accurate statement of net contents.

§ 25.143 Cases.

(a) *Brewer's name.* The brewer's name or trade name will be shown on each case or other shipping container of bottled beer. A brewer may use unmarked cases to hold:

(1) Cartons of beer, if the visible portion of the cartons shows the required name; or

(2) Bottles or cans with plastic carriers, if the visible portion of the bottles or cans shows the required name.

(b) *Other information.* The brewer may show on a case or shipping container the place of production (city and, when necessary for identification, State), and the addresses of other breweries owned by the same person, firm, or corporation (as defined in § 25.181). If only one address is shown, it will be that of the producing brewery, or of the brewer's principal place of business.

§ 25.144 Rebranding barrels and kegs.

(a) A brewer may not use a barrel or keg which bears the name of more than one brewer, and except as provided in § 25.231, may not use a barrel or keg bearing the name of a brewer other than the producing brewer.

(b) A brewer who purchases or otherwise obtains barrels or kegs from another brewer shall permanently remove or durably cover the original marks and brands after notifying the regional director (compliance) of the proposed action. A brewer may use the barrels or kegs obtained without removing or covering the original marks and brands if the brewer: (1) Adopts a trade name substantially identical to the name appearing on the barrels or kegs; or (2) succeeds to a brewer who has discontinued business, in which case the brewer may add marks or brands, in accordance with § 25.141, which indicate ownership.

(a) Each brewer who transfers beer to another brewery of the same ownership (as defined in § 25.181), or who exports beer without payment of tax, as provided in § 25.203, shall plainly and durably mark each tank, tank car, tank truck, tank ship, barge, or deep tank of a vessel in accordance with paragraph (b) of this section. These marks may be placed on a label securely affixed to the route board of the container.

(b) The brewer shall mark each container with—

(1) The designation “Beer”;

(2) The brewer's name;

(3) The address of the brewery from which removed;

Subpart K—Tax on Beer

LIABILITY FOR TAX

§25.151 Rate of tax.

All beer, brewed or produced, and removed for consumption or sale, is subject to the tax prescribed by 26 U.S.C. 5051, for every barrel containing not more than 31 gallons, and at a like rate for any other quantity or for the fractional parts of a barrel as authorized in §25.156.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1333, as amended (26 U.S.C. 5051, 5052))

§25.152 Reduced rate of tax for certain brewers.

(a) *General.* Section 5051(a)(2) of Title 26 U.S.C. provides for a reduced rate of tax on the first 60,000 barrels of beer removed for consumption or sale by a brewer during a calendar year. To be eligible to pay the reduced rate of tax, a brewer:

(1) Shall brew or produce the beer at a qualified brewery in the United States;

(2) May not produce more than 2,000,000 barrels of beer per calendar year; and

(3) May not be a member of a “controlled group” of brewers whose members together produce more than 2,000,000 barrels of beer per calendar year.

The regional director (compliance) shall deny use of the reduced rate of tax provided by 26 U.S.C. 5051(a)(2) where it is determined that the allowance of such a reduced rate would benefit a person who would otherwise fail to qualify for use of such rate.

(b) *Definitions.* For the purpose of determining eligibility for payment of the reduced rate of tax on beer, terms have the following meanings:

(1) *Controlled group.* A related group of brewers as defined in 26 U.S.C. 5051(a)(2)(B). Controlled groups include, but are not limited to:

(i) Parent-subsidiary controlled groups as defined in 26 CFR 1.1563-1(a)(2);

(ii) Brother-sister controlled groups as defined in 26 CFR 1.1563-1(a)(3); and

(iii) Combined groups as defined in 26 CFR 1.1563-1(a)(4). Stock ownership in

a corporation need not be direct and 51% constructive ownership, defined in 26 CFR 1.1563-3, may be acquired through:

(A) An option to purchase stock;

(B) Attribution from partnerships;

(C) Attribution from estate or trusts;

(D) Attribution from corporations; or

(E) Ownership by spouses, children, grandchildren, parents, and grandparents.

(2) *Production of beer.* The production of beer as recorded in the brewer's daily records and reported in the Brewer's Report of Operations, Form 5130.9. For the purpose of determining compliance with the 2,000,000 barrel limitation, production of beer by a brewer or a controlled group of brewers includes both beer produced at qualified breweries within the United States and beer produced outside the United States.

(c) *Brewers operating more than one brewery.* Brewers who operate more than one brewery shall include the combined production of beer at all their breweries when determining eligibility under the 2,000,000 barrel limitation. The reduced rate of tax applies to the first 60,000 barrels of beer removed for consumption or sale in a calendar year by the brewer; the brewer shall apportion the 60,000 barrels among the breweries in the manner described in the notice as provided by §25.167(b)(3).

(d) *Controlled groups of brewers.* Members of a controlled group of brewers shall include the combined production of beer by all member brewers when determining eligibility under the 2,000,000 limitation. The reduced rate of tax applies to the first 60,000 barrels of beer removed for consumption or sale in a calendar year by the controlled group of brewers; the controlled group of brewers shall apportion the 60,000 barrels among member brewers in the manner described in each brewer's notice as provided by §25.167(b)(3).

The tax on beer transferred to a brewery from other breweries owned by the same brewer in accordance with subpart L of this part shall be paid by the brewer at the brewery from which the beer is removed for consumption or sale.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1334, as amended, 1389, as amended (26 U.S.C. 5054, 5413, 5414))

DETERMINATION OF TAX

§ 25.155 Types of containers.

Beer may be removed from a brewery for consumption or sale only in barrels, kegs, bottles, and similar containers, as provided in this part. A container which the Director determines to be similar to a bottle or can will be treated as a bottle for purposes of this part. A container which the Director determines to be similar to a barrel or keg and which conforms to one of the sizes prescribed for barrels or kegs in § 25.156 will be treated as such for purposes of this part.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1389, as amended, 1390, as amended (26 U.S.C. 5412, 5416))

§ 25.156 Determination of tax on keg beer.

(a) In determining the tax on beer removed in kegs, a barrel is regarded as a quantity of not more than 31 gallons. The authorized fractional parts of a barrel are whole barrels, halves, thirds, quarters, sixths, and eighths, and beer may be removed in kegs rated at those capacities. The following keg sizes are also authorized at the stated barrel equivalents:

Size of keg	Barrel equivalent
5 gallons	0.16129
30 liter	0.25565
50 liter	0.42608

(b) If any barrel or authorized size keg contains a quantity of beer more than 2 percent in excess of its rated capacity, tax will be determined and paid on the actual quantity of beer (without benefit of any tolerance) contained in the keg.

(c) The quantities of keg beer removed subject to tax will be computed to 5 decimal places. The sum of the quantities computed for any one day will be rounded to 2 decimal places and the tax will be calculated and paid on the rounded sum.

§ 25.157 Determination of tax on bottled beer.

The quantities of bottled beer removed subject to tax shall be computed to 5 decimal places in accordance with the table and instructions in § 25.158. The sum of the quantities computed for any one day will be rounded to 2 decimal places and the tax will be calculated and paid on the rounded sum.

§ 25.159 Time of tax determination and payment; offsets.

(a) *Time and payment.* The tax on beer will be determined at the time of its removal for consumption or sale, and will be paid by return as provided in this part.

(b) *Offsets.* During any business day, the quantity of beer returned to the same brewery from which removed is to be taken as an offset against or deducted from the total quantity of beer removed for consumption or sale from that brewery on the day that the beer is returned.

(c) *Offsets not allowed.* An offset or deduction for returned beer will not be allowed if:

(1) The brewer was indemnified by insurance or otherwise in respect of the tax; or

(2) The brewer does not issue credit to the customer for the tax on the returned beer within 30 days of the return of the beer. If the tax is not timely credited after the offset or deduction is taken, the brewer shall make an in-

creasing adjustment on the next tax return.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1334, as amended, 1335, as amended (26 U.S.C. 5054, 5056, 5061))

§ 25.160 Tax adjustment for brewers who produce more than 2,000,000 barrels of beer.

Each brewer who has paid tax on beer by return, Form 5000.24, at the reduced rate of tax during a calendar year, but whose production (or the production of a controlled group of brewers of which the brewer is a member) exceeds 2,000,000 barrels of beer in that calendar year, is no longer eligible to pay tax on beer at the reduced rate of tax for any beer removed that calendar year for consumption or sale. The brewer shall make a tax adjustment for the payment of additional tax no later than the return period in which production (or the production of a controlled group of brewers of which the brewer is a member) exceeds 2,000,000 barrels of beer. The adjustment will be determined by multiplying the difference between the higher and lower rates of tax applicable to beer by the number of barrels removed by the brewer that year at the reduced rate of tax. The brewer shall make tax adjustments for all breweries where tax was paid at the lower rate that year, and shall include interest payable from the date on which tax was paid at the lower rate. In the case of a controlled group of brewers whose production exceeds 2,000,000 barrels of beer, all member brewers who paid tax at the lower rate shall make tax adjustments as determined in this section.

PREPARATION AND REMITTANCE OF TAX RETURNS

§ 25.163 Method of tax payment.

A brewer shall pay the tax on beer by return on Form 5000.24, as provided in §§ 25.164, 25.164a, 25.173 and 25.175. The brewer shall pay the tax by remittance at the time the tax return is rendered, and the remittance will be by check or money order payable to the "Bureau of Alcohol, Tobacco and Firearms" and

mailed with the return, or will be effected by an electronic fund transfer. In paying the tax, a fractional part of a cent will be disregarded unless it amounts to one-half cent or more, in which case it will be increased to one cent.

[T.D. ATF-251, 52 FR 19314, May 22, 1987, as amended by T.D. ATF-365, 60 FR 33669, June 28, 1995]

§ 25.164 Semimonthly return.

(a) *Requirement for filing.* Each brewer shall pay the tax on beer (unless prepaid) by semimonthly return on Form 5000.24. The brewer shall file Form 5000.24 as a semimonthly return regardless of whether tax has been prepaid as provided in § 25.175 during the return period. The brewer shall file a return on Form 5000.24 for each return period even though no beer was removed for consumption or sale.

(b) *Payment of tax.* The brewer shall include for payment with the return the full amount of tax required to be determined (and which has not been prepaid) on all beer removed for consumption or sale during the period covered by the return.

(c) *Return periods.* Except as provided in § 25.164a, return periods run from the brewer's business day beginning on the first day of each month through the brewer's business day beginning on the 15th day of that month, and from the brewer's business day beginning on the 16th day of the month through the brewer's business day beginning on the last day of the month.

(d) *Time for filing returns and paying tax.* Except as provided in § 25.164a the brewer shall file the semimonthly tax return, Form 5000.24, for each return period, and make remittance as required by this section, not later than the 14th day after the last day of the return period. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as provided by § 25.164a(c).

(e) *Timely filing.* (1) When the brewer sends the semimonthly tax return, Form 5000.24, by U.S. mail, in accordance with the instructions on the form, as required by this section, with remittance as provided for in this section, or

without remittance as provided for in § 25.165, the date of the official postmark of the United States Postal Service stamped on the cover in which the return and remittance were mailed is considered the date of delivery of the return and the date of delivery of the remittance, if enclosed with the return. When the postmark on the cover is illegible, the burden is on the brewer to prove when the postmark was made.

(2) When the brewer sends the semimonthly return with or without remittance by registered mail or by certified mail, the date of registry or the date of the postmark on the sender's receipt of certified mail be treated as the date of delivery of the semimonthly return and of the remittance, if enclosed with the return.

§ 25.164a Special Rule for taxes due for the month of September (effective after December 31, 1994).

(a)(1) Except as provided in paragraph (a)(2) of this section, the second semimonthly period for the month of September shall be divided into two payment periods, from the 16th day through the 26th day, and from the 27th day through the 30th day. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 16–26, no later than September 29. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 27–30, no later than October 14.

(2) *Taxpayment not by electronic fund transfer.* In the case of taxes not required to be remitted by electronic fund transfer as prescribed by § 25.165, the second semimonthly period of September shall be divided into two payment periods, from the 16th day through the 25th day, and the 26th day through the 30th day. The brewer shall file a return on Form 5000.24, and make remittance, for the period September 16–25, no later than September 28. The

brewer shall file a return on Form 5000.24, and make remittance, for the period September 26–30, no later than October 14.

(b) *Amount of payment: Safe harbor rule.* (1) Taxpayers are considered to have met the requirements of paragraph (a)(1) of this section, if the amount paid no later than September 29 is not less than $\frac{11}{15}$ (73.3 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(2) Taxpayers are considered to have met the requirements of paragraph (a)(2) of this section, if the amount paid no later than September 28 is not less than $\frac{2}{3}$ (66.7 percent) of the tax liability incurred for the semimonthly period beginning on September 1 and ending on September 15, and if any underpayment of tax is paid by October 14.

(c) *Last day for payment.* If the required due date for taxpayment for the periods September 16–25 or September 16–26 as applicable, falls on a Saturday or legal holiday, the return and remittance shall be due on the immediately preceding day. If the required due date falls on a Sunday, the return and remittance shall be due on the immediately following day.

(d) *Example. Payment of tax for the month of September.* (1) *Facts.* X, a brewer required to pay taxes by electronic fund transfer, incurred tax liability in the amount of \$30,000 for the first semimonthly period of September. For the period September 16–26, X incurred tax liability in the amount of \$45,000, and for the period September 27–30, X incurred tax liability in the amount of \$2,000.

(2) *Payment requirement.* X's payment of tax in the amount of \$30,000 for the first semimonthly period of September is due no later than September 29 (§ 25.164(d)). X's payment of tax for the period September 16–26 is also due no later than September 29 (§ 25.164a(a)(1)). X may use the safe harbor rule to determine the amount of payment due for the period of September 16–26 (§ 25.164a(b)). Under the safe harbor rule, X's payment of tax must equal \$21,990.00, $\frac{11}{15}$ ths of the tax liability in-

curred during the first semimonthly period of September. Additionally, X's payment of tax in the amount of \$2,000 for the period September 27–30 must be paid no later than October 14 (§ 25.164a(a)(1)). X must also pay the underpayment of tax, \$23,010.00, for the period September 16–26, no later than October 14 (§ 25.164a(b)).

§ 25.165 Payment of tax by electronic fund transfer.

(a) *Eligible brewers.* (1) Each taxpayer who was liable, during a calendar year, for a gross amount equal to or exceeding five million dollars in beer taxes combining tax liabilities incurred under this part and Parts 250 and 251 of this chapter, shall use a commercial bank in making payment by electronic fund transfer (EFT) of beer taxes during the succeeding calendar year. Payment of beer taxes by cash, check, or money order, as described in § 25.163, is not authorized for a taxpayer who is required by this section to make remittances by EFT. For purposes of this section, the dollar amount of tax liability is defined as the gross tax liability on all taxable removals, determined in accordance with § 25.159, and importations (including beer brought into the United States from Puerto Rico or the Virgin Islands) during the calendar year, without regard to any drawbacks, credits, or refunds, for all premises from which such activities are conducted by the taxpayer. Overpayments are not taken into account in summarizing the gross tax liability.

(2) For the purposes of this section, a taxpayer includes a controlled group of corporations, as defined in 26 U.S.C. 1563, and implementing regulations in 26 CFR 1.1563–1 through 1.1563–4, except that the words “at least 80 percent” shall be replaced by the words “more than 50 percent” in each place it appears in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a “controlled group of corporations” apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more,

partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of determining who is required to make remittances by EFT.

(3) A taxpayer who is required by this section to make remittances by EFT shall make a separate EFT remittance and file a separate return, Form 5000.24, for each brewery from which beer is removed upon determination of tax.

(b) *Requirements.* (1) On or before January 10 of each calendar year, except for a taxpayer already remitting the tax by EFT, each taxpayer who was liable for a gross amount equal to or exceeding five million dollars in beer taxes combining tax liabilities incurred under this part and Parts 250 and 251 of this chapter, during the previous calendar year, shall notify, in writing the regional director (compliance), for each region in which taxes are paid. The notice shall be an agreement to make remittances by EFT.

(2) For each return filed in accordance with this part, the taxpayer shall direct the taxpayer's bank to make an electronic fund transfer in the amount of the taxpayment to the Treasury Account as provided in paragraph (e) of this section. The request shall be made to the bank early enough for the transfer to be made to the Treasury Account by no later than the close of business on the last day for filing the return, prescribed in §§ 25.164 or 25.175. The request shall take into account any time limit established by the bank.

(3) If a taxpayer was liable for less than five million dollars in beer taxes during the preceding calendar year, combining tax liabilities incurred under this part and Parts 250 and 251 of this chapter, the taxpayer may choose either to continue remitting the tax as provided in this section or to remit the tax with the return as prescribed by § 25.164. Upon filing the first return on which the taxpayer chooses to discontinue remitting the tax by EFT and to begin remitting the tax with the tax return, the taxpayer shall notify the regional director (compliance) by attaching a written notification to Form 5000.24, stating that no taxes are due by EFT because the tax liability during the preceding calendar year was less

than five million dollars, and that the remittance will be filed with the tax return.

(c) *Remittance.* (1) Each taxpayer shall show on the return, Form 5000.24, information about remitting the tax for that return by EFT and shall file the return with ATF, in accordance with the instructions on Form 5000.24.

(2) Remittances shall be considered as made when the taxpayment by electronic fund transfer is received by the Treasury Account. For purposes of this section, a taxpayment by electronic fund transfer shall be considered as received by the Treasury Account when it is paid to a Federal Reserve Bank.

(3) When the taxpayer directs the bank to effect an electronic fund transfer message as required by paragraph (b)(2) of this section, any transfer data record furnished to the taxpayer, through normal banking procedures, will serve as the record of payment, and will be retained as part of required records.

(d) *Failure to make a taxpayment by EFT.* The taxpayer is subject to a penalty imposed by 26 U.S.C. 5684, 6651, or 6656, as applicable, for failure to make a taxpayment by EFT on or before the close of business on the prescribed last day for filing.

(e) *Procedure.* Upon the notification required under paragraph (b)(1) of this section, the regional director (compliance) will issue to the taxpayer an ATF Procedure entitled "Payment of Tax by Electronic Fund Transfer." This publication outlines the procedure a taxpayer is to follow when preparing returns and EFT remittances in accordance with this part. The U.S. Customs Service will provide the taxpayer with instructions for preparing EFT remittances for payments to be made to the U.S. Customs Service.

§ 25.166 Payment of reduced rate of tax.

(a) *By return, Form 5000.24.* A brewer who is eligible to pay the reduced rate

of tax on beer may, upon filing the notice required by § 25.167, pay the reduced rate of tax on beer by semi-monthly return as provided in § 25.164 or by prepayment return as provided in § 25.175. Payment of reduced rate of tax on beer by return, Form 5000.24, may commence with any tax return filed during a calendar year and will continue until the brewer has taxpaid 60,000 barrels of beer at the lower rate of tax, or taxpaid the number of barrels of beer apportioned under § 25.167(b)(3) for that calendar year.

(b) *By claim for refund of tax.* A brewer, eligible to pay the reduced rate of tax on beer during a calendar year, but who has not paid the reduced rate of tax by return during that year, may file a claim, Form 2635, (5620.8) for refund of tax excessively paid on beer during that year. Claims for refund of tax will be filed as provided in § 25.285.

§ 25.167 Notice of brewer to pay reduced rate of tax.

(a) *Requirement to file notice.* Every brewer who desires to pay the reduced rate of tax on beer authorized by 26 U.S.C. 5051(a)(2) by tax return, Form 5000.24, shall prepare a notice containing the information required by paragraph (b) of this section. The brewer shall file this notice with the regional director (compliance) for the first return period (or prepayment return) during which the brewer pays tax on beer at the reduced rate. The brewer shall file the notice each year in which payment of the reduced rate of tax on beer is made by return.

(b) *Information to be furnished.* Each notice described in paragraph (a) of this section will contain the following information:

(1) A statement that the brewer will not or is not likely to produce more than 2,000,000 barrels of beer in the calendar year for which the notice is filed.

(2) A statement that the brewer is not a member of a controlled group of brewers, or if the brewer is a member of a controlled group of brewers, a statement that the controlled group

will not or is not likely to produce more than 2,000,000 barrels of beer in the calendar year for which the notice is filed.

(3) If the brewer operates more than one brewery, a statement of the locations of all the breweries and a statement of how the 60,000 barrel limitation for the reduced rate of tax will be apportioned among the breweries. If the brewer is a member of a controlled group of brewers, a statement of the names and locations of all other brewers in the group and a statement of how the 60,000 barrels limitation will be apportioned among the brewers in the group.

(c) *Perjury statement.* Each notice described in this section will be executed by the brewer under penalties of perjury as defined in § 25.11.

The employer identification number (defined at 26 CFR 301.7701-12) of the taxpayer who has been assigned the number will be shown on each return on Form 5000.24, filed under this part. Failure of the taxpayer to include the employer identification number on Form 5000.24 may result in imposition of the penalty specified in § 70.113 of this chapter. A brewer shall apply for an employer identification number on IRS Form SS-4 as provided in §§ 25.122 and 25.123.

PREPAYMENT OF TAX

§ 25.173 Brewer in default.

(a) When a remittance in payment of taxes on beer is not paid upon presentment of check or money order tendered, or when the brewer is otherwise in default in payment of tax under § 25.164, beer may not be removed for consumption or sale or taken from the brewery for consumption or sale until the tax has been prepaid as provided in

§ 25.174

§25.175. The brewer shall continue to prepay while in default and thereafter until the regional director (compliance) finds the revenue will not be jeopardized by deferred payment of tax as provided in §25.164.

(b) Any remittance made while the brewer is required to prepay under this section will be in cash or in the form of a certified, cashier's or treasurer's check drawn on any bank or trust company incorporated under the laws of the United States, or under the law of any State, Territory, or possession of the United States, or in the form of a money order as provided in §70.61 of this chapter (payment by check or money order), or will be made in the form of an electronic fund transfer as provided by §§25.164 and 25.165.

§25.174 Bond not sufficient.

When the penal sum of the brewer's bond is in less than the maximum amount, the brewer shall prepay the tax on any withdrawal which would cause the outstanding liability for tax to exceed the limits of coverage of the bond. Prepayments will be made in accordance with §25.175.

§25.175 Prepayment of tax.

(a) *General.* When a brewer is required to prepay tax under §25.173, or if the penal sum of the bond, Form 5130.22, is insufficient for deferral of payment of tax on beer to be removed for consumption or sale, or if a brewer is not entitled to defer the tax under the provisions of this subpart, the brewer shall prepay the tax before any beer is removed for consumption or sale, or taken out of the brewery for removal for consumption or sale.

(b) *Method of prepayment.* (1) Prepayment will be made by forwarding a tax return, Form 5000.24, with remittance, covering the tax on beer.

(2) If a brewer is required by §25.165 to make payment of tax by electronic fund transfer, the brewer shall prepay the tax before any beer can be removed for consumption or sale by completing the return and by forwarding it, in accordance with the instructions on the

27 CFR Ch. I (4–1–97 Edition)

form. At the same time, the brewer shall direct his or her bank to make remittance by EFT.

(3) For the purpose of complying with this section, the term *forwarding* means depositing in the U.S. mail, properly addressed in accordance with the instructions on the form.

A brewer may remove beer without payment of tax for transfer to any other brewery of the same ownership. These removals include a removal from a brewery owned by one corporation to a brewery owned by another corporation if (a) one corporation owns the controlling interest in the other corporation, or (b) the controlling interest in each corporation is owned by the same person. Beer removed under this section may, while in transit, be reclassified to another brewery of the same ownership or be returned to the shipping brewery.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1389, as amended (26 U.S.C. 5414))

The shipping brewer shall determine the quantity of beer shipped at the time of removal from the consignor brewery, and the receiving brewer shall determine the quantity of beer received at the time of receipt at the consignee brewery. The brewer shall equip the consignor and consignee breweries with suitable measuring devices to allow accurate determination of the quantities of beer to be shipped and received in bulk conveyances.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1389, as amended (26 U.S.C. 5414))

§ 25.184 Losses in transit.

(a) *Liability for losses.* The brewer is liable under the bond of the brewery to which beer is transferred for the tax on beer lost in transit. If the brewer reconsigns beer while in transit or returns beer to the shipping brewery, the brewer is liable under the bond of the brewery to which the beer is reconsigned or returned for the tax on beer lost in transit.

(b) *Losses allowable without claim.* If loss of beer being transferred does not exceed two percent of the quantity shipped, the brewer is not required to file a report of loss or a claim for allowance of the loss if there are no circumstances indicating that the beer, or any portion of the beer lost, was stolen or otherwise diverted to an unlawful purpose.

(c) *Losses requiring claim.* If loss of beer during transit exceeds two percent of the quantity shipped, the brewer shall submit a claim under penalties of perjury for remission of the tax on the entire loss. The brewer shall submit the claim to the regional director (compliance) of the region in which the brewery to which the beer was shipped, reconsigned or returned, is located.

The brewer shall prepare and submit the claim as provided in § 25.286.
